CMS COMPANIES RETIREMENT PLAN

FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Independent Auditor's Report

To the Administrator of
CMS Companies Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CMS Companies Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CMS Companies Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CMS Companies Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CMS Companies Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CMS Companies Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CMS COMPANIES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN:

The following description of the CMS Companies Retirement Plan (the "Plan") provides only general information. Participants and others should refer to the Plan document for a more complete description of the Plan's provisions.

CMS Companies Retirement Plan (the Plan) is a contributory, defined contribution plan (401(k) and profit sharing) for the benefit of the employees of Corporate Moving System, Inc., Sullivan Moving & Storage, Inc., and Relocation Coordinates International, Inc. (collectively, the Company). The Plan was established March 1, 1990 and has since been amended, most recently on October 25, 2022 which was the date that the plan merger with the Sullivan Moving & Storage, Inc. 401(k) was effective.

The Plan is administered by Corporate Moving Systems, Inc. The Plan assets are held in a trust by Fidelity Management Trust Company. The funds must be used for the exclusive benefit of Plan participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan includes a 401(k) feature whereby employees may contribute a percentage of annual compensation, either pre-tax or Roth, as defined in the Plan, and subject to statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make discretionary matching contributions equal to a percentage of compensation or dollar amount which is funded each payroll period. The Company may designate all or a portion of matching employer contributions for all non highly compensated employees as a Qualified Matching Employer Contribution in order to satisfy ADP or ACP testing. In addition, the Company may elect to make a discretionary nonelective contribution to the plan each payroll period. The following is the Company's match for 2025 and 2024. The annual maximum match is $1,500.

Deferral Rate	Matched Rate
1%	1%
2%	1.5%
3%	2%
4%	2.5%
5% and greater	3%

The Company made discretionary matching contributions of $142,012 and $134,013 during the year ended December 31, 2025, and 2024, respectively. No other employer contributions were made for 2025 and 2024.

Employees are eligible for participation in the Plan upon attaining the age of twenty-one years and completion of two months of service. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect another rate or elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation.

Each participant's account is credited with the participant's contribution and related matching contribution, and net plan earnings. Allocations are based on participant earnings or account balances,

Note 1 – continued

as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately fully vested in their contributions and actual earnings thereon. Vesting for employer matching and nonelective contributions and earnings thereon is based on years of services as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participant Accounts – Individual participant accounts are maintained by Fidelity. Each participant's account is credited with the participant's pre-tax and Roth 401(k) contributions, the Company's matching contributions, the Plan sponsor's discretionary non elective contributions and investment earnings and losses. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested balance in the participant's account.

Investment Options – The Plan's assets are held by Fidelity Management Trust Company. Participants direct employee and employer contributions and account balances among various investment options comprised of mutual funds, including lifestyle funds, common collective trusts and a stable value fund.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits - On termination of service due to death, disability, retirement or other termination of employment, a participant may elect to receive installment payments or a lump-sum amount equal to the value of his or her vested account. Upon termination of employment, vested accounts a) that do not exceed $1,000 are distributed to participants in a lump sum without consent b) that exceed $1,000 but are less than $5,000 are distributed from the Plan pursuant to a participant's instructions or if none are received, to an IRA c) that exceed $5,000 are distributed pursuant to a participant's instruction unless mandated by applicable federal law. In-service withdrawals are also allowed under certain limited circumstances.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Forfeitures - At December 31, 2025 and 2024, forfeited accounts totaled $34 and $4,821, respectively. Forfeiture is used to pay administrative expenses or reduce the Company's future contributions to the Plan. Forfeitures of $6,775 was applied to pay administrative expenses during 2025.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation – Investments are held in a trust by Fidelity Management Trust Company. All investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Income Recognition - Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments represents the net increase in the fair value of investments sold during the year or held at year-end over (1) the fair value of investments held at the prior year-end, or (2) the cost of investments acquired during the current year.

Payment of benefits - Benefits are recorded when paid.

Notes receivable from participants - Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of assets and net assets available for benefits at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS:

Fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. There are three levels, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Observable market inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

Mutual funds are classified as Level 1. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 – continued

The Common/Collective Trusts (CCTs) are valued at the NAV of the units held by the Plan which are based on the quoted market prices of the underlying securities of the funds. The unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The CCTs provided for daily redemptions by the Plan at reported NAV, with no advance requirements. There are no unfunded commitments to this fund.

The NAV is used as a practical expedient to estimate fair value of the CCTs. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported net asset value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$4,313,828	-	-	$4,313,828
Total assets in the fair value hierarchy	4,313,828	-	-	4,313,828
Investments measured at net asset value**				
Common/collective trusts	-	-	-	12,562,482
Total investments	$4,313,828			$16,876,310

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$4,563,084	-	-	$4,563,084
Total assets in the fair value hierarchy	4,563,084	-	-	4,563,084
Investments measured at net asset value**				
Common/collective trusts	-	-	-	11,810,676
Total investments	$4,563,084			$16,373,760

** *The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.*

NOTE 4 – INVESTMENT CONTRACT:

One investment fund available is the Stable Value Fund, which has entered into benefit-responsive guaranteed investment contracts and wrapper contracts with various financial institutions. The Stable Value Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The value of the common collective trust's investment in the Stable Value Fund was $74,721 and $295,422 as of December 31, 2025 and 2024, respectively.

As described in Note 1, because the guaranteed investment contracts held by the Stable Value Fund trust are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the common collective trust by the manager of the Stable Value Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative

Note 4 – continued

expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon individually with the issuers. The crediting rate at December 31, 2025 and 2024 was 2.52% and 2.89%, respectively.

The Stable Value Fund has purchased wrapper contracts from the financial institutions. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest credit rate (which is the rate earned by participants in the fund for underlying investments). The issuers of the wrapper contracts provide assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the common collective trust elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events described above that could result in the payment of benefits at market value rather than contract value are not probable of occurring in the foreseeable future.

The wrapper contracts do not permit the issuers to terminate the contracts unless the Plan loses its qualified status, has incurred material breaches of responsibilities, or material and adverse changes occur to the provisions of the Plan.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

Following is a summary of the unaudited information included in the financial statements, which was prepared by FMTC and furnished to the Administrator along with certification that such information is complete and accurate.

1. Value of investments as of December 31, 2025 and 2024.
2. Investment income earned for the year ended December 31, 2025.
3. Notes receivable from participants as of December 31, 2025 and 2024.
4. Interest income on notes receivable from participants for the year ended December 31, 2025.

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the Schedule of Assets (Held at End of Year) at December 31, 2025, and the related investment income and interest income on notes receivable from participants information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

NOTE 6 - FEDERAL INCOME TAXES:

The Plan trustees adopted a non-standardized pre-approved plan. A determination letter dated June 30, 2020 from the Internal Revenue Service has been obtained by the plan sponsor that states that the form of the plan qualifies under section 401 of the Internal Revenue Code for use by employers for

Note 6 – continued

the benefit of their employees. The Plan's management believes that the Plan is designed and currently being operated in compliance with the applicable IRC requirements. Therefore, the Plan's management believes that the Plan is qualified and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress, and management believes that years prior to 2022 are no longer open for audit.

NOTE 7 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS:

Fidelity Management Trust Company ("FMTC") acts as trustee for investments of the Plan and as the Plan's recordkeeper. Therefore, transactions with FMTC and Fidelity Brokerage Services qualify as party-in-interest transactions.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024 to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$17,204,403	$16,882,885
Fully benefit responsive investment contract adjustment	(2,897)	(19,652)
Net assets available for benefits per the Form 5500	$17,201,506	$16,863,233

Note 10 – continued

The following reconciliation of the statement of changes in net assets available for benefits for the year ended December 31, 2025 to the Form 5500:

Net increase per the financial statements	$321,517
Add: Fully benefit responsive investment contract adjustment	16,755
Net increase per Form 5500	$338,272

NOTE 11 - SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through October 13, 2026, the date which the financial statements were available to be issued.

October 13, 2026

To the Management and Members of the 401(k) Administrative Committee
CMS Companies Retirement Plan

We have audited the financial statements of CMS Companies Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2025, and we will issue our report thereon dated October 13, 2026 As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 3, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by CMS Companies Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the valuation of the Plan's investments. Because the investments are excluded from audit procedures under an ERISA Section 103(a)(3)(C) audit, we did not test the valuation at the Plan or participant level.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. The Form 5500 is prepared on the modified cash basis of accounting and the financial statements are prepared on the accrual basis of accounting. The notes to the financial statements include a reconciliation of the cash to accrual difference related to the fully benefit responsive investment contract adjustment. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We identified no passed adjustments in the 2025 financial statement audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Audit Findings or Issues

The Report on Fidelity Workplace Services' Description of its Defined Contribution Recordkeeping Services System and the Suitability of the Design and Operating Effectiveness of Controls (SOC 1) for Fidelity Workplace Services LLC is widely used and relied on in the audit of the Plan's financial statements. Management is responsible for reading this report and ensuring that the required complementary user controls are in place and effective, in order for Fidelity Workplace Services' controls to be effective.

During our testing, we noted that the Company included certain reimbursements and fringe benefits in the calculation of plan compensation for seven participants. As a result, employee deferrals and/or employer contributions were calculated using compensation amounts that were not consistent with the Plan's definition of eligible compensation, resulting in certain amounts being remitted to Fidelity in error.

We recommend that management review the affected participants, quantify any necessary corrections, and coordinate with Fidelity or the Plan's third-party administrator to determine the appropriate corrective action.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of those charged with governance and management of The CMS Companies Retirement Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Smith Bunday Berman Britton, P.S.
