INDEPENDENT AUDITORS' REPORT

To the management of Latium USA Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Latium USA Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Latium USA Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Latium USA Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Latium USA Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Latium USA Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Latium USA Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) - December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

Background - The Latium USA Group 401(k) Plan (the "Plan") is a defined contribution plan as described in the Internal Revenue Code section 401(k), sponsored by Four Seasons Solar Products LLC (the "Company"). The Plan was adopted on January 31, 1980 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust Company is the trustee of the Plan. ADP Retirement Services ("ADP") is the third-party administrator of the Plan. Merrill Lynch provides investment advisory services to the Plan.

The Plan implemented certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), which was signed into law during December 2019. The SECURE Act raised the age for minimum distributions from 70 1/2 to 72 effective January 1, 2020. The SECURE 2.0 Act, which was signed into law during December 2022, raised the age for minimum distributions from 72 to 73 effective January 1, 2023, among othe provisions.

Written amendments to the Plan to reflect the operational changes in the SECURE Act, SECURE 2.0 Act, and CARES Act (Coronavirus Aid, Relief and Economic Security Act with certain provisions implemented in 2020) will be adopted in accordance with applicable law and IRS guidance.

Plan Amendments - Effective January 1, 2025, the Company elected to implement an auto-enrollment provision under which newly eligible employees are automatically enrolled ir the Plan at a pre-tax salary deferral contribution rate of 3 percent, unless they elect not to participate in the Plan.

The Plan was amended to include as participating employers Four Seasons Marketing (effective November 3, 2023), Kennedy Property Investments (effective February 1, 2024), Alumawood Outdoor Living LLC (effective April 1, 2024), and SoCal Metal Painting LLC (effective April 1, 2024).

1. PLAN DESCRIPTION (continued)

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Eligibility - The Plan is available to employees of the Company and affiliated participating employers Latium USA Trading LLC (d.b.a., Four Seasons Building Products, Alumaline Distribution, C-Thru, and Superior Mason Products), Latium Enterprises Inc., Four Seasons Marketing LLC, Kennedy Property Investments LLC, Alumawood Outdoor Living LLC, and SoCal Metal Painting LLC, excluding those who are represented by a bargaining unit for collective bargaining purposes, leased employees, and part-time employees whose regularly scheduled service aggregates less than 1,000 hours in a calendar year, who have attained age 21 and completed three months of service. An eligible employee may elect participation in th Plan as of the first day of the following month.

Contributions and Vesting - Participants in the Plan may make pre-tax salary deferral contributions, subject to section 401(k) maximum limitations ($23,500 in 2025). Employees who attain age 50 are permitted to make catch-up contributions of up to $7,500 in 2025. This limit is increased for individuals who turned 60 through 63 in 2025 to $11,250.

An eligible employee may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as rollover contributions, with certain restrictions.

The Plan provides for employer matching contributions, which are equal to 100 percent of pre-tax 401(k) deferral contributions of up to 2 percent of eligible compensation.

Participants are fully and immediately vested with respect to their elective deferral contributions and earnings thereon. Vesting in employer contributions and the earnings thereon occurs at the rate of 50 percent after one year of service and 100 percent after two years of service. Employees of Latium USA Trading LLC (including former employees of Metals Building Products and Superior Mason Products), Four Seasons Marketing, Kennedy Property Investments, Alumawood Outdoor Living LLC, and SoCal Metal Painting LLC have been granted prior service credit for eligibility and vesting purposes. In addition, participants become fully vested in employer contributions upon attainment of normal retirement age (age 65), total disability, as defined in the Plan, death, or the termination of the Plan.

1. PLAN DESCRIPTION (continued)

Forfeitures – When participants terminate employment prior to full vesting, the nonvested amounts in their individual accounts, referred to as forfeitures, may be used to reduce future employer contributions or to pay Plan expenses. During the year ended December 31, 2025, forfeitures were used to reduce employer contributions in the amount of $9,868. Unallocated forfeitures as of December 31, 2025 amounted to approximately $26,500.

Distributions to Participants - Distributions to participants are available upon the following events: retirement, attainment of age 59 1/2, termination of employment, disability, or death. Payment shall be made as soon as administratively feasible following the date on which the event occurs provided that the participant's consent is obtained for distributions of amounts in excess of $7,000. Distributions can be made in the form of lump sum payments or rollovers to qualified plans. Participants with vested balances in excess of $7,000 can also elect to receive installment payments or partial withdrawals, as defined in the Plan, and may elect to defer payment until April 1 following the calendar year in which the participant attains age 73 or terminates employment, whichever is later. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan agreement.

Upon enrollment in the Plan, participants are directed to designate a beneficiary or beneficiaries by completing a designation form. If a married participant designates someone other than their spouse as primary beneficiary, then the spouse must consent to this designation by signing the form and his/her signature must be witnessed by a Plan representative or a notary public. A participant's entire account balance is payable to the designated beneficiary upon his/her death.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, which is determined by the Plan administrator based on the prime rate plus one percent, remains fixed for the duration of the loan. The interest rate ranged from 4.25 to 9.5 percent per annum on loans outstanding during the year ended December 31, 2025. Principal and interest is paid ratably through various semi-monthly payroll deductions over periods of 1 to 5 years, or up to 10 years for purposes of using loan proceeds in the purchase of a primary residence.

1. PLAN DESCRIPTION (continued)

Administrative Expenses and Other Income - A substantial portion of administrative expenses incurred in connection with the management of the Plan are paid by the Company. In accordance with Plan provisions, the Company may, at any time, elect to have some or all of such expenses paid by the Plan.

An ERISA budget account accumulates available revenue credits on certain plan investments, which are used to pay a portion of plan administrative expenses.

Administrative expenses in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025 consist of the following:

ADP plan administration fees paid from the ERISA budget account	$	(30,554)
Loan issuance and distribution fees paid from participant accounts		(3,545)
Total administrative expenses	$	(34,099)

Other income in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025 consist of the following:

Revenue credits deposited to the ERISA budget account	$	30,951
Stale checks credited back and other		2,682
Total other income	$	33,633

Termination - The Company intends to continue the Plan indefinitely, but reserves the right to modify or discontinue it at its discretion, subject to applicable provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan's policy is to prepare financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for defined contribution plans.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties - The Plan provides for various participant-directed investment options in securities including mutual funds and a collective investment trust fund. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. As a result of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants prior to March 15th of the subsequent year.

Subsequent Events - The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued (see Note 8).

3. INCOME TAX STATUS

In October 2020, the Internal Revenue Service stated in an opinion letter that the prototype plan adopted by the Plan administrator was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, however, the Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, they believe that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that would likely not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods.

4. INVESTMENTS CERTIFIED BY TRUSTEE

Notes receivable from participants	$ 450,426	$ 414,246

The following information included in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025 was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, as trustee:

	Year Ended December 31, 2025
Investment income:	
Interest and dividend income on mutual funds	$ 919,583
Net investment income on collective investment trust fund	$ 42,916
Net appreciation in fair value of mutual funds	$ 1,066,637
Interest income on notes receivable from participants	$ 39,736

4. INVESTMENTS CERTIFIED BY TRUSTEE (continued)

Investments in mutual funds - The participant-directed mutual funds offer various investment options ranging from conservative funds which principally seek to preserve capital and provide fixed income to aggressive funds invested principally in common stocks, which seek growth of capital over the long term. The mutual funds also include JPMorgan Retirement Funds with varied target retirement dates. See Note 5 for a description of mutual funds stated at fair value.

Investment in collective investment trust fund - The Putnam Stable Value Fund Class 50 has underlying investments, which include guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions, and short-term investments. The trustee of this fund provides annual audited financial statements which describe the nature of the underlying investments and how they are valued.

See Note 5 for a description of the measurement of the collective investment trust fund stated at fair value.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

* quoted prices for similar assets or liabilities in active markets;

* quoted prices for identical or similar assets or liabilities in inactive markets;

* inputs other than quoted prices that are observable for the asset or liability;

* inputs that are derived principally from or corroborated by observable market data by correlation or other means.

5. FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds - Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust fund - The Putnam Stable Value Fund is valued at the net asset value of the units of the collective investment trust. The net asset value is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the Putnam Stable Value Fund held by the Plan, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. FAIR VALUE MEASUREMENTS (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,357,758	$ -	$ -	$ 16,357,758
