INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
Wayfair LLC 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wayfair LLC 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, and the schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Wayfair LLC 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering substantially all employees of Wayfair LLC and participating employers (the "Company" or "Plan Sponsor"), who have attained the age of 18. Nonresident aliens who do not receive any earned U.S. income from the Company are excluded from the Plan. Co-Op employees, who have not obtained the age of 21 and completed 1,000 hours of service, are excluded from the Plan. Effective May 1, 2020, the Plan was amended to exclude interns who had not obtained the age of 21 and completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company ("Fidelity") and the recordkeeper is Fidelity Workplace Service LLC.

[2] Contributions:

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute up to 100% of Roth compensation, as defined by the Plan. In no event may participant pre-tax and Roth contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes safe-harbor matching contributions, matching 100% of the first 3% of the participants' eligible compensation and 50% of the next 2% of participants' eligible compensation for a maximum matching contribution of 4% of participant eligible compensation, as defined in the Plan. Participants direct the investment of participant and employer contributions into various investment options offered by the Plan.

[3] Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's matching contribution; and (b) Plan earnings (losses) and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their entire account plus actual earnings thereon.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of local prevailing rates as determined by the Plan administrator. The interest rates on outstanding loan balance range from 3.25% to 8.5% at December 31, 2025 and 2024, respectively. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[6] Payment of benefits:

Participants receive distributions upon attainment of normal retirement age, termination of service, upon death, total and permanent disability, or demonstration by the participant to the Plan Administrator that the participant is experiencing hardship, as defined by the Plan. Distributions of $5,000 or more are generally made in the form of an annuity, but a participant may elect to receive a lump-sum amount equal to the value of his or her vested account.

[7] Forfeitures:

Forfeited and unallocated nonvested accounts may be used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2025, forfeitures of approximately $116,000 were used to pay employer contributions. Forfeited and unallocated nonvested accounts available at December 31, 2025 and 2024 in total were approximately $113,000 and $218,000, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciations in value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants, and related activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2025 and 2024.

Money Market Fund and Mutual Funds – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The money market funds and the mutual funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission.

Self-Directed Brokerage Accounts — Includes mutual funds (see above) and money market funds (see above).

Common collective trust – The Plan invests in the Putnam Stable Value Fund ("Putnam Fund"). The Putnam Fund is comprised of investment contracts issued by life insurance companies, banks and other financial institutions, and is valued at their NAV. The NAV, as provided by the investment advisor, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Putnam Fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Putnam Fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor requires a 12-month written notice, however, the investment advisor may complete any such Plan level withdrawals before the expiration of such 12-month period. There are no unfunded commitments as of December 31, 2025 and 2024. The redemption frequency is daily. The objective of the Putnam Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile and liquidity for benefit-responsive payments. To achieve its investment objective, the Putnam Fund invests in high-quality stable investment contracts as well as cash and cash equivalents.

Spartan common collective trusts – These investments are valued at the NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. These investments are direct filing entities. There were no restrictions, redemption requirements or unfunded commitments as of December 31, 2025 and 2024.

BlackRock Total Return Bond Fund – This investment is valued at the NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. The fund is a fixed income strategy that seeks to realize a total return that exceeds the Bloomberg Barclays US Aggregate Bond Index. Participant transactions (purchases and sales) may occur daily. There were no restrictions, redemption requirements or unfunded commitments as of December 31, 2025.

Commingled pool funds – This category consists of Fidelity Institutional Asset Management Blend Target Date Commingled Pool Funds ("CPF"). Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

The objective of CPF is to preserve capital and achieve a competitive level of income over time and to use its best efforts to maintain a stable NAV of $1.00 per unit. To achieve its investment objective, the CPF invests in assets (typically fixed-income securities or bond funds) and may include derivative instruments such as futures contracts and swap agreements, enters into "wrap" contracts issued by third parties and invests in cash equivalents represented by shares in money market funds

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Congress Collective Investment Trust, Eastern Shore Collective Investment Trust and Great Gray Collective Investment – These investments are valued at the NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. These investments are direct filing entities. There were no restrictions, redemption requirements or unfunded commitments as of December 31, 2025.

The preceding techniques described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Investment Assets at Fair Value as of December 31, 2025

	Total	Level 1	Level 2	Level 3
Mutual funds	**$ 25,924,754**	**$ 25,924,754**	**$ -**	**$ -**
Self-Directed Brokerage Account	**4,361,837**	**4,361,837**	**-**	**-**
Total investments in the fair value hierarchy	**30,286,591**	**$ 30,286,591**	**$ -**	**$ -**
Investments measured at NAV (A):				
Commingled pool funds	**550,997,267**			
Common collective trust	**312,737,183**			
Investments at fair value	**$ 894,021,041**			

Investment Assets at Fair Value as of December 31, 2024

	Total	Level 1	Level 2	Level 3
Mutual funds	$ 74,530,626	$ 74,530,626	$ -	$ -
Self-Directed Brokerage Account	3,107,300	3,107,300	-	-
Total investments in the fair value hierarchy	77,637,926	$ 77,637,926	$ -	$ -
Investments measuredat NAV (A):				
Commingled pool funds	472,319,945			
Common collective trust	228,922,703			
Investments at fair value	$ 778,880,574			

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA, sponsored by FMR LLC. On June 30, 2020, the Internal Revenue Service stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED-PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and commingled pool accounts managed by Fidelity. Fidelity is the trustee as defined by the Plan, EisnerAmper LLP is the auditor, Strategic Advisors, Inc is an advisor along with Towers Watson Investment Services and Willis Towers Watson US LLC and, therefore, transactions related to these entities qualify as party-in-interest transactions. Fees paid by the Plan were approximately $732,000 for the year ended December 31, 2025.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE H - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2025, it was discovered that certain amounts withheld were not timely remitted to the Plan. The Plan administrator deposited a total of $1,052 into the Plan, in July of 2026. Interest on that amount was calculated as $66 and remitted to the Plan in July of 2026, in order to make the affected participants whole.
