To the Plan Administrator and Participants
The Individual Retirement Plan of RiverStone Resources LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Individual Retirement Plan of RiverStone Resources LLC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Individual Retirement Plan of RiverStone Resources LLC

Notes to Financial Statements

December 31, 2025 and 2024

Note 1 – Description of Plan

The following description of The Individual Retirement Plan of RiverStone Resources LLC (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established by RiverStone Resources LLC (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

The Plan was originally established by Crum & Forster, Inc., effective January 1, 1971, as the Crum & Forster Employees Savings Plan for the benefit of eligible employees. The Crum & Forster Employees Savings Plan was subsequently amended several times and was renamed The Individual Retirement Plan of Talegen Holdings, Inc. (the Talegen Plan) to reflect the name of the successor to Crum & Forster, Inc.

On October 15, 1997, The Resolution Group, Inc. (The Resolution Group), a participating employer under the Talegen Plan, was acquired by TRG Holding Corporation (TRG Holding). Effective October 15, 1997, International Insurance Company (International Insurance), along with The Resolution Group, the parent company of International Insurance, adopted the Talegen Plan and became a participant in the Talegen Plan. Effective October 15, 1997, the Talegen Plan was renamed The Individual Retirement Plan of International Insurance Company (the International Plan). All assets, liabilities and account balances maintained under the Talegen Plan for the benefit of individuals participating in the Talegen Plan were merged into the International Plan. Participant rollover accounts were 100% vested.

On August 11, 1999, all of the outstanding voting stock of TRG Holding was acquired by Fairfax Financial Holdings Limited (Fairfax), a Canadian based financial services holding company. The Fairfax acquisition of the voting stock of TRG Holding did not result in any adjustments to the Plan.

Effective January 3, 2000, all employees of International Insurance were transferred to RiverStone Resources, an affiliate of International Insurance. Pursuant to a service contract between International Insurance and RiverStone Resources effective January 1, 2000, and approved by the Illinois Department of Insurance, RiverStone Resources provides the administrative, financial, and technical employees necessary for the operations of International Insurance. International Insurance reimbursed RiverStone Resources on a cost basis for these services. Effective January 1, 2000, all employees of RiverStone Resources were eligible to participate in the International Plan.

Note 1 – Description of Plan (Continued)

Effective December 16, 2002, TIG Insurance Group, an affiliate of TRG Holding, acquired 100% of the outstanding shares of International Insurance and merged International Insurance into TIG Insurance Company (TIG Insurance), with TIG Insurance as the surviving entity. Effective January 1, 2003, the Plan sponsor was transferred to RiverStone Resources and the International Plan was renamed The Individual Retirement Plan of RiverStone Resources LLC.

On May 5, 2021, RiverStone Resources amended the RiverStone Plan to confirm the transfer of assets of the Arya Claims Services LLC, an affiliate of RiverStone Resources, Allied World Assurance Company (U.S.) Inc. 401(k) Plan, into the Plan in a full merger.

On March 1, 2022, assets of the Rockville Quinn Management, Rockville Quinn Management, Inc. 401(k) Plan, were merged into the Plan in a full merger.

On July 21, 2023, assets of certain participants from Crum and Forster, an affiliate of RiverStone Resources, were transferred into the Plan, in a full merger.

On December 22, 2025, assets of participants from the DARAG U.S. Plan (DARAG Plan), were transferred into the Plan, in a full merger. The value of the assets transferred was $1,231,959.

All employees of the Company and any participating affiliates are subject to the following eligibility requirements, unless otherwise stated:

- Age: None
- Service: 0 months
- Status Exclusions:
    a. Interns
    b. Independent contractors
    c. Leased employees
    d. Employees acquired in a merger or acquisition; unless directed in writing that they shall be eligible
    e. Members of collective bargaining agreement
    f. Non-resident aliens with no U.S. earned income
    g. Directors that are not also an officer of the Company

Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of the next month.

Note 1 – Description of Plan (Continued)

Contributions
The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the Plan:

- Employer matching
- Roth deferrals
- Employer safe harbor
- Rollover contributions
- Elective deferrals
- Employer profit sharing/nonelective

The Plan has an automatic enrollment provision (3% salary deferral with 1% increases annually on the anniversary of the participant's eligibility date until reaching a maximum of 6%) whereby employees must elect out of the Plan if they do not wish to participate.

The Company has elected to operate the Plan as a safe harbor 401(k) plan, which makes the plan exempt from certain compliance testing requirements. The Company makes a safe harbor nonelective contribution of 3% of base salary for all eligible employees whether or not such employees are participants in the Plan. The 3% additional employer contribution of $1,553,483 and $1,368,987 was accrued at December 31, 2025, and 2024, respectively.

The Company may make additional performance-related basic and performance-related matching contributions to the Plan. There were no performance-related contributions for the years ended December 31, 2025 and 2024.

The Company makes a regular stated matching contribution equal to 66-2/3% of salary deferral contributions for each pay period up to a total of 6% of compensation for the pay period. The maximum employer regular matching contribution is 4% of compensation for a pay period.

Participant Accounts
Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (Continued)

Vesting
Participants are immediately 100% vested in their elective deferrals including catch-up contributions and actual earnings thereon. Participants are always 100% vested in their safe harbor matching contributions. The method for crediting vesting service for regular employer match is based on vesting periods of service. Participants are credited with a period of service for 12 months from date of hire. If participants are employed on or after their Normal Retirement Age or if they terminate employment on account of death or disability, they are 100% vested in their regular employer matching contributions.

Employees who were participants in the Talegen Plan are 100% vested in employer contributions made on their behalf, plus actual earnings thereon. Employer contributions to the Plan on behalf of existing employees on October 15, 1997, who became participants subsequent to that date, are vested pursuant to the terms of the Talegen Plan. Employer contributions to the Plan on behalf of employees who become both employees and participants subsequent to October 15, 1997, are vested pursuant to the below table:

Service Years	Safe Harbor	Regular Matching	Performance-related Basic and Matching
< 1	100%	0%	100%
1	100%	25%	100%
2	100%	50%	100%
3	100%	100%	100%
4	100%	100%	100%
5	100%	100%	100%
6	100%	100%	100%

Employees who were participants in the DARAG Plan are vested on a period of employment that includes the period of employment with DARAG, beginning on the date that an hour of service was completed with DARAG. For the purposes of vesting in the DARAG match, profit sharing and prior employer contributions, these participants are vested pursuant to the below table:

Service Years	Prior Employer Contributions	Regular Matching	Performance-related Basic and Matching
< 1	0%	0%	0%
1	0%	0%	0%
2	100%	100%	100%

Note 1 – Description of Plan (Continued)

Forfeited Accounts
Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used as follows:

- Pay administrative expenses
- Reduce Company contributions

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $134,766 and $147,847, respectively. During the year ended December 31, 2025, forfeited non-vested accounts of $75,000 were used.

Investment Options
Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. Participants who do not make an investment election will be auto enrolled into the Qualified Default Investment Alternative ("QDIA"), an age-appropriate target date fund. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants
Participants who are active employees may borrow against their vested account balances a minimum of $750 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within 5 years.

Benefits Paid to Participants
Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The following types of distributions are also allowed by the Plan:

- Hardship
- In service
- Rollover source withdrawal at any time
- Involuntary cash-outs
- Termination partial withdrawal

Note 1 – Description of Plan (Continued)

Plan Expenses
The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Termination of the Plan
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value based on quoted or estimated market prices available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies (Continued)

Contributions
Contributions from Plan participants and employer contributions, if any, are recorded in the year in which the participant contributions are withheld from compensation. The safe harbor contributions of 3% of base salary are recorded as of the end of the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Subsequent events were evaluated through October 14, 2026, which is the date the financial statements were available to be issued.

The Securing a Strong Retirement Act of 2022 (SECURE 2.0) was signed into law on December 29, 2022, and includes mandatory and optional provisions with effective dates in 2025 and later. The Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly.

Note 3 – Certified Investments

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

	2025	2024
Investment values certified	$ 163,329,926	$ 138,682,322
Notes receivable from participants certified	$ 921,902	$ 917,455
Accrued interest	$ 3,983	$ 3,539

Note 3 – Certified Investments

	Year ended December 31, 2025
Investment income certified:	
Net appreciation in fair value of investments	$ 12,489,507
Interest	$ 297,979
Other income	$ 123,377
Dividends	$ 9,629,590
Interest income on notes receivable from participants certified	$ 78,707

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 – Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Self-Directed Brokerage Accounts
Accounts primarily consist of money market funds and common stocks. Money market funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices. Common stocks are valued at the closing price reported in the active market in which the individual securities are traded.

Mutual Funds
Mutual funds are valued at the NAV of shares held by the Plan at year end based on quoted market prices.

Interest-Bearing Cash
Interest-bearing cash is carried at cost plus accrued interest, which approximates fair value due to its short-term nature.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2025	2024
Level 1		
Mutual funds	$ 155,132,982	$ 131,397,779
Interest-bearing cash	7,640,254	6,845,894
Self-directed brokerage accounts	556,690	438,649
Investments at fair value	$ 163,329,926	$ 138,682,322

Note 5 – Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

Note 5 – Related Party Transactions and Transactions with Parties-in-Interest (Continued)

During the year ended December 31, 2025, the Plan made direct payments of $165,941 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan. Notes receivable from participants also qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 – Tax Status

The Plan sponsor adopted a plan which received a favorable determination letter, issued for the individually designed Plan, from the Internal Revenue Service dated March 14, 2016, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.
