INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Sunnyside Automotive, Inc. 401(k) Plan
Middleburg Heights, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sunnyside Automotive, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Charles Schwab Trust Bank, the custodian of the Plan, a qualified institution, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as identified in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by, as well as benefits provided by, and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by, as well as benefits provided by, and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Sunnyside Automotive, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Sunnyside Automotive, Inc. (the Company, Plan Administrator, and Plan Sponsor) who have completed one year of service as defined by the Plan and are age 21 or older, excluding nonresident aliens, leased employees, or residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to 100% of their compensation as defined by the Plan on either a pre-tax or Roth after-tax basis. Employees who have not declined participation in the Plan or completed a salary deferral agreement as of the date of their eligibility to participate in the Plan will be automatically enrolled in the Plan with a pre-tax deferral rate of 6% invested in a fund designated by the Plan Administrator until changed by the participant. The Plan provides for a discretionary employer matching contribution for each eligible participant, which was 25% of the first 6% of annual compensation (as defined by the Plan) that a participant contributed to the Plan for the year ended December 31, 2025. The Plan also provides for a discretionary employer profit sharing contribution to eligible participants. There were no discretionary employer profit sharing contributions during the year ended December 31, 2025. In order to be eligible for the discretionary employer profit sharing contribution, the employee must have completed one year of service as defined by the Plan and be employed on the last day of the Plan year. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year. Participants direct the investment of their deferral and employer contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant account earnings, compensation, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Recently Adopted Accounting Pronouncement
Effective January 1, 2025, the Plan early adopted Accounting Standards Update (ASU) 2025-05, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets (ASU 2025-05).* The ASU includes an option for an accounting policy election that permits entities classified as not public business entities to consider subsequent collection activity in estimating expected credit losses. The Plan elected this accounting policy prospectively. The adoption of the ASU did not result in an adjustment at the adoption date nor did it have a material effect on the Plan's financial statements.

Vesting
Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary employer matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service using the below schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances subject to certain Department of Labor and IRS requirements. Notes receivable terms range from 1 - 5 years, or longer, for the purchase of a principal residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at rates that range from 5.25% to 10.50% at December 31, 2025. Principal and interest are paid ratably through bi-weekly payroll deductions.

Forfeited Accounts
Forfeitures may be used to pay the Plan's administrative expenses or to reduce future employer contributions. Unallocated forfeiture balances at December 31, 2025 and 2024 were $18,046 and $-0-, respectively. In 2025, employer contributions were reduced by $33,751 from forfeited non-vested accounts. The Company used $1,138 of forfeited non-vested accounts to reduce Plan expenses.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon attaining age 59½ or upon termination of service, a participant may elect to receive a partial distribution, installment, or a lump-sum amount equal to the value of the participant's vested interest in his or her account balance subject to Plan provisions. If the value of the vested benefits credited to a participant's account is $200 or less at the time of termination, the entire amount will be distributed to the participant without the participant's consent. In the event of a mandatory distribution of amounts greater than $200 but not exceeding $7,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants may make hardship withdrawals of their deferral and rollover account balance subject to Plan provisions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make payments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions and Contributions Receivable
Contributions from Plan participants and related discretionary matching contributions are recorded in the year in which the employee's participant contributions are withheld from compensation. Any contributions attributable to the Plan year but not received by the trust by the last day of the Plan year are recorded as a receivable.

The carrying amount of contributions receivable is assessed for the need to record a valuation allowance. The valuation allowance is an estimate derived from the Plan's historical losses of contributions receivable, adjusted for the Plan Administrator's assessment of current conditions, reasonable and supportable forecasts regarding future events, collections after year end, and any other factors deemed relevant by the Plan. Based on the Plan Administrator's assessment as of December 31, 2025 and 2024, no allowances for contributions receivable were recorded as of December 31, 2025 and 2024.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income (expense) on the accompanying statement of changes in net assets available for benefits.

Income Taxes
The Company adopted a non-standardized pre-approved profit-sharing/money purchase/cash or deferral arrangement Plan. The pre-approved plan document received a favorable opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document satisfies the applicable qualification requirements of the Code. The Plan has been amended since the opinion letter was issued. The Plan Sponsor believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events
The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

NOTE C - CERTIFICATIONS

Investment information and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in the fair value of investments, interest and dividends, investment expenses, and interest income on notes receivable from participants for the year ended December 31, 2025 was obtained by management and agreed to or derived from information certified as complete and accurate by the custodian.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2025 are summarized below:

	Level 1	Total
Mutual funds	15,679,656	$ 15,679,656
Total investments in the fair value hierarchy	$15,679,656	15,679,656
Investments measured at net asset value		1,403,251
Total investments at fair value		$17,082,907

The Plan's investments accounted for at fair value as of December 31, 2024 are summarized below:

	Level 1
Mutual funds	$ 16,998,566

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds are valued at the net asset values of shares held by the Plan at year end, as reported on the active markets in which the investments are traded.

Common/collective trusts (see Note E) are valued at the net asset value of units held by the Plan at year end. The net asset values, as provided by the custodian, are used as a practical expedient to estimate fair values. The net asset values are based on the fair values of the trusts' underlying assets, less their liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported net asset value.

The methods described on the prior page may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements as of the reporting date.

NOTE E - INVESTMENT IN COMMON/COLLECTIVE TRUSTS

The Plan has investments in BlackRock MidCap Growth Equity Fund (BlackRock) and PGIM Total Return Bond Fund CIT (PGIM), which are common/collective trust funds maintained by Great Gray Trust Company, LLC. The balances of the common/collective trusts totaled $1,403,251 and $-0- at December 31, 2025 and 2024, respectively. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance within both BlackRock and PGIM on a daily basis without restrictions.

NOTE F - INVESTMENT IN GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (The Standard) with a balance of $1,701,543 and $1,739,845 at December 31, 2025 and 2024, respectively. Contributions from the Plan and credited interest are maintained in The Standard's general account. Crediting interest rates are set for the coming quarter by The Standard taking into account yield forecasts from The Standard's asset advisory group and margin considerations. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent annually. The crediting rate is reviewed on a quarterly basis for resetting. Contract value is guaranteed by The Standard.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The repayment of principal and interest credited to participants in the Plan is a financial obligation of The Standard. The Plan's ability to receive amounts due is dependent on The Standard's ability to meet its financial obligations. The Standard's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of The Standard or otherwise.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and liberalization of Plan withdrawal or transfer rules. Upon the occurrence of these events, a market value adjustment or other withdrawal restriction may apply.

NOTE F - INVESTMENT IN GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The Standard may terminate the contract with 30 days' advance written notice for reasonable cause, which includes a failure of the Plan to abide by state or federal law, to render performance necessary to comply with the terms of the contract, to maintain assets of at least $25,000, or Plan disqualification. Upon termination of the contract by The Standard, a market value adjustment may apply. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include an investment in a contract of the Plan's third-party administrator and related interest income, and the payment of investment and administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

The Standard Insurance Company provides certain administrative services to the Plan. The Standard receives revenue for these services from the Plan directly and also indirectly from its service investment fund service providers. Direct administrator service fees were 0.15%. The revenues received indirectly from investment fund services providers are withheld from investment fund earnings prior to allocation of investment income to the Plan and range from 0.00% to 0.73% of the funds' balances as of December 31, 2025. A portion of these amounts withheld from Plan earnings is also used to pay the investment advisor and other Plan expenses. These fees reduce the rate of return to the Plan for these investments and are netted within net appreciation in fair value of investments on the statement of changes in net assets available for benefits.
