INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of Metro Hato Rey, Inc.
DBA Hospital Pavia Hato Rey
Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Metro Hato Rey, Inc. DBA Hospital Pavia Hato Rey Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

As disclosed in Note 3 to the accompanying financial statements, management has obtained certifications from the Trustee as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that the information provided to the plan administrator by the Trustee is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Galíndez LLC

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements for the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Galíndez LLC

Auditors' Responsibilities for the Audit of the Financial Statements – (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Galíndez LLC

Other Matter — Supplemental Schedule Required by ERISA – (continued)

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Metro Hato Rey, Inc. DBA Hospital Pavia Hato Rey Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Metro Hato Rey, Inc., DBA Hospital Pavia Hato Rey (the Plan Sponsor), who have 90 days of service and are 21 years or older, pursuant to the Popular Master Defined Contribution Retirement Plan document. Effective February 1, 2007, the Plan Sponsor adopted the Popular Master Defined Contribution Retirement Plan Master Trust (the Master Trust) managed by Banco Popular de Puerto Rico (the Trustee). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 1081.01 of the Puerto Rico Internal Revenue Code.

Contributions

Each year, participants may contribute an amount of their compensation, as defined in the Plan, not exceeding the maximum deferral specified by local law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, subject to the conditions and limitations set forth in the Plan agreement. The Plan's Sponsor contributes 25 cents of each dollar of the participant's contribution up to six percent (6%) of their basic compensation.

Participant accounts

Each participant's account is credited with the participant's contributions and allocation of the Plan Sponsor's matching contribution and Plan earnings. Allocations are based on the proportion of the participant's contributions to total contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

This space was intentionally left blank

Note 1 - Description of the plan – (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Plan's Sponsor matching portion of their accounts, plus actual earnings thereon, is based on years of continuous service since the inception of the Plan. A participant is one hundred percent (100%) vested after five (5) years of credited service.

Completed Years of Service	Vested Percentage
Less than 2 full years	0%
2 years less than 3	40%
3 years less than 4	60%
4 years less than 5	80%
5 years or more	100%

Investments options

The Plan Sponsor's and participants' contributions are invested in various investment funds provided by the Trustee as permitted in the Plan Agreement.

Notes receivable from participants

Notes receivable from participants are not permitted.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant or the participant's beneficiaries may elect to receive a distribution equal to the value of the participant's vested interest in their account in either a lump-sum amount or periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

In addition, the Plan provides for in-service distributions in certain circumstances, including financial hardship withdrawals, subject to certain limitations. Also, in-service distributions may be available to participants as special disaster distributions, as determined by the Puerto Rico Treasury Department.

Note 1 - Description of the plan – (continued)

Forfeitures

Upon a participant's termination from employment or withdrawal from the Plan for any reason other than death, retirement or disability, the employer contributions on behalf of the participants not then vested are forfeited. Forfeitures shall be used to pay for Plan expenses, allocated to the participants' accounts, or to reduce the employer contribution. At December 31, 2025 and 2024, the forfeitures account balance amounted to $1,371 and $786, respectively. During 2025, $3,963 of forfeitures were used to pay plan expenses.

Administrative expenses

Administrative expenses are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

Note 2 - Summary of significant accounting policies

Basis of accounting and presentation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and under the accrual method of accounting.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such a change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2 - Summary of significant accounting policies – (continued)

Investments valuation and income recognition

The Plan's investments consist of its interest in the Master Trust, which is reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Payment of benefits

Benefits are recorded when paid.

Benefits payable

The Plan accounts for benefits payable in accordance with the guidance provided by the American Institute of Certified Public Accountants (AICPA) Audit and Accounting Guide, Audits of Employee Benefit Plans. This guidance requires that benefits payable to persons who have withdrawn from participation in a defined contribution plan be disclosed in the notes to the financial statements rather than recorded as a liability of the Plan. As of December 31, 2025 and 2024, there were no benefits payable to participants.

Note 3 - Information certified by the Trustee (unaudited)

The plan administrator has elected the method of compliance permitted by Section 103(a)(3)(C) of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Banco Popular de Puerto Rico (the Trustee), has certified as to the completeness and accuracy of the interest in Master Trust which consists of all investment related information reflected in the accompanying financial statements of as December 31, 2025 and 2024, and for the year ended December 31, 2025, and the related notes to the financial statements, and the schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2025. The Trustee maintains all records, executes investment transactions, and holds all the assets of the Plan. During 2025, the Plan's investments (including interest and dividends, gains and losses on investments bought and sold, as well as held during the year) increased in value by $ 157,440.

Note 4 - Interest in the Master Trust

The Plan's investment consists of its interest in the Master Trust, which was established for the investment of the assets of plans sponsored by those single employers or groups of employers under common control that execute the corresponding adoption agreement. The Plan has a divided interest in the Master Trust. The assets of the Master Trust are held by the Trustee.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's specific interest in the Master Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. Total investment income (including net appreciation (depreciation) in the fair value of investments) of the Master Trust is allocated to the Plan based upon the specific investments comprising the Plan's interest in the Master Trust.

Note 5 - Fair value measurements

In accordance with the provisions of Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) No. 820, *Fair Value Measurements*, the Plan uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible to estimate fair values. The Plan determines fair values based on assumptions that market participants would have used in pricing an asset or liability in the principal or most advantageous market.

FASB ASC 820 provides a fair value hierarchy that prioritizes the use of observable inputs in the valuation techniques used to measure fair value, as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs into the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's interest in the Master Trust that is measured at fair value consists of shares of mutual funds that are valued at the net asset value of the specific shares corresponding to the Plan at year end and of money market funds that are valued at cost, plus accrued interest, which approximates fair value. Such mutual funds and money market funds are classified as Level 1.

Note 5 - Fair value measurements – (continued)

The preceding valuation method may result in fair values that may not be indicative of net realizable values. The use of different methodologies or assumptions to determine the fair value of certain investments could have resulted in different fair value measurements at the reporting date.

The Plan management believes such valuation method is appropriate and consistent with other market participants. There were no changes in the Plan's valuation methodology used at December 31, 2025 and 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's interest in the Master Trust that is measured at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Interest in the Master Trust:

Total	$ 1,439,928	$ -	$ -	$ 1,439,928

Note 6 - Party-in-interest transactions

The Plan's investment consists of interest in the BPPR Master Trust, which is managed by the Banco Popular de Puerto Rico, the Trustee, therefore, certain transactions qualify as party-in-interest transactions.

Note 7 - Tax status

The Plan constitutes a qualified plan, exempt from income tax under the provisions of Section 1081.01 of the Internal Revenue Code of Puerto Rico (the Code), as amended.

The Plan obtained a favorable determination letter on April 19, 2016, in which the Commonwealth of Puerto Rico tax authorities stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code.

Note 8 - Non-discrimination test

The Plan Sponsor is part of a Controlled Group as defined by the Code. As such, the discrimination test was performed taking into consideration all members of the Controlled Group. This test requires compliance with a determined percentage of contributions to the Plan, as established in the Code.

As a result, the Plan failed the discrimination test for the years ended December 31, 2025 and 2024. The Controlled Group elected to correct this non-compliance by reimbursing highly compensated participants the excess contributions made during the years ended December 31, 2025 and 2024, amounting to $65,929 and $54,592, respectively. Only those members of the Controlled Group identified to reimburse the excess contributions will record this amount as a liability in the accompanying statement of net assets available for benefits, including related earnings thereon. This Plan had no reimbursable amount for the years ended December 31, 2025 and 2024.

Note 9- Subsequent events

The Plan has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued. No events have occurred subsequent to the statements of net assets available for benefits date and to the date the financial statements were available to be issued, that would require additional adjustments to, or disclosure in, the financial statements.
