Independent Auditor's Report

Board of Directors
Cambridge Investment Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Cambridge Investment Group Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Subsequent Event Plan Merger
As discussed in Note 8 to the financial statements, the Plan Sponsor approved to merge the Cambridge Investment Group, Inc. Profit Sharing Plan into the Plan effective January 1, 2026. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedules of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Cambridge Investment Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Eneric Petroleum Corp. (the Sponsor) who have attained 18 years of age or older and have completed one month of service. Part-time employees must complete 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer from their compensation up to the maximum percentage allowable, not to exceed the limits of Internal Revenue Code (IRC) Section 401(k). Participants who are at least 18 years of age and completed one month of service are eligible for an employer matching contribution. Each year, the Sponsor may contribute to the Plan a discretionary amount as a matching contribution, as well as a discretionary amount as a profit sharing contribution. For the year ended December 31, 2025, the Sponsor contributed 100% of the employees' deferral up to 4.5% of eligible employees' compensation. There were no discretionary profit sharing contributions made for the year ended December 31, 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of the Sponsor's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on continuous years of service. A participant is 100% vested after three years of credited service.

Payment of benefits: Benefits may be paid to the participant or beneficiary upon death, disability, hardship, retirement or termination of employment. In-service distributions are allowed for active participants age 59½ and older. Benefits may be paid in a lump sum or in substantially equal installments. If the vested value of a participant's account is less than $7,000 at the time of distribution, amounts payable shall be rolled over into an individual retirement account if the participant does not consent to a distribution after receipt of notice.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be used to pay administrative expenses or to offset employer contributions. Forfeitures used to offset employer contributions totaled $63,791 for the year ended December 31, 2025. Forfeited nonvested accounts were $17,275 and $11,406 as of December 31, 2025 and 2024, respectively.

Investment options: Upon enrollment in the Plan, a participant may direct investment balances among any or all of the investment options offered by the Plan. Investment allocations may be changed at any time.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants can elect to take out a note on their individual accounts. The minimum note amount shall be $1,000 and the maximum amount is the lesser of $50,000 or 50% of their vested account balance. Note terms range up to five years or up to a reasonable amount of time for the purchase of a principal residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Valuation of investments and investment income: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant notes are recorded as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan paid investment management fees of $38,094 for the year ended December 31, 2025. All other expenses were paid by the Plan Sponsor.

Note 2. Significant Accounting Policies (Continued)

Income taxes: Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audit by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all amounts credited to a participant's account will become 100% vested.

Note 4. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Note 5. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee:

	December 31	
	2025	2024
Investments, at fair value:		
Money market fund	$ 4,543,093	$ 4,063,490
Mutual funds	88,875,208	74,400,317
Self-directed brokerage accounts	4,119,887	2,073,348
	$ 97,538,188	$ 80,537,155
Notes receivable from participants	$ 1,544,610	$ 1,071,558

Note 5. Information Certified or Provided by Fidelity Management Trust Company (Continued)

Fidelity Management Trust Company also certified to the completeness and accuracy of the following investment income and interest income on notes receivable from participants for the year ended December 31, 2025:

Investment income:	
Net appreciation in fair value of investments	$ 7,269,289
Interest and dividends	4,503,582
Interest income on notes receivable from participants	105,807

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the codification are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Money market funds: Valued based on the quoted prices in the active markets in which they are traded.

Mutual funds: Valued based on the quoted prices in the active markets in which they are traded.

Note 6. Fair Value Measurements (Continued)

Self-directed brokerage accounts: Accounts consist of mutual funds, common stock, preferred stock, money market funds and government bonds that are valued based on quoted prices in the active markets on which they are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 88,875,208	$ -	$ -	$ 88,875,208
Money market funds	4,543,093	-	-	4,543,093
Self-directed brokerage accounts	4,119,887	-	-	4,119,887
Total assets in the fair value hierarchy	$ 97,538,188	$ -	$ -	$ 97,538,188

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 74,400,317	$ -	$ -	$ 74,400,317
Money market funds	4,063,490	-	-	4,063,490
Self-directed brokerage accounts	2,073,348	-	-	2,073,348
Total assets in the fair value hierarchy	$ 80,537,155	$ -	$ -	$ 80,537,155

Transfers between levels: For the year ended December 31, 2025, there were no significant transfers in or out of Level 3.

Note 7. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by a company affiliated with Fidelity Management Trust Company, the trustee of the Plan. Any purchases and sales of these funds are performed in an open market at fair value. Certain fees paid by the Plan for investment management services are included as a reduction of the return earned on each investment fund. Transactions with the trustee qualify as party-in-interest transactions.

Note 8. Subsequent Event Plan Merger

The Plan Sponsor resolved to merge the Cambridge Investment Group, Inc. Profit Sharing Plan into the Plan effective January 1, 2026. As a result, participants' account balances totaling approximately $22,256,000 were transferred into legal control of the Plan on January 1, 2026. The merger does not impact participant benefits as the benefit provisions were incorporated into the Plan.

Cambridge Investment Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Cambridge Investment Group Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Subsequent Event Plan Merger
As discussed in Note 8 to the financial statements, the Plan Sponsor approved to merge the Cambridge Investment Group, Inc. Profit Sharing Plan into the Plan effective January 1, 2026. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedules of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Cambridge Investment Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Eneric Petroleum Corp. (the Sponsor) who have attained 18 years of age or older and have completed one month of service. Part-time employees must complete 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer from their compensation up to the maximum percentage allowable, not to exceed the limits of Internal Revenue Code (IRC) Section 401(k). Participants who are at least 18 years of age and completed one month of service are eligible for an employer matching contribution. Each year, the Sponsor may contribute to the Plan a discretionary amount as a matching contribution, as well as a discretionary amount as a profit sharing contribution. For the year ended December 31, 2025, the Sponsor contributed 100% of the employees' deferral up to 4.5% of eligible employees' compensation. There were no discretionary profit sharing contributions made for the year ended December 31, 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of the Sponsor's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on continuous years of service. A participant is 100% vested after three years of credited service.

Payment of benefits: Benefits may be paid to the participant or beneficiary upon death, disability, hardship, retirement or termination of employment. In-service distributions are allowed for active participants age 59½ and older. Benefits may be paid in a lump sum or in substantially equal installments. If the vested value of a participant's account is less than $7,000 at the time of distribution, amounts payable shall be rolled over into an individual retirement account if the participant does not consent to a distribution after receipt of notice.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be used to pay administrative expenses or to offset employer contributions. Forfeitures used to offset employer contributions totaled $63,791 for the year ended December 31, 2025. Forfeited nonvested accounts were $17,275 and $11,406 as of December 31, 2025 and 2024, respectively.

Investment options: Upon enrollment in the Plan, a participant may direct investment balances among any or all of the investment options offered by the Plan. Investment allocations may be changed at any time.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants can elect to take out a note on their individual accounts. The minimum note amount shall be $1,000 and the maximum amount is the lesser of $50,000 or 50% of their vested account balance. Note terms range up to five years or up to a reasonable amount of time for the purchase of a principal residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Valuation of investments and investment income: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant notes are recorded as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan paid investment management fees of $38,094 for the year ended December 31, 2025. All other expenses were paid by the Plan Sponsor.

Note 2. Significant Accounting Policies (Continued)

Income taxes: Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audit by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all amounts credited to a participant's account will become 100% vested.

Note 4. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Note 5. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee:

	December 31	
	2025	2024
Investments, at fair value:		
Money market fund	$ 4,543,093	$ 4,063,490
Mutual funds	88,875,208	74,400,317
Self-directed brokerage accounts	4,119,887	2,073,348
	$ 97,538,188	$ 80,537,155
Notes receivable from participants	$ 1,544,610	$ 1,071,558

Note 5. Information Certified or Provided by Fidelity Management Trust Company (Continued)

Fidelity Management Trust Company also certified to the completeness and accuracy of the following investment income and interest income on notes receivable from participants for the year ended December 31, 2025:

Investment income:	
Net appreciation in fair value of investments	$ 7,269,289
Interest and dividends	4,503,582
Interest income on notes receivable from participants	105,807

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the codification are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Money market funds: Valued based on the quoted prices in the active markets in which they are traded.

Mutual funds: Valued based on the quoted prices in the active markets in which they are traded.

Note 6. Fair Value Measurements (Continued)

Self-directed brokerage accounts: Accounts consist of mutual funds, common stock, preferred stock, money market funds and government bonds that are valued based on quoted prices in the active markets on which they are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 88,875,208	$ -	$ -	$ 88,875,208
Money market funds	4,543,093	-	-	4,543,093
Self-directed brokerage accounts	4,119,887	-	-	4,119,887
Total assets in the fair value hierarchy	$ 97,538,188	$ -	$ -	$ 97,538,188

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 74,400,317	$ -	$ -	$ 74,400,317
Money market funds	4,063,490	-	-	4,063,490
Self-directed brokerage accounts	2,073,348	-	-	2,073,348
Total assets in the fair value hierarchy	$ 80,537,155	$ -	$ -	$ 80,537,155

Transfers between levels: For the year ended December 31, 2025, there were no significant transfers in or out of Level 3.

Note 7. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by a company affiliated with Fidelity Management Trust Company, the trustee of the Plan. Any purchases and sales of these funds are performed in an open market at fair value. Certain fees paid by the Plan for investment management services are included as a reduction of the return earned on each investment fund. Transactions with the trustee qualify as party-in-interest transactions.

Note 8. Subsequent Event Plan Merger

The Plan Sponsor resolved to merge the Cambridge Investment Group, Inc. Profit Sharing Plan into the Plan effective January 1, 2026. As a result, participants' account balances totaling approximately $22,256,000 were transferred into legal control of the Plan on January 1, 2026. The merger does not impact participant benefits as the benefit provisions were incorporated into the Plan.
