Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Lotspeich Co. of Florida, Inc. 401(k) Profit Sharing Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2025 and 2024 and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

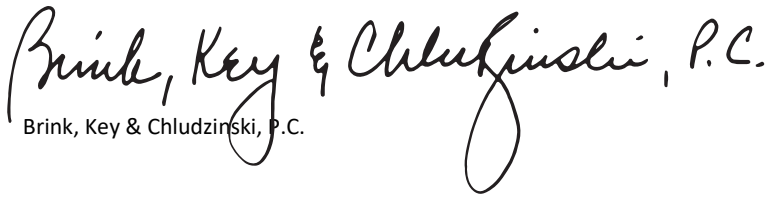

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and the Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following description of the Lotspeich Co. of Florida, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established November 1, 1972 and restated effective January 1, 2025. The Plan is sponsored by Lotspeich Co. of Florida, Inc. (the "Company"). The Plan covers substantially all employees of the Company who have completed 90 days of service, are not union employees, and are at least 18 years of age. To be eligible to receive the company matching contribution and profit-sharing contribution, an employee must have reached 1,000 hours of service, be at least 18 years of age and be employed by the Company on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute up to 100% of annual compensation, as defined by the Plan. Participants may designate these deferrals to be pre-tax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make a discretionary matching contribution. The amount of the discretionary contribution is determined by the Company. All contributions are participant directed and are directed into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the discretionary matching contributions plus actual earnings thereon. The Company's discretionary matching contribution begins to vest after two years of service at a rate of 20% per year and are fully vested after six years of service. Participant accounts become fully vested in the event of death, total disability, and normal retirement while still employed.

Note 1 – Description of the Plan (Continued)

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Participants may have two notes outstanding at a time. The notes are secured by the balance in the participant's account. The note interest rate is set at 1% above the prime rate, as defined. Principal and interest are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note term may exceed five years.

Payment of Benefits
On termination of service due to death, disability, separation, or retirement, a participant (or a participant's beneficiary in the event of death) may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions, hardship withdrawals, and early retirement distributions, as defined by the plan, are allowed from all types of contributions.

Forfeited Accounts
These accounts may be used to pay administrative expenses or used to reduce Company contributions. There were no forfeited non-vested benefits used to reduce employer contributions for the year ended December 31, 2025. The amount of forfeited non-vested benefits used to reduce employer contributions for the year ended December 31, 2024 was approximately $24,000. At December 31, 2025 and 2024, the balance in the forfeited non-vested accounts totaled approximately $21,500 and $8,700, respectively.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 – Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of Accounting Policies (Continued)

Investment Valuation
The Plan's investments, except for the Insurance Company General Account (ICGA), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

ICGA held by a defined contribution plan that are fully benefit responsive are reported at contract value. Contract value is the relevant measurement because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. Contract value represents contributions plus interest at the contract rate, less distributions and fees, if applicable. See note 5 for discussion of the ICGA.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the Plan, of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Total administrative expenses paid by the Plan for the years ended December 31, 2025 and 2024 were approximately $88,400 and $82,000, respectively. Investment related expenses are included in net appreciation in fair value of investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a deemed distribution is recorded.

Payments of Benefits
Benefits are recorded when paid.

Note 2 – Summary of Accounting Policies (Continued)

Subsequent Events
The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued, and determined that no disclosure in these financial statements was necessary.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, other inputs that are observable, or can be corroborated by observable market data.

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 – Fair Value Measurements (Continued)

Collective Investment Trusts (CIT) – CITs are valued at the NAV of the shares held by the Plan at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The CITs provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. There is no restriction in place with respect to the daily redemption of the CITs and there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025

Note 4 – Information Certified by John Hancock Life Insurance Company, Empower Annuity Insurance Company of America, and Empower Trust Company, LLC

The following information disclosed in the accompanying financial statements and supplemental schedules, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company, Empower Annuity Insurance Company of America, and Empower Trust Company, LLC, qualified l:

December 31,	**2025**	2024
Mutual Funds	**$ 7,380,857**	$ 6,173,858
Collective Investment Trusts	**$ 13,021,685**	$ 15,083,458
Insurance Company General Account	**$ 913,799**	$ 190,195
Notes Receivable from Participants	**$ 387,196**	$ 415,754

Year Ended December 31,	**2025**	2024
Net Appreciation in Fair Value of Investments	**$ 2,227,988**	$ 2,817,466
Dividend and Interest Income	**$ 402,437**	$ 69,089
Interest on Notes Receivable from Participants	**$ 36,056**	$ 29,233

Note 5 – Insurance Company General Account

During 2024, the Plan invested in the Empower Fixed Account – Series Class IV (EFA). The EFA is a benefit responsive contract entered into with Empower Annuity Insurance Company of America (EAICA). EAICA maintains contributions in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The EAICA is valued at contract value for presentation in the Plan's net assets available for benefits.

Contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawal and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 – Insurance Company General Account (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. At December 31, 2025 and 2024, the effective net credit rate after the deduction for fees was 2.20%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan and EAICA are required to give a 75-calendar day notice before terminating the contract. Currently, Plan management believes the occurrence of an event that would cause the Plan to transact at less than contract value is not applicable.

Note 6 – Related Party and Party-In-Interest Transactions

For the year ended December 31, 2025, EAICA, the recordkeeper of the Plan, UBS Financial Services, Inc., an investment advisor to the Plan, and Advised Assets Group, LLC, providing investment management services to the Plan, received compensation from the Plan. For the years ended December 31, 2025, and 2024, Retirement Solutions Specialists, the Plan's third-party administrator, received compensation from the Plan. For the year ended December 31, 2024, John Hancock Life Insurance Company, the former custodian of the Plan and Wilshire Associates, Inc., a former investment advisor to the Plan, received compensation from the Plan. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for additional investment management services are included in net appreciation in fair value of the investment. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 – Income Tax Status

The IRS has determined and informed CCH Incorporated, DBA ftwilliam.com, by a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan With CODA (the prototype plan upon which the Plan is based) is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the opinion letter, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirement of the IRS and, therefore, believes the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Prohibited Transactions

In 2025, the Company failed to remit participant contributions of $42,952 to the Plan in a timely manner. These contributions were remitted to the plan during 2025. Company is in the process of determining related lost earnings on these contributions. Management intends to file under the Department of Labor's Voluntary Fiduciary Correction Program. These transactions constitute prohibited transactions as defined by ERISA.
