Plan Administrator
Bergey's, Inc. 401(k) Profit-Sharing Plan
Souderton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bergey's, Inc. 401(k) Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bergey's, Inc. 401(k) Profit-Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bergey's, Inc. 401(k) Profit-Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bergey's, Inc. 401(k) Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bergey's, Inc. 401(k) Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Bergey's, Inc. 401(k) Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution 401(k) profit-sharing plan covering all eligible employees of Bergey's, Inc. (the Company) and affiliated companies that have adopted the Plan. Effective March 27, 2025, the Plan was restated to reduce the eligibility requirements to attainment of age 18 and completion of 30 days of service, with participation beginning immediately upon satisfaction of the applicable eligibility requirements. Prior to March 27, 2025, employees were generally required to attain age 21 and complete three months of service, with participation beginning on the first day of the Plan Year quarter coinciding with or next following satisfaction of the applicable eligibility requirements. Effective March 27, 2025, the automatic enrollment deferral rate was increased from 3% to 4% of eligible compensation. Newly eligible participants are automatically enrolled at this rate unless they affirmatively elect otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute any whole percentage up to 75% of eligible compensation into a pre-tax regular 401(k) account or an after-tax Roth 401(k) account, subject to annual limitations imposed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective March 27, 2025, the Company's matching contribution is equal to 25% of a participant's elective deferral contributions, up to 4% of eligible compensation. Prior to March 27, 2025, the Company's matching contribution was equal to 25% of a participant's elective deferral contributions, up to 3% of eligible compensation.

The Company may also make a discretionary contribution in an amount determined annually by the Board of Directors.

Participants' Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their account upon their effective date of participation.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their account into any investment option offered by the Plan. If the participant makes no election, the account is invested in the appropriate Target Date Retirement Fund based on year of birth. The participants may change their investment options at any time.

Payment of Benefits

Payment of benefits on account of retirement, death, disability, or termination of employment will be made in one lump-sum or in installment payments based on life expectancy.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow a minimum of $500 from the Plan as evidenced by a note. Loans may be requested up to the lesser of $50,000 or 50% of their vested account balance. Loan repayments are made in equal installments deducted from each paycheck. Interest is charged at the rate of 1% above the prime interest rate at the time the loan is approved. Effective March 27, 2025, participants may have only one loan outstanding at a time, previously up to two loans were permitted. The outstanding loan balance and any accrued interest may be repaid in full at any time.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies and in collective investment trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's investment in group annuity contract with an insurance company is a fully-benefit responsive investment contract which is reported at contract value. See Note 5 for discussion of the Plan's investment in a group annuity contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair values of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document surrounding defaulted loans.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unallocated employer contributions resulting from the termination of participants with less than fully vested benefits under the Plan. Forfeitures may be used to pay administrative expenses, allocated as additional employer contributions or used to reduce employer contributions. Forfeited non-vested accounts at December 31, 2025 and 2024, totaled $55 and $231, respectively. During 2025, forfeitures in the amounts of $945 and $231 were used to offset the employer contributions and plan fees, respectively.

Administrative Expenses

Administrative expenses are paid by the Plan if not paid by the Plan Sponsor.

2. Summary of Accounting Policies (Continued)

Subsequent Events

In preparing these financial statements, the Plan administrator has evaluated events and transactions for potential disclosure through October 14, 2026, the date the financial statements were available to be issued.

3. Information Certified by Trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary Schedule H, Item 4i, Schedule of Assets (Held at End of Year), including investments held at December 31, 2025, and net appreciation in fair value of investments and dividends for the period of March 27, 2025 through December 31, 2025, was obtained by management and agreed to information certified as complete and accurate by Fidelity Management Trust Company (the current Trustee of the Plan).

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2024, and net appreciation in fair value of investments, interest and dividends for the period of January 1, 2025 through March 26, 2025, was obtained by management and agreed to information certified as complete and accurate by Newport Trust Company (the former Trustee of the Plan).

4. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1	Quoted, market prices in active markets that the Plan has the ability to access.
Level 2	Observable, market-based inputs or unobservable inputs that are corroborated by market data.
Level 3	Unobservable inputs to the valuation technique that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of risk associated with investing in those securities.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered Investment Companies

Shares of registered investment companies (mutual funds) are valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

4. Investments and Fair Value Measurements (Continued)

Collective Investment Trusts

The Plan invests in certain collective index funds. The underlying collective trusts are valued based upon the net asset value (NAV) of units of the collective trusts as reported to the Plan by the trusts. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value. The units of each share class of the collective trusts are valued daily based on closing market prices of the underlying investments. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Money market funds	$ 10,259	$ -	$ -	$ 10,259

Total investments, at fair value	$106,994,872	$ -	$ -	$ 109,048,308

4. Investments and Fair Value Measurements (Continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2025 Fair Value	2024 Fair Value	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trusts

Putnam Large Cap Value Trust	2,410,392	1,989,703	n/a	Daily	Daily
Total	$ 2,410,392	$ 2,053,436			

5. Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive, group annuity contract with Mass Mutual Life Insurance Company within which participants may direct their investments into a pooled separate account with a guaranteed rate of return investment option. This account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The pooled separate account provides a guaranteed rate of return from its investments in various fixed income securities, including but not limited to U.S. dollar-denominated corporate obligations, securities issued or guaranteed by the U.S. Government or its agencies, U.S. dollar-denominated bonds of foreign issuers or bonds of foreign issuers currency hedged into U.S. dollars, mortgage-backed and other asset-backed securities and money market securities including commercial paper.

Because the pooled separate account contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and certain administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a minimum guaranteed interest rate that is declared semi-annually in advance by Mass Mutual.

At December 31, 2025 and 2024, the balance in the Mass Mutual SAGIC Diversified Bond II was $12,895,988 and $15,898,187, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Related-Party and Party-In-Interest Transactions

Fees paid by the Plan during the year for administrative services, investment management services and custodial services rendered by parties in interest were based on customary and reasonable rates for such services. The transactions qualify as party-in-interest transactions.

8. Tax Status

Effective March 27, 2025, the Plan adopted a non-standardized pre-approved plan sponsored by Fidelity Management & Research, LLC that received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Previously, the Plan adopted a non-standardized pre-approved plan sponsored by Newport Group, Inc. The non-standardized pre-approved plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, as to the Plan's qualified status. The IRS has determined that the non-standardized pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The non-standardized pre-approved plan opinion letter has been relied upon by this Plan. Although the Plan has since been amended, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Prohibited Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit approximately $567 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Lost earnings on late deposits will be remitted to the Plan and the applicable excise tax return filed.

11. Form 5500 Reconciliations

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

Plan Administrator
Bergey's, Inc. 401(k) Profit-Sharing Plan
Souderton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bergey's, Inc. 401(k) Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bergey's, Inc. 401(k) Profit-Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bergey's, Inc. 401(k) Profit-Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bergey's, Inc. 401(k) Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bergey's, Inc. 401(k) Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Bergey's, Inc. 401(k) Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution 401(k) profit-sharing plan covering all eligible employees of Bergey's, Inc. (the Company) and affiliated companies that have adopted the Plan. Effective March 27, 2025, the Plan was restated to reduce the eligibility requirements to attainment of age 18 and completion of 30 days of service, with participation beginning immediately upon satisfaction of the applicable eligibility requirements. Prior to March 27, 2025, employees were generally required to attain age 21 and complete three months of service, with participation beginning on the first day of the Plan Year quarter coinciding with or next following satisfaction of the applicable eligibility requirements. Effective March 27, 2025, the automatic enrollment deferral rate was increased from 3% to 4% of eligible compensation. Newly eligible participants are automatically enrolled at this rate unless they affirmatively elect otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute any whole percentage up to 75% of eligible compensation into a pre-tax regular 401(k) account or an after-tax Roth 401(k) account, subject to annual limitations imposed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective March 27, 2025, the Company's matching contribution is equal to 25% of a participant's elective deferral contributions, up to 4% of eligible compensation. Prior to March 27, 2025, the Company's matching contribution was equal to 25% of a participant's elective deferral contributions, up to 3% of eligible compensation.

The Company may also make a discretionary contribution in an amount determined annually by the Board of Directors.

Participants' Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their account upon their effective date of participation.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their account into any investment option offered by the Plan. If the participant makes no election, the account is invested in the appropriate Target Date Retirement Fund based on year of birth. The participants may change their investment options at any time.

Payment of Benefits

Payment of benefits on account of retirement, death, disability, or termination of employment will be made in one lump-sum or in installment payments based on life expectancy.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow a minimum of $500 from the Plan as evidenced by a note. Loans may be requested up to the lesser of $50,000 or 50% of their vested account balance. Loan repayments are made in equal installments deducted from each paycheck. Interest is charged at the rate of 1% above the prime interest rate at the time the loan is approved. Effective March 27, 2025, participants may have only one loan outstanding at a time, previously up to two loans were permitted. The outstanding loan balance and any accrued interest may be repaid in full at any time.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies and in collective investment trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's investment in group annuity contract with an insurance company is a fully-benefit responsive investment contract which is reported at contract value. See Note 5 for discussion of the Plan's investment in a group annuity contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair values of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document surrounding defaulted loans.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unallocated employer contributions resulting from the termination of participants with less than fully vested benefits under the Plan. Forfeitures may be used to pay administrative expenses, allocated as additional employer contributions or used to reduce employer contributions. Forfeited non-vested accounts at December 31, 2025 and 2024, totaled $55 and $231, respectively. During 2025, forfeitures in the amounts of $945 and $231 were used to offset the employer contributions and plan fees, respectively.

Administrative Expenses

Administrative expenses are paid by the Plan if not paid by the Plan Sponsor.

2. Summary of Accounting Policies (Continued)

Subsequent Events

In preparing these financial statements, the Plan administrator has evaluated events and transactions for potential disclosure through October 14, 2026, the date the financial statements were available to be issued.

3. Information Certified by Trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary Schedule H, Item 4i, Schedule of Assets (Held at End of Year), including investments held at December 31, 2025, and net appreciation in fair value of investments and dividends for the period of March 27, 2025 through December 31, 2025, was obtained by management and agreed to information certified as complete and accurate by Fidelity Management Trust Company (the current Trustee of the Plan).

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2024, and net appreciation in fair value of investments, interest and dividends for the period of January 1, 2025 through March 26, 2025, was obtained by management and agreed to information certified as complete and accurate by Newport Trust Company (the former Trustee of the Plan).

4. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1	Quoted, market prices in active markets that the Plan has the ability to access.
Level 2	Observable, market-based inputs or unobservable inputs that are corroborated by market data.
Level 3	Unobservable inputs to the valuation technique that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of risk associated with investing in those securities.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered Investment Companies

Shares of registered investment companies (mutual funds) are valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

4. Investments and Fair Value Measurements (Continued)

Collective Investment Trusts

The Plan invests in certain collective index funds. The underlying collective trusts are valued based upon the net asset value (NAV) of units of the collective trusts as reported to the Plan by the trusts. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value. The units of each share class of the collective trusts are valued daily based on closing market prices of the underlying investments. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total

4. Investments and Fair Value Measurements (Continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2025 Fair Value	2024 Fair Value	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trusts					
Blackrock Russell 2000 Index	$ -	$ 63,733	n/a	Daily	Daily
Putnam Large Cap Value Trust	2,410,392	1,989,703	n/a	Daily	Daily
Total	$ 2,410,392	$ 2,053,436			

5. Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive, group annuity contract with Mass Mutual Life Insurance Company within which participants may direct their investments into a pooled separate account with a guaranteed rate of return investment option. This account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The pooled separate account provides a guaranteed rate of return from its investments in various fixed income securities, including but not limited to U.S. dollar-denominated corporate obligations, securities issued or guaranteed by the U.S. Government or its agencies, U.S. dollar-denominated bonds of foreign issuers or bonds of foreign issuers currency hedged into U.S. dollars, mortgage-backed and other asset-backed securities and money market securities including commercial paper.

Because the pooled separate account contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and certain administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a minimum guaranteed interest rate that is declared semi-annually in advance by Mass Mutual.

At December 31, 2025 and 2024, the balance in the Mass Mutual SAGIC Diversified Bond II was $12,895,988 and $15,898,187, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Related-Party and Party-In-Interest Transactions

Fees paid by the Plan during the year for administrative services, investment management services and custodial services rendered by parties in interest were based on customary and reasonable rates for such services. The transactions qualify as party-in-interest transactions.

8. Tax Status

Effective March 27, 2025, the Plan adopted a non-standardized pre-approved plan sponsored by Fidelity Management & Research, LLC that received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Previously, the Plan adopted a non-standardized pre-approved plan sponsored by Newport Group, Inc. The non-standardized pre-approved plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, as to the Plan's qualified status. The IRS has determined that the non-standardized pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The non-standardized pre-approved plan opinion letter has been relied upon by this Plan. Although the Plan has since been amended, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Prohibited Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit approximately $567 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Lost earnings on late deposits will be remitted to the Plan and the applicable excise tax return filed.

11. Form 5500 Reconciliations

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

Plan Administrator
Bergey's, Inc. 401(k) Profit-Sharing Plan
Souderton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bergey's, Inc. 401(k) Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bergey's, Inc. 401(k) Profit-Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bergey's, Inc. 401(k) Profit-Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bergey's, Inc. 401(k) Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bergey's, Inc. 401(k) Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Bergey's, Inc. 401(k) Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution 401(k) profit-sharing plan covering all eligible employees of Bergey's, Inc. (the Company) and affiliated companies that have adopted the Plan. Effective March 27, 2025, the Plan was restated to reduce the eligibility requirements to attainment of age 18 and completion of 30 days of service, with participation beginning immediately upon satisfaction of the applicable eligibility requirements. Prior to March 27, 2025, employees were generally required to attain age 21 and complete three months of service, with participation beginning on the first day of the Plan Year quarter coinciding with or next following satisfaction of the applicable eligibility requirements. Effective March 27, 2025, the automatic enrollment deferral rate was increased from 3% to 4% of eligible compensation. Newly eligible participants are automatically enrolled at this rate unless they affirmatively elect otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute any whole percentage up to 75% of eligible compensation into a pre-tax regular 401(k) account or an after-tax Roth 401(k) account, subject to annual limitations imposed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective March 27, 2025, the Company's matching contribution is equal to 25% of a participant's elective deferral contributions, up to 4% of eligible compensation. Prior to March 27, 2025, the Company's matching contribution was equal to 25% of a participant's elective deferral contributions, up to 3% of eligible compensation.

The Company may also make a discretionary contribution in an amount determined annually by the Board of Directors.

Participants' Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their account upon their effective date of participation.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their account into any investment option offered by the Plan. If the participant makes no election, the account is invested in the appropriate Target Date Retirement Fund based on year of birth. The participants may change their investment options at any time.

Payment of Benefits

Payment of benefits on account of retirement, death, disability, or termination of employment will be made in one lump-sum or in installment payments based on life expectancy.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow a minimum of $500 from the Plan as evidenced by a note. Loans may be requested up to the lesser of $50,000 or 50% of their vested account balance. Loan repayments are made in equal installments deducted from each paycheck. Interest is charged at the rate of 1% above the prime interest rate at the time the loan is approved. Effective March 27, 2025, participants may have only one loan outstanding at a time, previously up to two loans were permitted. The outstanding loan balance and any accrued interest may be repaid in full at any time.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies and in collective investment trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's investment in group annuity contract with an insurance company is a fully-benefit responsive investment contract which is reported at contract value. See Note 5 for discussion of the Plan's investment in a group annuity contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair values of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document surrounding defaulted loans.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unallocated employer contributions resulting from the termination of participants with less than fully vested benefits under the Plan. Forfeitures may be used to pay administrative expenses, allocated as additional employer contributions or used to reduce employer contributions. Forfeited non-vested accounts at December 31, 2025 and 2024, totaled $55 and $231, respectively. During 2025, forfeitures in the amounts of $945 and $231 were used to offset the employer contributions and plan fees, respectively.

Administrative Expenses

Administrative expenses are paid by the Plan if not paid by the Plan Sponsor.

2. Summary of Accounting Policies (Continued)

Subsequent Events

In preparing these financial statements, the Plan administrator has evaluated events and transactions for potential disclosure through October 14, 2026, the date the financial statements were available to be issued.

3. Information Certified by Trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary Schedule H, Item 4i, Schedule of Assets (Held at End of Year), including investments held at December 31, 2025, and net appreciation in fair value of investments and dividends for the period of March 27, 2025 through December 31, 2025, was obtained by management and agreed to information certified as complete and accurate by Fidelity Management Trust Company (the current Trustee of the Plan).

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2024, and net appreciation in fair value of investments, interest and dividends for the period of January 1, 2025 through March 26, 2025, was obtained by management and agreed to information certified as complete and accurate by Newport Trust Company (the former Trustee of the Plan).

4. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1	Quoted, market prices in active markets that the Plan has the ability to access.
Level 2	Observable, market-based inputs or unobservable inputs that are corroborated by market data.
Level 3	Unobservable inputs to the valuation technique that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of risk associated with investing in those securities.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered Investment Companies

Shares of registered investment companies (mutual funds) are valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

4. Investments and Fair Value Measurements (Continued)

Collective Investment Trusts

The Plan invests in certain collective index funds. The underlying collective trusts are valued based upon the net asset value (NAV) of units of the collective trusts as reported to the Plan by the trusts. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value. The units of each share class of the collective trusts are valued daily based on closing market prices of the underlying investments. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total

4. Investments and Fair Value Measurements (Continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Total	$ 2,410,392	$ 2,053,436			

5. Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive, group annuity contract with Mass Mutual Life Insurance Company within which participants may direct their investments into a pooled separate account with a guaranteed rate of return investment option. This account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The pooled separate account provides a guaranteed rate of return from its investments in various fixed income securities, including but not limited to U.S. dollar-denominated corporate obligations, securities issued or guaranteed by the U.S. Government or its agencies, U.S. dollar-denominated bonds of foreign issuers or bonds of foreign issuers currency hedged into U.S. dollars, mortgage-backed and other asset-backed securities and money market securities including commercial paper.

Because the pooled separate account contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and certain administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a minimum guaranteed interest rate that is declared semi-annually in advance by Mass Mutual.

At December 31, 2025 and 2024, the balance in the Mass Mutual SAGIC Diversified Bond II was $12,895,988 and $15,898,187, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Related-Party and Party-In-Interest Transactions

Fees paid by the Plan during the year for administrative services, investment management services and custodial services rendered by parties in interest were based on customary and reasonable rates for such services. The transactions qualify as party-in-interest transactions.

8. Tax Status

Effective March 27, 2025, the Plan adopted a non-standardized pre-approved plan sponsored by Fidelity Management & Research, LLC that received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Previously, the Plan adopted a non-standardized pre-approved plan sponsored by Newport Group, Inc. The non-standardized pre-approved plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, as to the Plan's qualified status. The IRS has determined that the non-standardized pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The non-standardized pre-approved plan opinion letter has been relied upon by this Plan. Although the Plan has since been amended, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Prohibited Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit approximately $567 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. Lost earnings on late deposits will be remitted to the Plan and the applicable excise tax return filed.

11. Form 5500 Reconciliations

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:
