INDEPENDENT AUDITOR'S REPORT

The Plan Administrative Committee
Industry Bancshares, Inc. 401(k) Employee Stock Ownership Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Industry Bancshares, Inc. 401(k) Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 (in liquidation) and 2024 (ongoing), and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from the qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting

As further discussed in Notes 1(a) and 9 to the financial statements, the Board of Directors of Industry Bancshares, Inc., the plan sponsor, voted on June 30, 2025 to terminate the plan, and management determined that liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2024 financial statements to the liquidation basis of accounting used in presenting the 2025 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management

and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

December 31, 2025 and 2024

(1) Description of Plan

The following description of the Industry Bancshares, Inc. 401(k) Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for complete information.

(a) General and Plan Termination

Industry Bancshares, Inc. (the "Company" or the "Plan Sponsor") established the Plan effective as of December 31, 1996. Effective July 1, 2025, Cadance Bank became the sponsor of the Plan as part of a stock purchase agreement whereby Cadance Bank acquired the stock of the Company. As a result of the acquisition, the Board of Directors of the Plan Sponsor approved the termination of the Plan effective June 30, 2025. Additionally, effective June 30, 2025, no employees shall be eligible to enter the Plan, no additional contributions were permitted, no additional loans were allowed to be issued, and plan participants became 100% vested in their account balances. Participants with outstanding loan balances amounting to $182,162 were permitted to transfer such loans to the successor plan sponsored by Cadance Bank.

Through June 30, 2025, the Plan is administered by a committee (the "Plan Administrative Committee") composed of individuals appointed by the Company's Board of Directors. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Eligibility

Through June 30, 2025, employees of the Company and its participating subsidiaries who are 21 and older are generally eligible to participate in the Plan after 90 days of service. Eligible employees with one year of service, provided they work at least 1,000 hours during such Plan year, were eligible to receive Company matching contributions.

(c) Contributions

As discussed in Note 1(a), the Plan was terminated effective June 30, 2025; and accordingly, participant and employer contributions ceased as of that date. Through June 30, 2025, participants elected to defer not less than 1% nor more than 50% of compensation, as defined in the Plan, subject to Internal Revenue Service limitations. The Company made additional discretionary matching contributions to the Plan in amounts determined annually by the Board of Directors. Through June 30, 2025 and for the year ended December 31, 2024, the Company matching contributions totaled 100% of each participant's contribution, up to a maximum of 7% of the participant's compensation.

(1) Description of Plan (continued)

(c) Contributions (continued)

Through June 30, 2025, the Plan also allowed the Company to make discretionary profit-sharing contributions. There were no discretionary profit sharing contributions for the years ended December 31, 2025 and 2024.

(d) Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contribution, the employer matching contributions, and an allocation of (a) the Company's discretionary contribution, and (b) Plan earnings. Allocations are based upon the participant annual earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Through June 30, 2025, Company contributions were 20% vested to the participant after two years of service as defined by the Plan, 20% for each additional year of service and 100% vested after six years. Participants become 100% vested in all accounts upon the termination of the Plan effective June 30, 2025.

(f) Voting Rights

In connection with the termination of the Plan, all of the Company stock was sold on September 23, 2025. Through September 23, 2025, the trustee of the Plan voted all Company stock held as part of the Plan assets except for certain exceptions.

(g) Put Option

Through September 23, 2025, under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, included a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price was representative of the current appraised value of the stock.

(1) Description of Plan (continued)

(h) Notes Receivable from Participants

Through June 30, 2025, participants may borrow from the vested portion of their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances, except for the period from March 27, 2020 through September 23, 2020 in which loan limits were the lesser of $100,000 or 100% of their vested account balance. The outstanding loans at December 31, 2025 and 2024 are secured by the participant's account and bear interest at a rate determined by the Plan Administrator. The loan interest rates range from 3.25% to 8.50%. Principal and interest are paid ratably by payroll deductions. The participant may have only one loan outstanding at any given time. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. Loan origination fees are deducted from the participant's account.

(i) Payment of Benefits

Participants may choose to receive account distributions either in the form of a lump sum payment or installments over a period of time as defined in the Plan Agreement. However, if the participant's vested balance does not exceed $7,000, the Plan may distribute funds in the form of a lump sum payment without the consent of the participant. Withdrawals by a participant while employed are limited to those requested by a participant who has attained 59 ½ years of age or those requested due to an event of financial hardship as defined by the Plan.

(j) Forfeitures

Through June 30, 2025, if an employee terminated before his or her matching and discretionary contribution accounts become fully vested, such portion of the account was forfeited. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $16 and $15, respectively. Participant forfeitures are used to pay for plan expenses. No forfeitures were utilized in 2025 and 2024.

(k) Diversification

Through September 23, 2025, diversification was offered to participants close to retirement so that they could have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan could elect to diversify a portion of their account.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

Due to the Plan termination amendment adopted effective June 30, 2025, and since liquidation is imminent, the financial statements of the Plan as of December 31, 2025 are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The financial statements of the Plan as of December 31, 2024 were prepared on the accrual basis of accounting in accordance with U.S. GAAP.

(b) Investment Valuation and Income Recognition

At December 31, 2025, assets are valued at the estimated amount of cash or other considerations that the Plan expects to collect in settling or disposing of those assets in carrying out its plan for liquidation, and liabilities are stated at their estimated settlement amounts. There are no liabilities for settlement amounts at December 31, 2025.

At December 31, 2024, investments were reported at fair value, except for fully-benefit responsive investment contracts, which were reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Investment income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are paid. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Notes to Financial Statements
(Continued)

(2) Summary of Significant Accounting Policies (continued)

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Income Taxes

The Plan recognizes the effects of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgement occurs.

(f) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

(g) Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Investments and Fair Value Measurements

As discussed in Note 2(a), the Plan adopted the liquidation basis of accounting during 2025 in connection with the termination of the Plan discussed in Note 1(a). Accordingly, investments at December 31, 2025 are reported at the estimated amount of cash or other consideration expected to be collected during liquidation.

(3) Investments and Fair Value Measurements (continued)

The Plan invests in mutual funds and an investment contract with an insurance company at December 31, 2025. Management evaluated expected liquidation proceeds, including the effects of dividend and interest income, market value adjustments, surrender charges, and other liquidation-related items through completion of the liquidation process. Management determined the estimated cash expected to be collected during liquidation as of December 31, 2025, is as follows:

Mutual funds	$ 1,710,617
Investment contract with an insurance company	17,131,938
	$ 18,842,555

Also, in connection with the acquisition of the Company as more fully described in Note 1(a), the Plan Sponsor authorized the sale of the Company stock at $1.1955 per share effective September 23, 2025, and the related realized loss on the sale is included in "net appreciation in fair value of investments – non-participant directed" in the accompanying 2025 statement of changes in net assets available for benefits. Finally, in anticipation of final liquidation of the Plan, the Plan Sponsor authorized the sale of the non-participant mutual fund during 2025, and the proceeds are included in cash at December 31, 2025.

At December 31, 2024, the Plan invested in company stock, mutual funds, and an investment contract with an insurance company. Following is a description of the valuation methodologies used for company stock and mutual funds measured at fair value. See Note 4 for the reported values of the investment contract with an insurance company.

Industry Bancshares, Inc., common stock: Fair value of the Company common stock was determined by an annual independent appraisal. This appraisal took into consideration Internal Revenue Service ("IRS") Revenue Ruling 59-60, which outlined and reviewed the general approaches, methods, and factors to be considered in the valuation of the capital stock of closely held companies and thinly traded public corporations. In addition, the analysis was conducted under the premise of value in continued use, as a going concern. This premise assumed that the Company would continue to operate as an income producing entity. It further assumed that the shareholders and management of the Company would act rationally and would employ financial and operational strategies that would maximize its value. The unobservable inputs used in the fair value measurements were evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

(3) Investments and Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds were required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2024:				
Industry Bancshares, Inc., common stock	$ 493,646	-	-	493,646
Mutual funds	7,328,630	7,328,630	-	-
	$ 7,822,276	7,328,630	-	493,646

(3) Investments and Fair Value Measurements (continued)

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the Industry Bancshares, Inc. common stock for the year ended December 31, 2024:

		Industry Bancshares, Inc. Common Stock
Balance - beginning of year	$	777,243
Distributions of stock to participants		(287)
Unrealized losses relating to assets still held at the reporting date		(283,310)
Balance - end of year	$	493,646
Number of shares		429,257
Cost	$	9,587,101

(4) Investment Contract with an Insurance Company

The Plan maintains a group annuity investment contract with Principal Life Insurance Company ("Principal"). Principal maintains all assets of the group annuity contract in pooled separate accounts and an unallocated investment contract. The following table presents the reported values of the underlying investments, all of which are participant-directed.

	2025	2024
Investment contract with an insurance company:		
Pooled separate accounts	$ 15,705,727	21,663,566
Unallocated	1,426,211	1,734,102
	$ 17,131,938	23,397,668

(4) Investment Contract with an Insurance Company (continued)

The following methods and assumptions were used to report the values of the investment contract with an insurance company:

At December 31, 2025, the pooled separate accounts and the unallocated investment contract under the group annuity contract with Principal are measured at the estimated amount of cash expected to be collected during liquidation as further discussed in Note 3.

At December 31, 2024, the pooled separate accounts were valued using the net asset value ("NAV") of the units as determined by Principal. The NAV was used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that Principal would sell the underlying investment for an amount different than the reported NAV. Participant transactions (purchases and sales) would occur daily. If the Plan initiated a full redemption of the group annuity contract with Principal, Principal reserved the right to require 60 days notification in order to ensure that securities liquidations would be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2024.

At December 31, 2024, the unallocated investment contract under the group annuity contract with Principal (the Fixed Income Guaranteed Option) ("FIGO") met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The FIGO guaranteed a credited rate of return that was adjusted semiannually based on the current market conditions and performance of the fund's investments, but would not be less than 1.55%.

There were no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was set quarterly by the issuer and was effective on the first day of the quarter. The Plan must provide a 30-day advance notice of its intent to withdraw from the investment. If the Plan ended its participation in the FIGO, it would receive contract value as surrender value. Certain events limit the Plan's ability to transact at contract value with the issuer. Such events included the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs) that cause a significant withdrawal from the plan, or (c) the failure of the insurance contract to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. At December 31, 2024, the Plan Administrator did not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, was probable.

(5) Information Certified by the Custodians

The financial information included in the Plan's financial statements, except for contribution receivables, contributions, benefits paid to participants, and administrative expenses, have been derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company; Principal Life Insurance Company; and Vera Bank N.A. as successor interest to Lone Star Trust & Investment Services, a division of Bank of Brenham, the custodians of the Plan, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(6) Related Party and Party-in-Interest Transactions

The Plan invested in Company common stock from January 1, 2024 through September 23, 2025. As more fully described in Note 3, all Company common stock was sold during 2025. Additionally, for the period from January 1, 2024 to June 17, 2025 certain assets of the Plan were held by and certified by one of its custodians, Lone Star Trust & Investment Services, a division of Bank of Brenham, which is a wholly owned subsidiary of the Company. The Company provides the Plan with certain management and administrative services for which no fees are charged. These are related party and party-in-interest transactions.

(7) Risks and Uncertainties

The Plan investments are exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investments and uncertainties inherit in estimates and assumptions, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(8) Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 1, 2017, stating that the Plan is qualified under the Internal Revenue Code (the "IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed, was operated, and is now being liquidated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

(9) Reconciliation of Form 5500 to Financial Statements

A reconciliation of Form 5500 to the accompanying financial statements as of and for the year ended December 31, 2025 follows:

	Net Assets Available for Benefits	Contributions

As reported on financial statements	$ 10,804,464	(182,162)

(10) Subsequent Events

Subsequent to December 31, 2025, the Plan continued the liquidation process associated with the Plan's termination. The remaining investments were liquidated, and participant account balances were completely distributed by April 15, 2026.

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefits through October 12, 2026, the date at which the financial statements were available to be issued, and determined that there are no other events to disclose.
