INDEPENDENT AUDITORS' REPORT

Plan Administrator, Board of Directors and Participants of
The Martz Group 401(K) Plan
Wilkes-Barre, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Martz Group 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Martz Group 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Martz Group 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Martz Group 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Martz Group 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Martz Group 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of The Martz Group 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General:
The Plan is a safe-harbor defined contribution plan covering substantially all nonunion employees of Frank Martz Coach Company; Gold Line, Inc.; National Coach Works of Virginia, Inc.; First Class Coach Company, Inc.; and Further Transportation Management, Inc. (the "Companies") who have attained age twenty-one with no service requirement for elective deferrals, safe harbor matching contribution and nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors oversees the governance of the Plan. The Plan's Board of Directors determines the appropriateness of the Plan's investment offerings and monitors investment performance.

B. Contributions:
Each year, participants in the Plan may contribute up to 100% of pretax compensation (W-2 wages including elective deferrals), as defined by the Plan, subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan is an Qualified Automatic Contribution Arrangement (QACA) and as such, new hires are automatically enrolled in the Plan and a fixed 3% is withheld from their compensation unless they make a contrary election. Employee deferrals automatically increase 1% on the first of each year until the deferrals meet 6% or the employee makes a contrary election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Companies have the option to make discretionary profit-sharing contributions to the Plan at the discretion of the Boards of Directors. In 2025, no discretionary profit-sharing contributions were made. In 2025, the Companies tiered safe-harbor matching contribution is 100% of the employee's deferral up to 3% and an additional 50% of the employee's deferral from 4%-6%. Amounts for discretionary profit-sharing contributions are allocated to each person who is an active participant on the last day of the Plan year and has at least 500 service hours during the year. Participants direct the investments of their contributions into various investment options offered by the Plan. Contributions are remitted to the Plan on a weekly basis. Contributions are subject to certain IRS limitations.

C. Participants' Accounts:
Each participant's account balance is maintained separately and is credited with the participant's contribution, including rollovers, and allocations of the Companies' safe-harbor matching contributions and discretionary profit-sharing contributions, if any, and

Plan earnings and charged with an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments in their own accounts.

D. Vesting:
Participants are always one hundred percent vested in their voluntary contributions and rollovers plus actual earnings thereon. Employees vest in the Companies' contribution portion of their accounts and earnings in accordance with the following tables:

Matching Contributions	
Less than 2 Years	0%
2 Years or More	100%

Discretionary Contributions	
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or More	100%

E. Notes Receivable from Participants:
Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2 percent above the prime rate, which ranged from 4.25% to 10.50% in 2025. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at a time.

F. Payment of Benefits:
On termination of service for any reason, a participant will receive the vested interest in his or her account as a single lump sum distribution. Mandatory distributions apply to account balances up to $5,000 and account balances between $1,000 and $5,000 are subject to automatic rollover. Accounts below $1,000 are distributed in cash while accounts over $5,000 require a participant's consent for distribution. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document. Participants are eligible to take distributions once they reach age 59.5 years. Participants are also eligible to take distributions for hardship distributions and as qualified reservists.

G. Forfeited Accounts:
At December 31, 2025 and 2024, forfeited non-vested accounts totaled $0. The forfeiture account increased $19,907 for current year forfeitures and increased $12 for current year activity. These accounts can be used to reduce employer safe harbor matching contributions and pay plan expenses which amounted to $13,117 and $6,802, respectively, in 2025.

H. Plan Amendments:
Effective January 1, 2024, the SECURE 2.0 Act made a change to the emergency withdrawal penalty tax of 10%. The 10% withdrawal penalty is waived for unforeseeable or immediate financial needs due an emergency. This is limited to one per year, up to $1,000 and the taxpayer has the option to repay within 3 years during which time no further emergency distribution would be allowed until paid. The Plan has until December 31, 2026 to formally amend.

Effective January 1, 2024, the SECURE Act 2.0 made a change making catch up contributions after age 50 to be on a Roth basis for employees with compensation of greater than $145,000 in the prior year. The Plan has until December 31, 2026 to formally amend.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

B. Use of Estimates:
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and charges herein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition:
Investments are reported at fair value (except for the fully benefit - responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on their ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

D. Contributions:
Contributions from Plan participants and matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

E. Notes Receivable from Participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases employment, all loans become due and payable at the severance date. If not repaid or directly rolled over to a new employer's Plan, the Plan Administrator will deem the participant loan to be in default and the participant loan balance will be reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

F. Payment of Benefits:
Benefits are recorded when paid.

G. Administrative Expenses:
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

H. Date of Management's Review of Subsequent Events:
Subsequent events were evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED TO BY THE PLAN'S CUSTODIAN / TRUSTEE

The Plan Administrator has elected the method of compliance in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment and notes receivable from participants information was obtained by management and agreed to or derived from information that was certified in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, as trustee, a qualified institution, and was not subjected to any auditing procedures performed by the independent auditors:

a. Investments at fair value as shown in the accompanying statements of net assets available for benefits of $5,723,492 and $5,286,882 as of December 31, 2025 and 2024, respectively.

b. Investments at contract value as shown in the accompanying statements of net assets available for benefits of $643,503 and $898,410 as of December 31, 2025 and 2024, respectively.

c. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $106,752 and $103,082 as of December 31, 2025 and 2024, respectively.

d. Total income from investments of $787,706 and interest income on notes receivable from participants of $10,166 as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

e. All investment-related and notes receivable from participants information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1:
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:
Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts:
Valued at the net asset value (NAV) of units of pooled separate accounts at Principal Trust Company, the Plan trustee. The NAV, as provided by the Principal Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the Plan will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Registered Investment Companies:
Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy the Plan's investment assets carried at fair value, as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 494,787	$ -	$ -	$ 494,787
Investment Measured at Net Asset Value (1)	-	-	-	5,228,705
INVESTMENTS AT FAIR VALUE	$ 494,787	$ -	$ -	$ 5,723,492

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 377,984	$ -	$ -	$ 377,984
Investment Measured at Net Asset Value (1)	-	-	-	4,908,898
INVESTMENTS AT FAIR VALUE	$ 377,984	$ -	$ -	$ 5,286,882

(1) In accordance with FASB ASC Subtopic 820-10, an investment measured at fair value using the net asset value per share practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that use NAV:

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively. Since the individual funds comprising the Plan's investment in pooled separate accounts file a Form 5500 as a direct filing entity (DFE), disclosures of significant investment strategies are not required.

Fair Value Estimated Using Net Asset Value Per Share as of December 31, 2025

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 5,228,705	None	Daily	None

Fair Value Estimated Using Net Asset Value Per Share as of December 31, 2024

Pooled Separate Accounts	$ 4,908,898	None	Daily	None

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Principal Trust Company on behalf of the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company reported as the Principal Fixed Income Guaranteed Option. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.75 percent. Such interest rates are reviewed on a semi-annual basis for resetting. At December 31, 2025, the interest rate was 2.70%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, b) a material amendment to the contract without the issuer's consent, c) a violation of a material obligation under the contract, or d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The investment contract has no stated maturity.

6. PARTY-IN-INTEREST

Certain Plan investments are managed by Principal Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for investment management services from Principal Trust Company are included in net appreciation in fair value of the investment as they are paid through revenue sharing, rather than a direct payment. The trustee charged loan and distribution administration fees to participants of $5,096 in 2025. In addition, the Plan paid the trustee $35,181 in recordkeeping and administration fees. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, or partial termination (as defined), participants will become 100% vested in their employer contributions.

8. TAX STATUS

The Companies have adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved document, the Plan administrator believes the Plan is designed, and is currently operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:
