MB&L 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of MB&L 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of MB&L 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MB&L 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MB&L 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. This risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or other override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion, on the effectiveness of MB&L 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MB&L 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MB&L 401(K) PLAN
Notes to Financial Statements
Year Ended December 31, 2025

Note A – Description of the Plan

The following description of the MB&L 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the plan sponsor, MB&L PLLC (the "Company"). Employees must be at least 21 years of age and have completed three months of service. The Plan was adopted on January 1, 2025 and employees were eligible to participate beginning on January 20, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Trust Agreement

Assets of the Plan are held for safekeeping and investment by Ameritas Life Insurance Corp. (the "Trustee"), under an agreement with the Trustee.

Contributions

Each year participants may contribute annual compensation up to the maximum tax-deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows Roth after-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation, increasing annually by 1% to a maximum deferral of 10%. Contributions are automatically invested in a designated fund until changed by the participant. The Company made safe harbor matching contributions for all elective deferrals equal to 100% of the first 4% of compensation. The Company may elect to make discretionary matching and non-elective contributions to the Plan to eligible participants who have completed 3 months of service. The Company did not make any discretionary matching or non-elective contributions for 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's safe harbor matching contribution, Company's discretionary contribution, if any, Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation, account balances, or specific participant transactions, as defined in the Plan. Participants who initiate a loan or benefit payment are charged a fee for that transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Note A – Description of the Plan (continued)

Vesting
Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Discretionary matching and non-elective contributions, if made, plus actual earnings thereon, are subject to a five year vesting schedule.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum 50% of their vested account balance, not to exceed $50,000. The term of the loan may not exceed five years unless the purpose is for the purchase of a principal residence. The notes are collateralized by the participant's account balance and bear interest at the prime rate plus 1%, which are commensurate with local prevailing rates at the time the notes are issued, as determined by the Trustee. Principal and interest are paid ratable through payroll deductions. Participant notes receivable are valued at their outstanding principal balance plus accrued and unpaid interest.

Under U.S. Department of Labor regulations, the Plan must identify each calendar quarter any participant loan in default. The participant has until the end of the following quarter to pay the overdue amounts. If not paid, a taxable distribution of the unpaid participant loan balance plus accrued interest will be declared.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account.

In-service withdrawals of vested account balances may be elected by participants who have reached 59-1/2 years of age. The Plan also permits withdrawals from participant vested accounts in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Note B – Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"), except that benefits paid to Plan participants are recorded on a cash basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note B – Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value measurements.

The fully benefit-responsive unallocated contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Net appreciation or depreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned daily and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant does not make loan repayments and the Plan administrator deems the note receivable to be in default, the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Note C – Certified Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ameritas Life Insurance Corp., the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants presented in the accompanying statement of net assets available for benefits as of December 31, 2025, the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) as of December 31, 2025. The investments and notes receivable from participants balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note D – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified.

Note D – Fair Value Measurements (continued)

Pooled separate accounts: The pooled separate accounts are value at net asset value ("NAV") or its equivalent of the funds, which is based on the fair value of the funds' underlying net assets. There are no redemption restrictions or unfunded commitments of these investments.

Common collective trust funds: The common collective trust funds are value at the NAV of units of the collective trust. The NAS, as provided by the custodian of the trust, is used as a practical expedient to estimate fair value and, as a result, is not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount difference than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at net asset value (NAV) is as follows at December 31, 2025:

Retirement year-based investments (1)	$	3,552,694
Balanced investments (1)		1,233,826
Fixed-income investments (2)		7,879
Total	$	4,794,399

(1) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options and futures.

(2) This class represents investments in actively managed pooled separate accounts that invest is a variety of fixed-income investments, which may include corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options and futures.

Note E – Investment Contracts

The Plan has a benefit-responsive investment contract with Ameritas. Ameritas maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer. For the Ameritas guaranteed investment account, the crediting rate may not be less than 4.09 percent. At December 31, 2025, investment in the benefit-responsive contract was $39,894.

Note E – Investment Contracts (continued)

When establishing interest crediting rates for this product, Ameritas considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Generally, there are not events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and that require the Plan sponsor to settle an amount difference than contract value paid either within 90 days or over time.

Note F – Related Party Transactions and Party-in-Interest Transactions

Ameritas life Insurance Corp. is the trustee as defined by the Plan. Fees paid by the Plan to the Ameritas amounted to $1,737 for the year ended December 31, 2025. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions.

Note G – Tax Status

Effective January 1, 2025, the Company's Board of Members adopted the CCH Incorporated, DBA ftwilliam.com non-standardized plan document. The Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020 stating that the written form of the underlying prototype plan document is qualified under the applicable section of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. The Plan is required to operate in conformity with the Code to maintain its qualification.

The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and that the Plan and the related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note H – Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan agreement and ERISA. Upon termination of the Plan, participants would become 100% vested in their accounts.

Note I – Delinquent Participant Contributions

As required by ERISA, the Employer is required to segregate employee contributions and loan repayments to the Plan from its general assets as soon as practical. In 2025, the Employer failed to timely remit to the Plan's custodian certain employee contributions totaling $282,409 and loan repayments totaling $1,399 within the period prescribed by the Department of Labor regulations. The contributions were remitted to the Plan's custodians prior to December 31, 2025.

Note J – Subsequent Events

Plan management has evaluated events subsequent to December 31, 2025 to determine the need for any adjustment to and/or disclosures within these financial statements for the year ended December 31, 2025. Plan management has performed their analysis through October 13, 2026, which was the date that the financial statements were available to be issued.
