INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
V. Marchese, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of V. Marchese, Inc. Profit Sharing Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of these statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The V. Marchese, Inc. Profit Sharing Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through October 7, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - V. Marchese, Inc. is the plan sponsor, employer and the plan administrator. Cut Fresh, LLC is a participating employer. Sikich LLP is the third party administrator and performs various compliance tests as tax counsel. Two officers of the plan sponsor are the plan trustees. Morgan Stanley Smith Barney LLC is the plan's investment advisor. Empower Trust Company, LLC holds custody of the plan's common/collective trusts and mutual fund investments. Empower Annuity Insurance Company of America hold custody of the plan's guaranteed contract account. Empower Retirement, LLC maintains participant records and is the brand name which refers to the products and services provided by both Empower entities discussed above, collectively referred to as "Empower".

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their employer contributions and transfer existing balances among the available investment options. Earnings, including the net appreciation (depreciation) in fair value of investments bought, sold and held during the years, are reflected in the statements of changes in net assets available for benefits. Participants should refer to the investment account summaries and prospectuses for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trusts - The common/collective trusts held by the plan are direct filing entities valued at their NAV as certified by Empower. The NAV is used as a practical expedient to estimate fair value and is generally based on the fair value of the underlying investments held by the common/collective trusts less their liabilities. This practical expedient would not be used if it is determined to be probable that the common/collective trusts would sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as summarized below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,251,345	$ -	$ -	$1,251,345
Total investments in the fair value hierarchy	$1,251,345	$ -	$ -	1,251,345
Investments measured at NAV (a)				3,791,329
Total investments at fair value				$5,042,674

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,490,328	$ -	$ -	$1,490,328
Total investments in the fair value hierarchy	$1,490,328	$ -	$ -	1,490,328
Investments measured at NAV (a)				2,890,837
Total investments at fair value				$4,381,165

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following summarizes investments for which fair value is measured using the NAV as a practical expedient. There were no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2025	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trusts	$3,791,329	n/a	Daily	30 days

As of December 31, 2024	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trusts	$2,890,837	n/a	Daily	30 days

Investment at contract value - The plan invests in the EI Fixed Account - Series Class I, a general account product of Empower. The investment is a fully benefit-responsive guaranteed portfolio investment through a group fixed annuity contract issued by Empower. As a general account product, participants' principal and interest amounts are fully guaranteed by the general assets of Empower. The methodology for calculating the interest crediting rate is based on prevailing market conditions and earnings of medium-long investments compared to a minimum interest crediting rate, as more fully described in the plan's contract with Empower. The interest crediting rate is reset quarterly.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of the investment at contract value.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The plan sponsor may request a full distribution at any time. In the event the plan requests an immediate lump sum distribution, a market value adjustment may be calculated or the plan may request the distribution in installments over a period of 12 months at contract value.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date these financial statements were available to be issued, the plan administrator was not aware of any events that might limit the ability of the plan to transact at contract value with the contract issuer or that would also limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established on January 1, 1993 as a defined contribution profit sharing plan. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - The plan covers substantially all employees of the company. Employees are eligible once they have completed one year of service with 1,000 hours and have reached age 21. Individuals enter the plan on the January 1 or July 1 immediately following completing the eligibility requirements.

After meeting the eligibility requirements, to receive an allocation of employer nonelective contributions, a participant must work 1,000 hours of service during the plan year and be employed on the last day of the year to which the contribution relates. Such requirements are waived upon death, disability or attainment of normal retirement age (defined as 62) while still employed.

Contributions - Employee contributions are not permitted under the plan. The employer may make discretionary employer nonelective contributions to the plan as determined by its board of directors. Employer nonelective contributions are allocated based on the ratio of individual eligible compensation paid during the plan year to total eligible compensation paid during the plan year.

For 2025, the employer declared nonelective contributions of $87,000, which were funded in 2026. These contributions are presented net of $12,000 of forfeitures used to offset the contributions. For 2024, the employer declared nonelective contributions of $125,000, which were funded in 2025 and are presented net of $25,000 of forfeitures used to offset the contributions.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with an allocation of the employer's contribution, if any. Participants are allowed to transfer funds between the various investment options daily.

Vesting - Participants begin vesting in employer nonelective contributions and related earnings upon two years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or attainment of normal retirement age while employed, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability, or attainment of normal retirement age while employed. Participants generally receive their distribution in the form of a single lump sum payment. In-service withdrawals can commence upon attaining the age of 59½. In addition, hardship withdrawals are also permitted under certain circumstances.

Administrative expenses - Certain administrative fees of the plan are paid by the employer. Certain other fees are paid using plan assets and recorded as administrative expenses in the accompanying financial statements. Administrative expenses include participant directed charges for distribution fees and nonparticipant directed charges for service and administrative fees. Certain nonparticipant directed charges are paid via forfeitures, while other nonparticipant directed charges are allocated to participants on an account value basis.

Forfeitures - Forfeited nonvested accounts can be utilized to reduce the amount of the employer contributions, pay plan fees or be reallocated to participants. There were no forfeitures used to pay plan expenses in 2025. There were $6,000 of forfeitures used to pay plan expenses in 2024. Certain forfeitures were used in 2025 and 2024 to fund employer contributions, as previously described. Unapplied forfeitures were $12,000 and $27,000 as of December 31, 2025 and 2024.

Notes receivable from participants - Loans to participants are not permitted under the plan.

3. PARTY-IN-INTEREST TRANSACTIONS

Any transactions involving the plan, plan sponsor and Empower qualify as party-in-interest transactions. Empower receives indirect compensation from mutual fund service providers for services Empower provides to the funds. Certain revenues received by Empower from such service providers are remitted to the plan in the form of service credits (as part of an administrative services agreement between the plan sponsor and Empower). Such service credits received by the plan are used by the plan to pay service and administrative fees and other plan fees. There are also certain other plan expenses that Empower charges that are paid directly by the plan. Direct fees paid by the plan to Empower, recorded as a component of administrative expenses in the accompanying financial statements, were $30,000 in 2025 and $26,000 in 2024.

All of the above party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer nonelective contributions and related earnings.

5. INCOME TAX STATUS

The plan adopted a Sikich LLP pre-approved profit sharing plan. The pre-approved profit sharing plan received its most recent favorable opinion on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY EMPOWER

Management has obtained certifications from Empower, qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

a. Investments held and the fair values and contract values of such as of December 31, 2025 and 2024;

b. Dividend and interest income and net appreciation (depreciation) in fair value of investments during 2025 and 2024;

c. Contributions to, withdrawals from, administrative expenses purchases, sales and inter-fund transfers between accounts during 2025 and 2024; and

d. The report of individual participant accounts as of and for the years ended December 31, 2025 and 2024.
