CERTIFIED PUBLIC ACCOUNTANTS – AUDIT, LLP

Independent Auditor's Report

To the Plan Administrator and Participants
Calibre Scientific, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Calibre Scientific, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Calibre Scientific, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Calibre Scientific, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Calibre Scientific, Inc. Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Calibre Scientific, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Calibre Scientific, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and the schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CALIBRE SCIENTIFIC, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

1. Description of Plan

The following description of the Calibre Scientific, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan established June 28, 2017, covering the majority of employees of Calibre Scientific, Inc. and its subsidiaries (the "Company") who have attained age 21 and completed 3 months of service. Empower Trust Company, LLC is the trustee of the Plan. The Plan sponsor and Plan administrator is Calibre. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Effective May 31, 2024, the Dynalab Corp. 401(k) Retirement Savings Plan was merged into the Plan.

b. Eligibility

Employees who are 21 years or older are eligible to participate in the Plan upon completion of 3 months of service. Eligible employees exclude (1) union employees whose employment is governed by a collective bargaining agreement, (2) non-resident aliens, (3) leased employees, and (4) reclassified employees, such as individuals paid as independent contractors. Long-term part-time employees are eligible to make elective deferrals as required under the Internal Revenue Code ("IRC").

c. Participant Contributions

Participants may contribute up to 100% of their eligible compensation as a pre-tax or Roth deferral, as defined in the Plan document, subject to certain limitations under the IRC. Participants who are 50 years of age or older during the Plan year may also make catch-up contributions as allowed by the IRC. Effective January 1, 2025, participants who are 60 to 63 years of age during the Plan year may make enhanced catch-up contributions at an increased limit as allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified plans, 403(b) plans, 457 plans, and IRAs. The Plan permits in-plan Roth rollovers and transfers.

d. Employer Matching Contributions

The Plan matches 100% of participant deferrals, including catch-up contributions, up to 4% of eligible compensation, measured each payroll period.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, employer's contributions, and an allocation of the Plan's net earnings (losses) and expenses. Allocation of earnings is based on the proportion of the participant's account balance to the total of all participants' account balances.

Participants are immediately vested in all of their accounts, including their elective contributions, all employer contributions, and any earnings thereon.

f. Payment of Benefits

Upon termination, death, disability, or retirement, the participant (or beneficiary) may elect to receive distributions of benefits in a lump sum, in installments over a period not to exceed the participant's life expectancy, or in partial distributions. Vested account balances of $1,000 or less are distributed in a single lump-sum cash payment to the participant or beneficiary without the participant's consent. Participants may also receive in-service distributions upon attaining age 59½, from their rollover accounts at any time.

g. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw a portion of their pre-tax and Roth deferral account balances, subject to a $1,000 minimum, as a result of an immediate and heavy financial need, assuming the participant has obtained all other available distributions under all plans maintained by the Company. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the repair of casualty damage to the participant's principal residence, expenses and losses from federally declared disasters, or to prevent eviction or foreclosure from the participant's principal residence.

h. Notes Receivable from Participants

Loans are permitted in accordance with the Plan's loan policy. Participants may borrow the lesser of $50,000 or 50% of their vested account balance, reduced by the highest balance of loans in the prior 12 months, subject to a $1,000 minimum and certain other restrictions. Participants may have up to two loans outstanding at any given time. As these loans are repaid by the participant, the proceeds, including interest, are returned to the participant's account. Loans are payable through payroll deductions over periods ranging from one to five years. The interest rate on participant loans is the Prime Rate, plus 1% per annum, and is fixed at inception of the loan. The interest rate on outstanding loans at December 31, 2025 ranged from 5.00% to 9.50%, with loans maturing through 2030.

If an active participant discontinues making payments and fails to make payments when they are due under the terms of the loan, the loan will be considered to be in default. Upon an event of default, all principal and interest are due and payable as of the date of the missed payment. However, the amount of the defaulted loan will not be considered distributed to the participant until the end of the calendar quarter following the calendar quarter in which the payment was first delinquent (a deemed distribution).

i. Administrative Expenses

The Plan's expenses are paid by the Company, at its discretion, or by the Plan as provided by the Plan document. Certain recordkeeping fees are charged to the Plan. For the year ended December 31, 2025, direct expenses paid by the Plan were approximately $56,000.

j. Forfeitures

As participants are fully vested in all accounts, forfeitures generally do not arise under the Plan. Any forfeited amounts may be used to reduce employer matching contributions or to pay reasonable Plan expenses. At December 31, 2025 and 2024, forfeitures totaling approximately $15,000 and $14,000, respectively, were available to reduce future employer contributions or pay Plan expenses. Forfeitures of $600 were utilized during 2025.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make a number of estimates and assumptions that relate to the reported amounts of assets and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates under different assumptions or conditions.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the Key Guaranteed Portfolio Fund, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses on investments during the year and the realized gains or losses on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

d. Contribution Receivables

Contribution receivables are contributions earned during the year but not received until the subsequent period due to the timing of the deposit and can be from either the Company or the participants. Contribution receivables are recorded at cost and, due to their nature, the Plan does not establish an allowance for credit losses for contribution receivables.

e. Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. The Plan does not establish an allowance for credit losses on notes receivable since the receivables are fully secured by the participants' contributions to the Plan. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

f. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

g. Administrative Expenses

Certain loan and administrative fees are paid by the Plan. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified. The Plan charges certain distribution fees to impacted participants. The Plan pays substantially all other administrative expenses incurred by the Plan.

3. Investments

Participants can direct their accounts among various mutual funds, common collective trusts, and a group annuity contract offered by Empower Annuity Insurance Company of America.

The Plan's investments in common collective trusts consist of the Putnam Retirement Advantage Trusts – Class I (the "Trusts"), which include the 2030, 2035, 2040, 2045, 2050, 2055, and 2060 Trusts and the Maturity Trust. The Trusts are target-date funds that invest in a diversified mix of underlying investments, with an asset allocation that becomes more conservative as each Trust's target retirement date approaches. The Maturity Trust is designed for participants who have reached or are in retirement.

Earnings from the investments in common collective trusts are included in dividends and interest on the accompanying statement of changes in net assets available for benefits.

The group annuity contract offered is the Key Guaranteed Portfolio Fund (the "KGPF"), which is fully benefit-responsive. The KGPF invests primarily in mortgage loans, policy loans, and bonds such as securities issued by states, territories, possessions, and political subdivisions in the U.S., mortgage-backed securities, as well as other debt and other fixed-income securities. The value of the KGPF is determined as the value of the sum of participants' KGPF contributions and deposits plus interest to the KGPF minus the sum of 1) any amounts distributed, 2) any transfers from the KGPF, and 3) any applicable fees and charges. Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Certain events may result in the KGPF not transacting at contract value, such as excessive trading, market closings, plan terminations, partial plan terminations or changes in laws or regulations.

The KGPF credits interest daily on a portfolio basis. The crediting interest rate may change or stay the same each quarter and apply to all money deposited regardless of when it was deposited. The crediting rate as of December 31, 2025 and 2024 was 1.45%. Earnings on the KGPF are included in dividends and interest income on the accompanying statement of changes in net assets available for benefits.

Either the Plan sponsor or Empower Annuity Insurance Company of America may elect to terminate the contract at any time with advance written notice to the other party. The contract allows three options to settle the funds upon contract termination: 1) payment at book value, 2) lump sum payments with market value adjustments, and 3) any other termination option allowable under applicable law as mutually agreed upon by both parties.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Mutual funds: Shares valued based on the quoted market price on an active market as of the reporting date.

Common collective trusts: The Plan's interests in the common collective trusts are valued at the net asset value ("NAV") of the common collective trusts' underlying investments based on information reported by the investment advisor using the audited financial statements or daily

reported NAV of the common collective trusts at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,806,761	$ -	$ -	$ 3,806,761
Total	$ 3,806,761	$ -	$ -	$ 3,806,761
Investments at NAV:				
Common collective trusts				3,750,959
Total				$ 7,557,720

	Investments at Fair Value at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,506,812	$ -	$ -	$ 3,506,812
Total	$ 3,506,812	$ -	$ -	$ 3,506,812
Investments at NAV:				
Common collective trusts				3,591,521
Total				$ 7,098,333

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value at December 31:

	Fair Value 2025	Fair Value 2024	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 3,750,959	$ 3,591,521	Daily	1-2 days

There were no unfunded commitments related to the common collective trusts at December 31, 2025 and 2024.

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following information included in the financial statements and supplemental schedules was provided and certified by Empower Trust Company, LLC, the trustee of the Plan, as of December 31, 2025 and 2024 and for the year ended December 31, 2025, as complete and accurate:

- Investment income
- Investments, at fair value
- Investment, at contract value
- Schedule of assets (held at end of year)
- Notes receivable from participants
- Interest on participant notes receivable

7. Excess Contributions Payable

During 2025, the Plan failed the actual deferral percentage testing performed by its recordkeeper. In order to pass the test, the Plan refunded certain participants' contributions amounting to $36,210 subsequent to plan year end.

8. Corrective Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals and loan repayments were not remitted to the Plan within the timeframe required by the Department of Labor. These late remittances constitute non-exempt transactions as defined by ERISA. There were $126,821 delinquent contributions relating to employee deferrals and loan repayments to the Plan during the year ended December 31, 2025. The Company expects to correct the operational error in the subsequent year once the calculation for the lost earnings is finalized.

9. Party-In-Interest Transactions

Certain Plan investment funds are managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the trustee as of December 31, 2025 and 2024 and for the year ended December 31, 2025. Therefore, these investments and investment transactions qualify as party-in-interest transactions. The Plan also issues loans to participants that are secured by the vested

balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Additionally, the Plan sponsor, Calibre Scientific, Inc., is a party-in-interest to the Plan. However, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan which are exempt transactions.

10. Tax Status

The Plan utilizes a pre-approved plan document provided by Empower Retirement, LLC ("Empower"). Empower obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving the opinion letter. However, management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan sponsor and administrator believe the Plan is a qualified plan and the related trust is tax exempt as of and for the year ended December 31, 2025.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time. If this occurs, the affected participants shall receive their vested balance, which is their total account balance.

12. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through October 14, 2026, the date the financial statements are available to be issued.

Effective January 1, 2026, the Plan was amended to change the computation period for employer matching contributions from each payroll period to each Plan year.

13. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits as reported on the Plan's financial statements to Form 5500 at December 31:

	2025	2024
