Independent Auditor's Report

Plan Administrator
Bridgers and Paxton's 401(k) Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Bridgers and Paxton's 401(k) Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (the "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Bridgers and Paxton's 401(k) Employee Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bridgers and Paxton's 401(k) Employee Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bridgers and Paxton's 401(k) Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bridgers and Paxton's 401(k) Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The statement of net assets available for benefits of Bridgers and Paxton's 401(k) Employee Retirement Plan as of December 31, 2024, was audited by a predecessor auditor. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 statement of net assets available for benefits, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 statement of net assets available for benefits related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of Bridgers and Paxton's 401(k) Employee Retirement Plan ("Plan") provides only general information. The Plan sponsor and employer is Bridgers and Paxton Consulting Engineers, Inc. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan providing retirement benefits to all employees who have completed one month of service and are age twenty-one or older. Entry into the Plan can occur quarterly. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is designed as a qualified automatic contribution arrangement ("QACA") under Internal Revenue Code Section 401(k)(13) and, as a result, is exempt from the actual deferral percentage ("ADP") and actual contribution percentage ("ACP") nondiscrimination tests.

Employee Contributions. Eligible employees may elect to defer eligible compensation on a pre-tax basis, an after-tax (Roth) basis or a combination of both. Participants may elect to make contributions up to the maximum amounts established annually by the Internal Revenue Code, including regular catch-up contributions and, for participants who meet the applicable age requirements, the higher catch-up contribution limit available for individuals ages 60 through 63. The Internal Revenue Code also limits compensation for purposes of this computation. Excess contributions resulting from these limitations are required to be returned to the participants. Employees may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans.

The Plan includes a QACA automatic enrollment feature. Eligible employees who do not make an affirmative election are automatically enrolled and have 3% of eligible compensation withheld as a pre-tax salary deferral. The deferral percentage increases by 1% each year until it reaches 6%. Participants automatically enrolled can elect to change or discontinue deferrals subject to certain time constraints.

Safe Harbor Matching Contributions. The Plan provides for safe harbor matching contributions. Safe harbor matching contributions are equal to 100% of the first 1% of compensation and 50% match of the next 5% of compensation not to exceed 3.5% of compensation. Eligible compensation and deferrals are determined on an annual basis. Participants are fully vested in these contributions after two years of continuous service.

Other Contributions. The employer may make additional discretionary contributions to the Plan. These other contributions are available to participants who are employed on the last day of the plan year and have worked at least 1,000 hours during the year. Participants will be fully vested in these contributions after three years of continuous service.

1. Description of the Plan – continued

Participant Accounts. The Plan maintains individual accounts for each participant. Participants direct the investment of their employee and employer contributions into various mutual funds offered by the Plan.

Each participant's account is credited with the participant's salary reduction contribution and allocations of the employer's contributions, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. If a participant's employment is terminated for death or disability or if the participant reaches normal retirement age, the participant will be fully vested in the remainder of their accounts.

Vesting in safe harbor matching contributions is based on years of continuous service pursuant to the following schedule:

Vested Years of Service	Percentage
Less than 2 years	0%
2	100%

Vesting in other employer contributions is based on years of continuous service pursuant to the following schedule:

Vested Years of Service	Percentage
Less than 3 years	0%
3	100%

Notes Receivable from Participants. Participant loans are permitted in accordance with the provisions of the Plan document. The maximum amount of a participant's loans generally may not exceed the lesser of $50,000 or 50% of the participant's vested account balance, subject to the applicable limitations under the Internal Revenue Code. Participant loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%. Principal and interest are repaid through payroll deductions over a period not to exceed five years.

Forfeited Benefits. Forfeited benefits are available to be used to pay reasonable administrative expenses incurred by the Plan or to reduce the employer's future contributions. At December 31, 2025 and 2024, forfeited non-vested accounts were $515 and $10,046, respectively. During 2025, approximately $12,500 from forfeited non-vested accounts was used to reduce employer contributions.

Retirement Age. Normal retirement age under the Plan is 65.

1. Description of the Plan – continued

Payment of Benefits. Participants may withdraw the vested balance of their account upon retirement, disability, death or termination of employment. Participants may receive their distribution in lump sum or accounts may be rolled over into another IRS-approved tax deferral account. In-service distributions for participants who have attained the age of 59½ years and hardship distributions are permitted by the Plan. Participants may also take a penalty-free withdrawal of up to $5,000 from the vested portion of their account for expenses related to the birth or adoption of a child. At December 31, 2025, there were no participants who have elected to withdraw from the Plan but have not yet been paid.

Plan Termination. Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Presentation
The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Contributions
Participant contributions are recorded in the period in which the related compensation is paid. Employer safe harbor matching contributions are funded each pay period and are subject to an annual true-up.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) in the fair value of the Plan's investments includes gains and losses on investments bought and sold during the year, as well as gains and losses on investments held during the year.

2. Summary of Significant Accounting Policies - continued

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded, as participant loans are secured by the participants' vested account balances. Delinquent participant loans are reclassified as deemed distributions based on the terms of the Plan document.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Payment of Benefits
Benefit payments are recorded when paid.

Administrative Expenses
The Plan sponsor provides certain administrative and accounting services to the Plan at no cost and pays certain administrative expenses, including audit fees, on behalf of the Plan. Expenses relating to specific participant transactions, such as loan fees and distribution fees, are deducted directly from the applicable participant's account. Other Plan fees and administrative expenses, including fees related to the general administration of the Plan, are paid from the assets of the Plan and are reported as administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

Party-in-Interest Transactions
Bridgers and Paxton Consulting Engineers, Inc. is the Plan sponsor and provides certain administrative services to the Plan at no cost. The trustee and the Plan sponsor are parties in interest. Fees paid by the Plan to the trustee and other service providers, and loans to participants, are party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA. The Plan sponsor's late remittance of participant contributions, described in Note 6, is a nonexempt party-in-interest transaction.

3. Information Certified by the Plan Trustee

The Plan's investments and notes receivable from participants are held and transactions executed therein by the trustee of the Plan, Bank of Albuquerque, N.A. (a division of BOKF, N.A.). The Plan administrator has elected to have the audit of the Plan's financial statements for the year ended December 31, 2025 and 2024 performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), the audit does not extend to the investment information and notes receivable from participants prepared and certified by Bank of Albuquerque, N.A. as complete and accurate.

3. Information Certified by the Plan Trustee - continued

The certified information includes the investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2025 and the beginning investment balances as of January 1, 2025, which agree to the investment balances reported as of December 31, 2024. The certified information also includes the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025. The related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 was also certified by Bank of Albuquerque, N.A.

4. Fair Value Measurements

Accounting standards provide a three-level hierarchy that prioritizes inputs used in valuation techniques to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 Unobservable inputs for the asset or liability, reflecting the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability.

Financial assets and financial liabilities are classified in the fair value hierarchy based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to measure fair value are required to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following describes the valuation methodology used for the Plan's investments. There have been no changes in the methodology used during 2025 and 2024.

Mutual Funds: Valued at their net asset value per share based on quoted prices in active markets at the end of the reporting period. Mutual funds are classified as Level 1 within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements - continued

The following table sets forth the underlying investments in the Plan as of December 31, 2025:

	Total Investments	Fair Value Measurements: Level 1	Level 2	Level 3
Investments at fair value using the fair value hierarchy:				
Mutual funds	$32,166,285	$32,166,285	$ -	$ -

The following table sets forth the underlying investments in the Plan as of December 31, 2024:

	Total Investments	Fair Value Measurements: Level 1	Level 2	Level 3
Investments at fair value using the fair value hierarchy:				
Mutual funds	$27,129,289	$27,129,289	$ -	$ -

5. Tax Status

The Plan adopted a pre-approved plan document that obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan document is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since adopting the pre-approved plan document. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator therefore believes that the Plan is qualified and the related trust is tax-exempt, and no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

6. Delinquent Participant Contributions

During the year ended December 31, 2025, the Plan sponsor did not remit participant contributions totaling $166 to the Plan within the time frame required by Department of Labor Regulation 2510.3-102. Under ERISA, these late remittances are nonexempt party-in-interest transactions.

As of October 13, 2026 the delinquent contributions have not been corrected. The Plan sponsor intends to remit the contributions and reimburse lost earnings.

7. Subsequent Events

Management has evaluated subsequent events through October 13, 2026, the date that the financial statements were available to be issued.

Effective January 1, 2026, the safe harbor matching contributions will be equal to 100% of the first 2% of compensation and 50% match of the next 6% of compensation.
