Parkview Health Services, LLC 401(k) Retirement Plan

Audit of the 2025 financial statements

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed an audit of the financial statements of Parkview Health Services, LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter

Supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Compilation of the 2024 financial statement

Management is responsible for the accompanying 2024 financial statements of Parkview Health Services, LLC 401(k) Retirement Plan, which comprises the statement of net assets available for benefits as of December 31, 2024, and the related notes to the 2024 financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed the compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the American Institute of Certified Public Accountants. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this 2024 financial statement.

NOTE 1 - DESCRIPTION OF THE PLAN

Parkview Health Services, LLC 401(k) Retirement Plan (the Plan) was established on April 15, 2015, and is a defined contribution plan covering all eligible employees of ArtesRx, LLC (the Company, the Employer, or ArtesRx). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants should refer to the Plan document and adoption agreement for a complete description of the Plan's provisions.

General

The Plan utilizes Principal Life Insurance Company (Principal or Trustee) as the trustee of the Plan. Principal is responsible for management and control of the Plan's assets, which are held in individual participant investment accounts. Principal processes and maintains the records of the participant data.

Eligibility

All employees aged 21 or older can participate in the Plan upon completion of 90 days of service. Employees may join the Plan as an active participant for purposes of matching contributions on the first day of the month on or after these requirements have been met.

Contributions

Participants may elect to defer a percentage of their eligible compensation, as defined in the Plan document, not to exceed the Internal Revenue Service (IRS) limitations for contribution limits. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan.

All employees who are active participants in the Plan are eligible for matching contributions. The Company contributes 50% of the first 5% of eligible compensation that a participant contributes to the Plan. The Company may elect to make a discretionary contribution to the Plan. For the years ended December 31, 2025 and 2024, there were no discretionary contributions made to the Plan.

Participant Accounts

A separate account is established for each participant. The account is credited or charged, as applicable, with the participant's salary deferral contributions, rollovers, the participant's share of investment earnings and losses, the participant's distributions and certain administrative charges. Allocations are based on the participant's earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and matching contributions plus actual earnings thereon. Participants vest in discretionary contributions in accordance with the table below.

Years of Service	Percentage
Less than 2	0%
2 less than 3	20
3 less than 4	40
4 less than 5	60
5 less than 6	80
6 or more	100

Payment of Benefits

Upon retirement, termination, disability or death, a participant, or his or her beneficiary in the event of death, may receive the participant's vested account balance in accordance with the provisions of the plan. Additionally, participants may take in-service distributions upon reaching age 59½. If a participant's vested account balance does not exceed $7,000, the balance may be distributed upon retirement, death, or severance from employment. For balances greater than $1,000 that are distributed without participant election, the balance is automatically rolled into an individual retirement account designated by the Plan Administrator. Balances that are less than $1,000 are distributed directly to the participants. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA.

Notes Receivable From Participants

Participants may borrow from their vested accounts, a minimum of $1,000 and a maximum loan amount generally equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates at the time the loans were made. Interest rates on outstanding loans ranged from 5.25% and 10.50% at December 31, 2025 and December 31, 2024. Principal and interest are paid ratably through payroll deductions. Loan terms generally may not exceed five years, except for loans used to acquire a participant's primary residence, which may have a longer repayment period.

Administrative Expenses

Certain administrative costs of the Plan have been paid by the Company and not included in the Plan's financial statements. All other administrative expenses are paid by the Plan and expensed as incurred. Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes Plan gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan permits only two outstanding loans per participant at any given time. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

An employee may forfeit the non-vested portion of his or her account if employment ceases and the employee is less than 100% vested in any discretionary matching contributions made to his or her account. The Company did not use any forfeitures to reduce employer contributions during 2025.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies

The Plan's investments in registered investment companies are valued at quoted market prices of shares held by the Plan at year end.

Collective Trusts and Pooled Separate Accounts

The Plan's investments in collective trusts and pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less it's liabilities. The Plan's interest in the collective trust fund is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. The Plan held various synthetic investment contracts in which the underlying investment consisted of units of various collective trust funds. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 (audited) and 2024 (compiled):

	2025 (audited)			
	Level 1	Level 2	Level 3	Total

[(a)] Withdrawals for benefit payments and participant transfers to noncompeting investment options to be paid to Plan participants shall be made 30 days after written notification has been received. All other withdrawals may be made up to one year after notification is received.

NOTE 5 - PARTY-IN-INTEREST

Certain plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for legal, accounting and other professional services were rendered primarily by parties-in-interest. Administrative expenses paid by the Plan totaled $6,363 in 2025. Additionally, the Plan has loans to participants that also qualify as party-in-interest transactions.

NOTE 6 - TAX STATUS

The Plan has received a determination letter from the IRS dated June 30, 2020 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt as of December 31, 2025.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are subject to various risks, including credit, interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated the Plan's financial statements for subsequent events through October 14, 2026, the date the financial statements were available to be issued. There are no events that would require recognition or disclosure in the financial statements, except as follows:

On January 1, 2026, the Company amended the Plan document to change the eligibility service requirement to 30 days, and employees will now be automatically enrolled to defer 5% of their eligible compensation once they are eligible to participate in the Plan. Additionally, the amendment changed the employer match so that participants will now receive a match equal to 100% of the first 3% of their pay, plus 50% of contributions that are over 3% of their pay, but not over 5%.
