REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator/Retirement Committee of
the Zotefoams Inc. Savings Plan
Walton, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Zotefoams Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Zotefoams Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which includes a salary reduction feature that meets the requirements of section 401(k) of the Internal Revenue Code ("IRC"). The Plan, established in 1992, is sponsored by Zotefoams Inc. ("Employer" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees are eligible to be enrolled in the Plan once they have completed three months of service, as defined in the plan agreement.

Contributions

Participants are permitted to make salary deferral contributions up to the current Internal Revenue Service ("IRS") deferral limits and limits outlined in the plan agreement. Participation in the employer matching and nonelective components of the Plan has differing eligibility requirements, as outlined in the plan agreement. The Employer contributes a safe harbor nonelective contribution of 3% on plan eligible compensation. The Plan also provides for discretionary matching contributions and discretionary profit-sharing contributions for eligible plan participants. For the year ended December 31, 2025, the Company approved a 3.2% profit-sharing contribution, and tiered discretionary matching contributions of 100% of the first 6% of contributions, 75% of the next 2%, and 50% of the next 2% of contributions.

The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled participants have their contribution rate set at 3% of eligible compensation, and their contributions are invested in a designated fund until changed by the participant.

Participants direct the investment of their contributions and Company contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Plan earnings are based on the investments selected by the participants in their account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Each participant can obtain a note between $500 and the lesser of 50% of the participant's vested account balance or $50,000. The loan term may not exceed five years unless such loan is for the purpose of the participant's primary residence in which case the loan may not exceed thirty years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator. Principal and interest are paid during each pay period through payroll deductions. A participant may have two loans outstanding at a time.

Vesting

Participants are vested immediately in salary deferral contributions. A three-year cliff vesting schedule applies to the Company's matching and nonelective contributions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump sum or installment amount equal to the value of the participant's vested account balance. Participants may also receive in-service withdrawals upon attaining age 59½, incurring disability or in the case of hardship.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their Employer contributions.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $0 and $758, respectively. The nonvested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of future employer contributions. During the year ended December 31, 2025, $20,801 was used to reduce employer contributions, and $402 was used to pay administrative expenses.

Administrative Expenses

Administrative expenses for maintaining the Plan are paid by the Company or plan participants, as defined in the plan agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on an accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of the Plan's assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

American United Life Insurance Company ("AUL") maintains the Plan's investment funds. Investments in pooled separate accounts are credited with earnings and gains or losses on the pooled investments. The separate accounts are stated at fair value as reported to the Plan by AUL, based on the quoted market prices of the underlying mutual funds. The unit value of the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. The investment strategies for the pooled separate accounts vary based on the degree of risk chosen by the participants. Investment transactions are recorded as of settlement date, which does not differ materially from trade date.

The insurance contracts are credited with interest at a rate established periodically by AUL and are stated at contract value as determined by AUL. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as deemed distributions based on the terms of the plan agreement.

Payment of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan provides for investment in various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Tax Status

The Plan has adopted a pre-approved plan document sponsored by OneAmerica Financial Partners, Inc., which has received an opinion letter from the Internal Revenue Service (IRS) dated August 19, 2020, stating that the form of the pre-approved plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. The plan administrator analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the statement of net assets available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements were available to be issued, which is October 15, 2026.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, the custodian, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets (held at end of year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The description of the valuation methodologies used for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following table sets forth financial assets measured at fair value in the statements of net assets available for benefits and the respective levels to which the fair value measurements are classified within the fair value hierarchy as of December 31, 2025 and 2024:

	2025		2024	
	Level 2	Total	Level 2	Total
Pooled separate accounts	$ 4,920,388	$ 4,920,388	$ 4,510,364	$ 4,510,364
Total assets in the fair value hierarchy	$ 4,920,388	$ 4,920,388	$ 4,510,364	$ 4,510,364

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds two unallocated insurance contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of these traditional investment contracts was $902,867 and $1,235,474 at December 31, 2025 and 2024, respectively.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate for the AUL Fixed Account is reviewed on a quarterly basis for resetting. The crediting rate for the AUL Stable Value Account is reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to a plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Professional fees and certain other administration expenses of the Plan were paid by the Employer.

Recordkeeping and custodial fees are paid to AUL, the custodian and recordkeeper. Mesirow Financial Investment Management, Inc. and Blue & Co., LLC are the investment advisor and independent auditor of the Plan, respectively, and receive payment from the Company or the Plan.

7. RECONCILIATION TO FORM 5500

The Plan Sponsor has elected to show the underlying investments of the pooled separate accounts on Schedule H of Form 5500. Therefore, instead of showing the pooled separate accounts on Schedule H, line 1c(10), they are showing the underlying investments of the pooled separate accounts which are mutual funds on Schedule H, line 1c(13). Likewise, the investment income is shown on Schedule H, line 2b(10) instead of line 2b(7).

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
