Independent Auditor's Report

The Plan Administrator
The Bazooka Companies, LLC 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Bazooka Companies, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H (Form 5500), line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of The Bazooka Companies, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established November 17, 2023, covering substantially all employees of The Bazooka Companies, LLC (the Company or Employer) who are age 21 or older and have satisfied the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company controls and manages the operation and administration of the Plan. For the period from November 17, 2023 through August 31, 2024, Capital Bank and Trust (Capital Bank) served as the trustee and the recordkeeper of the Plan. Effective September 1, 2024, Fidelity Management Trust Company (Fidelity) became the trustee and recordkeeper of the Plan.

Effective February 23, 2024, the Plan sponsor name changed from The Bazooka Companies, Inc. to The Bazooka Companies, LLC; the Plan's name changed from The Bazooka Companies, Inc. 401(k) Plan to The Bazooka Companies, LLC 401(k) Plan.

Eligibility

An employee is eligible for elective deferral contributions, employer matching contributions, and employer nonelective contributions on the first day of the calendar month, when the employee attains age 21 and completes 60 days of service. Effective September 1, 2024, the eligibility service requirement is amended to one month. Employees are eligible for employer nonelective contributions if they are employed on the last day of the contribution period and earn at least 1,000 hours of services during the Plan year.

Contributions

Each year, participants may contribute up to 80% of their eligible compensation, as defined in the Plan, subject to certain Internal Revenue Service (IRS) limitations. The Plan includes an auto-enrollment provision with the initial deferral rate set at 2% of eligible compensation. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth basis. The participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan permits participants who are aged 60 to 63 by the end of the Plan year to make catch-up contributions up to $11,250. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

The Company may make a discretionary matching contribution. During 2025 and 2024, the Company made discretionary matching contributions to each eligible employee equal to 75% of an employee's pre-tax and/or Roth contributions up to 6% of eligible compensation.

The Company also may make other discretionary nonelective contributions, as defined in the Plan. There were no employer nonelective contributions made during the 2025 and 2024 Plan years.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with contributions; employer matching contributions; nonelective contributions, if any; and an allocation of investment earnings, and is charged with investment losses, withdrawals, and an allocation of expenses paid out of the Plan. Allocations are based on participant earnings, account balances, and specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct contributions in any investment options offered by the Plan.

Vesting

Participants are 100% vested in their salary deferral and rollover contributions, plus actual earnings thereon.

Vesting in the Company's matching and nonelective portion of their accounts, plus actual earnings thereon, is as follows:

Years of Service	Vesting (%)
Less than 1	-
1 but less than 2	25
2 but less than 3	50
3 but less than 4	75
4 or more	100

Employees who are eligible for discretionary matching and discretionary nonelective contributions made prior to February 23, 2024 are 100% vested in such contributions.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in their accounts during the prior 12-month period. All loans are required to be repaid within five years, unless the proceeds of the loans are used for the purchase of a principal residence, in which case, the loan repayment period may not exceed ten years from the date of the loan. Additionally, the period of loan repayments could be extended for up to one year. The minimum loan amount is $1,000. The loans bear interest at rates commensurate with local prevailing rates at loan origination, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant is eligible to receive a distribution of their vested account balance under the following circumstances: (a) termination of employment, (b) retirement, (c) disability, or (d) death. A participant also is eligible for in-service withdrawals upon the approval of the Plan administrator. Types of in-service withdrawals available under the Plan are: (a) hardship withdrawals, (b) withdrawals after age 59½, (c) withdrawals after age 70½, (d) withdrawals after normal retirement age, and (e) withdrawals of rollover contributions, and (f) required minimum distributions of the participant's vested interest by a single lump-sum payment or by direct rollover to an individual retirement account or other eligible retirement plan following severance from employment.

Forfeitures

Forfeitures of employer contributions are used to offset administrative expenses of the Plan. Any remaining forfeitures shall be used to reduce employer contributions otherwise payable to the Plan. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $15,643 and $366, respectively. No forfeitures were used to reduce employer contributions or plan expenses in 2025 or 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation in fair value of investments, which includes the Plan's gains or losses on investments bought and sold, as well as held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as distributions, based on the terms of the Plan document. Fees charged by the trustee relating to notes receivable from participants are paid from the participants' accounts and are included in administrative expenses and expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses related to processing fees for loans and service fees are deducted from the respective participants' accounts. Other expenses incurred in the administration of the Plan, including recordkeeping and trust fees, are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Other investment-related expenses are included in the net appreciation in fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024 was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Fidelity, qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund – Valued at the daily closing price as reported by the fund.

Mutual Funds – These funds are valued at their daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

Common Collective Trusts (CCT) - The CCT is stated at fair value using the NAV practical expedient. This practical expedient is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV. The NAV of the CCT is determined using the market price of the underlying securities and the contract value of investment contracts held by the CCT, as determined by the trustee of the CCT. There are no restrictions on the redemption of the investment and no unfunded commitments. The CCT is a direct-filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,932,349	$ -	$ -	$ 17,932,349
Money market fund	133,735	-	-	133,735
Total Investments, in the fair value hierarchy	$ 18,066,084	$ -	$ -	18,066,084
CCT, measured at NAV*				17,034
Total Investments, at fair value				$ 18,083,118

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,894,999	$ -	$ -	$ 12,894,999
Money market fund	366	-	-	366
Total Investments, in the fair value hierarchy	$ 12,895,365	$ -	$ -	12,895,365
CCT, measured at NAV*				9,722
Total Investments, at fair value				$ 12,905,087

*Investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the trustees. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan issues notes receivable to participants, which are secured by the vested balance in the participants' accounts. Notes receivable from participants also qualify as exempt party-in-interest transactions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

8. Tax Status

For the period from November 17, 2023 through August 31, 2024, the Plan used a pre-approved plan document sponsored by Capital Group Retirement Plan Services and received an opinion letter from the IRS, dated June 30, 2020, which stated that the pre-approved plan document, as then designed, satisfied the applicable provisions of the IRC. Effective September 1, 2024, the Plan uses a pre-

approved plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfied the applicable provisions of the Internal Revenue Code (IRC). Plan management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events and transactions for the Plan through October 14, 2026, the date the financial statements were available to be issued. There were no material subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
