Independent Auditor's Report

Trustee
Midtronics, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Midtronics, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of Midtronics, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Midtronics, Inc. (the Company) who are age 18 or older. Employees who meet the eligibility requirements become participants in the Plan for elective deferral and matching contributions coinciding with or following the next date on which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2025, the Plan was amended to add an automatic plan enrollment feature whereby all newly hired employees are automatically enrolled in the Plan immediately after meeting the eligibility requirements with a contribution of 3% of compensation unless they affirmatively decline to participate in the Plan.

Effective June 1, 2025, the Plan was amended to lower the minimum age requirement from age 21 to age 18 and to add a minimum service requirement of one hour to be eligible for elective deferral and matching contributions. Eligibility for Company discretionary contributions continues to require attainment of age 21. Employees who satisfy the eligibility requirements shall become participants for purposes of discretionary contributions as of the first day of January, April, July or October coinciding with or next following the date on which the eligibility requirements are satisfied.

Contributions: Each year, participants may contribute the maximum amount allowed by law of annual compensation to the Plan. Participants may also contribute Roth deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company will make a matching contribution equal to 50% of the first 6% of an employee's eligible compensation that a participant contributes to the Plan. Additional discretionary amounts may be contributed at the option of the Company. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with participant contributions and Company matching contribution, as well as allocations of the Company's discretionary contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all participant and rollover accounts plus actual earnings thereon. Participants vest in their respective share of the Company's contributions based on years of continuous service. A participant is 100% vested after five years of credited service, with 25% vesting credited to the participant per year of service, as defined, commencing in the second year of employment. In the event of death, disability or retirement at designated ages, participants become fully vested.

Notes receivable from participants: Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the participant's highest outstanding loan balance in the preceding 12 months, or 50% of their vested account balance. Notes receivable terms range from one to five years or longer if used to purchase a principal residence and each participant may not have more than one note receivable outstanding at any time. The notes receivable are secured by the participant's account balance and bear interest at a rate of 1% above the prime interest rate. Principal and interest are paid ratably through payroll deduction.

Note 1. Plan Description (Continued)

Forfeited accounts: At December 31, 2025 and 2024, forfeited nonvested accounts totaled $346 and $5,652, respectively. These accounts will be used to reduce future Company contributions. During 2025, $12,192 of forfeitures were used to reduce Plan expenses.

Payment of benefits: Benefit payments are made to participants or their beneficiaries upon death, retirement, disability or termination of employment. On termination of service, a participant's vested accrued benefit shall be paid in the form of a lump sum if the vested accrued benefit is less than $5,000. If the vested accrued benefit is $5,000 or more, a participant may elect to receive a lump sum, installment or partial withdrawal subject to certain provisions of the Plan. Hardship withdrawals and in-service distributions are permitted as described in the Plan document.

Investment options: Upon enrollment in the Plan, a participant may direct contributions among a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment election daily.

Excess contributions: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Loans in default are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2026, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Charles Schwab Bank (the Custodian)

The following is a summary of the Plan's asset and income information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that the information provided to the Plan Administrator by the Custodian related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2025	2024
Shares of registered investment companies at fair value	$ 41,767,349	$ 38,465,176
Common stock at fair value	111,049	104,379
Exchange-traded funds at fair value	251,455	356,999
Units of common/collective trust at fair value	4,017,314	3,902,169
Cash (noninterest-bearing)	496,649	129,957
Notes receivable from participants	519,684	486,875
Net appreciation in fair value of investments	3,246,466	
Interest and dividends	2,578,508	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

***Shares of registered investment companies*:** Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***Common stock, exchange-traded funds*:** Valued at the closing price reported on the active market on which the individual securities are traded.

***Units of common/collective trust*:** Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 41,767,349	$ -	$ -	$ 41,767,349
Common stock	111,049	-	-	111,049
Exchange-traded funds	251,455	-	-	251,455
Total assets in fair value hierarchy	$ 42,129,853	$ -	$ -	42,129,853
Investments measured at NAV (a)				4,017,314
Investments at fair value				$ 46,147,167

	2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 38,465,176	$ -	$ -	$ 38,465,176
Common stock	104,379	-	-	104,379
Exchange-traded funds	356,999	-	-	356,999
Total assets in fair value hierarchy	$ 38,926,554	$ -	$ -	38,926,554
Investments measured at NAV (a)				3,902,169
Investments at fair value				$ 42,828,723

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

	Fair Value		Unfunded Commitment		Redemption	Redemption
Investment	2025	2024	2025	2024	Frequency	Notice Period
Shares of common/collective trust	$ 4,017,314	$ 3,902,169	$ -	$ -	Daily	60 days

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions and Parties-in-Interest

The Plan's investments are managed by the Custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to its service providers were $82,040 for the year ended December 31, 2025.

The Custodian provides certain administrative services pursuant to the Servicing Agreement between the Plan and the Custodian. The Custodian receives revenue from mutual fund service providers for services the Custodian provides to the funds. This revenue is used to offset certain amounts owed to the Plan's service providers. If the revenue received by the Custodian from such mutual funds service providers exceeds the amount owed under the Servicing Agreement, the Custodian remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2025, $21,391, reflected as other income, was earned by the Plan under this agreement, all of which was allocated to participants.

Certain other administrative expenses are paid by the Company. Certain employees of the Company provide administrative and trustee services to the Plan. These employees are not compensated by the Plan for their services.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon plan termination, participants become 100% vested in the Company matching portion of their accounts.

Note 7. Tax Status

Effective June 30, 2020, the Plan adopted a volume submitter plan sponsored by Epic Advisors Inc. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. Tax Status (Continued)

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 47,629,734	$ 43,654,119
Shares of registered investment companies	(1,438,786)	(1,382,750)
Common stock	(111,049)	(104,379)
Exchange-traded funds	(251,455)	(356,999)
Cash (noninterest-bearing)	(415,736)	(129,957)

Notes receivable from participants	(519,684)	(486,875)
Other investments	2,217,025	1,974,085
Net assets available for benefits per Form 5500	$ 47,625,626	$ 43,649,230

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2025, per the financial statements to Form 5500:

Change in net assets available for benefits per the financial statements	$ 3,975,615
Investment income	(241,005)
Other income	194,627
Company contributions	4,406
Participant contributions	12,129
Benefits paid to participants	42,717
Corrective distributions	(12,129)
Administrative expenses	36
Change in net assets available for benefits per Form 5500	$ 3,976,396

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
