REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
United Launch Alliance Health Benefits Plan for IAM Represented Employees

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed an audit of the financial statements of United Launch Alliance Health Benefits Plan for IAM Represented Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, the statement of plan benefit obligations as of December 31, 2025 and the statement of changes in plan benefit obligations for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of non-exempt transactions for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

United Launch Alliance Health Benefits Plan for IAM Represented Employees

Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the United Launch Alliance Health Benefits Plan for IAM Represented Employees (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2025 covering active employees of United Launch Alliance, LLC ("Company" or "Employer") who are a member of the IAM Union Group who previously participated in the United Launch Alliance Health & Welfare Benefits Plan.

The Plan provides medical and prescription drug benefits to eligible employees of the Company and their covered dependents. Temporary employees, defined as those who work less than 20 hours per week, are not eligible to participate in the Plan. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act ("Cobra").

Certain Plan assets are held in the United Launch Alliance Welfare Benefit Trust for Represented Employees, a voluntary employees' beneficiary association ("VEBA") trust, along with the United Launch Alliance Health Benefits Plan for IAM Represented Employees ("Retiree Plan"), (collectively the "Master Trust"). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended ("ERISA").

The Company utilizes the Master Trust to transfer amounts to the Plan to offset certain expenses that are incurred by the Plan and maintain a $0 balance at the end of each month. During 2025, approximately $11.3 million was transferred to the Plan from the Retiree Plan to cover certain expenses incurred in the Plan.

Administration and Benefits

The Northern Trust Company ("Northern Trust" or "Trustee") is the Trustee of the VEBA trust and the Master Trust. The medical and prescription drug claims are self-insured. Anthem Blue Cross Blue Shield ("Anthem") is the claims administrator for medical claims. Express Scripts, Inc. ("ESI") is the claims administrator for the prescription drug claims. Anthem and ESI pay claims under an administrative services only arrangements. The claims processors pay claims directly to or on behalf of the Plan and are then reimbursed by either the Plan's VEBA trust or through the general assets of the Company. Despite the utilization of third-party claim's administrators, ultimate responsibility for payments to providers is retained by the Company.

The Plan has a health reimbursement arrangement ("HRA") that is funded through Company contributions. The HRA allows eligible participants to be reimbursed tax free for qualified medical

expenses subject to a specified ceiling. Amounts remaining at the end of the year can generally be carried over to the next year. The Company is not permitted to refund any part of the balance to the employee; the account cannot be used for anything other than reimbursements for qualified medical expenses; and remaining amounts are not portable upon termination once the employee leaves the Company.

Stop Loss Coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

Contributions

In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections. The Company makes contributions to the Plan as needed to fund claims in excess of participant's contributions that are not currently covered by a transfer from the Retiree Plan. Any deficiency of the Plan's net assets over benefit obligations is funded by the Company (or via a transfer from the Retiree Plan) on a pay-as-you-go basis. During 2025, any deficiency of the Plan's net assets over benefit obligations was funded as a transfer from the Retiree Plan.

Termination of the Plan

The Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates to be made that affect the amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and

liabilities. Actual results could differ from those estimates and could be material to the Plan's financial statements.

Payment of Benefits

Claim payments are recorded when paid by the third-party claims administrator. Amounts due to claims processors that have not been reimbursed by the Plan are recorded as claims payable to claims administrators in the accompanying statement of net assets available for benefits.

Stop Loss

Premiums for stop loss insurance are included in premiums paid in the accompanying statement of changes in net assets available for benefits. Stop loss refunds totaling $120,448 have been netted with claims paid in the accompanying statement of changes in net assets.

Health Reimbursement Arrangement

Included in the accompanying Plan benefit obligations is a notional account balance available to reimburse participants for qualifying medical expenses as of December 31, 2025 totaling approximately $77,000. At the end of each year, unused amounts in each participant's account carry over to the next calendar year. Net claim payments on the statement of changes in net assets available for benefits include $144,000 of HRA reimbursements.

Rebates

Rebates due from ESI are recorded when earned. Rebates earned as of the financial statement date have been reported as a receivable, with the offset being netted against claims paid. Pharmacy rebates totaling $1,327,718 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

Claims Incurred but not Reported

Plan obligations at December 31 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Investments and Income Recognition

Investments held in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The change in net appreciation consists of both realized and unrealized gains and losses. Purchases and sales of investments are recorded on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned.

Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, audit fees and additional consulting fees. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses.

Certain Trustee and investment management fees are included in the investment income (loss) in the Master Trust in the statement of changes in net assets available for benefits.

3. MASTER TRUST

The Plan participates in a Master Trust with another Company sponsored welfare benefit plan. As of December 31, 2025 the Plan's share of the Master Trust's net assets was 0%. The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust as of December 31, 2025:

	Plan's Interest in Master Trust	Master Trust
Assets:		
Investments, at fair value	$ -	$ 16,539,619
Pending purchases	-	1,300,000
Accrued income	-	23,905
Total assets		17,863,524
Pending sales	-	(1,322,895)
Net Assets	$ -	$ 16,540,629

The following table presents the investment income (loss) of the Master Trust for the year ended December 31, 2025:

Net appreciation in fair value	$	1,466,336
Interest income		304,916
Investment expenses		(53,426)
Net Investment Income of Master Trust	$	1,717,826

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Company has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, The Northern Trust Company, a qualified institution, has certified that the following information included in the accompanying financial statements is complete and accurate:

a. Plan interest in Master Trust as shown in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2025;
b. Net investment loss in Master Trust as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025;
c. Investment amounts included in the notes to financial statements.

At the request of the Company, the Plan's certified public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

5. FAIR VALUE MEASUREMENTS AND DISCLOSURES

The Company uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

- Level 2: Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments held in the Master Trust at fair value.

Common Trust Fund: The common trust fund is valued based on the Plan's interest in the fund at net asset value ("NAV") reported by the fund manager as of the financial statement date. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Fair values for the investments within this fund is based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets.

Registered Investment Companies: The registered investment companies are valued at the NAV that is quoted on an active market and is determined based on the fair value of the underlying assets at the end of each day.

103-12 Investment Entity ("103-12"): This investment is valued based on the Plan's interest in the fund at NAV reported by the fund manager as of the financial statement date. The value of this investment is based on the fair value of the underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The fair value of the underlying investments is valued at the close of business each day. The fund principally utilizes independent pricing sources to value the underlying securities but may also use prices from dealers who make markets in such securities. When current market prices or quotations are not readily available or the fund manager believes that such prices or quotations do not accurately reflect fair value, valuations may be determined in good faith by the fund manager who will consider factors such as market or security specific events, changes in interest rates, and credit quality.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes

its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table reflects the investments held by the Master Trust that are measured and carried at fair value on a recurring basis as of December 31, 2025:

Asset Category	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,525,936	$ -	$ -	$ 6,525,936
Total assets in the fair value hierarchy	6,525,936	-	-	6,525,936
Investments measured at net asset value (a)				10,013,683
Total investments at fair value				$ 16,539,619

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments within the Master Trust for which fair value is measured using the net asset value per share practical expedient:

As of December 31,	*Investment Type*	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency*	*Redemption Notice Period*
2025	Common Trust Fund	$ 3,792,539	None	Daily	None
2025	103-12 Investment Entity	6,221,144	None	Daily	None

6. INCOME TAX STATUS

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service ("IRS") dated June 6, 2011, stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code ("IRC"). However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2025 for unrelated business taxable income.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Company believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

7. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Master Trust holds certain investments managed by the Trustee. Transactions in these investments are party-in-interest transactions. The Plan pays administrative service fees, audit, and other consulting fees from the Plan. Such transactions constitute party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

During the year ended December 31, 2025, the Plan transferred amounts from the Retiree Plan and then subsequently reimbursed the Company for amounts in excess of claims and expenses incurred during the year. This resulted in a loan to the Company in the amount of $1,796,421. This was deemed to be a prohibited transaction and is reported in the supplemental Schedule of Non-Exempt Transactions for the year ended December 31, 2025. The Company reimbursed the trust, including $175,151 in lost earnings (included in other income), in September 2026.

8. RISKS AND UNCERTAINTIES

The Master Trust invests in various investment securities. Investments in general, are subject to various risks, such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions, including real estate values, delinquencies, and defaults and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of

investments will occur in the near term and that such changes could materially affect the amounts reported in the Plan's Interest in the Master Trust.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2025
Net Assets Available for Benefits, per the financial statements	$ 1,762,809
Benefit obligations currently payable	(1,142,000)
Net Assets Available for Benefits, per the Form 5500	$ 620,809

The following is a reconciliation of claims paid per the financial statements to the Form 5500:

	Year Ended December 31, 2025
Claims Paid, per the financial statements	$ 10,132,791
Add: Amounts currently payable as of December 31, 2025	1,142,000
Claims Paid, per the Form 5500	$ 11,274,791

10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 13, 2026, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
