# Independent Auditor's Report

Plan Administrative Committee and Participants
Johnson Brothers 401(k) Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Johnson Brothers 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

**Basis for Opinion**
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**
The supplemental Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Description of Plan

The following description of Johnson Brothers 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering eligible employees of Johnson Brothers Liquor Company, its subsidiaries, and its affiliated and related entities, as defined in the Plan document (the Companies), who have completed two months of service and are at least 18 years old, excluding interns, property caretakers, demonstrators/tasters, temporary full-time, temporary part-time or seasonal employees with less than 1,000 hours of service. Certain union employees are eligible to participate in the Plan upon completion of eligibility requirements. All eligible employees are automatically enrolled at a 6% deferral rate, effective October 1, 2024, which increased from a 5% deferral rate, unless they elect a different deferral rate percentage or elect not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

**Contributions:** Participants may contribute up to 50% of pretax annual compensation as defined by the Plan, subject to Internal Revenue Service (IRS) limitations. If the participant is deferring between 1% and 11%, the participant's deferral will automatically increase by 1% each year until the participant reaches 12%, unless the participant opts out of the automatic increase. Participants may also elect to make Roth contributions or after-tax contributions to the Plan, subject to IRS limitations. The Plan allows participants age 50 and older to make catch-up contributions to the Plan. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or contribution plans. The Companies may make an employer matching contribution equal to a percentage of each participant's eligible contribution. The amount of this matching contribution shall be determined by the Companies in their sole and absolute discretion. Only participants who are employed on the last day of the plan year are eligible to share in the allocation of the matching contributions, unless termination is due to death, permanent disability or retirement, as defined. For 2025, the Companies matched 25% of employee contributions up to 18% of eligible wages. No matching contributions are made on employee after-tax contributions. Certain employees are eligible to receive additional contributions per their collective bargaining agreement. Contributions are subject to certain IRS limitations.

**Participant accounts:** The Plan Administrator permits participants to direct the investment of their accounts into a variety of investment choices, as more fully described in the Plan's literature. Each participant's account is credited with the participant's contributions, an allocation of the Companies' contributions, and Plan investment earnings and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances or specific transactions, as defined. Plan investment earnings are allocated daily based on the shares in the participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their voluntary contributions plus actual investment earnings thereon. Vesting in the Companies' contribution portion of their accounts plus actual investment earnings thereon is based on years of credited service. A year of service is any year in which the employee is credited with at least 1,000 hours. A participant is 100% vested based on a cliff scale after three years of credited service. Participants are 100% vested in their accounts upon retirement, death or permanent disability.

**Notes receivable from participants:** As defined in the Plan document, participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. At December 31, 2025, interest rates on notes outstanding range from 4.25% to 9.50%. Terms range from one to five years, with notes maturing at various dates through November 2030. Principal and interest are paid ratably through payroll deductions.

### Note 1. Description of Plan (Continued)

**Payment of benefits:** A participant or a participant's beneficiary is entitled to 100% of the account balance in the event of permanent disability, death or retirement. Upon termination of service for other reasons, a participant with an account balance of $5,000 or more may choose the timing of payment as a lump-sum amount or as installments as set forth in the Plan document. If the balance in the account is under $5,000, a lump-sum payment will be made within a reasonable period of time. The Plan also allows withdrawals from the Plan during employment upon attainment of age 59½ or financial hardship.

**Forfeitures:** At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately $214,000 and $295,000, respectively. These accounts are used to fund employer contributions. During the year ended December 31, 2025, forfeited nonvested accounts of approximately $229,000 were used to partially fund the Companies' contributions.

### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements are prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies, utilizing information provided by the Plan's investment advisors, trustee or other third parties. See Note 4 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on investment fair values as of the end of the period being reported on.

**Contributions:** Contributions from Plan participants and the matching contributions from the Companies are recorded in the year in which the employee contributions are withheld from compensation.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024, as the notes are secured by the participants' vested balances. If a participant ceases to make note repayments, and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded.

Notes receivable from participants are classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental Schedule H, line 4i—schedule of assets (held at end of year).

**Payment of benefits:** Benefit payments are recorded when paid.

### Note 2. Summary of Significant Accounting Policies (Continued)

**Administrative expenses:** Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

**Subsequent events:** Plan management has evaluated events and transactions for potential recognition and/or disclosure through October 8, 2026, the date the financial statements were available to be issued.

### Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Principal Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

| | December 31 | |
|---|---|---|
| | 2025 | 2024 |
| Investments, at fair value: | | |
| Mutual funds | $272,291,328 | $256,338,315 |
| Collective trust funds | 99,329,797 | 77,451,020 |
| Notes receivable from participants | 432,234 | 385,444 |

The trustee also certified to the completeness and accuracy of $36,747,892 of net appreciation in fair value of investments, $4,367,646 of interest and dividends related to the aforementioned investments and $34,196 of interest income on notes receivable from participants for the year ended December 31, 2025.

### Note 4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

**Note 4. Fair Value Measurements (Continued)**

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

***Mutual funds:*** Mutual funds are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

***Collective trust funds:*** Investments in collective trust funds are valued at the net asset value (NAV) as reported by the investment manager. The Galliard Stable Return Fund's underlying assets are composed of investment contracts and security-backed contracts. The Principal S&P 500 Index Fund's underlying assets are composed of investments in large-cap equity securities. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

| | Assets at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 272,291,328 | $ - | $ - | $ 272,291,328 |
| Total assets in the fair value hierarchy | $ 272,291,328 | $ - | $ - | 272,291,328 |
| Investments at NAV (a) | | | | 99,329,797 |
| Total assets at fair value | | | | $ 371,621,125 |

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 256,338,315 | $ - | $ - | $ 256,338,315 |
| Total assets in the fair value hierarchy | $ 256,338,315 | $ - | $ - | 256,338,315 |
| Investments at NAV (a) | | | | 77,451,020 |
| Total assets at fair value | | | | $ 333,789,335 |

### Note 4. Fair Value Measurements (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan follows guidance on how entities should estimate the fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient as of December 31, 2025 and 2024:

| | Fair Value as of December 31 | | Unfunded | Redemption | Redemption |
|---|---|---|---|---|---|
| | 2025 | 2024 | Commitments | Frequency | Notice Period |
| Collective trust funds: | | | | | |
| Galliard Stable Return Fund | $ 55,719,915 | $ 39,687,656 | N/A | Daily | None |
| Principal S&P 500 Index Fund | 43,609,882 | 37,763,364 | N/A | Daily | None |
| | $ 99,329,797 | $ 77,451,020 | | | |

### Note 5. Related-Party and Party-in-Interest Transactions

Plan assets are managed by Principal Trust Company, the trustee, as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included as an offset to net investment results. The Plan Sponsor pays directly any other fees related to the Plan's operations.

### Note 6. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right, under the Plan, to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the 2025 statement of net assets available for benefits.

### Note 8. Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Findley Inc. Findley Inc. has received an opinion letter from the IRS dated June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

### Note 8. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2025 and 2024:

| | December 31 | |
|---|---|---|
| | 2025 | 2024 |
| Net assets available for benefits per the financial statements | $377,533,020 | $339,238,409 |
