The Plan Sponsor and Plan Administrator
Stahl Sheaffer Engineering, LLC 401(k) Profit Sharing Plan
State College, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Stahl Sheaffer Engineering, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year the ended, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 10, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of the Stahl Sheaffer Engineering, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Stahl Sheaffer Engineering, LLC and F2S Infrastructure, Inc., (collectively, referred to as Employer or Plan Sponsor), who have completed six months of service and are age twenty-one or older, with certain exclusions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Participants may contribute up to 75% of eligible compensation, as defined by the Plan. Annual salary deferrals (pre-tax and Roth) are limited to the maximum allowable amount under the Internal Revenue Code (IRC). Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate investment accounts and one guaranteed investment contract as investment options for participants.

The Plan Sponsor may make discretionary matching contributions. Effective January 1, 2022, the Plan Sponsor elected to make a safe harbor matching contribution equal to 100% of elective deferrals up to 3% of eligible compensation plus 50% of elective deferrals between 3% and 5% of eligible compensation.

The Plan Sponsor may also make discretionary profit-sharing contributions, which are allocated to eligible employees in accordance with certain Plan provisions. There were no profit-sharing contributions for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Continued…

(1) Description of Plan, Continued

Vesting

Participants are immediately vested in their own contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in profit sharing contributions and matching contributions prior to January 1, 2022, is based on years of continuous service as outlined in the table below. Participants are 100% vested in profit sharing contributions if they are employed on or after their normal retirement age, or on termination of employment due to death or disability.

Years of Service	Vested Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

Participants will become fully vested upon attainment of normal retirement age, death, or total and permanent disability regardless of the vesting schedule.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, and the combined maximum loans outstanding may not exceed the lesser of 50% of the participant's vested account balance or $50,000. Generally, the term of the loan may not exceed five years, unless the loan is for the purchase of the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging between 5.25% and 9.50%, which are set at 2% above the prime rate at the time of loan issuance, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability retirement or other reasons, a participant with an account balance in excess of $5,000 may elect to receive either a lump-sum amount equal to the value of his or her accounts, or in monthly installments based on various annuity options. A terminated participant with an account balance less than $5,000 will receive a lump-sum payment of the balance through either a rollover contribution to an IRA or direct cash out. Benefits are payable upon retirement at age 65, death, disability or termination of employment. The Plan allows for in-service distributions if a participant reaches 59 ½, qualified reservist withdrawals, and hardship distributions. The Plan also allows participants to withdrawal amounts representing rollover contributions. Balances under $1,000 will be paid as a lump sum distribution.

(1) Description of Plan, Continued

Forfeited Accounts

At December 31, 2025, there was no unallocated balance in non-vested accounts. At December 31, 2024, there was $276 in non-vested accounts. These accounts can be used to restore forfeitures, reduce the employer's contribution, or offset Plan expenses. For the year ended December 31, 2025, $2,516 of employer contributions were funded from forfeited accounts. For the year ended December 31, 2025, no plan expenses were funded from forfeited accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the qualified institutions. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

Continued…

(2) Summary of Significant Accounting Policies, Continued

Contributions

Contributions from plan participants and the safe harbor matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

(3) Financial Information Certified by Qualified Institutions

With the exception of self-directed brokerage accounts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from the information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, (Principal) and Principal Life Insurance Company (Principal Life), the qualified institutions.

The investment information for the Plan's self-directed brokerage accounts, as reported in the accompanying financial statements and the supplemental schedule, was not certified by the trustee of the Plan. The Plan's self-directed brokerage accounts primarily consist of cash and cash equivalents, common stock and mutual funds.

Continued…

(3) Financial Information Certified by Qualified Institutions, Continued

The Plan's self-directed brokerage account balances as of December 31, 2025 and 2024 were as follows:

	2025	2024
Cash and cash equivalents	$ 28,154	$ 25,908
Common stock	688,094	546,958
Mutual funds	1,982,093	1,593,816
	$ 2,698,341	$ 2,166,682

The Plan's investment income from the self-directed brokerage accounts for the year ended December 31, 2025 was as follows:

Dividend and interest income	$ 49,423
Net appreciation	392,706
Self-directed brokerage accounts Investment income	$ 442,129

(4) Fair Value Measurements

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Continued…

(4) Fair Value Measurements, Continued

- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies (RICs) held by the Plan are open end registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The RICs held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Common stock is valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds and cash equivalents are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end based on the market value of its underlying investments. Although the pooled separate accounts are not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market. The NAV is the basis for current transactions and can be redeemed at NAV as of the measurement date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,888,610	$ -	$ -	$ 7,888,610
Self-directed brokerage accounts	2,698,341			2,698,341
Total investments at fair value hierarchy	$ 10,586,951	$ -	$ -	10,586,951
Investments measured at net asset value				514,373
Total investments at fair value				$ 11,101,324

(4) Fair Value Measurements, Continued

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,755,841	$ -	$ -	$ 6,755,841
Self-directed brokerage accounts	2,166,682	-	-	2,166,682
Total investments at fair value hierarchy	$ 8,922,523	$ -	$ -	8,922,523
Investments measured at net asset value				436,390
Total investments at fair value				$ 9,358,913

Certain investments measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2025 and 2024.

The following table summarizes investments measured at fair value based on the NAV per share as practical expedient as of December 31, 2025 and 2024 respectively.

	December 31,		Unfunded	Redemption	Redemption Notice
Investment	2025	2024	Commitments	Frequency	Period
Mid Cap S&P 400 Index Fund	$ 320,996	$ 273,912	None	Daily	None
Small Cap S&P 600 Index Fund	193,377	162,478	None	Daily	None
	$ 514,373	$ 436,390			

(5) Guaranteed Investment Contract with Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with Principal Life totaling $1,463,693 and $1,231,252 at December 31, 2025 and 2024, respectively. Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. The interest rate is reviewed on a semi-annual basis for resetting.

Continued…

(5) Guaranteed Investment Contract with Insurance Company, Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan) or (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not have a defined maturity specified in the contract. The contract shall terminate on the date when no current deposit arrangements have been made between the Plan and Principal Trust and there are no guaranteed interest funds with a value greater than zero under this contract. Provisions relating to annuities in the course of payment will continue to govern payment of such annuities until the final payment under each such annuity is made.

(6) Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are pooled separate accounts and a guaranteed investment contract managed by Principal. Principal is also a qualifying institution and recordkeeper for the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Tax Status

The Plan used a volume submitter 401(k) profit sharing plan document sponsored by CCH Incorporated. CCH Incorporated has received a letter dated June 30, 2020, that the plan document was designed in accordance with the appliable sections of the IRS. The opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code (IRC) and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for the tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
