REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Pension Committee, Plan Administrator and Plan Participants
Report on each Major League Baseball Pension Plan for Non-Uniformed Personnel (Adopted by Certain Major League Baseball Clubs)

Opinion on each Major League Baseball Pension Plan for Non-Uniformed Personnel (Adopted by Certain Major League Baseball Clubs)
We have audited each of the financial statements of the Major League Baseball Pension Plan for Non-Uniformed Personnel (Adopted by Certain Major League Baseball Clubs) (the "Plans"), as listed in Note 1 of the financial statements, employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements of each of the Plans present fairly, in all material respects, the net assets available for benefits of each plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for each plan for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion on each plan
We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on each plan.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about each plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

For each plan, management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion for each plan. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about each plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of each of the audits, significant audit findings, and certain internal control-related matters that we identified during each audit.

Supplemental schedules required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) of the Major League Baseball Group Pension Trust (the "Group Trust") as of December 31, 2025 and the schedule of reportable transactions of the Group Trust for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required

by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements of each plan and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements of each plan as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN FOR NON-UNIFORMED PERSONNEL

The Major League Baseball Pension Plan for Non-Uniformed Personnel (the NUPP) is a noncontributory defined benefit plan that was established, effective January 1, 1981, to provide retirement and death benefits to eligible employees of the participating Major League Baseball Clubs (Participating Employers or Plan Sponsors). Adoption of the NUPP by a Participating Employer creates a separate single-employer plan (Participating Plan) covering only eligible employees of the Participating Employer. As of December 31, 2025 and 2024, 24 separate single-employer plans (collectively referred to as the Participating Retirement Plans, or Plans, and individually as the Plan) had been created:

Major League Baseball Pension Plan for Non-Uniformed Personnel:

- Athletics Investment Group, LLC
- AZPB Limited Partnership
- Baltimore Orioles, LP
- Braves Holdings LLC
- Chicago White Sox, Ltd.
- The Cincinnati Reds, LLC
- Cleveland Guardians Baseball Company, LLC
- Detroit Tigers, Inc.
- Kansas City Royals Baseball Club, LLC
- Los Angeles Dodgers LLC
- Marlins Teamco LLC
- New York Yankees Partnership
- Padres, L.P.
- The Phillies
- Pittsburgh Associates
- Rangers Baseball, LLC
- San Francisco Baseball Associates LLC
- QB JV Holdings, LLC
- St. Louis Cardinals, L.L.C.
- Rays Baseball Club, LLC (formerly Tampa Bay Rays Baseball, Ltd.)
- Washington Nationals Baseball Club, LLC

Excluded Participating Plans

The Baseball Club of Seattle, LLLP, The Boston Red Sox Baseball Club Limited Partnership, and Colorado Rockies Baseball Club, Ltd. are not included in the list above. On September 6, 2024, September 22, 2025, and July 31, 2025, respectively, these Plans received determination letters from the Internal Revenue Service (IRS), satisfying the final contingent condition necessary for liquidation to be considered imminent under accounting principles generally accepted in the United States (U.S. GAAP). Accordingly, these Participating Plans adopted the liquidation basis of accounting effective September 6, 2024, September 22, 2025, and July 31, 2025, respectively. The financial statements of these Participating Plans are presented in separate reports.

Plan Provisions

The Internal Revenue Code (the Code) Section 415(b) maximum benefit limit was $280,000 for 2025 and $275,000 for 2024. The Participating Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The NUPP is presently administered by a nine-member Pension Committee consisting of the Senior Vice President/Controller, Chief Financial Officer, and Senior Vice President/Chief Employment Counsel of the Office of the Commissioner of Baseball ("BOC"), together with six additional individuals appointed by a majority vote of the Participating Employers.

The investments of the Participating Plans are held by U.S. Bank (the Trustee) in the Major League Baseball Group Pension Trust (the Group Trust) (see Note 3).

The Plan Sponsors have agreed to voluntarily contribute such amounts as are necessary to meet the benefits expected to be paid to participants. The contributions by the Participating Employers are not to be used to pay benefits to participants employed by any other Participating Employer. Such contributions are made in amounts sufficient to meet the minimum funding requirements set forth in ERISA, plus such additional amounts as may be determined to be appropriate from time to time. Such minimum funding requirements have been met for 2025 and 2024.

Eligible employees participate in the applicable Participating Plan after they have attained age 21 and completed at least 1,000 hours of service. Benefits under the Participating Plans fully vest upon completion of five years of vesting service, which includes cumulative years of service prior to the establishment of the applicable Plan. If a participating employee earned a benefit, he or she may receive the benefit from that Club in the form of a lump-sum payment if the present value of the benefit is less than $5,000, provided they are not employed in baseball. If the present value of the benefit exceeds $5,000, he or she will have to wait until retirement age to collect a monthly benefit. The Participating Plans do not provide benefits for services rendered by participants prior to the adoption of the NUPP by the Plan Sponsor unless specified in the Plan Document.

Should one or more of the Participating Plans terminate by action of the Plan Sponsor at some future time, their net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of these benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

Plan Amendments

Effective October 6, 2023, the Pension Committee amended the NUPP to allow Participating Employers to adopt a limited-time lump-sum distribution window provision at their discretion.

Effective January 1, 2025, the Plan was amended to freeze benefit accruals and participation for employees of QB JV Holdings, LLC. Vesting service continues to be credited for purposes of benefit entitlement and early retirement eligibility.

Additional information about the Participating Plans, including the vesting and benefit provisions and the PBGC's benefit guarantee, is available through the BOC or the Plan Sponsor and related Plan documents.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies in accordance with U.S. GAAP followed in the preparation of the financial statements.

Basis of Accounting

The Participating Plans' financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plans' management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the respective Participating Plans' provisions to services rendered by the employees through the valuation date (January 1 of each year).

Monthly benefits are determined by a formula provided for in the respective Plan document. Such monthly benefits are limited under IRS guidelines in 2025 and 2024 to the lesser of $23,333 and $22,917 for 2025 and 2024, respectively, or the employees' highest average monthly compensation for three consecutive years that the participant is employed by the Participating Employers. Benefits currently payable are included in accumulated plan benefits to the extent they are deemed attributable to employee service rendered at the valuation date.

Investments and Valuation

The Plans participate in the Group Trust, as further described in Note 3.

Investments held by the Group Trust are stated at fair value. Fair value is defined as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date. Net investment gains and losses include gains and losses on investments bought and sold as well as held during the year.

The Pension Committee is responsible for determining the Group Trust's valuation policies and analyzing information provided by the investment managers and issuers, which is used to determine the fair value of the Group Trust's investments.

Benefit Payments

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

The Plans participate in a Rev. Rule 81-100 Group Trust. Each Participating Plan in the Group Trust owns a percentage of the underlying assets of the Group Trust and not the individual assets themselves. The assets of the Group Trust are comprised of investments in equity mutual funds, U.S. Government obligations, corporate bonds and notes, hedge funds, and cash and cash equivalents.

The assets of Participating Plans are not guaranteed as to principal or income. Investment income and all gains and losses, whether or not realized, are recognized on the accrual basis.

With respect to investments in the Group Trust, on a quarterly basis, each Participating Plans' net assets are remeasured. This is done by first adjusting the Participating Plans' beginning balance for employer-specific items, such as contributions, benefit payments, withdrawals, and any specific expenses incurred. Investment income and loss, investment fees and expenses, and realized and unrealized gains or losses on investments are then allocated to each Participating Plan based on the percentage of its fair value to the combined fair value of all Participating Plans in the Group Trust. As of December 31, 2025 and 2024, the Participating Plans owned the following portions of the total fair value of the underlying investments comprising the Group Trust:

	Participating Plans' Ownership % in Group Trust

During the years ended December 31, 2025 and 2024, the investments in the Group Trust, including investments bought, sold, and held during the applicable period, appreciated in fair value by $188,061,952 and $49,716,805, respectively. Interest and dividends reported by the Group Trust were $78,701,523 and $72,626,951 for the years ended December 31, 2025 and 2024, respectively. The Plan's allocable shares of these amounts are reported in the net investment income (loss) from the Group Trust in the statements of changes in net assets available for benefits.

Each Participating Plan within the Group Trust has the option to adopt a customized strategy (Conservative, Moderate, Growth, or Moderate Growth) managed by the Trustee or at the option of the respective Participating Employer, to adopt a non-standard custom investment allocation. Investment managers exercise discretionary authority, subject to certain limitations, for the purchase, sale, and management of the investments of the Group Trust that have been allocated to them for such purposes. Provisions relating to this discretionary authority and a representation by each of the investment managers that it is duly registered with the Securities and Exchange Commission (SEC) pursuant to the Investment Advisers Act of 1940, as amended, are contained within respective agreements entered into with each investment manager.

NOTE 4 - FAIR VALUE MEASUREMENTS

To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals); and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for investments measured at fair value pursuant to the fair value hierarchy.

Cash and cash equivalents include highly liquid investments with original maturities of 90 days or less, which is indicative of Level 1.

Mutual funds are valued at the daily closing price in an active market based on their daily net asset value (NAV). Mutual funds are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price, which indicate Level 1 securities.

Government and corporate obligations are valued using market-based models, which consider yield, price of comparable securities, coupon rate, maturity, credit quality and dealer-provided prices. Fixed income securities, other than U.S. Treasury securities, generally do not trade on a daily basis. The fair value estimates of such fixed income securities are based on observable market information rather than market quotes as of the measurement date. Accordingly, the estimates of fair value for such fixed income securities, as provided by the pricing service, are included in Level 2 of the hierarchy. U.S. Treasuries are generally included in Level 1 of the hierarchy when values are based on unadjusted market prices as of the measurement date.

Hedge funds are valued at the NAV per unit based on the fair value of the underlying investments. The underlying investments are primarily in publicly traded securities, which are valued at the closing price reported on the active market on which the individual securities are traded. In addition, these funds may have underlying investments in non-publicly traded securities for which quoted prices are not readily available. Such securities are valued by the investment management firm at an amount that approximates fair value, which is generally based on the verifiable fair value of similar securities at the valuation date. Plan management uses NAV as a practical expedient for measuring fair value; therefore, these investments do not require classification.

The methods described above may produce a fair value calculation that may not indicate net realizable value or reflect future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Group Trust's assets carried at fair value as of December 31, 2025:

Fair Value of Investments Valued Using NAV as a Practical Expedient

The following tables summarize investments measured at NAV per share:

December 31, 2025				
Investment Class	Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Hedge funds [(a)]	$ 263,395,902	$ -	Monthly - Annually	30 - 180 days

December 31, 2024				
Investment Class	Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Hedge funds [(a)]	$ 230,975,379	$ -	Monthly - Annually	30 - 180 days

[(a)] These funds are oriented as a multi-strategy fund of funds, along with another group of investments managed by various different investment managers. These other managers specialize in various markets, the majority of which are either in the distressed asset category or long and short positions in global equities and equity-like securities.

A Participating Plan's right to redeem its hedge fund investments varies according to the contractual agreements with each of the individual hedge fund management firms. Some of the hedge funds do not permit redemption for an initial period of time following an investment in the fund, which, for the Group Trust's hedge fund investments, range between six months and three years. Additionally, the Group Trust's hedge fund investment managers may limit the portion of an investment that can be redeemed at any one time, either by an individual investor or in the aggregate by all of the investors in the hedge fund. These limits vary and limit the portion of an investment that may be redeemed at any one time or restrict both the portion and term of such redemptions.

NOTE 5 - ACCUMULATED PLAN BENEFITS

The accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Participating Plans' provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Participating Plans are accumulated based on participants' years of credited service. The Participating Plans provide for the accumulation of benefits for services rendered by participants from the later of their respective dates of hire or the date their employer adopted the NUPP. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered by the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The Participant Plans' actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2024 is as follows:

NOTE 6 - ACTUARIAL ASSUMPTIONS

The more significant assumptions used by the actuary of the Participating Plans to, among other things, calculate accumulated plan benefits and determine funding levels at December 31, 2024, are as follows:

Actuarial method - plan funding	Unit credit cost method
Mortality	Pri-2012 base tables, projected with MP-2021 full generational improvement scale (Pri-2012, projected with MP-2021 full generational improvement scale in prior year)
Average retirement age	Age 61

The discount rate for accumulated plan benefits for each Plan was as follows:

Plan	Discount Rate
Padres, L.P., St. Louis Cardinals, L.L.C., Pittsburgh Associates, Athletics Investment Group LLC, Marlins Teamco LLC, Kansas City Royals Baseball Club, LLC, The Cincinnati Reds, LLC, Chicago White Sox, Ltd., AZBP Limited Partnership	5.70% (5.15% in prior year)
Braves Holdings LLC, The Phillies, San Francisco Baseball Associates LLC and Cleveland Guardians Baseball Company, LLC	5.75% (5.20% in prior year)
Detroit Tigers, Inc.	5.65% (5.10% in prior year)
QB JV Holdings, LLC	5.75% (5.25% in prior year)
Los Angeles Dodgers LLC and Washington Nationals Baseball Club, LLC	5.85% (5.30% in prior year)
New York Yankees Partnership	5.85% (5.25% in prior year)
Rangers Baseball, LLC and Rays Baseball Club, LLC	5.80% (5.25% in prior year)
Baltimore Orioles, LP	5.65% (5.15% in prior year)

These actuarial assumptions are based on the presumption that the Plans will continue. Were the Plans to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 7 - INCOME TAX STATUS

The Participating Plans have received determination letters from the IRS stating that the Participating Plans are qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Participating Plans are required to operate in conformity with the Code to maintain their qualification. The Participating Plans have been amended since issuance of the determination letters. However, the Plan Administrator believes the Participating Plans are being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Participating Plans, as amended, are qualified and the related trust is exempt from taxation.

U.S. GAAP requires the Participating Plans' management to evaluate tax positions taken by the Participating Plans and recognize a tax liability if the Participant Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Participating Plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - ADMINISTRATIVE EXPENSES

Certain actuarial, auditing fees, PBGC premiums, legal and administrative expenses are paid by the Participating Plan's respective Plan assets in the Group Trust. Certain other administrative expenses are paid by the applicable Plan Sponsors directly.

NOTE 9 - RISKS AND UNCERTAINTIES

Through the Group Trust, the Participating Plans invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and to uncertainties in estimates and assumptions, it is at least reasonably possible that changes in the values of such investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTE 10 - PARTY-IN-INTEREST TRANSACTIONS

The Group Trust invests in certain securities managed by the Trustee and the investment manager, SEI Investments Company, and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 11 - SUBSEQUENT EVENTS

Management evaluated subsequent events for the Participating Plans through October 8, 2026, the date the financial statements were available to be issued.

On April 2, 2026, the Plan adopted an amendment applicable to Chicago White Sox, Ltd. that limits future participation in the Plan and provides for the freezing of benefit accruals for certain participants. Effective April 1, 2026, employees hired, rehired, or transferred by Chicago White Sox, Ltd. are no longer eligible to participate in the Plan. Eligible participants may elect to freeze participation and future benefit accruals effective July 1, 2026, and benefit accruals for all remaining participants are scheduled to cease effective January 1, 2032. Management is currently evaluating the future impact of this amendment to the Plan.

No other material events were identified requiring disclosure.

Statement of Actuarial Assumptions/Methods

Economic Assumptions

Interest rate basis:

- Applicable month: September, 2025
- Interest rate basis: 3-Segment Rates from Fourth Month Preceding Valuation Date

Interest rates:

	Reflecting Stabilization	Not Reflecting Stabilization
First segment rate	5.07%	5.07%
Second segment rate	5.31%	5.33%
Third segment rate	5.50%	5.36%
Effective interest rate	5.40%	5.34%

Annual rates of increase

- Compensation: N/A
- Statutory limits on benefits: 3.00%

Plan-related expenses: Expense load of $560,000 is equal to $100,000 for non-PBGC related administrative expenses plus estimated PBGC premiums for the current for the current plan year.

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

SCHEDULE SB ATTACHMENTS

Demographic and Other Assumptions

Inclusion date

The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees

It was assumed there will be no new or rehired employees.

Mortality

Separate rates for non-annuitants and annuitants based on Pri-2012 "Employees" and "Healthy Annuitants" (participants and beneficiaries combined) tables, respectively, without collar or amount adjustments and then projected forward with a generational projection as specified in the regulations under §1.430(h)(3)-1 using the IRS adjusted Scale MP-2021 (i.e., MP-2021 with no mortality improvement for 2020-2023 and future mortality improvement capped at 0.78% for years after 2024).

Termination

Rates varying by service

Percentage leaving during the year	
Years of Club Service	Rate
Less than 2	25%
2	20%
3-4	18%
5-6	16%
7-8	15%
9	14%
10-14	13%
15-19	12%
20+	10%

Disability

None assumed

SCHEDULE SB ATTACHMENTS

Retirement

Rates varying by age, average age 61

For purposes of determining the Funding Target and Target Normal Cost (both disregarding at-risk assumptions), the rates at which participants retire by age are shown below.

Percentage retiring during the year			
Age	Rate	Age	Rate
55	10%	63	12%
56	10%	64	15%
57	10%	65	30%
58	12%	66	25%
59	12%	67	25%
60	12%	68	25%
61	12%	69	25%
62	12%	70	100%

Benefit commencement date:

- Preretirement death benefit: The later of the death of the active participant or the date the participant would have attained age 55
- Deferred vested benefit: Age 65
- Retirement benefit: Upon termination of employment

Form of payment: 100% assumed to elect a life annuity

Percent married: 80% (for purpose of valuing pre-retirement death benefits)

Spouse age: Females three years younger than males

Covered pay: N/A

At-risk assumptions: Not applicable for current plan year.

Timing of benefit payments: Annuity payments are payable monthly at the beginning of the month.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Decrement timing	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

SCHEDULE SB ATTACHMENTS

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Major League Baseball and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits (with a present value up to $7,000) in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

The plan sponsor, through both its third party administrator and its trustee, furnished participant data as of 1/1/2025. Information on assets and contributions was supplied by the trustee. Information on plan provisions was provided by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available. In consultation with Major League Baseball, the following assumptions were made:

- Estimated accrued benefits were used for certain terminated vested participants or active participants in frozen plans for whom final accrued benefits had not been completed.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Description of Weighted Average Retirement Age
as of January 1, 2025

See Schedule SB, Part V - Statement of Actuarial Assumptions/Methods for retirement rates. The average retirement age for Line 22 was calculated by determining the average age at retirement for those current active participants expected to reach retirement, based on all current decrements assumed.

- Interest rate basis: 3-Segment Rates from Fourth Month Preceding Valuation Date

Interest rates:

	Reflecting Stabilization	Not Reflecting Stabilization
First segment rate	5.07%	5.07%
Second segment rate	5.31%	5.33%
Third segment rate	5.50%	5.36%
Effective interest rate	5.40%	5.34%

Annual rates of increase

- Compensation: N/A
- Statutory limits on benefits: 3.00%

Plan-related expenses: Expense load of $560,000 is equal to $100,000 for non-PBGC related administrative expenses plus estimated PBGC premiums for the current for the current plan year.

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Decrement timing	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Major League Baseball and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits (with a present value up to $7,000) in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.

Information on plan provisions was provided by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available. In consultation with Major League Baseball, the following assumptions were made:

- Estimated accrued benefits were used for certain terminated vested participants or active participants in frozen plans for whom final accrued benefits had not been completed.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Schedule SB, Part V
Summary of Plan Provisions

Plan Provisions

Effective date	January 1, 2003. The plan was restated effective January 1, 2020 and the most recent amendment reflected in the following plan provisions was effective in December 2023.
Covered employees	Any person employed by a participating Major League Baseball Club (excluding any person who is an active participant in the Major League Baseball Players Benefit Plan, a member of a collective bargaining unit not participating, a person compensated on a per-day or per-game basis, employed full-time in Canada, a self-employed partner, proprietor or shareholder-employee, or a member of a group designated not eligible for participation), and who has attained age 21 and completed one year of eligibility service. Effective January 1, 2008, all active minor league employees are covered under the Minor League Players Pension Plan. Effective December 1, 2010, all inactive minor league participants are covered under the Minor League Players Pension Plan. Front Office staff (i.e., all non-baseball operations employees) hired on or after July 1, 2015 are not considered Covered Employees.
Participation date	Date of becoming a covered employee. Front Office staff (i.e., all non-baseball operations employees) hired on or after July 1, 2015 are not eligible to participate in the plan. Participation in the plan was frozen to all employees effective December 31, 2020.

Definitions

Eligibility service	The 12-consecutive month period, starting at date of employment, in which an employee earns six months of baseball service.
Baseball service	Employment in baseball with any Major League Baseball Club, as designated by the Pension Committee.
Vesting service	One year of vesting service is granted for each calendar year that a participant earns six months of baseball service.

SCHEDULE SB ATTACHMENTS

Pension service

Years and months of service as a covered employee (not before January 1, 1989 for Minor League Players).

During 2020, the plan sponsor elected to include imputed hours of service for the 2020 plan year, in accordance with written procedures to be established by the Plan Administrator, for any participant who was fully or partially furloughed, placed on a leave of absence without pay, or otherwise had his or her compensation reduced due to changes to the 2020 championship season resulting from the coronavirus pandemic.

Pension service was frozen for all participants effective December 31, 2020.

Pensionable pay

W-2 earnings, including any cafeteria plan deferrals, dependent care assistance deferrals, and any other employee deferrals to a qualified retirement plan, but excluding any reimbursements, fringe benefits, moving expenses, deferred compensation, welfare benefits, signing bonuses, severance, IRC Section 132 deductions taken pursuant to the Transportation Equity Act, and any earnings earned as a non-resident alien (assuming the employee earned no income in the US). Playoff and World Series shares are excluded from pensionable pay. Clubhouse tips are excluded from pensionable pay.

During 2020, the plan sponsor elected to include imputed earnings for the 2020 plan year, in accordance with written procedures to be established by the Plan Administrator, for any participant who was fully or partially furloughed, placed on a leave of absence without pay, or otherwise had his or her compensation reduced due to changes to the 2020 championship season resulting from the coronavirus pandemic.

No earnings after December 31, 2020 shall be considered for participants.

SCHEDULE SB ATTACHMENTS

Average earnings

The greater of 1) or 2):

1) The average of an employee's highest five consecutive plan years of annual earnings, during the ten-year period which ends on the earlier of the participant's termination date or retirement date.

   If the employee does not have five consecutive plan years of annual earnings, the average earnings will be determined by using the greatest number of consecutive plan years in which the employee accrued pension service.

2) The average of an employee's last five plan years of annual earnings (which would not necessarily be the highest 5 plan years), whether or not consecutive, during the ten-year period which ends on the earlier of the participant's termination date or retirement date.

   In plan years where a participant completed a partial year of pension service, the annual earnings will be prorated by the number of completed months of pension service. This is applicable for both 1) and 2) above.

Normal retirement date (NRD)

First of month coinciding with or next following the attainment of age 65. If a participant has attained age 45 and 5 years of service as of January 1, 2004, normal retirement date is the first of the month coinciding with or next following the attainment of age 62.

Pension benefit

2% of average earnings for each year of pension service up to 30 years. (Not less than the minimum pension benefit).

Preretirement death benefit

If not eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. If eligible for early or normal retirement, 100% of the pension benefit as of the date of death reduced for the 100% joint and survivor election and reduced for early commencement of payment.

Minimum pension benefit

The benefit accrued through December 31, 2003, in accordance with prior plan provisions.

SCHEDULE SB ATTACHMENTS

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse.

Benefits Paid Upon the Following Events

Normal retirement	Pension benefit determined as of NRD.
Early retirement	Pension benefit determined as of early retirement date, reduced 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD.
Postponed retirement	Pension benefit determined as of actual retirement date. For terminated vested participants, benefits are increased from age 65 to the retirement date using an interest rate of 6% and GAR-94 Mortality (unisex). For active participants with frozen benefits, benefits are increased from age 65 (or the date benefits were frozen, if later) to the retirement date using an interest rate of 6% and GAR-94 Mortality (unisex)..
Termination with deferred vested benefit	Pension benefit determined as of termination date, payable at NRD. A participant who terminates with 10 or more years of vesting service, may elect to retire as early as age 55 (reduction is 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD).
Death with preretirement benefits	Preretirement death benefit is payable to a spouse.

SCHEDULE SB ATTACHMENTS

Other Plan Provisions

Forms of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan.

Optional forms are a 50%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity. The normal form of payment is converted to an optional form using an interest rate of 6% and GAR-94 Mortality (unisex).

Prior plan participants can also elect 50% or 100% joint and survivor annuity with a ten-year certain period (converted using the same actuarial basis as described above) or, for the benefit accrued as of July 1, 1986, a lump sum benefit. The lump sum benefit is determined by using the largest annuity factor calculated under the following bases:

- Average of PBGC rates (rounded to the nearest 0.25%) for the 36-month period ending on the last day of the Plan Year immediately preceding the Plan Year in which the payment is made, and the 1971 TPF&C Forecast Mortality Table for males set back 1 year
- Average of yields on 30-year Treasury securities for the month of November of the Plan Year immediately preceding the Plan Year in which the payment is made, and the applicable IRS 417(e) Unisex Mortality Table
- 6% interest and the 1994 GAR Unisex Mortality Table
- Applicable 24-month average segment rates for the month of November of the Plan Year immediately preceding the Plan Year in which the payment is made and applicable Unisex Mortality Table, both as defined in IRS 417(e)

Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Schedule SB, Part V
Summary of Plan Provisions

Plan Provisions

Effective date	January 1, 2003. The plan was restated effective January 1, 2020 and the most recent amendment reflected in the following plan provisions was effective in December 2023.
Covered employees	Any person employed by a participating Major League Baseball Club (excluding any person who is an active participant in the Major League Baseball Players Benefit Plan, a member of a collective bargaining unit not participating, a person compensated on a per-day or per-game basis, employed full-time in Canada, a self-employed partner, proprietor or shareholder-employee, or a member of a group designated not eligible for participation), and who has attained age 21 and completed one year of eligibility service. Effective January 1, 2008, all active minor league employees are covered under the Minor League Players Pension Plan. Effective December 1, 2010, all inactive minor league participants are covered under the Minor League Players Pension Plan. Front Office staff (i.e., all non-baseball operations employees) hired on or after July 1, 2015 are not considered Covered Employees.
Participation date	Date of becoming a covered employee. Front Office staff (i.e., all non-baseball operations employees) hired on or after July 1, 2015 are not eligible to participate in the plan. Participation in the plan was frozen to all employees effective December 31, 2020.

Definitions

Eligibility service	The 12-consecutive month period, starting at date of employment, in which an employee earns six months of baseball service.
Baseball service	Employment in baseball with any Major League Baseball Club, as designated by the Pension Committee.
Vesting service	One year of vesting service is granted for each calendar year that a participant earns six months of baseball service.

SCHEDULE SB ATTACHMENTS

Pension service

Years and months of service as a covered employee (not before January 1, 1989 for Minor League Players).

During 2020, the plan sponsor elected to include imputed hours of service for the 2020 plan year, in accordance with written procedures to be established by the Plan Administrator, for any participant who was fully or partially furloughed, placed on a leave of absence without pay, or otherwise had his or her compensation reduced due to changes to the 2020 championship season resulting from the coronavirus pandemic.

Pension service was frozen for all participants effective December 31, 2020.

Pensionable pay

W-2 earnings, including any cafeteria plan deferrals, dependent care assistance deferrals, and any other employee deferrals to a qualified retirement plan, but excluding any reimbursements, fringe benefits, moving expenses, deferred compensation, welfare benefits, signing bonuses, severance, IRC Section 132 deductions taken pursuant to the Transportation Equity Act, and any earnings earned as a non-resident alien (assuming the employee earned no income in the US). Playoff and World Series shares are excluded from pensionable pay. Clubhouse tips are excluded from pensionable pay.

During 2020, the plan sponsor elected to include imputed earnings for the 2020 plan year, in accordance with written procedures to be established by the Plan Administrator, for any participant who was fully or partially furloughed, placed on a leave of absence without pay, or otherwise had his or her compensation reduced due to changes to the 2020 championship season resulting from the coronavirus pandemic.

No earnings after December 31, 2020 shall be considered for participants.

SCHEDULE SB ATTACHMENTS

Average earnings

The greater of 1) or 2):

1) The average of an employee's highest five consecutive plan years of annual earnings, during the ten-year period which ends on the earlier of the participant's termination date or retirement date.

   If the employee does not have five consecutive plan years of annual earnings, the average earnings will be determined by using the greatest number of consecutive plan years in which the employee accrued pension service.

2) The average of an employee's last five plan years of annual earnings (which would not necessarily be the highest 5 plan years), whether or not consecutive, during the ten-year period which ends on the earlier of the participant's termination date or retirement date.

   In plan years where a participant completed a partial year of pension service, the annual earnings will be prorated by the number of completed months of pension service. This is applicable for both 1) and 2) above.

Normal retirement date (NRD)

First of month coinciding with or next following the attainment of age 65. If a participant has attained age 45 and 5 years of service as of January 1, 2004, normal retirement date is the first of the month coinciding with or next following the attainment of age 62.

Pension benefit

2% of average earnings for each year of pension service up to 30 years. (Not less than the minimum pension benefit).

Preretirement death benefit

If not eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. If eligible for early or normal retirement, 100% of the pension benefit as of the date of death reduced for the 100% joint and survivor election and reduced for early commencement of payment.

Minimum pension benefit

The benefit accrued through December 31, 2003, in accordance with prior plan provisions.

SCHEDULE SB ATTACHMENTS

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse.

Benefits Paid Upon the Following Events

Normal retirement	Pension benefit determined as of NRD.
Early retirement	Pension benefit determined as of early retirement date, reduced 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD.
Postponed retirement	Pension benefit determined as of actual retirement date. For terminated vested participants, benefits are increased from age 65 to the retirement date using an interest rate of 6% and GAR-94 Mortality (unisex). For active participants with frozen benefits, benefits are increased from age 65 (or the date benefits were frozen, if later) to the retirement date using an interest rate of 6% and GAR-94 Mortality (unisex)..
Termination with deferred vested benefit	Pension benefit determined as of termination date, payable at NRD. A participant who terminates with 10 or more years of vesting service, may elect to retire as early as age 55 (reduction is 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD).
Death with preretirement benefits	Preretirement death benefit is payable to a spouse.

Other Plan Provisions

Forms of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan.

Optional forms are a 50%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity. The normal form of payment is converted to an optional form using an interest rate of 6% and GAR-94 Mortality (unisex).

Prior plan participants can also elect 50% or 100% joint and survivor annuity with a ten-year certain period (converted using the same actuarial basis as described above) or, for the benefit accrued as of July 1, 1986, a lump sum benefit. The lump sum benefit is determined by using the largest annuity factor calculated under the following bases:

- Average of PBGC rates (rounded to the nearest 0.25%) for the 36-month period ending on the last day of the Plan Year immediately preceding the Plan Year in which the payment is made, and the 1971 TPF&C Forecast Mortality Table for males set back 1 year
- Average of yields on 30-year Treasury securities for the month of November of the Plan Year immediately preceding the Plan Year in which the payment is made, and the applicable IRS 417(e) Unisex Mortality Table
- 6% interest and the 1994 GAR Unisex Mortality Table
- Applicable 24-month average segment rates for the month of November of the Plan Year immediately preceding the Plan Year in which the payment is made and applicable Unisex Mortality Table, both as defined in IRS 417(e)

Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.
