Independent Auditor's Report

To the Plan Administrator and Participants
Care Plus NJ, Inc. Union Plan
610 Valley Health Plaza, Paramus, NJ 07652

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Care Plus NJ, Inc. Union Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Care Plus NJ, Inc. Union Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan established by Care Plus NJ, Inc. (the "Plan Sponsor" and "Organization") under the provisions of Section 401(a) of the United States Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of employees covered under a collective bargaining agreement excluding the grandfathered groups below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as well as certain provisions of the federal income tax laws.

All employees of the Organization are subject to the following eligibility requirements:

- Age: 21
- Service: 1 year of service (1,000 hours)
- Status Exclusions:
    a. Non-resident aliens with no U.S. source earned income
    b. Union employees grandfathered through earlier employment with the Mental Health Resource Center or the Fair Lawn Mental Health Center, and all non-union employees

Upon satisfying the eligibility requirements, employees may participate in the Plan the first day of each plan quarter coinciding with or following the date the requirements are met.

b. Contributions

The Plan is funded through employee elective deferrals and Plan Sponsor contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts ("IRAs"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the Plan:

- Rollover contributions
- Non-elective contributions
- Roth deferrals
- Discretionary Employer matching
- Elective deferrals

The Plan provides for a discretionary employer matching contribution. The Organization determines the discretionary amount or percentage of participant contributions to match. For the years ended December 31, 2025 and 2024, the Organization matched 25% of participant contributions up to a maximum matching contribution of $3,000.

The Plan provides for a non-elective contribution by the Organization. The contribution allocation will be pro rata in the ratio that each participant's compensation bears to the compensation of all eligible participants and will be allocated to participant accounts at the end of the Plan year. The Organization elected to not make a non-elective contribution for the years ended December 31, 2025 or 2024.

Note 1 - Description of Plan - Continued

c. Participant Accounts

Each participant's account is credited with the participant's contributions as well as allocations of: (a) the Organization's non-elective and discretionary matching contributions, (b) the Plan's investment earnings (losses), net of investment expenses, and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon.

Vesting in the Organization's discretionary employer matching contributions and non-elective contributions is based on years of continuous service. Participants must be employed on the last day of the plan year and have earned 1,000 hours of service to be eligible to receive non-elective contributions. A participant is 100% vested upon: (1) disability; (2) death; (3) normal retirement at age 65; or (4) termination of the Plan. If a participant's employment with the Organization is terminated before age 65 for any reason other than disability or death, the participant shall be entitled to an amount equal to the "vested percentage" of his or her account balance. A participant shall have a vested and nonforfeitable interest in the employer's discretionary contribution portion of his or her account balance determined by the number of years of credited service as follows:

Service Years	Matching	Non-elective
< 1	0%	0%
1	20%	20%
2	40%	40%
3	60%	60%
4	80%	80%
5	100%	100%

e. Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Organization contributions to be used as follows:

- Pay administrative expenses
- Reduce employer contributions
- Restore eligible rehire forfeiture account balance

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $70 and $1,001, respectively. During the years ended December 31, 2025 and 2024, forfeited non-vested accounts of $1,063 and $173, respectively were used to reduce employer contributions. During the years ended December 31, 2025 and 2024, forfeited non-vested accounts of $6,573 and $19,438, respectively were used to pay Plan expenses.

Note 1 - Description of Plan - Continued

f. Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

g. Notes Receivable from Participants

Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within five years or up to thirty years for the purchase of a principal residence. The Plan allows for two outstanding loans per participant.

At December 31, 2025 and 2024, notes interest rates range from 4.75% to 10.00%.

h. Benefits Paid to Participants

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The following types of distributions are also allowed by the Plan:

- In service withdrawals
- 59 ½ in service withdrawals
- Hardship
- Involuntary cash-outs
- Rollover source withdrawal at any time
- Qualified reservist distributions
- Deemed severance distributions

i. Plan Expenses

The Plan's expenses are paid by either the Plan or the Organization, as provided by the Plan document. Expenses paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

j. Termination of the Plan

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Organization will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for defined contribution plans.

b. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for any fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

d. Contributions

Participant contributions are recorded in the period the participant contributions are withheld from compensation and employer matching and non-elective contributions are recorded when declared.

e. Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Loans treated as distributions totaled $-0- and $8,477 for the years ended December 31, 2025 and 2024, respectively.

f. Payment of Benefits

Benefits are recorded when paid.

g. Subsequent Events

Subsequent events were evaluated through October 13, 2026, which is the date the financial statements were available to be issued. There were no material events that have occurred that require adjustment to or disclosure in the financial statements.

Note 3 - Certified Investments

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company, the custodian of the Plan. Management has determined that Principal Trust Company meets the requirements of a qualified institution under ERISA Section 103(a)(3)(C) and 29 CFR 2520.103-5.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts

Pooled separate accounts are valued using the net asset value ("NAV") of units held by the Plan at year end. The NAV is determined by the issuer of the fund and is based upon the fair value of the underlying assets held by the accounts. NAV is used as a practical expedient to estimate fair value and these investments are therefore not classified in the fair value hierarchy. Pooled separate accounts may be redeemed daily with a one-day notice period. Payments and transfers are generally made within seven business days but may be delayed longer, up to the maximums specified in the contract. Participants are limited to one transfer per 30-day period for most of the separate accounts. There are no unfunded commitments.

Mutual Funds

Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31,	
	2025	2024
Level 1		
Mutual funds	$ 531,292	$ 406,778
Total investments in the fair value hierarchy	531,292	406,778
Investments measured at NAV (a)	3,598,052	3,064,915
Total investments at fair value	$ 4,129,344	$ 3,471,693

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively.

Note 5 - Fully Benefit-Responsive Investment Contract

Principal Guaranteed Option

At December 31, 2025 and 2024, the Plan had an investment in a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company (the Issuer) to Principal Trust Company which holds the contract as custodian. Under the terms of the contract, the contributions are maintained in a general account. The account is credited with interest at a composite crediting rate and is charged for participant withdrawals, transfers and fees. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals, transfers and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value In disrupted market conditions, the issuer may delay payment for up to 30 additional business days. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The following represents the disaggregation of investment contracts held by the Plan:

	2025	2024
Group annuity contract	$ 158,410	$ 272,057
Total Fully Benefit-Responsive Investment Contract	$ 158,410	$ 272,057

The crediting interest rate is based on a formula defined in the contract. It is determined from the guaranteed interest rates of the underlying guaranteed interest balances in the Plan's vintage, and it may not be less than a guaranteed minimum interest rate that is no less than 1% and no more than 3%. The rate is reviewed and reset on a semi-annual basis. The key factors that influence future crediting rates include the level of market interest rates and the amount and timing of contributions, transfers, and withdrawals into and out of the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Note 5 - Fully Benefit-Responsive Investment Contract - Continued

If the Plan Sponsor terminates the Plan's interest in the contract, the contract value is paid in six annual installments. The first installment is paid at least six months after notice, and the remaining balance continues to earn the composite crediting rate. The Plan Sponsor may instead request an accelerated payout, which is made 90 to 180 days after the request and is subject to an early termination charge based on market conditions. The Issuer may also terminate the Plan's interest upon certain events, including a material misrepresentation, a recordkeeper's failure to provide required information, communications that encourage participants to transfer out of the contract, and plan amendments that the Issuer determines to be materially adverse. The contract has no stated maturity date.

Note 6 - Related Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (“TPA”), investment managers, investment advisors, legal counsel, and Plan auditor.

During the years ended December 31, 2025 and 2024, the Plan made direct payments of $28,359 and $24,853, respectively to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

The Plan’s investments with Principal Trust Company, the Custodian, and the participant loans are party-in-interest transactions that qualify as exempt from prohibited transactions rules under ERISA.

Note 7 - Tax Status

The Plan has adopted a Pre-approved Non-Standardized Profit-Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service as of June 30, 2020. The Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
