Independent Auditor's Report

Plan Committee
DRW Trading Group Profit Sharing and Salary Deferral Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DRW Trading Group Profit Sharing and Salary Deferral Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the DRW Trading Group Profit Sharing and Salary Deferral Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of DRW Holdings, LLC, DRW Associates LLC, Convexity Properties LLC, DRW Texas LLC, DRW Singapore Pte. Ltd, DRW Energy Associates, LLC, DRW Associates NY LLC and Ergonia Associates, LLC (collectively, the Company) who are age 21 or older. Eligible employees are able to begin participating in the Plan the first day of the month following the later of their date of hire or attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 75% of pretax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company may contribute a discretionary semiannual matching contribution to active participants who are employed on the last day of the semiannual period (June 30 and December 31) except that if such date falls on a weekend or a holiday shall be employed on the last business day immediately preceding the semiannual match period (June 30 and December 31) and have made salary deferral contributions during the plan year. For 2025, the Company elected to match 50% of participant contributions to the Plan with that match being a maximum of $8,000 annually. Salary deferral contributions designated as catch-up contributions are not matched. The Company may change the matching formula from year to year and may declare a zero match for any plan year. The Company may also make discretionary profit sharing contributions to participants who were active participants in the Plan at the end of the plan year based on the Company's profitability. No profit sharing contributions were made to the Plan for the year ended December 31, 2025. The amount of the participant's pretax and/or after-tax contributions can be limited to ensure that the Plan satisfies the requirements of federal tax law or to honor deductions that a participant has elected (such as health insurance premiums) or that are required under law (such as wage garnishments).

Participant accounts: Each participant's account is credited with the participant's contribution, allocations of Company discretionary profit sharing and matching contributions, if any, and Plan earnings, and charged with an allocation of any applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment: Upon enrollment in the Plan, a participant may direct the investment of their contributions, and Company discretionary matching and profit sharing contributions, if any, in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant who earns at least one hour of service on or after January 1, 2011, is 25% vested after one year of credited service, 50% vested after two years of credited service, 75% vested after three years of credited service, and fully vested after four years of credited service. Participants who do not earn at least one hour of service on or after January 1, 2011, are 20% vested after two years of credited service, 40% vested after three years of credited service, 60% vested after four years of credited service, 80% vested after five years of credited service, and fully vested after six years of credited service. A participant who earns at least one hour of service on or after January 1, 2023, will be 100% vested in all account balances. Participants who attain normal retirement age of 65, or who terminate employment due to death or disability, are 100% vested in their account balances.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance as further described in the Plan loan administration policy. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%, set at time of loan origination. Participants are charged a one-time fixed fee at the time the loan is originated and may be charged an annual administration fee as described in the Plan document. Interest rates on participant loans outstanding at December 31, 2025, range from 4.25% to 9.50%. Principal and interest are paid ratably through semi-monthly payroll deductions or through a personal check if the participant transfers to a Commonly Controlled Entity, as defined in the Plan agreement that has not adopted the Plan.

Payment of benefits: On termination of service due to death, disability, attainment of age 59½, proven financial hardship or retirement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in their account. If a participant's vested benefit is less than or equal to $7,000 upon termination of service, the Plan is required to distribute the benefit to the participant or into an individual retirement account without consent from the participant.

Forfeited accounts: At December 31, 2025 and 2024, forfeited nonvested accounts totaled $75,225 and $96,783, respectively, which were utilized to reduce the Company's matching contribution receivable for the respective years. These accounts may be used to reduce the Company's discretionary matching contribution in future periods and/or, at the discretion of the Plan Committee, to pay reasonable administrative expenses of the Plan. During 2025, the Company's discretionary matching contributions were reduced by $119,828 from forfeited nonvested accounts. No administrative expenses were paid out of forfeited nonvested accounts for the year ended December 31, 2025.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Accounting policies: The Plan follows accounting principles generally accepted in the United States of America (U.S. GAAP), as established by the Financial Accounting Standards Board, to ensure consistent reporting of financial condition.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions: Contributions from the Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted notes receivable are treated as distributions based upon the terms of the Plan document. No notes receivable were deemed uncollectible as of December 31, 2025 and 2024.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses are paid by the Company on behalf of the Plan, without reimbursement.

Note 3. Information Certified or Provided by Empower Trust Company, LLC

The following is a summary of the Plan's asset and income information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by Empower Trust Company, LLC, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and income are complete and accurate.

	2025	2024
Shares of registered investment companies	$ 67,268,876	$ 271,537,936
Pooled separate accounts	145,767,061	27,147,986
Pooled stable value collective fund	6,214,897	5,095,955
Shares of collective trust funds	169,856,392	-
Notes receivable from participants	1,088,924	1,144,287
Participant-directed brokerage accounts	3,764,732	2,647,453
	$ 393,960,882	$ 307,573,617

Empower Trust Company, LLC also certified to the completeness and accuracy of $54,276,175 of net appreciation in fair value of investments, $3,925,721 of interest and dividends related to the aforementioned investments, and $84,958 of interest related to the notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, as compared to 2024.

***Shares of registered investment companies*:** Valued at the daily closing price as reported by the fund. Registered investment companies and money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded and have readily determinable fair values.

Pooled separate accounts: Pooled separate accounts invest primarily in shares of registered investment companies. The pooled separate accounts are valued at the NAV per share, as determined by the insurance company, based on quoted market prices of its underlying securities or similar instruments. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the issuer will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

Pooled stable value collective fund and common collective trust funds: Valued based on the NAV of units of the investment contract. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

***Participant-directed brokerage accounts*:** Accounts consist of investments in common stocks and registered investment companies and interest-bearing cash that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 67,268,876	$ -	$ -	$ 67,268,876
Participant-directed brokerage accounts	3,764,732	-	-	3,764,732
	$ 71,033,608	$ -	$ -	71,033,608
Investments measured at NAV (a)				321,838,350
Investments at fair value				$ 392,871,958

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 271,537,936	$ -	$ -	$ 271,537,936
Participant-directed brokerage accounts	2,647,453	-	-	2,647,453
	$ 274,185,389	$ -	$ -	274,185,389
Investments measured at NAV (a)				32,243,941
Investments at fair value				$ 306,429,330

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) practical expedient as of December 31, 2025 and 2024:

Investment	2025	2024	Commitment	Redemption Frequency	Redemption Notice Period
Pooled stable value collective fund	$ 6,214,897	$ 5,095,955	None	Daily*	10 days
Shares of collective trust funds	169,856,392	-	None	Daily	30 days
Pooled separate accounts:					
U.S. stocks (a)	142,248,228	24,497,298	None	Daily	None
International stocks (b)	3,518,833	2,650,688	None	Daily	None
	145,767,061	27,147,986			
Investments measured at NAV	$321,838,350	$ 32,243,941			

(a) The category includes U.S. based large cap growth, small and mid cap value security portfolios

(b) The category includes international and emerging market security portfolios

* Provided an exchange is not directed into a competing fund. Transferred amounts must be held in a noncompeting investment for 90 days before subsequent transfers to a competing fund can occur.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions

Certain employees of the Company provide administrative services to the Plan and neither the Company nor the employees receive reimbursement from the Plan.

The plan recordkeeper may receive revenue sharing payments from mutual funds in which the plan assets are invested. The administrative services agreement between the Plan and its recordkeeper provides that to the extent revenue sharing payments received by the recordkeeper exceed administrative fees charged to the Plan by the recordkeeper, the excess will be credited to the Plan and can be used to pay future other administrative expenses of the Plan or be allocated to participants at the discretion of the Company. Revenue sharing payments in the amount of $29,249 in the statement of changes in net assets available for benefits were credited to the Plan for the year ended December 31, 2025.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 7. Tax Status

Effective October 18, 2021, the Plan adopted a nonstandardized form of a pre-approved plan sponsored by Empower Trust Company, LLC. The pre-approved plan provider has received an opinion letter dated June 30, 2020, from the Internal Revenue Service as to the prototype plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 396,206,155	$ 309,752,509
Differences in:		
Investments—participant loans	1,088,924	1,144,287
Receivables—notes receivable from participants	(1,088,924)	(1,144,287)
Investments—common collective trust	6,214,897	-
Investments—pooled stable value collective fund	(6,214,897)	-
Net assets available for benefits per Form 5500	$ 396,206,155	$ 309,752,509

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2025, the date the financial statements were available to be issued.
