Independent Auditors' Report

To the Administrative Committee of
Infinite Care Group Facilities - South 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Infinite Care Group Facilities - South 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Infinite Care Group Facilities - South 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Administrative Committee of
Infinite Care Group Facilities - South 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Infinite Care Group Facilities - South 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Infinite Care Group Facilities - South 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Administrative Committee of
Infinite Care Group Facilities - South 401(k) Plan

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Infinite Care Group Facilities - South 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Infinite Care Group Facilities - South 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INFINITE CARE GROUP FACILITIES - SOUTH 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2025

Note 1 – Description of Plan

General

The following description of the Infinite Care Group Facilities - South 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a multiple – employer defined contribution plan that was established on January 1, 2022 to provide benefits to eligible employees of Hawthorne Ocala Operations, LLC and certain other entities under common management as defined by the plan agreement (collectively the "Company"). The Plan covers all full-time employees of the Company, except those that are non-resident aliens, residents of Puerto Rico, or covered under a union agreement, who have completed six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may elect to contribute a percentage up to 100% of pretax annual and after-tax compensation, not to exceed IRS limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. At the Companies discretion, they may provide a discretionary matching contribution during the year or at year end, once the employee has completed one year of service and is employed on the last day of the year. During the year ended December 31, 2025, the Company made discretionary matching contributions equal to 25% of participant contributions up to a maximum of 12% of base compensation totaling $216,201. Contributions are subject to certain limitations as required by law.

Participant Accounts

Under the Plan, a separate account is maintained by each participant. Each participant's account is credited with the participant's contributions, Plan earnings, and charged with an allocation of the administrative expenses, if any. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund balance a minimum of $1,000 up to a maximum of the lessor of 50% of their respective vested balances or $50,000, by executing a note in accordance with the Plan's provisions. Participants are permitted to have one outstanding loan from the Plan at any time. The loans are secured by the balance in the participant's account and bear interest at a rate of 2% above the Prime Rate, as defined in the plan document. Principal and interest are paid ratably through payroll deductions.

Note 1 – Description of Plan *(Continued)*

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account, in a lump-sum cash payment or annual installments. For termination of service due to other reasons, a participant may receive the vested value of the interest of his or her account as a lump-sum distribution. Participants may receive an in-service withdrawal of their vested account balance upon reaching $59^{1/2}$ years of age. Hardship withdrawals are permitted under the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies *(Continued)*

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance, plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Corrective Distributions

Corrective distributions may be required in the event that employee contributions exceed contribution limitations of the Plan. These amounts are recorded as a liability as of the Plan's year end and reflected on the statement of changes in net assets available for benefits as an offset to contributions.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2025 and 2024, there were forfeited amounts of $4,084 and $3,228. These amounts are designated to be used as payment of Plan expenses.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless directly paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the management of notes receivable from participants are charged directly to the participants' account. The fees paid by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. Investment related expenses are included in the net appreciation or depreciation of fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 13, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology that are observable, either directly or indirectly, such as quotes prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

Registered Investment Companies are held and administered by Principal Life Insurance Company ("Principal"). The registered investment companies consist of publicly traded mutual funds, which are valued daily based on the publicly available market price using a unit of value method. Transactions are recorded as purchased or sold based on that day's market price. The funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

Pooled Separate Accounts ("PSAs") are held and administered by Principal Life Insurance Company, who is the sole provider of the options, under a group annuity contract. These PSAs invest in mutual funds. While the underlying asset values are publicly quoted prices, the net asset value ("NAV") of a separate account is not publicly quoted. PSA NAVs are computed daily based on the fair value of the underlying investments and are available on Principal's website. All redemptions of PSAs are at that day's computed NAV.

Note 3 – Fair Value Measurements *(Continued)*

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2025

	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 658,257	$ -	$ -	$ 658,257
Pooled Separate Accounts		4,751,844		4,751,844
Investments at Fair Value	$ 658,257	$ 4,751,844	$ -	$ 5,410,101

December 31, 2024

	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 291,764	$ -	$ -	$ 291,764
Pooled Separate Accounts		3,656,788		3,656,788
Investments at Fair Value	$ 291,764	$ 3,656,788	$ -	$ 3,948,552

For the year ended December 31, 2025, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note 4 – Plan Certification

Principal Life Insurance Company (the "Plan Custodian") holds the Plan's investments and executes all investment transactions. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Plan Custodian, as of December 31:

	2025	2024
Investments, at fair value	5,410,101	3,948,552
Investments, at contract value	197,835	2,326
Notes receivable from participants	99,806	54,248
Net appreciation (depreciation) in fair value of investments	663,271	291,146
Interest and dividends income	9,327	216
Interest income on notes receivable from participants	6,499	1,920

Note 5 – Investment Contract with Insurance Company

In 2022, the Plan entered into a benefit-responsive investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and any specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $197,835 and $2,326. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed for updates upon Plan Sponsors' request.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) communications to participants from an employer that influence the participants to withdraw or transfer all or a portion of their interests, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation including enforcement of the equity wash provisions. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 6 – Related Party Transactions and Party in Interest Transactions

Certain plan investments are managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party in interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8 – Tax Status

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audit by tax authorities; however, there are currently no audit for any tax periods in progress.

Note 9 – Risks and Economic Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit. The current economic environment has increased the degree of uncertainty.
