# INDEPENDENT AUDITOR'S REPORT

To the Fiduciary Investment Review Executive Committee of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management Co.:

## *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the accompanying financial statements of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management Co. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Annuity Insurance Company of America and Empower Trust Company, LLC, both qualified institutions, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## (1) Description of the Plan

The following description of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management Co. (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

### *(a) General*

The Plan is a defined contribution plan covering all U.S. hourly employees of PCL Industrial Management Co. and its subsidiaries (the "Company"), who have at least one hour of service in three consecutive months, excluding collective bargaining employees, salaried employees or employees covered by other PCL plans. Also, part-time and seasonal employees that complete at least 1,000 hours of service during the eligibility computation period are eligible. The Fiduciary Investment Review Executive Committee (the "Committee") is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of ERISA.

### *(b) Contributions*

Each year, participants may contribute up to 100 percent of pre-tax and post-tax annual compensation, as defined in the Plan Agreement subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts, collective trust funds, and an insurance investment contract as investment options for participants.

The Company contributes a safe harbor match equal to 100 percent of the first 3 percent of compensation, plus 50 percent of the next 2 percent of compensation that a participant contributes to the Plan. The Company may make prevailing wage contributions based on the prevailing wage rates stated in the Company's current prevailing wage contracts. The safe harbor match contribution would be reduced by the amount of the prevailing wage contributions. The Company may also make discretionary nonelective contributions. Participants direct the investment of Company contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

### *(c) Participant Accounts*

Each participant's account is credited with the participant's contributions, Company matching contributions, prevailing wage contributions and allocations of (a) the Company's discretionary nonelective contributions and (b) Plan earnings, and charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *(d) Vesting*

Participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

### *(e) Payment of Benefits*

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments, or a direct rollover to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions are permitted if certain criteria are met.

### *(f) Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rates ranging from 3.50 percent to 8.50 percent and 3.25 percent to 8.50 percent as of December 31, 2025 and 2024, respectively, which is commensurate to a reasonable rate that is charged by a bank or other professional lender making a loan in similar circumstances. Principal and interest is paid ratably through payroll deductions or through direct remittances to the trustee by participants. Participants are charged a transaction fee for each loan requested which totaled $5,000 for the year ended December 31, 2025.

### *(g) Forfeited and Unallocated Accounts*

At December 31, 2025 and 2024, forfeited non-vested and unallocated asset accounts totaled $779 and $169, respectively. These accounts will be used to reduce future employer contributions, to pay plan expenses, or will be allocated to participant accounts. No forfeitures from non-vested accounts or unallocated assets were used to reduce employer contributions, pay plan expenses, or allocated to participant accounts for the year ended December 31, 2025.

## (2) Summary of Accounting Policies

### *(a) Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

### *(b) Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *(c) Investment Valuation and Income Recognition*

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee and insurance company. See note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***(d) Contributions***

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

***(e) Payment of Benefits***

Benefits are recorded when paid.

***(f) Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as transaction fees and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

***(g) Operating Expenses***

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Contract administrator fees and investment advisor fees are included in administrative expenses. Other expenses, including investment related expenses, are allocated to participant accounts and are included in net appreciation in fair value of investments.

***(h) Contributions Receivable and Current Expected Credit Losses***

Historical write-off rates continue to be the basis for the Company's allowance for current expected credit losses. To calculate the reserve, the Company considered the processes surrounding the contributions receivable since the inception of the Plan. The Company has not historically written off the contributions receivables that were accrued at Plan year-end. The Company expects business conditions in 2026, the collection period for the contributions receivables, to remain consistent with current conditions. As a result, the Company has recorded expected credit losses of $0 as of December 31, 2025 and 2024.

***(i) Subsequent Events***

Plan management has evaluated subsequent events from the statement of net assets available for benefits date through October 14, 2026, the date the financial statements were available to be issued.

There were no material events noted in the subsequent period that would have impacted results reported herein or require disclosure.

## (3) Summary of Certified Investment Information

The following information, which is included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year), has been certified as complete and accurate by Empower Trust Company, LLC (ETC), the trustee of the Plan, and Empower Annuity Insurance Company of America (EAICA), the issuer of the guaranteed investment contract, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, and has not been audited:

## (4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1**

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2**

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trust funds:* Valued at fair value based on the investment's net asset value per unit. In accordance with fair value measurements and disclosure guidance, the collective trust is reported at the net asset value per unit as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

*Pooled separate accounts:* The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

| | Assets at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 2,353,561 | $ - | $ - | $ 2,353,561 |

| Investments at fair value | $ 2,806,074 | $ 1,066,860 | $ - | $ 8,804,576 |

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

## (5) Guaranteed Investment Contract with Empower Annuity Insurance Company of America

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with EAICA, referred to as the Key Guaranteed Portfolio Fund. Assets totaling $2,111,384 as of December 31, 2025, and $2,269,004 as of December 31, 2024 were invested under the contract. EAICA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Key Guaranteed Portfolio Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contracts and prevailing market conditions. The crediting interest rate is reset quarterly.

Because the Key Guaranteed Portfolio Fund meets the fully benefit-responsive investment contract criteria, the Key Guaranteed Portfolio Fund is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the complete termination of the Plan or merger of the Plan with another plan resulting in an early termination of the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Key Guaranteed Portfolio Fund permits the insurance company to terminate the agreement prior to the scheduled maturity date if certain events occur. Those events are as follows: (a) the Company adopts an amendment to the Plan or operates the Plan in a manner which is unacceptable to the insurance company, or (b) the Company fails to comply with any provision contained in the contract, or (c) the Plan fails to qualify or becomes disqualified under Internal Revenue Code Section 401(a), as amended, or (d) the total amount of deposits received by the Company in the preceding twelve months is less than $25,000, or (e) the sum of all participant annuity account values falls below $25,000, or (f) the Company fails to make deposits which have been deducted from participants' paychecks within 30 days following the end of the month in which such deduction was made, or (g) transfers to investment vehicles outside the contract exceed specified limitations within the contract, or (h) the insurance company may terminate the contract if the Company ceases doing business or (i) the contract shall terminate if there are no remaining participant annuity accounts. Additionally, either party to the Key Guaranteed Portfolio Fund may, upon thirty days advance written notice to the other party, declare a contract termination date.

The average yield earned by the Plan for the Key Guaranteed Portfolio Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yields earned by the Plan were as follows:

| Average yields: | 2025 | 2024 |
|---|---|---|
| Based on actual earnings | 1.95% | 1.91% |
| Based on interest rate credited to participants | 1.45% | 1.41% |

## (6) Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Empower Retirement, LLC (ER). ETC is the trustee of the Plan's assets and EAICA is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

EAICA provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and EAICA. EAICA receives revenue from mutual fund service providers. This revenue is used to offset certain amounts owed to EAICA for its administrative services to the Plan. This revenue is credited to the participant accounts on a monthly basis. During 2025, there was $6,848 in revenue sharing credited back to the participants and is included in other income. Fees are paid by the participants for recordkeeping services, this amounted to $27,100 for the year ended December 31, 2025, and is included in net appreciation in fair value of investments. The Plan or Plan Sponsor may make a payment to EAICA for administrative expenses not covered by the participants.

The Plan uses the services of Wealthspire Retirement Advisory (fka NFP Retirement, Inc.) to assist in reviewing the performance of the Plan investment options provided to participants and other consulting services. As a service provider to the Plan, fees paid for consulting services from Plan assets qualify as party-in-interest transactions. Fees are paid by the participants on a monthly basis for these consulting services, this amounted to $1,784 for the year ended December 31, 2025, and is included in administrative expense. The Plan or Plan Sponsor may make a payment to Wealthspire Retirement Advisory for consulting expenses not covered by the participants.

## (7) Income Tax Status

The IRS has informed the Plan Sponsor by an advisory opinion letter dated June 30, 2020, that the pre-approved plan adopted by the Plan Sponsor and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Thus, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal and State of Colorado taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## (8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## (9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## (10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024, to the Form 5500:

| | 2025 | 2024 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 12,410,522 | $ 11,630,376 |
| Less: other employer contributions receivable at end of year | (345) | - |
| Net assets available for benefits per the Form 5500 | $ 12,410,177 | $ 11,630,376 |

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

| | 2025 |
|---|---|
| Net increase in net assets available for benefits per financial statements | $ 782,900 |
| Less: other employer contributions receivable at end of year | (345) |
| Net increase in net assets available for benefits per the Form 5500 | $ 782,555 |

## (11) Other Employer Contributions Receivable

During the year ended December 31, 2025, it was discovered that certain of the Plan's provisions were not properly applied in the daily operation of the Plan. The definition of compensation for participant and employer contributions as per the plan document was not properly applied when calculating contribution amounts. The plan administrator determined the affected participants and deposited $345 into the Plan on October 7, 2026 to make the affected participants and the Plan whole, including interest, which is included in the financial statements in other employer contributions receivable as of December 31, 2025.
