INDEPENDENT AUDITORS' REPORT

Advisory Committee
Rochester Midland Corporation
Employee Stock Ownership Plan

Opinion

We have audited the financial statements of Rochester Midland Corporation Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits in liquidation as of December 31, 2025 and 2024, the related statements of changes in net assets available for plan benefits in liquidation for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits in liquidation of Rochester Midland Corporation Employee Stock Ownership Plan as of December 31, 2025 and 2024, and the changes in net assets available for plan benefits in liquidation for the years ended December 31, 2025 and 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rochester Midland Corporation Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Board of Directors of Rochester Midland Corporation, the plan's sponsor, voted on August 1, 2023 to terminate the plan. In accordance with accounting principles generally accepted in the United States of America, the liquidation basis of accounting was used in presenting the 2025 and 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rochester Midland Corporation Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rochester Midland Corporation Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rochester Midland Corporation Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes in liquidation is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROCHESTER MIDLAND CORPORATION
EMPLOYEE STOCK OWNERSHIP PLAN

Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plan

The following brief description of the Rochester Midland Corporation Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was established on September 1, 1992 and is an employee stock ownership plan. It covered substantially all employees of Rochester Midland Corporation (the Company) who met certain length-of-service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Termination of plan

As a result of the sale of the Company, the Board of Directors voted to terminate the plan on August 1, 2023. Accordingly, the Plan is in the process of liquidation and has been actively seeking to distribute participant account balances.

Plan of liquidation

After the Board of Directors approved the termination, the stock of the Plan was redeemed. Each participant received an allocation of their stock in the plan to the proceeds received from the Company's sale. Participants who were active employees of the Company began to have their account balances transferred to the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan during 2025 and 2024. Distributions are being made for active and inactive participant residual balances. Liquidation of the plan assets is expected through December, 2026. No additional expenses are to be incurred by the Plan during the liquidation period as plan expenses are paid by the Plan sponsor.

Participation in plan benefits

Initial eligibility of an employee commenced on January 1st of the year following the date in which the participant worked one thousand hours. Allocations of participant accounts were made in the proportion that each participant's covered compensation bore to the total covered compensation of all such participants for the year. Participants were not eligible to receive an allocation unless they were still employed by the Company at the end of the Plan year. Effective August 1, 2023, the Plan was terminated and no new participants are permitted to enter the Plan. Further information concerning the Plan agreement and the vesting and benefit provisions is contained in the Rochester Midland Corporation Employee Stock Ownership Plan Agreement. Copies of this agreement are available from the Rochester Midland Corporation Employee Stock Ownership Plan Advisory Committee.

Administration

The Rochester Midland Corporation Employee Stock Ownership Plan Advisory Committee is responsible for the general administration of the Plan and implementation of the Plan provisions.

1. **Description of Plan** (Continued)

Participant accounts

Each participant shall have an account which will be credited with contributions, allocation of shares of Company stock, and plan earnings. Allocations are based on participant compensation or account balances.

Vesting

Participant fund balances were vested as follows:

20% after 2nd year of service
40% after 3rd year of service
60% after 4th year of service
80% after 5th year of service
100% after 6th year of service

Additionally, accounts became fully vested upon attainment of age 65 while employed, death or total disability.

Effective August 1, 2023, all accounts became fully vested in the plan in accordance with the Plan Document, as a result of the sale of the Plan sponsor.

Funding policy

The Rochester Midland Corporation provided annual discretionary contributions to the Plan, if any, as specified by the Board of Directors of the Company. Payments of contributions were made in the form of cash or class 10 common stock of the Company, and were to be paid on or before the due date of the Company's federal income tax return, including extensions. In no event was the contribution in excess of 25% of the compensation paid to all participants collectively for that year.

Put option

Under federal income tax regulations, the employer stock that was held by the Plan and its participants and was not readily tradable on an established market, or subjected to trading limitations, included a put option. The put option was a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price was representative of the current appraised value of the stock. The Company could pay for the purchase in a lump sum or with interest over a period of five years. The purpose of the put option was to ensure that the participant had the ability to ultimately obtain cash.

1. **Description of Plan** (Continued)

Payment of benefits

Upon retirement, death, disability or termination, the entire account balance was distributed in the form of a lump-sum distribution of cash or common stock.

Expenses of the Plan

During the year ended 2025 and 2024, Plan expenses were paid by the Plan sponsor and the Plan.

	2025	2024
Total administrative expenses	$ 32,314	$ 30,391
Less: Expenses paid by Plan sponsor	(32,314)	(30,391)
Total plan administrative expenses	$ -	$ -

2. **Summary of Significant Accounting Policies**

Basis of accounting

The accompanying financial statements have been prepared on the liquidation basis of accounting for the years ended December 31, 2025 and 2024.

As a result of the Board of Directors resolution to terminate the plan, the liquidation basis of accounting is required when liquidation is deemed imminent. Under the liquidation basis of accounting, assets are measured and presented at their net realizable values, which is the amount expected to be collected in the settling or disposing of the assets. Estimates for future costs expected to be incurred during the liquidation period have been recorded. In addition, any income expected to be earned and collected during the liquidation period has been recorded.

Revenue recognition

The Plan's annual contributions were made by the Company and were paid to the Investment Trustees as determined by the Advisory Committee, and recorded as a Plan asset when due to them. Income on Plan assets was accrued when earned. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Accrued liquidation costs and income

Estimated income associated with the termination of the Plan, which includes interest income expected to be earned and collected over the liquidation period, are estimated based upon the most recent information available to management, with the associated estimates periodically reviewed and adjusted as appropriate.

2. **Summary of Significant Accounting Policies** (Continued)

Accrued liquidation costs and income (Continued)

Investment income expected to be earned and collected during the liquidation periods and stock redemption proceeds expected to be collected during the liquidation periods are included under "accrued redemption and interest receivable expected to be earned in liquidation" on the statements of net assets available for plan benefits in liquidation.

Accrued revenue expected to be earned in liquidation as of December 31, 2025 is comprised of interest income of $11,281 and stock redemption proceeds of $-0-. Accrued revenue expected to be earned in liquidation as of December 31, 2024 is comprised of interest income of $9,396 and stock redemption proceeds of $163,170. No costs are expected to be incurred by the Plan in liquidation.

Cash and cash equivalents

The Plan considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements (Continued)

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Values are determined based on quoted market prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of benefits

Benefit payments are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2022.

2. **Summary of Significant Accounting Policies** (Continued)

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent Plan year and October 14, 2026, the date the financial statements were available to be issued.

3. **Investments**

The fair value of investments determined to be level 1 assets as of December 31, 2025 and 2024 consist of:

	2025	2024
Cash and cash equivalents	$ 174	$ 46,280
Mutual funds	311,262	254,680
	$ 311,436	$ 300,960

4. **Diversification and Distributions**

For participant account balances accrued before December 31, 2018, from age 55 to 58, participants could annually direct up to 25% of their account balance into separate investment funds set up and maintained by the trustee. At age 59, participants could direct up to 50% of their account balance into these separate funds. At age 60, participants could direct 100% of their account balance into these separate investment funds. For participant account balances accrued after January 1, 2019, from age 55 to 59, participants could annually direct up to 25% of their account balance into separate investment funds set up and maintained by the trustee. At age 60, participants could direct 50% of their account balance into these separate investment funds.

There were no funds eligible for diversification that could be transferred to the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan for self-direction for the years ended December 31, 2025 and 2024. These amounts would be included in benefit payments on the statements of changes in net assets available for plan benefits in liquidation.

Included in the benefit payments amount listed on the statement of changes in net assets available for plan benefits in liquidation for the years ended December 31, 2025 and 2024, $88,574 and $217,524 was transferred from the ESOP to the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan, respectively.

5. Income Tax Status

The Plan obtained its latest determination letter in June, 2020 in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date (see **Subsequent Events**).

6. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31, 2025:
