INDEPENDENT AUDITOR'S REPORT

October 9, 2026

To the Administrative Committee of
the Chisholm Trail Redi Mix 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Chisholm Trail Redi Mix 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Chisholm Trail Redi Mix 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Chisholm Trail Redi Mix 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Chisholm Trail Redi Mix 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Chisholm Trail Redi Mix 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule as listed in the accompanying index as of or for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHISHOLM TRAIL REDI MIX 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Chisholm Trail Redi Mix 401(k) Plan (the "Plan") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to employee retirement plans and in accordance with the terms of the trust agreement. The Plan is designed to hold and invest Plan assets for retirement benefits of Plan Participants.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with GAAP.

The Plan was established effective January 1, 2025. Accordingly, the accompanying financial statements reflect the Plan's initial year of operations and no comparative financial information is presented.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Employer contributions are accrued in the period in which they become obligations of the Company under the terms of the Plan. Participant contributions are recorded in the period in which the related compensation is earned and withheld in accordance with the participants' salary deferral elections.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Gains and losses on the sale of investments in registered investment company funds are computed using the weighted average cost method.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continuation)

Payment of Benefits

Benefits are recorded when paid.

Date of Management's Review

The Plan has evaluated subsequent events through the date of the independent auditor's report, the date the financial statements were available to be issued. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Note 2 – DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a profit-sharing defined contribution plan covering all employees of Chisholm Trail Redi Mix, LLC who have attained the age of 18 and have completed two consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2025, the Plan was established, and Ascensus Trust Company became the Plan's trustee, with deferrals starting on April 15, 2025.

Contributions

Each year, participants may contribute up to 100 percent of eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Eligible employees are automatically enrolled in the Plan at a deferral rate of 3% of eligible compensation. The Plan provides for qualified automatic contribution arrangement (QACA) safe harbor matching contributions, discretionary matching contributions and discretionary profit-sharing contributions. The QACA ADP safe harbor matching contribution is equal to 100% of a participant's elective deferrals up to 1% of compensation, plus 50% of elective deferrals in excess of 1% through 6% of compensation. During the year ended December 31, 2025, the employer made matching contributions of $110,642. There was no profit-sharing contribution for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and (b) Plan earnings and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant compensation, account balances or specific participant transactions, as provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 2 – DESCRIPTION OF PLAN – (Continuation)

Investment Options

All investments of the Plan are participant-directed. During the year, the Plan sponsored twenty-six investment options. Participants are allowed to change their investment elections at any point in time. Amounts contributed to the Plan for which no investment instructions are provided are invested in the Plan's qualified default investment alternative (QDIA), based on the participant's year of birth.

Discretionary matching contributions and discretionary profit-sharing contributions vest as follows:

YEARS OF SERVICE	VESTING PERCENTAGE
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Terminated participants with vested balances of $5,000 or less are subject to the Plan's mandatory distribution provisions. Vested account balances between $1,000 and $5,000 are automatically rolled over to an individual retirement account selected by the Plan Administrator.

Forfeited Accounts

Participant forfeitures of nonvested balances may be used to pay Plan administrative expenses or reduce employer contributions, as provided by the Plan. Forfeited nonvested accounts at December 31, 2025 totaled $2,524. There were no forfeitures used to pay Plan administrative expenses or reduce employer contributions during the year ended December 31, 2025.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had no excess contributions payable at December 31, 2025.

Note 3 – INFORMATION CERTIFIED BY TRUSTEE

Management has obtained a certification from Ascensus, LLC, as authorized representative of Ascensus Trust Company, the Plan's trustee, for the year ended December 31, 2025, stating that the certified investment information is complete and accurate. Because the certification applies to the Plan's investment information in its entirety, the accompanying investment table presents the Plan's investment information as of and for the year ended December 31, 2025.

Investments, at Fair Value:	
Money Market Fund	3,308
Mutual Funds	260,195
TOTAL INVESTMENTS	263,503
INVESTMENT INCOME	16,404

Note 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived from, or corroborated by, observable market data.

Level 3 inputs to the valuation methodology are inputs that are unobservable and significant to the fair value measurement.

Valuation Methodology

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value of the money market and mutual funds is based on quoted market prices in active markets.

Note 4 – FAIR VALUE MEASUREMENTS – (Continuation)

The following table presents the Plan's investments measured at fair value on a recurring basis at December 31, 2025:

	LEVEL 1
Money Market Fund	3,308
Mutual Funds	260,195
TOTAL INVESTMENTS, AT FAIR VALUE	263,503

Note 5 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Party-in-interest transactions include transactions with fiduciaries and service providers of the Plan. Accordingly, transactions conducted with Ascensus Trust Company, the Plan's trustee, and Ascensus, LLC, a service provider to the Plan, qualify as party-in-interest transactions.

Fees paid by the Plan to Ascensus, LLC for services provided to the Plan amounted to $4,336 during the year ended December 31, 2025.

Note 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or discontinuance of contributions, participants will become 100 percent vested in their accounts.

Note 7 – TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan is maintained on a pre-approved plan document for which the IRS has issued an opinion. The Plan Administrator believes the Plan is operated in compliance with the applicable requirements of the Internal Revenue Code and therefore the trust is exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
