EIN 42-1009288 Plan #002
Mason City, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Mason City Clinic, P.C. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Mason City Clinic, P.C. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Mason City Clinic, P.C. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mason City Clinic, P.C. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Mason City Clinic, P.C. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mason City Clinic, P.C. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

(1) Description of Plan

The following description of the Mason City Clinic, P.C. 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a 401(k) defined contribution plan covering all full-time employees of the Mason City Clinic, P.C. (Clinic) who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has adopted a prototype plan document that has been provided by a third-party provider. The prototype plan document obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has amended since receiving the opinion letter, However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with all applicable requirements of the Internal Revenue Code. Therefore, it believes that the Plan was qualified under the appropriate section of the Internal Revenue Code and the related trust was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Contributions
The Plan allows participants to contribute up to 100% of their eligible compensation to the Plan annually, subject to the statutory maximum allowed by law. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions). Participants direct the investment of their elective and rollover contributions among various investment options offered by the Plan. Participants may change their investment elections between those various options as often as they wish.

The Plan includes an automatic enrollment feature, enrolling participants in pretax elective deferrals at a rate of 2% of eligible compensation, in the absence of an election otherwise. Deferrals for participants that are automatically enrolled in the Plan will increase 1% each January 31st, up to a maximum of 10%, provided the participant has not made an election otherwise and it has been at least one month since the participant was automatically enrolled in the Plan.

The Clinic may make discretionary profit sharing contributions. Generally, participants receive a profit sharing contribution provided the participant worked at least 1,000 hours during the plan year and is still employed at the end of the plan year. However, if the termination is due to death, disability or occurred after the participant attained age 62, the terminated participant will still receive an employer profit sharing contribution regardless of hours worked during the year.

Participants direct the investment of the Clinic's discretionary profit sharing contributions among the aforementioned investment options.

(1) Description of Plan

Participant Accounts

Each participant's account is credited with the participant's elective and rollover contributions, discretionary profit sharing contributions by the Clinic and Plan earnings. Allocation of the Clinic's discretionary profit sharing contribution is based on participant compensation. Because all accounts are 100% participant directed, Plan earnings are attributable to the investments selected by each participant and allocated to each participant in a manner that reflects the investment experience of each participant's directions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

As of December 31, 2025 and 2024, there were no terminated participants who had requested a distribution but had not yet been paid.

Vesting

Participants are immediately vested in their elective deferral and rollover contributions plus earnings thereon. Participants also become 100% vested on the attainment of normal retirement age (62) or if their employment termination is due to death or disability. Vesting in contributions made by the Clinic is based on years of service as shown in the following schedule.

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures are used to reduce future employer contributions. During 2025 and 2024, total forfeitures were $102,932 and $72,062, respectively, and forfeitures of $89,731 and $100,000, respectively, were used to reduce employer contributions. As of December 31, 2025 and 2024, remaining unallocated forfeitures were $122,279 and $101,131, respectively.

Investment Options

Participants may self-direct their account or direct the investment of their contributions among a separately managed account, several collective funds and a brokerage account offered by the Plan. Participants may change their investment elections between those various options as often as they wish.

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's account balance and bear interest at a rate commensurate with local prevailing rates.

(1) Description of Plan

Adoption of New Accounting Pronouncement

In July, 2025, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2025-05, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets*. This standard introduces a practical expedient for estimating credit losses on short-term receivables and contract assets. The practical expedient is to estimate expected credit losses on accounts receivable and contract assets by assuming that current economic conditions will persist for the short remaining life of these assets. This approach eliminates the need for complex macroeconomic forecasting for these short-term financial assets and is intended to reduce the burden of estimating immaterial adjustments.

The Plan early adopted the practical expedient on January 1, 2025, on a prospective basis. Prior period amounts have not been restated and continue to be reported in accordance with the previous accounting guidance. The adoption did not have a material impact on the Plan's financial statements.

(2) Summary of Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Use of Estimates

The Plan Administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported changes in net assets available for plan benefits.

Valuation of Investments and Income Recognition

Investments are reported at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the historical cost method. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Net appreciation in fair value of investments is reflected in the statements of changes in net assets available for plan benefits and includes realized gains and losses on investments bought and sold, the change in appreciation from one period to the next and dividend income as explained below.

Dividend income is to be separately stated. However, dividend income is included with the net appreciation in fair value of investments on reports obtained from the record keeper and detail was not available to permit segregation of dividend income. Therefore, dividend income has been included with the net appreciation in fair value of investments on the statements of changes in net assets available for plan benefits and on Form 5500.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Because participant notes receivable are 100% collateralized by the participants' vested account balances, no allowance for loan losses is deemed necessary. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis.

Notes to the Financial Statements

(2) Summary of Accounting Policies

Income Tax Status
Plan management is required to evaluate tax positions taken by the Plan and disclose a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, as of December 31, 2025 and 2024, there were no audits for any tax periods in progress.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statements of changes in net assets available for plan benefits as administrative expenses. All administrative expenses are charged to participant accounts.

Third-Party Fee Agreements
In addition to the administrative expenses deducted on the face of the statements of changes in net assets available for plan benefits, the various investment providers to the Plan retain investment earnings to help cover the cost of operating the funds. The fees, which were less than 1% of the Plan's investments, have been netted against the Plan's investment income.

Financial Instruments and Concentration of Credit Risk
The Plan's investments subject the Plan to concentrations of credit risk in that approximately 55% and 54% of the Plan's investments as of December 31, 2025 and 2024, respectively, were held in Disciplined Growth Investors self-managed funds. In addition, as of both December 31, 2025 and 2024, approximately 33% and 30%, respectively, of the Plan's investments were made in various funds managed by SEI Investments Company. Following customary practices, the Plan does not hold collateral for debt investments made through this source. The maximum potential credit loss to the Plan is limited to total Plan assets as shown on the accompanying statements of net assets available for plan benefits.

Subsequent Events
Management has evaluated subsequent events through October 8, 2026, the date which the financial statements were available to be issued.

(3) Certified Investment Information

The investment information and participant notes receivable presented in the accompanying statements of net assets available for plan benefits as of December 31, 2025 and 2024, all investment income information presented in the statements of changes in net assets available for plan benefits for the years ended December 31, 2025 and 2024 and the investment information in the supplemental schedule of assets (held at end of year) as of December 31, 2025 was provided by management and agreed to or was derived from information certified as complete and accurate by Principal Trust Company, the trustee.

(4) Investments

The FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements
The fair value of the separately managed account and brokerage accounts are based on quoted fair values of the shares held by the Plan at year end. The fair value of the collective trust funds are based on quoted net asset values of the underlying assets held by the trust.

Level 2 Fair Value Measurements
The fair value of the Stable Income Fund is based on the fair value of the underlying investment contracts.

Level 3 Fair Value Measurements
The Plan utilizes no Level 3 inputs.

The information summarized below was certified by Principal Trust Company, the trustee of the Plan, as to the completeness and accuracy of all information presented below. The following table presents the fair value of investments, all of which are participant directed.

		Investments at Estimated Fair Value		
	Investments at Fair Value as Determined by Quoted Prices in Active Markets (Level 1)	Valuation Techniques Based on Observable Market Data (Level 2)	Valuation Techniques Incorporating Information Other Than Observable Market Data (Level 3)	Total

Total Investments	**$ 169,722,745**	**$ 7,467,762**	**$ —**	**$ 177,190,507**

(5) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net appreciation in fair value of investments from the financial statements to Form 5500 for the years ended December 31:

	2025	2024
Financial statements	$ 15,545,185	$ 28,969,406
Per Form 5500		
Net gain on sale of assets	$ 2,309,448	$ 1,977,144
Unrealized appreciation of assets	228,377	16,758,405
Net gain from common/collective trusts	9,511,942	6,952,435
Other income/investment income on participant-directed brokerage accounts	3,495,418	3,281,422
Appreciation per Form 5500	$ 15,545,185	$ 28,969,406

The net appreciation in the fair value of investments is presented in the accompanying financial statements using fair value as required by accounting principles generally accepted in the United States of America. Form 5500 reports the net appreciation in the fair value of investments using a market value basis. Because the financial statements combine realized and unrealized gains and losses, the net results of these two methods is the same, except for the adjustments identified above.

(6) Related-Party and Party-in-Interest Transactions

The Plan directly enters into party-in-interest transactions with service providers, including third-party administrators, investment advisors and auditors. Such transactions resulted in administrative fees as reflected in the statements of changes in net assets available for plan benefits.

Mason City Clinic, P.C., the Plan Sponsor, provides participant data services to the Plan at no charge and pays certain administrative and auditing fees for the Plan which totaled $20,000 and $19,000 during 2025 and 2024, respectively.

Members of the Plan Sponsor's Board of Directors are participants in the Plan.

(7) Risk and Uncertainties

The Plan invests in various investments, interests in investment contracts, registered investment companies and collective funds. These investments are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(8) Plan Termination

Although it has not expressed any intent to do so, the Clinic has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(9) Partial Plan Termination

During the year ended December 31, 2025, the Plan Sponsor entered into a new professional services agreement with another clinic. This agreement resulted in the termination of 212 participants and triggered a partial plan termination. Accordingly, the affected participants became fully vested in their account balances as of December 31, 2025.
