Independent Auditors' Report

Plan Administrator
Borinquen Health Care Center, Inc. 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Borinquen Health Care Center, Inc. 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Borinquen Health Care Center, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Borinquen Health Care Center, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Borinquen Health Care Center, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Borinquen Health Care Center, Inc. 401(k) Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Borinquen Health Care Center, Inc. 401(k) Plan ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i-Schedule of Assets Held at End of Year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of Borinquen Health Care Center, Inc. 401(k) Plan (the "Plan") provides only general information regarding the Plan. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan, which started on January 1, 2005, is a defined contribution plan under Section 401(k) of the Code sponsored by Borinquen Health Care Center, Inc. (the "Organization") covering all employees who have completed two months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Empower Trust Company, LLC ("Empower") is the custodian of the Plan. Empower Annuity Insurance Company of America is the record keeper of the Plan. Management of the Organization controls and manages the operation and administration of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Organization make annual pre-tax or Roth contributions up to 75 percent of eligible compensation. The maximum allowable contribution totaled $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to $7,500 for years ended December 31, 2025 and 2024, subject to certain discrimination tests prescribed by the internal revenue code. Employee rollover contributions are also permitted. Beginning in 2025, as permitted under the SECURE 2.0 Act, participants who attain ages 60 through 63 during the calendar year may make catch-up contributions of up to $11,250 in place of the $7,500 limit. Participants may also roll over amounts from other qualified plans.

For the years ended December 31, 2025 and 2024, the Organization contributed discretionary matching amounts of $100,000, respectively. Eligible employees must have completed a year of service for the plan year and be employed on the last day of the plan year to receive an allocation of the discretionary employer matching contribution.

Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Organization's contribution, and plan earnings and is charged with an allocation of administrative expenses.

Note 1. Description of the Plan – continued

Participant Accounts - continued

Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Organization's matching contributions plus earnings thereon.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's account. Withdrawals other than for termination are permitted under circumstances provided by the Plan. Terminated participants with vested balances of $5,000 or less are automatically distributed with balances over $1,000 rolled to an IRA unless the participant elects otherwise.

Forfeitures

As of December 31, 2025 and 2024, unallocated accounts totaled $2,539 and $2,614, respectively, consisting of unallocated amounts and unclaimed property held in the Key Guaranteed Portfolio Fund. During 2025, $112 of unallocated assets were used to fund employer matching contributions. No unallocated accounts were used in 2024.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis, and related fees are recorded as administrative expenses when incurred. As of December 31, 2025 and 2024, the Plan had outstanding notes receivable from participants with balances including accrued interest totaling $136,258 and $102,011, respectively.

Beginning January 1, 2024, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested account balance. Only one loan may be outstanding at a time, and participants are limited to one loan per calendar year. Loans are secured by the participant's vested account balance and bear interest at 1% above the prime rate published in the Wall Street Journal on the first business day of the month in which the loan is originated. Repayments are generally made through payroll deductions over a term not exceeding five years. A loan is in default if a missed payment is not cured by the end of the calendar quarter following the quarter in which it was due. Defaulted loans are treated as deemed distributions for tax purposes but remain notes receivable of the Plan until repaid or offset against the participant's vested account balance upon a distributable event. Participant loans become due upon termination of employment and are offset against the participant's account balance when the participant receives a distribution.

Note 1. Description of the Plan – continued

Notes Receivable from Participants – continued

During 2025, participant loans deemed distributed for tax purposes totaled approximately $10,013. Such loans continue to be reported as notes receivable until offset against participant accounts.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are recorded at fair value in these financial statements, as prescribed by Accounting Standards Codification No. 820, Fair Value Measurements, ("ASC 820"). ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Additionally, ASC 820 establishes a framework for measuring fair value and expands disclosures about assets and liabilities measured at fair value. For information related to the Plan's valuation methodologies under ASC 820, see Note 5 of these financial statements.

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding charge to corrective distributions. During 2025 and 2024, there were excess employee contributions of $17,774 and $27,218, respectively. The Plan distributed the 2025 excess contributions to the applicable participants during 2026.

Note 2. Summary of Significant Accounting Policies – continued

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion.

Reclassification/Comparative Data

Comparative data for the prior year has been reclassified to conform to the current year presentation in order to provide a better understanding of changes in the Plan's financial statements.

Note 3. Certification of Plan Insurance Company and Trust Company

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, dividends and interest (which includes interest income on notes receivable), reflected on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

The Plan has investments that are held in a guaranteed investment contract directed by each participant. The annuity contract has a guaranteed interest minimum. The aggregate value of the minimum guarantee is $498,365 and $525,169 as of December 31, 2025 and 2024, respectively.

During 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $658,984 and $400,192, respectively.

Note 4. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in a guaranteed investment contract managed by Empower Trust Company, LLC, as included in the supplemental information in Schedule H, Part IV, Line 4(i) - Schedule of Assets (held at end of year). Empower Trust Company, LLC is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

The Organization provides certain administrative services at no cost to the Plan and pays certain other fees related to the Plan's operations. During the years ended December 31, 2025 and 2024, the Plan paid $51,610 and $49,445, respectively, in administrative expenses.

Note 5. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
Level 3	Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Note 5. Fair Value Measurements – continued

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end The mutual funds held by the Plan are deemed to be actively traded and have a readily determinable fair value.

Collective trusts: Valued at the net asset value (NAV) per unit as reported by the trustee of each fund, based on the fair value of the fund's underlying investments less its liabilities. NAV is used as a practical expedient to estimate fair value, and these investments are not classified in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

		2025		
		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	$ 3,897,562	$ 3,897,562	$ -	$ -
Total assets in the fair value hierarchy	3,897,562	$ 3,897,562	$ -	$ -
Investments measured at net asset value (A)	1,216,614			
Total investments at fair value	$ 5,114,176			

		2024		
		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	$ 3,908,523	$ 3,908,523	$ -	$ -
Total assets in the fair value hierarchy	3,908,523	$ 3,908,523	$ -	$ -
Investments measured at net asset value (A)	1,059,685			
Total investments at fair value	$ 4,968,208			

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 6. Guaranteed Investment Contract

The Plan holds a fully benefit-responsive deferred annuity investment contract with Empower Annuity Insurance Company of America (Empower) totaling $498,365 and $525,169 for 2025 and 2024, respectively. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting rate is based on the earnings of the underlying assets in Empower's medium-long term portfolio, compared to the contract minimum and prevailing market conditions, and is reset quarterly. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The fixed annuity account is fully benefit-responsive, therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) employer initiated events (including complete or partial plan termination or merger with another plan, spin-offs, or layoff of at least 20 percent of the workforce in any 12-month period), (2) changes to the Plan's prohibition on competing investment options unless mutually agreed upon by Empower and plan sponsor, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The fixed annuity account does permit the insurance company or the Organization to terminate the agreement with 90 days' notice.

Note 7. Plan Termination

Although it has not expressed an intention to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. The employer has the right to amend the Plan at any time.

Note 8. Tax Status

The Plan operates under a volume submitter profit-sharing plan sponsored by The Retirement Advantage, Inc. The plan document has been pre-approved by the Internal Revenue Service according to an advisory letter dated March 31, 2014. Effective January 1, 2022, the Plan was restated and amended by adopting a non standardized profit sharing plan document sponsored by The Retirement Advantage, Inc. This plan document was preapproved by the Internal Revenue Service according to an advisory letter dated June 30, 2020. Therefore, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note 10. Contingencies

There were no unusual or infrequent events or transactions occurring subsequent to the balance sheet date that might significantly affect the usefulness of the financial statements in assessing the Plan's present and future ability to pay benefits.

Note 11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 12. Subsequent Events

For the year ended December 31, 2025, Plan management evaluated subsequent events for potential recognition and disclosure through October 12, 2026, which is the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements.
