INDEPENDENT AUDITOR'S REPORT

To the Trustee of
Van Michael Salon, Inc. 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Van Michael Salon, Inc. 401(K) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Van Michael Salon, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan sponsor is Van Michael Salon, Inc. (the Company). The Plan is a defined contribution plan covering all full-time employees of the Company who have a minimum of ninety days of service and are age twenty-one or older. Participants may make voluntary contributions in the Plan as they become eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for the oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may elect to contribute up to the maximum percentage of compensation, as defined by the Plan, subject to certain dollar limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25 percent of the participant's elective deferrals up to 4% of eligible compensation. The Employer may also make a discretionary profit-sharing contribution on behalf of participants in an amount to be determined by the Employer for all eligible participants. The Company made contributions in the amount of $126,384 and $125,462 for the years ended December 31, 2025 and 2024, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company matching contribution, if any, and Plan earnings (losses). Participant accounts are charged with allocations of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested twenty percent for each year of service after year two with 100% vesting upon the completion of six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of their vested account balance. As stated by the Plan, all outstanding loan balances will become due and payable in their entirety upon the occurrence of a distributable event. Loans are generally for a period not exceeding five years and bear an interest rate commensurate with local prevailing rates. Participants may prepay the loan at any time. The loans are secured by the balances in the participants' respective accounts. Principal and interest are paid ratably through payroll deductions. Interest rates range from 4.50% to 8.50%.

Payment of Benefits

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary.

The Plan allows for in-service distributions of all or any portion of their vested account balance upon attainment of age 59 ½. Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or IRA.

Forfeited Accounts

Forfeitures of terminated participant nonvested accounts are used to reduce the Company matching contributions for the plan year. Forfeited amounts are maintained in a separate investment account until such time as they are allocated to the remaining participants. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $2,411 and $11,566, respectively. These accounts will be used to reduce future employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on cash basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the guaranteed investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as liability with a corresponding reduction to contributions. As of December 31, 2025 and 2024, excess contributions amounting to $53,508 and $19,615, respectively, are recorded as a liability in the accompanying statement of net assets available for benefits and current year excess contributions are recorded as a reduction of participant-directed contributions for the year.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Reclassification

Certain amounts in prior periods presented have been reclassified to conform to the current period financial statement presentation. These classifications have no effect on previously reported changes in net assets available for benefits.

NOTE C – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair values. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Cash and cash equivalents: Self-directed brokerage accounts with investments in cash and cash equivalents. Valued at cost, which approximates fair value using Level 1 inputs.

Common stock: Self-directed brokerage accounts with investments in cash and cash equivalents. Valued on the basis of readily determinable market prices using Level 1 inputs.

Pooled separate accounts: The accounts consist of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2025 and 2024, respectively. The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company denotes readily determined fair value using the net asset value per share practical expedient.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents fair value measurements based on inputs as of December 31, 2025 and 2024:

		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Fair Value
At December 31, 2025					
Cash and cash equivalents		$ 39,450	$ -	$ -	$ 39,450
Common stock		1,549,719	-	-	1,549,719
Pooled separate accounts measured at net asset value	(a)				30,645,695
Total investments at fair value		$ 1,589,169	$ -	$ -	$ 32,234,864

		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Fair Value
At December 31, 2024					
Cash and cash equivalents		$ 305,640	$ -	$ -	$ 305,640
Common stock		1,287,108	-	-	1,287,108
Pooled separate accounts measured at net asset value	(a)				25,183,948
Total investments at fair value		$ 1,592,748	$ -	$ -	$ 26,776,696

(a) Pooled separate accounts are measured at net asset value (NAV) as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2025 and 2024, respectively:

Description	Fair Value 12/31/2025	Fair Value 12/31/2024	Unfunded Commitments	Redemption Frequency
Pooled separate accounts	$ 30,645,695	$ 25,183,948	N/A	Daily

NOTE D – CERTIFIED INFORMATION

The Administrative Committee has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by John Hancock Life Insurance Company and was not subjected to any auditing procedures performed by the independent public accountants:

a) All investment balances reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;

b) All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025;

c) All investment-related information in the accompanying supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025; and

d) Notes receivable from participants as of December 31, 2025 and 2024 and the related income on notes receivable from participants for the year ended December 31, 2025.

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

As part of the investment options made available to the Plan participants, the Plan offers a fully benefit-responsive guaranteed investment contract fund administered by John Hancock Life Insurance Company, who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment objective of the fund is to maximize current income, while maintaining principle and to provide for withdrawals for participant-initiated transactions without penalty or adjustments.

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Because the guaranteed investment contract fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract fund. The guaranteed investment contract fund is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by John Hancock Life Insurance Company, represents contributions made under the contract fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Guaranteed Interest Accounts guarantee the return of the principal plus compound interest earned over a defined term – 3, 5 or 10 years – provided all contributions remain in the account until the end of the guarantee period. Guaranteed interest rates are based upon the claims paying ability of the issuing company, John Hancock Life Insurance Company. The composite interest rate is a dollar-weighted average rate of all contributions to that Guaranteed Interest Account during that reporting year. After the end of each reporting year, contributions made will continue to earn that reporting year's composite interest rate until the end of the guaranteed term.

The fair value of the investment contract fund at December 31, 2025 and 2024 was $602,962 and $602,988, respectively.

NOTE F – RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. Notes receivable from participants are party-in-interest transactions. Details of notes receivable from participants are disclosed in Note A.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE H – FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated June 17, 1992, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for year prior to 2022.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 33,486,078	$ 27,973,733
Add: current year corrective distributions payable	53,508	-
Net assets available for benefits per the Form 5500	$ 33,539,586	$ 27,973,733

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Change in net assets per the financial statements	$	5,512,345
Add: current year accrued corrective distributions		33,893
Change in net assets per the Form 5500	$	5,546,238

NOTE K – SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 12, 2026, the date which the financial statements are available to be issued.
