REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Trustees
Main Street Radiology, Inc. Retirement Plan

Opinion

We have audited the accompanying financial statements of Main Street Radiology, Inc. Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Main Street Radiology, Inc. Retirement Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Main Street Radiology, Inc. Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Main Street Radiology, Inc. Retirement Plan's ability to continue as a going concern for the period one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

a. Exercise professional judgment and maintain professional skepticism throughout the audit.

b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Main Street Radiology, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Main Street Radiology, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules for Reporting and Disclosures under ERISA.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Main Street Radiology, Inc. Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan with elective deferral 401(k) arrangements. The Plan covers all full-time employees of Main St. Radiology at Bayside and Radiology Associates of Main St. (collectively "the Company" or "the Employer") who are over twenty-one years old and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustee is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Trustees.

Effective May 1, 2025, the Plan transitioned to a new recordkeeper and trustee, which resulted in a transfer of assets from Ascensus Trust Company to Fidelity Management Trust Company.

Employee Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Participants may also contribute a minimum of 1% of Roth after-tax employee contributions. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Contributions from Plan participants and matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Employer Contributions

As per the Plan documents, the Company may decide to make matching contributions to the Plan at its own discretion. For the year ended December 31, 2025, the Company made contributions to the Plan of $2,346,773. Contributions are subject to certain IRS limitations.

Rollover Contributions

A participant may, with the consent of the Plan Administrator, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which employees participated prior to their employment by the Employer.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or

NOTE 1 - DESCRIPTION OF THE PLAN - Continued

Participant Accounts - Continued

specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service, or upon death, or termination because of disability. The vesting schedule of the Company's contribution is stated as follows:

Years of Service	Percentage
Less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless made for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest rates ranging from 4.25% to 9.50%. Principal and interest are either deducted from the participant's account or paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his/her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $80,027 and $168,577, respectively. These accounts are used to pay for administrative expenses and to reduce future Company contributions. For the years 2025 and 2024, the forfeitures used were $298,702 and $9,157, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document (deemed distribution). No allowance for credit loss has been recorded as of December 31, 2025 and 2024.

Due to Employer

During 2025, Employer contributions were funded in excess of the amounts allocated to participant accounts. These excess funds were held as a liability to the Employer at year-end and subsequently reallocated to the forfeiture account in 2026.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability,

d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Funds

Valued at unadjusted quoted market prices, which represent the net asset value of the shares owned by the Plan at year end.

Common Stocks

Valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange Traded Funds (ETFs)

These are marketable securities that track a basket of assets similar to an index fund. Unlike mutual funds, these are traded similar to common stocks. They are valued at the closing price reported on the active market where the individual ETFs are traded.

Municipal Bonds

Valued using pricing tools maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$62,634,724	$ -	$ -	$62,634,724

Totals	$85,444,170	$ 123,868	$ -	$85,568,038

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$51,791,991	$ -	$ -	$51,791,991
Brokerage account	24,421,033	604,620		25,025,653
Totals	$76,213,024	$ 604,620	$ -	$76,817,644

NOTE 4 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Ascensus Trust Company and Fidelity, custodians of the Plan during the year, provided certain administration and recordkeeping services to the Plan. Fees paid by the Plan for these services amounted to $24,574 and $60,902 to Ascensus Trust Company and Fidelity Management Trust Company, respectively, for the year ended December 31, 2025. These transactions qualify as party-in-interest transactions.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants would become 100% vested in their Company's contributions.

NOTE 6 - TAX STATUS

The Plan uses a volume submitter profit-sharing plan sponsored by FIS Business Systems LLC (FIS). FIS submitted that plan to the Internal Revenue Service (IRS) and received an opinion letter from the IRS, dated June 30, 2020, concluding that the form of the plan satisfied the qualification requirements under the applicable sections of the Internal Revenue Code (IRC). Because the Company has not deviated from the form of that document, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state or local authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - PROHIBITED TRANSACTIONS-DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2025, participants' contributions in the amount of $451 were not remitted to the Plan within the appropriate time period. This transaction constituted a prohibited transaction, as defined by ERISA. Appropriate steps were taken for correction in September 2026.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2026, the date on which the financial statements were available to be issued, and has concluded that no events or transactions took place which require disclosure herein.
