Report of Independent Auditors

To the Administrator of Russell Reynolds Associates, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Russell Reynolds Associates, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and

Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Russell Reynolds Associates, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan was established on January 1, 1970 and is a defined contribution plan which provides benefits to all United States employees ("U.S. employees") of Russell Reynolds Associates, Inc. (the "Company" and "Plan Administrator") and any other employees selected by action of the Board of Directors. The Plan is sponsored by the Company and is administered by the Investment Committee; the members of which are employees of the Company and are approved by the Board of Directors of the Company. Under the terms of the Plan agreement, the Investment Committee has authority over investment decisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is the Trustee of the Plan (the "Trustee").

SECURE Act

In January 2020, certain provisions under the Setting Every Community Up for Retirement Enhancement ("SECURE") Act were enacted. These provisions included part-time employee eligibility, the age for required minimum distributions being pushed back from age 70 ½ to 72 and allowing plans to offer annuities. The SECURE Act allows for utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022. The Plan made the new provisions available to participants during 2020.

Effective January 1, 2025, certain provisions under the SECURE 2.0 Act became applicable, including expanded eligibility requirements for long-term, part-time employees and increased catch-up contribution limits for participants ages 60-63. Under SECURE 2.0, eligible participants ages 60-63 may make increased catch-up contributions of up to $11,250 for the 2025 plan year, compared to the standard catch-up contribution limit of $7,500 for participants ages 50 and older, subject to applicable Plan provisions.

Profit Sharing Eligibility

U.S. employees and any other employees selected by action of the Board of Directors who have reached 21 years of age and have completed 1,000 hours of service during the first 12 consecutive months of employment are eligible to participate in the Plan. Participation begins on January 1, April 1, July 1, or October 1 immediately following their eligibility date.

401(k) Eligibility

U.S. employees and U.S. citizens employed outside the U.S. who have reached 21 years of age can participate and are eligible to begin making 401(k) contributions. Starting January 1, 1999, all participants age 21 or older with at least one year of employment (1,000 hours of service), are eligible to begin receiving the Company's 401(k) matching contributions in the quarter following completion of one year of service.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants' employer contribution account balances become 20% vested after two years of service (after the age of 21) and vest an additional 20% for each additional year of service. Consequently, after six years of service, account balances are fully vested. Additionally, account

balances of participants reaching age 65 or becoming permanently disabled while still employed with the Company are deemed to be fully vested.

Contributions
Participants can make voluntary pre-tax and after-tax contributions of 1% to 100% of their annual salary, not to exceed the 2025 limit of $23,500 set by the Internal Revenue Service. Participants age 50 or over are eligible to make additional "catch-up" contributions to the Plan of up to $7,500 pre-tax or post-tax in 2025, except for participants eligible for the "super catch-up" contribution limit. Participants ages of 60 and 63 are allowed to make a "super catch-up" contribution of up to $11,250, in lieu of the standard $7,500 catch-up contribution limit. The Company matches the 401(k) contribution at a rate of 50¢ for every dollar up to 6% of eligible compensation that the participant contributes. New hires are automatically enrolled in the Plan at a pre-tax contribution rate of 6% of total compensation unless an election is made not to participate, or another contribution rate is selected. Participants are permitted to make rollover contributions from certain other qualified plans.

The Company may also contribute from current or accumulated earnings and profits an amount determined by a resolution of the Board of Directors from 0% up to 15% of the aggregate covered compensation of all eligible participants at any time during the Plan year. Annual additions to a participant's account, excluding qualifying catch-up contributions, cannot exceed the lesser of 100% of the participant's eligible compensation or $70,000 for 2025. Profit sharing awards are funded annually by the Company in the first quarter of the following year and amounted to $13,338,293 as of December 31, 2025.

Contributions Receivable
Employer and participant contribution receivables are recorded for amounts due to the Plan related to the current fiscal year at year-end and received by the Plan within the following fiscal year.

Investments
Participants may elect to reallocate their account balances among the funds at any time during the year. There is no limit on the number of changes participants may make.

Benefits
Upon reaching age 65 or becoming permanently disabled, a participant may elect to receive vested benefits in the form of a lump sum distribution or a lifetime annuity contract. If the participant is still employed at age 65, they may elect to defer receiving benefits until they terminate employment.

Upon termination of employment before age 65, a participant may elect, subject to the approval of the Investment Committee, to have their vested account balance transferred to another qualified plan. Otherwise, vested account balances may remain in the Plan and earn investment income until pay-out at age 65 in the form of a lump sum distribution or a lifetime annuity.

Forfeitures
Forfeitures resulting from the nonvested portion of terminated participants' accounts are used to finance the profit-sharing contributions of the Company. Forfeitures for the year ended December 31, 2025 amounted to $1,028,311 and were used entirely to reduce employer profit sharing contributions.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which may differ from actual results. The most significant estimates are the assumptions and estimates used in the determination of the fair value of investments. Actual results may differ from those estimates.

Investments and Investment Income
Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade date. The net investment income which includes the realized and unrealized gain or loss on investments of the Plan during the year are allocated to participants based upon their percentage of the fund balance at the beginning of the year adjusted for benefit payments made during the year and administrative expenses.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the investment income related to the net appreciation in the fair value of investments, which consists of realized gains and losses and the unrealized appreciation or depreciation on investments.

Administrative Expenses
Administrative expenses are recorded on an accrual basis. Audit and other professional service fees related to maintaining the Plan are paid by the Company. A portion of these professional services expenses is reimbursed through revenue credits allocated to the Plan by agreement with the Trustee. Revenue income credits amounted to $335,339 for the year ended December 31, 2025, and are presented separately as revenue income credit within additions in the Statement of Changes in Net Assets Available for Benefits. Additionally, approximately $25,287 of revenue credits were allocated to the Company to reimburse administrative expenses and are recorded as a reduction of administrative expenses in the financial statements. Other administrative fees such as loan maintenance and processing fees are deducted from the individual participant's account balance when paid.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties
The Plan provides for various investment options in any combination of various investment securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, "Fair Value Measurement," ("ASC 820"), which defines fair value, establishes the framework and gives guidance regarding the methods used for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include.

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	NAV	Total
Money market funds	$ 14,925,259	$ -	$ -	$ -	$ 14,925,259
Mutual funds	472,588,214	-	-	-	472,588,214
BrokerageLink accounts	20,474,608	-	-	-	20,474,608
Common/collective trusts (a)	-	-	-	5,834,583	5,834,583
Total investments, at fair value	$ 507,988,081	$ -	$ -	$ 5,834,583	$513,822,664

(a) In accordance with ASC 820-10, Fair Value Measurement, certain investments measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 13,030,335	$ -	$ -	$ 13,030,335
Mutual funds	394,335,291	-	-	394,335,291
BrokerageLink accounts	16,508,624	-	-	16,508,624
Total investments, at fair value	$ 423,874,250	$ -	$ -	$ 423,874,250

It is the Plan's policy to account for asset transfers between levels at the end of the year. There were no transfers between levels for the years ended December 31, 2025 and 2024.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market funds: valued at cost, which approximates fair value due to the short term nature of these investments.

Mutual funds: valued at the net asset value of shares reported in the active market in which the individual fund is traded. The Plan considers the published net asset values ("NAV") of its investments to be readily determinable fair value in accordance with accounting principles generally accepted in the United States of America.

BrokerageLink accounts: Include interest bearing cash, mutual funds, and exchange-traded funds, all of which are valued at the closing price in the active market in which the securities are traded.

Common/collective trusts: These types of investments are valued at NAV. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. Common/collective trusts have zero unfunded commitments, a daily redemption frequency and have no redemption notice period.

4. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a self-directed brokerage account (Fidelity BrokerageLink) managed by the Trustee, and therefore, these activities qualify as party-in-interest transactions. Certain participants borrowed from the Plan. Such participants are parties-in-interest to the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their respective accounts.

6. Notes Receivable From Participants

Participants may borrow from their vested contributions in the Plan up to the lesser of $50,000 or 50% of the value of their vested contributions, subject to certain other restrictions. Generally, the loan must be repaid with interest (prime rate plus 1%) within five years. However, if the loan is used by a participant to purchase a principal residence, it may be repaid over ten years. The loans bear interest at rates that range from 4.25% to 9.50% in 2024 and 2025. The loans are valued at amortized cost, which approximates fair value. Participant loans in default are reclassified as taxable distributions based upon the terms of the Plan document.

During 2020, enhanced loan limits and the option to suspend loan repayments were made available to qualifying participants as permitted by the CARES Act.

7. Tax Status

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated December 22, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. There are currently no audits for any tax periods in progress or pending. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

8. Information Certified by the Plan's Trustee

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule, which were certified by Fidelity Management Trust Company as of December 31, 2025 and 2024 and for the year ended December 31, 2025 as complete and accurate, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2025	2024
Assets		
Investments, at fair value	$ 513,822,664	$ 423,874,250
Notes receivable from participants	1,421,612	1,204,532

	2025
Investment income	
Interest and dividend income	$ 16,925,400
Net appreciation in fair value of investments	59,790,791
Interest income on notes receivable from participants	108,021

9. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued and has determined there are no material events or transactions that would require adjustment to the financial statements or additional disclosures.
