INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Winco 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Winco 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Winco 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Winco 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Winco 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Winco 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Winco 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Winco 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following brief description of Winco 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provision.

General

The Plan, a defined contribution plan sponsored by BMS Holdings, Inc., (the "Plan Sponsor", the "Company" and "Employer") is designed to qualify under Section 401(a) and related provisions of the Internal Revenue Code ("IRC"). The Plan was established January 1, 1996 and restated effective September 30, 2024. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974, as amended ("ERISA").

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of the provisions within SECURE 2.0 vary through 2026. The Company has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Company is currently evaluating the impact of SECURE 2.0 on the Plan and has implemented certain operational provisions in accordance with applicable guidance; however, the Plan has not yet been formally amended for those provisions. The Company intends to adopt any required amendments within the prescribed regulatory timeframe.

Plan administration

The Company is the administrator of the Plan and carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Company contracted with Transamerica Life Insurance Company (the "Predecessor Custodian" or "Transamerica") through September 30, 2024 to serve as the Plan's custodian. Effective October 1, 2024, the Company contracted with Midland States Bank (the "Trustee") to act as the Plan's trustee and EPIC Retirement Plan Services to provide the recordkeeping and third-party administrative services.

Eligibility

The Plan covers most employees who have completed four consecutive months of employment and have attained the age of eighteen years or older, except for certain employees in a union and nonresident aliens. Participants may enter the Plan the first day of the month coinciding with or following the participant's date in which eligibility requirements are satisfied.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

The Plan allows for participant voluntary contributions in the form of salary deferrals up to 100% of eligible pretax compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code ("IRC"). Roth elective deferrals and rollovers from other qualified plans are also allowed. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed certain dollar limits established by the IRC.

Automatic enrollment for a new participant results in withholding 2% of the participant's eligible pay with automatic annual increases of 1% until the participant's contribution percentage equals 10% or the election is changed by the participant. Participants direct all contributions into various investment options offered by the Plan.

The Company may make discretionary Employer matching contributions. Participants must be employed by the Company on the last day of the year and credited with at least 1,000 hours of service during the Plan year in order to be eligible for the Employer discretionary contributions. Employer discretionary contributions were 30% of the participant's eligible deferral contribution during 2025 and 2024.

Participant accounts

The Plan credits each participant's account with their own contributions, earnings from investment options chosen by the participant, and the allocation of the discretionary Employer contributions. The Plan allocates Employer contributions based on each participant's elective contributions for the year (matching), whereas Plan earnings are allocated proportionately among all participants based on their investment in each fund. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. The participant vests in the Company's contributions plus related earnings based on years of continuous service. A participant becomes 100% vested in the Company's contributions after attaining six years of credited service, or upon termination due to death, disability or normal retirement; vesting 20% each year beginning after completing year two.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $2,168 and $1,339 respectively. These accounts may be utilized to reduce future Company contributions or pay Plan expenses. Forfeitures reduced company contributions by $766 and $23,318 in 2025 and 2024, respectively. Forfeitures were also used to reduce Plan expenses by $0 and $7 in 2025 and 2024, respectively.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

The Plan Agreement includes provisions authorizing notes receivable from participants ("participant loans") from the Plan to active eligible participants which can only be made for hardship or financial necessity as defined by the loan program. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years except for principal residence loans which are repayable over a period not to exceed thirty years. Loans are repaid through payroll withholdings unless the participant is paying the loan in full. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Participants may have no more than one loan outstanding at any time and may only request one loan per year.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document. Outstanding participant loans at December 31, 2025, bear interest at rates between 5.25% to 8.75% with maturities through December 2030.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant is entitled to a lump-sum distribution, partial lump-sum, or installment distributions equal to 100% of his or her account balance. For termination of service due to other reasons, only the vested interest in his or her account will be available as a lump-sum distribution.

The Plan offers several in-service distribution options including participants reaching age 59 ½. For participants fully vested whose account balance has been allocated to him or her for two years or has been a participant in the Plan for five years, all or a portion of the account balance may be withdrawn. Participants may also request a Hardship Distribution; the amount of distribution will not exceed the amount needed to meet the financial hardship and will be limited to the amount of voluntary participant contributions plus the vested portion of his or her Company contribution account balance.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Executive Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

The Plan records benefits when paid.

Administrative expenses

Administrative expenses are recorded when incurred and paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Employer contributions, if any, are recorded in the year they are earned. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Trustee or Predecessor Custodian.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

Management has evaluated subsequent events through October 14, 2026, the date the financial statements were available for issue.

3. CERTIFICATION OF INVESTMENT INFORMATION BY THE TRUSTEE AND PREDECESSOR CUSTODIAN (UNAUDITED)

The Plan Administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Midland States Bank as of and for the year ended December 31, 2025, and as of December 31, 2024 and for the period from October 1, 2024 to December 31, 2024, and the Predecessor Custodian, Transamerica Life Insurance Company for the period from January 1, 2024 to September 30, 2024, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Investments and notes receivable from participant reflected on the schedule of assets (held at end of year) as of December 31, 2025 ("supplemental schedule").

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

4. FAIR VALUE MEASUREMENTS (continued)

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable relevant inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,710,390	$ -	$ -	$ 8,710,390
Money market fund	320,848	-	-	320,848
	$ 9,031,238	$ -	$ -	$ 9,031,238

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,568,285	$ -	$ -	$ 7,568,285
Money market fund	409,409	-	-	409,409
	$ 7,977,694	$ -	$ -	$ 7,977,694

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Such investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in the value of investment securities in the near term may materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. TAX STATUS

On June 30, 2020, the Internal Revenue Service (IRS) stated that the volume submitter plan document adopted by the Plan, as then designed, qualified under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination as an applicable requirement of the IRC. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party as defined under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan is not required to repay expenses paid by the Company on its behalf. The Plan has included in its investment fund options certain funds managed by the Trustee or one of its affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Notes receivable from participants are also considered party-in0interest transactions. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

Certain Plan investments are managed by the Trustee. During 2024, the Plan received investment advice from Commerce Bank. These transactions qualify as exempt party-in-interest transactions. Investment advisor fees paid to Commerce Bank amounted to $0 and $18,507 for the years ended December 31, 2025 and 2024, respectively. Administrative fees paid to Midland States Bank and TransAmerica Life Insurance Company amounted to $34,712 and $15,755 for 2025 and 2024, respectively.

9. EXCESS CONTRIBUTION LIABILITY

Contributions received from participants for the years ended December 31, 2025 and 2024 are reported net of payments of $4,799 and $546, respectively, to certain active participants to return excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are reported as excess contributions of $4,799 and $546 as of December 31, 2025 and 2024, respectively.
