The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Magnum Construction Management 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

To the Plan Administrator of the
Magnum Construction Management 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Magnum Construction Management 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Magnum Construction Management 401(k) Plan's ability to continue as a going concern for one year from the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

To the Plan Administrator of the
Magnum Construction Management 401(k) Plan

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Magnum Construction Management 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Magnum Construction Management 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of the Magnum Construction Management, LLC (the “Company” or “Employer”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1995, is a defined contribution plan covering eligible employees of the Company and participating related employers who have two months of service and attained the age of twenty and a half. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Plan oversight is performed by an officer of the Company and ADP, Inc., the third-party administrator ("TPA"). Effective January 1, 2025, ADP Retirement Trust Services, LLC replaced Reliance Trust Company as Trustee of the Plan. The change in Trustee did not change the Plan’s investment options. Plan investments are maintained through investment options offered under the Plan, including a collective investment trust managed by Reliance Trust Company.

As of December 31, 2025 and 2024, the Plan had 112 participants with account balances in each respective year.

The Plan was amended and restated in its entirety effective January 1, 2025. There were no additional amendments to the Plan during the year ended December 31, 2025.

Contributions to the Plan

The Plan allows participants to make tax-deferred contributions (compensation deferrals) up to the maximum limits imposed by the Internal Revenue Code. The Plan is a safe-harbor plan. After a participant attains the age of twenty and a half and completes two months of service, the employee can participate in the plan and begin receiving matching contributions from the Company. The Company matches 100% of the participant’s deferral up to 3% plus 50% of the next 2% of the participant’s deferral, for a maximum employer contribution of 4%.

Participant contributions are remitted to the Plan by the Company in accordance with Department of Labor requirements. There were no delinquent participant contributions during the year ended December 31, 2025 requiring disclosure under Department of Labor regulations.

Rollovers

The Plan permits participant-designated rollover contributions into the Plan. During the year ended December 31, 2025, the Plan received participant rollover contributions of $155,529.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(This space has been intentionally left blank.)

Note 1 Description of Plan (Continued)

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, and safe harbor matching contributions, together with earnings thereon. Discretionary matching contributions and employer nonelective contributions are subject to the following vesting schedule:

Years of Service	Vested Percentage
0 to 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeited Accounts

Forfeitures of non-vested participant account balances can be used to pay administrative expenses of the Plan and/or to reduce future employer contributions. There were no forfeitures as of December 31, 2025 and 2024.

Distribution of Benefits

Participants or their beneficiaries are eligible to receive distributions from their account upon, retirement (normal retirement age of 65), permanent and total disability, death, or financial hardship, as defined. Employees who terminate employment prior to the occurrence of one of those events have 60 days from the date of their account distribution to invest the funds in a qualified tax deferred investment without taxation or penalty.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any time. Notes under $2,000 shall be repaid within a period of three years. All other notes shall be repaid within five years unless the note is for the purchase of a primary residence in which case the repayment schedule must be for a reasonable period of time, not to exceed fifteen years. Interest accrues at the prevailing market rate for notes of similar types and currently ranges from 4.25% to 9.5%. The notes are collateralized by the participants' vested interest in their account balance. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made through payroll deductions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(This space has been intentionally left blank.)

Note 2 Summary of Significant Accounting Policies (Continued)

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, as well as related disclosures. Actual results could differ from those estimates. Significant estimates used in preparing the Plan's financial statements include assumptions used in determining the fair value of certain investments. Management believes these estimates are reasonable based on information available as of the financial statement date.

Management regularly evaluates these estimates and makes adjustments as necessary to reflect current conditions. Changes in these estimates are recognized in the period in which they become known.

Investment Valuation
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan’s valuation policies using information provided by the Trustee and custodian. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Income on self-directed brokerage account consists primarily of earnings attributable to participant-directed investments held in the Plan's self-directed brokerage account.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2025 and 2024, notes receivable from participants totaled $159,585 and $93,777, respectively.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits
Benefits are recorded when paid.

Note 3 Information Prepared and Certified by Trustee

Effective January 1, 2025, ADP Retirement Trust Services, LLC replaced Reliance Trust Company as Trustee of the Plan. Certain information related to the Plan's investments and notes receivable from participants, as disclosed in the accompanying financial statements and in the ERISA-required supplemental schedule, was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's Trustees, each of which is a qualified institution, as follows:

- December 31, 2025, and the year then ended: ADP Retirement Trust Services, LLC certified the investments and notes receivable from participants held as of December 31, 2025. It also certified net appreciation in fair value of investments, increases in contract value, interest and dividends, and interest on notes receivable from participants for the year then ended.
- December 31, 2024: Reliance Trust Company certified the investments and notes receivable from participants held as of December 31, 2024.

Note 4 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their entire plan balance.

Note 5 Tax Status

The Plan has adopted a pre-approved plan document for which the plan document provider received a favorable opinion letter from the Internal Revenue Service (IRS) dated October 6, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since the issuance of the opinion letter, the Plan Administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan Administrator believes that the Plan remains qualified and the related trust remains tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated uncertain tax positions through September 29, 2026, the date the financial statements were available to be issued and determined none require recognition.

(This space has been intentionally left blank.)

Note 6 Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: * quoted prices for similar assets or liabilities in active markets; * quoted prices for identical or similar assets or liabilities in inactive markets; * inputs other than quoted prices that are observable for the asset or liability; * inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used during the years ended December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing net assets value (NAV) reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded ("Level 1"). All self-directed brokerage accounts are also invested into mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6 Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investment Type				
Mutual funds	$ 6,910,130	$ -	$ -	$ 6,910,130
Total assets at fair value	$ 6,910,130	$ -	$ -	$ 6,910,130

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investment Type				
Mutual funds	$ 5,939,218	$ -	$ -	$ 5,939,218
Total assets at fair value	$ 5,939,218	$ -	$ -	$ 5,939,218

Note 7 Collective Investment Trust

The Plan holds an interest in a collective investment trust (MetLife Stable Value Fund) to maintain a portion of plan contributions in guaranteed investment contracts, synthetic guaranteed investment contracts, and separate account investment contracts. The account is credited with contributions and earnings on the underlying investments and charges for participant withdrawals and administrative expenses charged by the plan's Insurance Company of the collective investment trust. The guaranteed investment contract generally does not permit the insurance company to terminate the agreement prior to the scheduled maturity date except under certain circumstances below.

The investment contracts in the collective investment trust are fully benefit-responsive, and the collective investment trust is included in the financial statements at contract value, as reported to the Plan by the plan custodian.

There are no reserves against the collective investment trust for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the collective investment trust. Examples of such events include the following: (1) amendments to plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Note 7 Collective Investment Trust (Continued)

The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for 2025 was 2.88% and for 2024 was 2.89%.

Note 8 Risks and Uncertainties

The Plan's investments are exposed to various risks, including interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in these risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Parties-in-Interest Transactions

Certain Plan investments, including the MetLife Stable Value Fund collective investment trust, are managed by Reliance Trust Company. In addition, ADP Retirement Trust Services, LLC serves as Trustee of the Plan. Notes receivable from participants also qualify as parties-in-interest transactions under ERISA. These transactions qualify as exempt parties-in-interest transactions under ERISA.

ADP provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and ADP.

ADP receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset amounts otherwise payable by the Plan for administrative services.

If the revenue received by the Trustee from such mutual fund service providers exceeds the amount owed under the MSA, the Trustee remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to participants' accounts. During 2025, no excess amounts were remitted to the Plan. The Plan or the Company may pay administrative expenses not covered by revenue-sharing arrangements.

Note 10 Subsequent Events

The Plan has evaluated subsequent events through September 29, 2026, the date the financial statements were available to be issued. Effective July 1, 2026, the Plan was amended to expand hardship distributions to be available from all Participant Accounts, rather than a more limited subset of accounts. This amendment did not require recognition or adjustment to the amounts reported in the financial statements as of and for the year ended December 31, 2025.
