Independent Auditor's Report

To the Participants, Independent Fiduciary, and Administrator of
DWFritz Automation LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DWFritz Automation LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Receivership of the Plan Sponsor
As discussed in Notes 1, 6, and 10 to the financial statements, DWFritz Automation, LLC, the Plan's sponsor, amended the Plan to terminate it effective June 26, 2026, and on July 2, 2026, a receiver was appointed for DWFritz Automation, LLC. As of the date the financial statements were available to be issued, the distribution of the Plan's assets had not been completed. Because the decision to terminate the Plan was made subsequent to December 31, 2025, the accompanying financial statements have been prepared on the basis of accounting used by an ongoing employee benefit plan rather than the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an

audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of (I) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and (II) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of DWFritz Automation LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1997 and is a defined contribution plan covering certain eligible employees of DWFritz Automation, LLC (the "Company"). Under the terms of the current plan document, eligible employees are able to begin participating in the Plan upon their respective dates of hire with respect to employee salary deferrals and any employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"). An administrative committee comprised of certain members of the Company's management is responsible for oversight of the Plan. The administrative committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year participants may contribute a portion of their annual compensation, as defined by the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other qualified defined benefit or defined contribution plans. The plan document includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. For the year ended December 31, 2025, the Company elected to contribute a matching contribution of 100 percent of amounts deferred by participants, up to 3 percent of each participant's eligible compensation, as defined in the plan document. The Company may also elect to contribute safe harbor employer nonelective contributions to the Plan. Safe harbor employer nonelective contributions, if authorized by the Company, are allocated to participant accounts based upon eligible compensation during the period in which such contributions are made. For the year ended December 31, 2025, the Company elected to contribute safe harbor employer nonelective contributions totaling 3 percent of each participant's eligible compensation, as defined in the plan document. Participants direct the investment of their elective salary deferrals and allocation of employer contributions into any of the investment options offered by the Plan. Contributions are subject to certain IRS limitations.

As discussed further in Notes 6 and 10, the Company terminated the Plan effective June 26, 2026, and regular participant and employer contributions to the Plan ceased with the payroll paid June 26, 2026. Subsequently, on July 2, 2026, the Company became subject to a court-appointed receivership.

Participant Accounts

Each eligible participant's account is credited with the participant's contributions, as well as allocations of the Company's contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and safe harbor employer nonelective contributions plus earnings thereon. Effective January 1, 2024, current employees of the Company

who are participants in the Plan are fully vested in the employer matching and nonelective contributions portions of their accounts.

Employer matching contributions vest according to the following schedule for participants who terminated prior to January 1, 2024:

Years of Service	Vesting Percentage
1	30%
2	60%
3	100%

A year of service for vesting is counted from the respective participant's date of hire.

Subsequent to year end, as discussed further in Notes 6 and 10, the Company terminated the Plan effective June 26, 2026, and all participants became 100 percent vested in their accounts effective as of that date.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are collateralized by the balance in the participant's account and bear interest at a fixed rate throughout the duration of each loan as defined by the plan document. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Upon attaining normal retirement age of 65, death, or termination of employment, a participant, or his or her beneficiary, may elect to receive either a lump-sum amount equal to the participant's vested account balance or receive partial payments as requested. The Plan permits in-service distributions under certain conditions as described in the plan document.

Forfeited Accounts
If a participant terminates employment with the Company before becoming fully vested, the unvested portion of his or her account is forfeited. Forfeitures may be used to pay the Plan's administrative expenses or to offset future employer contributions. The forfeiture account balances as of December 31, 2025 and 2024 were $10,456 and $78,105, respectively. During the year ended December 31, 2025, employer contributions were reduced by $92,226 from forfeited nonvested accounts.

Revenue Credit Account
The Plan's recordkeeper deposits certain revenue credits not allocated to participants into a revenue credit account, which may be used, at the direction of the Plan's administrator, to pay eligible administrative expenses of the Plan or be allocated to participants. Administrative expenses are presented net of revenue credits of $42,572 for the year ended December 31, 2025, of which $35,593 was allocated to participant accounts and $6,979 was deposited into the revenue credit account. The revenue credit account balances as of December 31, 2025 and 2024 were $30,598 and $22,524, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates under different assumptions or conditions.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 14, 2026, the date the financial statements were available to be issued.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to

or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024. Fair values are provided by the investment custodians for the Plan's investment assets as follows:

Common/collective trusts: Investments in common/collective trusts are valued at the fair value of units held by the Plan, as reported by the trustee, based on the fair value of the underlying investments held by each trust less its liabilities, including, for the Fidelity Managed Income Portfolio, the fair value of the fully benefit-responsive investment contracts held by the trust, and are classified within Level 2 of the fair value hierarchy. Participant transactions, including purchases and sales, may generally occur daily. The Fidelity Managed Income Portfolio's trust agreement permits the issuer to temporarily delay a Plan-initiated full redemption, and Plan-level redemptions are subject to a twelve-month notice provision (see Note 10).

Registered investment companies: Investments in registered investment companies, including money market accounts and other mutual funds, are valued at the daily closing price as reported by the fund. Registered investment company instruments held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. The funds are required to publish their daily NAV per share and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Common/collective trusts	$ -	$ 879,564	$ -	$ 879,564
Registered investment companies	34,360,661	-	-	34,360,661
Total investments at fair value	$ 34,360,661	$ 879,564	$ -	$ 35,240,225

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Common/collective trusts	$ -	$ 707,803	$ -	$ 707,803
Registered investment companies	32,159,486	-	-	32,159,486
Total investments at fair value	$ 32,159,486	$ 707,803	$ -	$ 32,867,289

5. Related Party and Party-In-Interest Transactions

Certain of the Plan's investments are shares of mutual funds managed by affiliates of Fidelity Management Trust Company ("Fidelity"). Fidelity is the Plan's investment custodian and trustee; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for certain investment management services are included in net appreciation in fair value of the investment, as they are paid at the investment level, rather than through direct payments from the Plan. During the year ended December 31, 2025, the Plan made direct payments for other administrative expenses totaling $55,243. The Company pays directly certain other fees related to the Plan's operations.

6. Plan Termination

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. On June 26, 2026, the Company adopted an amendment and written consent terminating the Plan effective June 26, 2026. In connection with the termination, regular participant and employer contributions to the Plan ceased with the payroll paid June 26, 2026, and all participants became 100 percent vested in their accounts effective as of that date. See Note 10 for additional information.

7. Tax Status

The Plan has adopted a volume submitter profit sharing plan agreement. The Internal Revenue Service has determined by a letter dated June 30, 2020 that the prototype plan document and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter; however, the Plan's administrator believes that the Plan is designed, and is currently being operated, in compliance

with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as pandemics or international conflicts, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Delinquent Participant Contributions and Loan Repayments

During the year ended December 31, 2025, certain participant contributions and loan repayments were not remitted to the Plan within the time period required by the Department of Labor. These delinquent remittances constitute nonexempt prohibited transactions between the Plan and the Company and are reported in the accompanying Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025. Lost earnings on the delinquent contributions and loan repayments had not been calculated or remitted to the Plan as of December 31, 2025. On October 12, 2026, lost earnings of $1,703 on certain delinquent remittances were credited to the affected participants' accounts from the Plan's forfeiture account. The use of forfeitures for this purpose may not be permitted under the plan document or ERISA. The Plan's independent fiduciary (see Note 10), with the advice of counsel, is evaluating whether further corrective action is necessary.

10. Subsequent Events

Plan Termination

As discussed in Note 6, the Company adopted an amendment and written consent on June 26, 2026, terminating the Plan effective June 26, 2026. Regular participant and employer contributions ceased with the payroll paid June 26, 2026. All participants with account balances became 100 percent vested as of the termination date. As of the date the financial statements were available to be issued, the distribution of Plan assets had not been completed.

Receivership of the Plan Sponsor

On July 2, 2026, the Circuit Court of the State of Oregon for the County of Multnomah (Case No. 26CV34357) entered an order appointing Newpoint Advisors Corporation as receiver for the Company and certain affiliates. The receiver has exclusive possession and control of the Company's property, subject to the jurisdiction of the court. On September 24, 2026, the receiver filed notice with the court of its employment of Charles N. Persing of Bederson LLP to serve as independent fiduciary and successor trustee of the Plan for the purpose of completing the termination of the Plan and the distribution of the Plan's assets to participants (the "Independent Fiduciary").

Restriction on Distributions

Effective August 24, 2026, the Plan's administrator temporarily restricted distributions from the Plan. The restriction remains in place while permitted administrative expenses associated with implementing the Plan's termination are determined and paid. These expenses are expected to be paid from the Plan's forfeiture and revenue credit accounts and, to the extent necessary, from participant accounts, as permitted by the plan document. During the restriction, participants may continue to direct the investment of their accounts. After the restriction is lifted, participants will be able to elect distributions or rollovers of their accounts. The accounts of participants who do not make an election are expected to be distributed by rollover to individual retirement accounts, subject to the Fidelity Managed Income Portfolio redemption restriction described below.

Redemption Restriction - Fidelity Managed Income Portfolio

Under the Fidelity Managed Income Portfolio's trust agreement, participant-initiated investment transfers, withdrawals, and rollovers from the fund are generally permitted without restriction; however, Plan-initiated redemptions require a twelve-month advance notice, and the fund's trustee may temporarily delay a Plan-initiated full redemption. Accordingly, in connection with the Plan's termination, Plan-initiated redemptions, including the distribution of balances of participants who do not make an election, were subject to a delay of up to twelve months after such notice was provided. On October 13, 2026, Fidelity Investments informed the Plan that the fund's trustee had approved January 5, 2027 as the date for the Plan's full redemption from the fund. At December 31, 2025, the fair value of the Plan's investment in the fund was $701,213.

Basis of Presentation

The decision to terminate the Plan was made subsequent to December 31, 2025, and liquidation of the Plan was not imminent as of that date. Accordingly, the accompanying financial statements have been prepared using the basis of accounting applicable to an ongoing employee benefit plan rather than the liquidation basis of accounting.

DWFRITZ AUTOMATION LLC 401(K) PLAN
FEDERAL IDENTIFICATION NUMBER 93-0773498
ATTACHMENT TO THE FORM 5500
FOR THE YEAR ENDED DECEMBER 31, 2025

Charles N. Persing of Bederson LLP is the Independent Fiduciary/Successor Plan Trustee (the "Independent Fiduciary") of the DWFritz Automation LLC 401(k) Plan (the "Plan"), sponsored by DWFritz Automation LLC ("DWF"). On June 26, 2026, DWF adopted an amendment and written consent terminating the Plan effective June 26, 2026. In connection with the termination, regular participant and employer contributions to the Plan ceased with the payroll paid June 26, 2026, and all participants became 100 percent vested in their accounts effective as of that date. On July 2, 2026, the Circuit Court of the State of Oregon for the County of Multnomah (Case No. 26CV34357) placed DWF in receivership and appointed Newpoint Advisors Corporation as receiver (the "Receiver"), and operations and payroll were subsequently reduced. The Receiver retained the Independent Fiduciary to oversee the termination of the Plan, with the assistance of Bederson LLP, and filed notice of that employment with the Court on September 24, 2026. The Independent Fiduciary acts solely in that capacity and has no responsibility for the acts or omissions of DWF, the Receiver, Fidelity (as defined below), or any other person, or for any period before his appointment.

The Independent Fiduciary is reviewing the Plan's forfeiture account and participant accounts, including whether any employer contribution true-ups are appropriate. Upon completion of that review, the Independent Fiduciary anticipates that forfeitures will be allocated as permitted under the terms of the Plan and applicable law, including for purposes of paying reasonable Plan expenses (including professional fees), and Plan assets will be liquidated and distributed.

The 2025 Annual Return/Report of Employee Benefit Plan (the "Annual Return") was prepared by Fidelity Workplace Services LLC, the Plan's recordkeeper, as agent for Fidelity Management Trust Company, the Plan's trustee (collectively, "Fidelity"), from Fidelity's records and data provided by DWF's former and current personnel and its payroll service.

The Independent Fiduciary was retained after the end of the 2025 plan year and was not involved in the Plan's administration during that year, including the processes and policies applied by DWF and Fidelity.

The Independent Fiduciary, by his signature on the face of this Annual Return, has relied on Fidelity's expertise in preparing the return from the Plan's records. To the best of the Independent Fiduciary's knowledge and belief, based solely on the information made available to him by Fidelity, DWF, and the Receiver, the Annual Return is complete based on the information available.
