# INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Thomas Foods International, USA 401(k) Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Thomas Foods International, USA 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- the amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Thomas Foods International, USA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Thomas Foods International, USA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Thomas Foods International, USA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Thomas Foods International, USA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matter – 2025 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Other Matter – Auditor's Report on the 2024 Financial Statements

The financial statements of the Thomas Foods International, USA 401(k) Plan as of December 31, 2024, were audited by predecessor auditors, Torrillo & Associates, LLC, which was acquired by LBMC, PC. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 15, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. Description of Plan

The following description of the Thomas Foods International, USA 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**General**

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all employees of Thomas Foods International, USA (the "Company"), except those employees who are members of a collective bargaining agreement and leased employees. TFI Culinary, LLC has also adopted the provisions of the Plan. The Plan provides for salary deferral contributions, including Roth elective deferrals, safe harbor matching contributions, discretionary employer matching contributions and discretionary non-elective profit sharing contributions, based on meeting the Plan's eligibility requirements. Employees are eligible to immediately participate in the Plan upon completing three months of service. Participants are eligible to participate in employer safe harbor matching contributions, discretionary employer matching contributions and discretionary non-elective profit sharing contributions upon completing one year of service.

Voya Retirement Insurance and Annuity Company, an insurance company, controls Voya Institutional Trust Company, the trustee of the Plan, (collectively "Voya").

**Contributions**

Each year, participants may contribute a percentage of pretax compensation, as defined in the Plan document. Contributions may also be designated as Roth elective deferrals. For participants who do not complete a salary deferral agreement by their Plan entry date, and provided that no contrary election is made, the participant will automatically defer 3% of eligible compensation for each payroll period into the Plan. Participants who have automatic enrollment contributions made on his or her behalf will be increased annually following the initial period, as defined in the Plan document, by 1% and limited to 6% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional catch-up contributions as permitted under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 ("SECURE Act 2.0"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for employer safe harbor matching contributions. Safe harbor matching contributions are 100% of the amount deferred that does not exceed 3% of eligible compensation, plus 50% of the amount deferred that exceeds 3% of eligible compensation but does not exceed 5% of eligible compensation.

The Company may make discretionary matching contributions. There were no discretionary employer matching contributions made for the year ended December 31, 2025.

The Company may make a discretionary non-elective profit sharing contribution as a percentage of the participant's gross annual compensation subject to continuing eligibility requirements. There were no discretionary non-elective profit sharing contributions made for the year ended December 31, 2025.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching and discretionary matching contributions, if any, as well as allocations of discretionary non-elective profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are vested immediately in their salary deferral contributions and Company safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and non-elective profit sharing contributions is based on years of service, as defined in accordance with the following table:

| Years of Service | Vesting Percentage |
|---|---|
| Less than two years | 0% |
| Two years | 20% |
| Three years | 40% |
| Four years | 60% |
| Five years | 80% |
| Six years or more | 100% |

Participants also become fully vested upon attainment of normal retirement age (55) (see Note 10) while an employee, death while an employee or becoming disabled while an employee.

**Forfeited Accounts**

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $2,709 and $7,729, respectively. These accounts will be used to reduce administrative expenses of the Plan or future employer contributions. During the year ended December 31, 2025, $5,184 was used to offset employer contributions and no amounts were used to pay administrative expenses.

**Payment of Benefits**

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met. The Plan allows for the automatic distribution of participant account balances that do not exceed $7,000. All vested accounts can be distributed in-service after attainment of age 59½. In addition, minimum payments must begin subject to IRS guidelines.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Borrowings are secured by the balance in the participant's account. Notes must be repaid within 5 years unless the note is for the purchase of a primary residence, which can be repaid over a reasonable period of time not to exceed 30 years. Principal and interest is paid ratably through bi-weekly payroll deductions, or the participant may make a full or partial prepayment. The maximum number of loans outstanding at any time is one. Interest rates are commensurate with the prime rate plus a fixed 1.50% at the time of loan issuance. As of December 31, 2025, interest rates on loans ranged from 4.75% to 10.00%.

## 2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

**Basis of Accounting**
The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for the fully benefit-responsive investment contract. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contract and its related activity on a contract value basis (see Note 5).

**Use of Estimates**
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

**Investment Valuation and Income Recognition**
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants**
Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis.

**Contributions**
Contributions from Plan participants, safe harbor matching contributions and discretionary employer matching contributions, if any, from the Company are recorded in the year in which the employee contributions are withheld from compensation. Discretionary non-elective profit sharing contributions from the Company, if any, are recorded in the year earned.

**Payment of Benefits**
Benefits are recorded when paid.

**Administrative Expenses**
All reasonable administrative expenses and fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation or depreciation in fair value of investments.

## 3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company, a qualified institution and an insurance company which controls Voya Institutional Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, fully benefit-responsive investment contract, at contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment activity, including net appreciation in fair value of investments, interest income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- The information for the pooled separate accounts, the fully benefit-responsive investment contract and the participant loans listed in the schedule of assets (held at end of year) as of December 31, 2025, as shown in the ERISA-required supplemental schedules.

## 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2025 and 2024.

*Pooled separate accounts:* Valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. All investments of the Plan are valued using the net asset value per share practical expedient.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024:

| | December 31, 2025 | | | |
|---|---|---|---|---|
| Investment Type | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
| Pooled separate accounts | $ 15,020,418 | $ - | Daily | Daily |

| | December 31, 2024 | | | |
|---|---|---|---|---|
| Investment Type | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
| Pooled separate accounts | $ 12,258,835 | $ - | Daily | Daily |

The Plan's pooled separate accounts are invested in a variety of funds designed to mirror the investment strategies of similar registered investment companies (mutual funds), including equity style funds, fixed income style funds, and target date funds. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a pooled separate account, the insurance company or trustee reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

## 5. Fully Benefit-Responsive Investment Contract

The Plan holds the Voya Fixed Account (the "Fixed Account"), a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. As of December 31, 2025 and 2024, the contract value amount of the fully benefit-responsive investment contract was $82,110 and $300,595, respectively. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings less participant withdrawals, and administrative expenses.

The Fixed Account is a group fixed annuity contract and is backed by the general account of Voya. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events (including but not limited to: transfers from the Fixed Account may not be made directly to a competing fund; transfers from the Fixed Account will prevent transfers to a competing fund for 90 days) might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the group fixed annuity contract values for credit risk of the contract issuer or otherwise.

## 6. Risks and Uncertainties

The Plan provides for various investment options to its participants. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 7. Related-Party and Party-In-Interest Transactions

Plan investments include pooled separate accounts and a fully benefit-responsive investment contract managed by Voya. Certain expenses were paid to Voya. Voya is the recordkeeper and trustee of the Plan. The Plan also issues notes to its participants, which are secured by the participants' account balance. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

During 2025 and 2024, the Company failed to remit to the Plan's trustee certain employee contributions and loan repayments totaling $107,796 and $236,173, respectively, within the period prescribed by the Department of Labor regulations. During 2025, the Company made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the 2024 processing delays. The Company believes that these transactions do not affect the tax status of the Plan and has taken action prescribed by the regulations to remedy such errors. During 2026, the Company plans to make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the 2025 processing delays. The Company believes that these transactions do not affect the tax status of the Plan and is taking action prescribed by the regulations to remedy such errors.

## 8. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated or upon complete discontinuance of contributions, the rights of the participants in the Plan at the date of termination or discontinuance shall be nonforfeitable.

## 9. Tax Status

Effective January 1, 2021, through the adoption of a pre-approved profit sharing plan, sponsored by PA Retirement Solutions, Inc., the Plan was amended and restated. The pre-approved profit sharing plan received a favorable opinion letter from the IRS dated June 30, 2020, stating that the Plan is qualified under Section 401 of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and is operating in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

## 10. Subsequent Events

Effective January 1, 2026, the Plan was amended and restated through the adoption of a CCH Incorporated, DBA ftwilliam.com Non-Standardized Pre-Approved Profit Sharing Plan Document. As part of the amendment and restatement, changes to the Plan included:

- changing the plan sponsor to Thomas Foods International, USA, Inc;
- adding Lakeside Processing Center, LLC; Lakeside Refrigerated Services II, LLC; Logan Refrigerated Services, LLC; Jacksonville Processing Center, LLC; and TFI USA Properties, LLC as participating employers of the Plan;
- changing the normal retirement age from age 55 to age 65; and
- making other general administrative changes.

During 2026, the Plan was amended to make general administrative changes to comply with statutory changes related to the SECURE Act 2.0 and make certain optional changes as permitted by the SECURE Act 2.0.

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.
