Independent Auditor's Report

The Plan Administrator
The Massachusetts Medical Society Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of The Massachusetts Medical Society Savings and Investment Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, (1) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of The Massachusetts Medical Society Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by The Massachusetts Medical Society and its subsidiaries (the "Society" or "Employer") for the benefit of all eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant directed.

The Plan is administered by the Society's Retirement Committee ("Committee"), which is a committee of the employees of the Society. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Society's Committee on Administration and Management, a committee of the Board of Trustees.

Participant Contributions

Participants may contribute up to 100% of eligible annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers"). Participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions in addition to the Internal Revenue Service ("IRS") contribution limit as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees that don't make an election or contribution within 60 days of being eligible are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre tax deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral percentage will increase by 1% per year up to a maximum of 6% of eligible compensation.

Employer Contributions

The Society contributes an Employer match equal to 50% of the participant's contributions up to 6% of eligible compensation. For the Plan years ended December 31, 2025 and 2024, the Employer made true up matching contributions which amounted to $43,993 and $39,369, funded in part with $2,618 and in full with $39,369 of forfeitures, respectively.

Note 1 - Description of the Plan (Continued)

Employer Contributions (Continued)

Discretionary amounts may be contributed at the option of the Society. No discretionary contributions were made to the Plan for the 2025 Plan year. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. In addition, core contributions for participants hired after December 31, 2005 are based on age and years of service as of the beginning of the year as follows:

If Your Age Plus Your Years of Service at the Beginning of the Year Equals	*The Society Will Contribute This Percentage of Eligible Earnings to Your Plan Account*
Less than 40	3%
40-54	5%
55 or more	7%

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions, allocation of investment earnings/losses and charged expenses in accordance with the Participant Fee Disclosure Schedule. Allocations are based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

Years of Service	*Vested Percentage*
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

Participants also become fully vested in all Employer contribution accounts upon reaching age 55, or by death or disability.

Note 1 - Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts (excluding his or her Employer Discretionary Contribution account or Core Contributions account) a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by 50% of the participant's vested account balance and bear interest at a fixed annual rate based on the Prime rate plus 1%, as of the first working day of the month in which the loan is taken. Loan terms range from one to five years or up to fifteen years if used for the purchase of the participant's principal residence. Principal and interest are paid ratably through payroll deductions. Loans and accrued interest must be paid in full upon termination of employment.

Payment of Benefits

Distribution of vested benefits will commence upon the early or normal retirement date, a participant's termination date, or the date on which a participant becomes disabled. In-service withdrawals from Participants' deferral account balances, as defined, are permitted upon the attainment of age 59½, or for a hardship or if the participant is in certain qualified reservist military duty. The standard form of payment is a single life annuity for single participants and a joint and survivor annuity for married participants, with the option of receiving a lump-sum payment. Vested benefits of $7,000 or less are made as a single lump-sum payment or a rollover into an individual retirement account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participant's who have terminated from the Employer and who have a benefit under the Massachusetts Medical Society Pension Plan may elect to rollover a lump-sum distribution from the Pension Plan into the Savings and Investment Plan.

Forfeitures

A Participant who leaves the employ of the Employer forfeits any non-vested balance after the latest of five consecutive one-year breaks in service or distribution of the entire vested portion of the Participant's account. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $14,193 and $73,619, respectively. These accounts can be used to reduce future Employer contributions. The Plan used $88,107 and $59 of forfeitures during the years ended December 31, 2025 and 2024, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value was the amount Participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment trustee and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Unit Values

Individual participant accounts for the common/collective trusts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants’ accounts are charged or credited with the number of units properly attributable to each participant.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Society and are not included in the Statement of Changes in Net Assets Available for Benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan administrator has evaluated subsequent events through September 9, 2026, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Information Certified by the Trustee and Custodian

Plan investments are held by the Plan's Trustee and Custodians, Empower Annuity Insurance Company of America ("EAIC"), Empower Life & Insurance Company of New York ("ELAINY") and Empower Trust Company (collectively, "Empower"). The fair and contract values of all investments as of December 31, 2025 and 2024 and all investment transactions for the year ended December 31, 2025, including interest and dividend income and net appreciation, are reported to the Plan and certified as complete and accurate by Empower. Information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), and notes receivable from participants, have also been derived from information certified by Empower.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 - Fair Value Measurements (Continued)

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Investment Accounts

Units of participation in pooled separate investment accounts are reported at the daily Net Asset Value ("NAV") of units owned. The NAV, as provided by Massachusetts Mutual Life Insurance Company ("MassMutual"), is used as a practical expedient to estimate fair value. Participant transactions may occur daily. NAV of units is based upon the quoted market values of the underlying assets in the separate accounts less its liabilities. Individual participant accounts for the pooled separate investment accounts are maintained on a unit value basis. These units are not traded on securities exchanges but are redeemable only by the issuer. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units.

Note 4 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	***Level I***	***Level II***	***Level III***	***Total***
Mutual funds	$ 41,310,578	$ -	$ -	$ 41,310,578
Total investments in the fair value hierarchy	**$ 41,310,578**	**$ -**	**$ -**	**41,310,578**
Investments measured at NAV practical expedient (a)				144,756,709
Total investments at fair value				**$ 186,067,287**

	Assets at Fair Value as of December 31, 2024			
Description	***Level I***	***Level II***	***Level III***	***Total***
Mutual funds	$ 33,605,865	$ -	$ -	$ 33,605,865
Total investments in the fair value hierarchy	**$ 33,605,865**	**$ -**	**$ -**	**33,605,865**
Investments measured at NAV practical expedient (a)				128,653,299
Total investments at fair value				**$ 162,259,164**

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

Note 5 - Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table for December 31, 2025 and 2024 sets forth a summary of the Plan's investments with a reported NAV:

Investments	*Fair Value 12/31/2025*	*Fair Value 12/31/2024*	*Unfunded Commitments*	*Redemption Frequency*	*Redemption Notice Period*
Pooled separate investment accounts (b)	$ 144,756,709	$ 128,653,299	$ -	Daily	1 day

(b) See Note 4 for the description of the pooled separate investment accounts.

Note 6 - Fully Benefit-Responsive Investment Contract

Following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

Fixed Account

The Plan has a fully benefit-responsive group annuity contract with Empower. Empower maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. A crediting rate is established for amounts invested in the fixed account. The crediting interest rate for December 31, 2025 and 2024 was 3.10% and 2.80%, respectively. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawal and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 6 - Fully Benefit-Responsive Investment Contract (Continued)

Fixed Account (Continued)

The contract value of the Plan's fully benefit-responsive fixed account contract at December 31, 2025 and 2024 was $12,618,796 and $10,571,489, respectively.

Note 7 - Risks and Uncertainties

The Plan provides for various investment options in registered investment companies, self-directed funds and a stable value common/collective trust which hold investment securities. Market risks include global events or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Plan investments include a guaranteed interest account managed by affiliates of Empower. Empower is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Total administrative expenses incurred by the Plan and paid to Empower and other service providers during the Plan year ended December 31, 2025 were $124,822. In addition, notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Society has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 10 - Tax Status

The Internal Revenue Service ("IRS") determined and informed the Society by letter dated June 4, 2014 that the Plan (as restated January 1, 2017) and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrative committee/Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 10 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
