Independent Auditor's Report

Plan Administrator, Trustees for the Transamerica Corporation Profit Sharing Trust, and Plan Participants
Transamerica 401(k) Retirement Savings Plan
Cedar Rapids, Iowa

Opinion

We have audited the financial statements of Transamerica 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Transamerica 401(k) Retirement Savings Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Transamerica 401(k) Retirement Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRANSAMERICA 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
(Dollars in thousands)

1. Description of Plan

The following description of the Transamerica 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all U.S. employees of affiliates (within the meaning of Sections 414(b) and 414(c) of the Internal Revenue Code (the "Code")) of Transamerica Corporation (the "Company", "Plan Administrator"). The Company is an indirect wholly-owned subsidiary of Aegon Ltd., a holding company organized under Bermuda law. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and Section 401(a) of the Code. The Trustees for the Transamerica 401(k) Retirement Savings Trust are responsible for the oversight of the Plan. Transamerica Retirement Solutions ("TRS"), an affiliate of the Company, serves as the third-party administrator of the Plan.

Eligibility

Each eligible employee classified as a regular, full or part-time employee is immediately eligible to participate in the Plan. Each eligible employee classified as an intern, limited, or on-call employee is eligible to participate as of the entry date that coincides with or follows the completion of at least 1,000 hours during either the employee's initial 12-month period of service or any plan year.

Plan Amendments

During 2025, the Company adopted several provisions of the SECURE 2.0 Act of 2022 ("Secure 2.0") and authorized TRS to operate the Plan in accordance with those provisions of Secure 2.0 until the Plan is amended. There were no amendments to the Plan in 2024.

Contributions and Transfers of Net Assets from Other Plans

Participants generally may contribute up to 100% of annual compensation to the Plan, subject to certain limits. Participants make deferral contribution elections by accessing their account on-line or contacting TRS. The Plan automatically enrolls participants, who have not made an affirmative contribution election at a deferral rate of 3%, 30 days following the date they become eligible to participate. The deferral rate of automatically enrolled participants is automatically increased by 1% each year to a maximum of 10%. Participants may change their deferral rate or opt out of the Plan at any time. Subject to the consent of the Plan Administrator, participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows participants ages 60-63 to make catch-up contributions up to the higher super catch-up limit.

The employer matches 100% of participant contributions up to 3%, plus 50% of participant contributions between 3% and 5% of their eligible compensation per pay period. Participants may direct the investment of their contributions into any of the Plan's investment options.

The Plan accepts transfers of net assets from the Transamerica Pension Plan and other qualified plans at fair value at the date of transfer.

Participant Accounts

Participants' accounts may consist of (a) participant contributions, (b) employer contributions, (c) rollover contributions, (d) transfers from other plans, (e) loans, and (f) earnings (losses) on investments less any partial distributions from the Plan.

The Plan allocates employer and participant contributions to participants' accounts each scheduled pay day. The Plan allocates investment income (loss) to participants' accounts daily based on their investment in each fund.

Participants have the right to direct the investments within their Plan accounts. They may allocate their investments among a variety of investment options. Participants may change their future investment designations at their discretion. In addition, participants may transfer their existing balances to other funds. The Company uses BlackRock LifePath Index CIT – Class W as the Plan's Qualified Default Investments Alternative ("QDIA"). Accounts of participants who do not affirmatively elect investment options for their account will be invested in the appropriate BlackRock LifePath Index CIT based on the year the participant reaches age 65. Participants may elect out of the QDIA at any time.

Vesting

The Plan fully vests participants' before tax and Roth contributions at all times. Active participants on or after January 1, 2022, are immediately vested in employer contributions. The employer contribution balances of terminated vested participants as of January 1, 2022, are subject to a four year graded vesting schedule. The Plan uses forfeited amounts to reduce employer contributions. Forfeitures of $375 were used to reduce employer contributions for the year ended December 31, 2025.

Plan Termination

Although the Company has not expressed any intent to terminate the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Code. Upon termination of the Plan, each participant becomes fully vested and will receive the participant's account balance.

Payment of Benefits

The accrued benefit of a Plan participant equals the value of the participant's vested account as of the day the Plan disburses the funds. Participants or their beneficiaries may elect to receive their benefits in the form of a joint and survivor annuity, lump sum, or in monthly, quarterly, semiannual, or annual payments. The Plan, within limitations, also permits partial distributions of account balances. Hardship withdrawals are permitted as outlined in the Plan document.

Participant Loans

Participants may borrow from their accounts in increments of $1 up to a maximum equal to the lesser of 1) $50 reduced by the excess of the highest outstanding loan balance during the preceding 12-month period over the outstanding loan balance on the day of the loan or 2) 50% of their vested account balance. Loan terms range from 1-5 years or up to 20 years for the purchase of a primary residence. A participant may not have more than two loans outstanding at any point in time. The loans bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. If a participant terminates employment with the Company, the participant may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid in accordance with the terms of the Plan, a participant will have a period of three months following the end of the calendar quarter in which the participant terminates employment or ceases making payments to repay the outstanding principal loan balance. As of December 31, 2025, the interest rate range for outstanding participant loans ranged from 3.25% to 9.25% with maturity extending through 2046.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Financial Statements are prepared on an accrual basis of accounting, in conformity with United States generally accepted accounting principles ("US GAAP").

Use of Estimates

The preparation of Financial Statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts in the Financial Statements and accompanying notes. Actual results could differ from those estimates.

Current Accounting Guidance

There were no new accounting pronouncements applicable for the annual reporting period ended December 31, 2025.

Investments

The Plan's investments consist of separately managed accounts, a self-directed brokerage account, common collective trusts, mutual funds, and Aegon Ltd. common stock, which are reported at estimated fair value. The self-directed brokerage account investment is referred to as the Personal Choice Retirement Accounts ("PCRA"). The Plan also invests in a fully benefit-responsive Guaranteed Income Contract ("GIC") with Transamerica Financial Life Insurance Company ("TFLIC"), which is accounted for at contract value. TFLIC is an affiliate of the Company within the meaning of Sections 401(b) and 414(c) of the Code. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Personal Choice Retirement Accounts

The PCRA is a self-directed brokerage account that is comprised of investments such as common stocks, mutual funds, unit trusts, money markets, and other investments. The fair value of equity securities, mutual funds, U.S. Treasuries and unit trusts are valued at Level 1 based on quoted prices in active markets provided by various third party pricing services. The other investments are classified as Level 2 based on trading frequency or other observable inputs information provided by third party pricing services. Purchases and sales are recorded on a trade-date basis.

Common Collective Trusts, Mutual Funds, Separately Managed Accounts, and Aegon Ltd. Common Stock Fund

The collective trusts, mutual funds, separately managed accounts, and Aegon Ltd. common stock fund represent contributions invested primarily in domestic and international common stocks, including that of the Company's indirect parent, mutual funds, or collective trusts. Aegon Ltd. Common Stock Fund consists of cash equivalents and common stock shares. The cash equivalents consist of short-term investments with original maturities of three months or less. Cash equivalents can be vendor priced or valued at amortized cost, which approximates fair value. The Plan values the collective trusts at Net Asset Value ("NAV") as a practical expedient, whereas the mutual funds and separate accounts are valued at NAV (announced by the investment advisor daily) not as a practical expedient and Aegon Ltd. Common Stock Fund is valued based on the closing market prices of the underlying securities on the NYSE on each valuation date. Dividend income attributable to Aegon Ltd. common stock is accrued on the ex-dividend date. Purchases and sales of investments in all of these funds are recorded on a trade-date basis.

Guaranteed Investment Contract

The Plan invests in a fully benefit-responsive GIC with TFLIC, where TFLIC maintains the contributions in a general account ("Stable Fund"). TFLIC credits the account with participant contributions and earnings and charges the account for participant withdrawals and administrative expenses. The GIC issuer contractually must repay the principal and a specified interest rate that the issuer guarantees to the Plan.

The Stable Fund consists of stable fund segments based on the date the Stable Fund receives contributions. TFLIC establishes a guaranteed rate of interest for each segment and credits a rate of interest at least equal to the guaranteed rate

for that Stable Fund segment until the Stable Fund segment maturity date. On the Stable Fund segment maturity date, the guaranteed rate of interest for that Stable Fund segment will expire. Stable Fund segments mature at the end of each calendar year. Upon written notice TFLIC will transfer the amount in that Stable Fund segment to any of the investment funds maintained under the contract. If TFLIC does not receive written notice from the contract holder prior to the Stable Fund segment maturity date, TFLIC will automatically transfer the amount in the Stable Fund segment to a successor Stable Fund segment. Quarterly, TFLIC declares an interest rate for the Stable Fund segment established for contributions received during the quarter and guarantees the interest rate until the end of the calendar year. At the end of the year, the Stable Fund combines the quarterly segments into one segment for that year. Annually, TFLIC declares an interest rate for the Stable Fund segments for each prior year that still has a balance.

The average yields for the Stable Fund are as follows:

	2025	2024
Based on actual earnings credited to plan	3.78%	3.79%
Based on average declared interest rate	3.87%	3.64%

The GIC is reported at contract value because it meets the criteria of a fully benefit-responsive contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Transfers from the Stable Fund elected by the Plan are subject to a market value adjustment. However, transfers from the Stable Fund at a Stable Fund segment maturity date will not be subject to a market value adjustment.

Certain events may limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include 1) the Plan no longer constituting a tax qualified plan according to Section 401(a) or 404(a) of the Code; 2) TFLIC determining that it can no longer continue to provide benefits under the contract because of a change in the Plan; 3) TFLIC does not receive deposits as described in the contract for three consecutive contract years; 4) TFLIC receives direction from the Plan to transfer assets outside of the contract, and such outside fund or funding vehicle is not available under the entities listed in the attachment to the contract; 5) deposits are made to any fund that is not included in the contract or is not available under the entities listed in the attachment to the contract; 6) TFLIC is informed that TRS has received, or has given, notice that TRS will no longer be providing services to the Plan; or 7) in the opinion of TFLIC, the Plan violates any provision of the contract. The Company does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

Either the Plan or TFLIC may suspend the contract by giving written notice. Upon receipt of such written notice, the contract is immediately suspended. TFLIC is not permitted to pay or transfer the value of the contract, without consent from the Plan, prior to the scheduled maturity date. Upon suspension of the contract the Plan shall elect, prior to the date of transfer, one of two options regarding payment of the value of the Stable Fund:

(a) TFLIC will pay the value of each Stable Fund segment on each applicable Stable Fund segment maturity date.

(b) TFLIC will pay the balance of the Stable Fund to the contract holder or designated payee in a single sum. Any such payment may be subject to a market value adjustment.

Notes Receivable from Participants

The Plan provides for loans to active participants as notes receivable. The Plan treats the loans as a participant directed investment of the participant's account. The borrowing participant's account shares in the interest paid on the note and bears any expense or loss incurred because of the loan. The notes bear interest at a rate established at the time the Plan makes the loan.

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance and accrued interest will be treated as a distribution from the participant's Plan accounts.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The Company has evaluated subsequent events and transactions for potential recognition or disclosure in the Financial Statements through June 24, 2026, the date when the Financial Statements are issued. No subsequent events have been identified that require disclosure or adjustment to the Financial Statements.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities have various risks, such as interest rate, market, and credit risks, including a concentration of investment in a single entity risk. Due to the level of risk associated with certain investment securities, it is at least reasonably certain that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

3. Fair Value Measurements and Fair Value Hierarchy

Fair Value Measurements

Accounting Standard Codification ("ASC") 820 defines fair value, establishes a framework for measuring fair value, establishes a three-level fair value hierarchy based on the quality of inputs used to measure fair value, and enhances disclosure requirements for fair value measurements.

Fair Value Hierarchy

The Plan has categorized its financial instruments into the three-level hierarchy based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the Plan bases the category level on the lowest priority level input that is significant to the fair value measurement of the instrument.

Financial assets recorded at fair value on the Statements of Net Assets Available for Benefits are categorized as follows:

Level 1. Unadjusted quoted prices for identical assets in an active market.

Level 2. Quoted prices in markets that are not active or inputs that are observable either directly or indirectly for substantially the full term of the asset. Level 2 inputs include the following:

a) Quoted prices for similar assets in active markets

b) Quoted prices for identical or similar assets in non-active markets

c) Inputs other than quoted market prices that are observable

d) Inputs that are derived principally from or corroborated by observable market data through correlation or other means

Level 3. Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Both observable and unobservable inputs may be used to determine the fair value of positions classified in Level 3. The circumstance for using unobservable measurements includes those in which there is little, if any, market activity for the assets. Therefore, the Plan must make assumptions about inputs that a hypothetical market participant would use to value the assets.

The following tables present the Plan's hierarchy for its assets measured at fair value on a recurring basis at December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Assets				
Common stock fund (a)	$ 163,607	$ 1,467	$ —	$ 165,074
Mutual funds (b)	38,020	—	—	38,020
Self-directed brokerage account (c)	143,684	1,896	—	145,580
Investments measured at NAV (d)	—	—	—	2,119,731
Total assets	$ 345,311	$ 3,363	$ —	$ 2,468,405

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Assets				
Common stock fund (a)	$ 194,859	$ 1,004	$ —	$ 195,863
Mutual funds (b)	95,768	—	—	95,768
Self-directed brokerage account (c)	128,123	1,248	—	129,371
Investments measured at NAV (d)	—	—	—	1,786,268
Total assets	$ 418,750	$ 2,252	$ —	$ 2,207,270

(a) The Common stock fund includes both the Aegon Ltd. Common Stock Fund as well as other common stock funds held. The fair value of the assets of the Common stock fund is determined using quoted prices in active markets for common shares and is classified as Level 1. Cash equivalents including short-term investments are carried at amortized cost, which approximates fair value, and are classified as Level 2, unless the cash equivalent received a vendor price at which point it is classified as Level 1.

(b) Mutual funds are valued based on NAV provided by the fund managers, whose NAV's are quoted in an active market and therefore considered Level 1.

(c) In accordance with Accounting Standard Updates ("ASU") No. 2015-12 Subtopic 962-325, investments measured using fair value in the Statement of Net Assets Available for Benefits or in the notes shall be presented by general type. Self-directed brokerage accounts are considered a general type and are presented as one line item for both December 31, 2025, and 2024. The fair value of assets determined using identical assets in an active market are classified as Level 1. Assets classified as Level 2 are valued using inputs from third party pricing services.

(d) Amounts are comprised of certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy in accordance with Subtopic 820-10. NAV is provided by the fund managers, is not quoted in an active market and these investments do not have lockup periods.

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Investments measured at NAV				
Common Collective Trust	$ 2,119,731	None	Daily	None
Total investments measured at NAV	$ 2,119,731			

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Investments measured at NAV				
Common Collective Trust	$ 1,786,268	None	Daily	None
Total investments measured at NAV	$ 1,786,268			

The Plan recognizes transfers between levels at the beginning of the year. There were no transfers between levels during 2025 and 2024.

4. Income Tax

The Plan received a favorable determination letter (December 11, 2013) from the Internal Revenue Service ("IRS") stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. In connection with this determination by the IRS, the Company amended and restated the Plan. Once qualified, the Plan must operate in conformity with the provisions of the Plan and the Code to maintain its qualification. The Plan Administrator has indicated that it will take necessary steps to bring any Plan operational defect, if any, into compliance with the Code. The Plan has been amended subsequent to receiving the favorable determination letter including being amended and restated onto the TRS Pre-Approved 401(k) Profit Sharing Plan effective January 1, 2022. TRS received a favorable opinion letter from the IRS on June 30, 2020 stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The Plan Administrator believes that the Plan, as amended and restated, is designed and being operated in compliance with the applicable requirements of the Code and, therefore, remains qualified and the related trust remains tax-exempt.

US GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The Plan recognizes the Financial Statement effects of a tax position when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Financial Statements and does not believe this position will change in the next twelve months. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Section 6501 of the Code imposes a three year limitation period on assessment of additional taxes. As a result, the Plan is no longer subject to income tax examinations for tax years prior to 2022.

5. Parties-in-Interest Transactions

The Company and its affiliate, TRS, provide all administrative services at no charge to the Plan. The Company does not determine the cost of its services.

The Plan invests in shares of Aegon Ltd. common stock. At December 31, 2025 and 2024, the Plan held 6,055,586 and 6,298,788 shares with a cost basis of $56,349 and $59,280, respectively. During the year ended December 31, 2025, the Plan recorded dividend income from Aegon Ltd. common stock of $2,251. During the year ended December 31, 2025, there were $2,320 of purchases and $3,695 of sales of Aegon Ltd. common stock.

At December 31, 2025 and 2024, the Plan had invested $490,367 and $488,466, respectively, in the Stable Fund and $48,165 and $37,121, respectively, in Aegon stock. During the year ended December 31, 2025, there were $126,604 of purchases and $124,504 of sales of the Stable Fund.

These investment transactions involving funds administered by Principal Trust Company and State Street Bank and Trust Company as custodians of the Plan are considered party-in-interest transactions. These transactions, based on customary and reasonable rates, are not, however, considered prohibited transactions under Section 401(b) of ERISA and the regulations promulgated thereunder.

The net appreciation (depreciation) in fair value of investments reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 for Aegon Ltd. common stock was $11,159. Interest reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 for the Stable Fund was $18,540. Notes receivable from participants are considered parties-in-interest transactions.
