INDEPENDENT AUDITOR'S REPORT

To the Trustee of
Flippo Construction Company, Inc. Employee Stock Ownership Plan
Forestville, Maryland

Opinion

We have audited the financial statements of **Flippo Construction Company, Inc. Employee Stock Ownership Plan,** an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of **Flippo Construction Company, Inc. Employee Stock Ownership Plan** as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Flippo Construction Company, Inc. Employee Stock Ownership Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Flippo Construction Company, Inc. Employee Stock Ownership Plan's** ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Flippo Construction Company, Inc. Employee Stock Ownership Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Flippo Construction Company, Inc. Employee Stock Ownership Plan's** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of nonexempt transactions for the year ended December 31, 2025 and assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of The Plan

The following brief description of the Flippo Construction Company, Inc. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all employees of Flippo Construction Company, Inc. (the "Company") who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is a stock bonus plan, qualified under Section 401(a) of the Internal Revenue Code ("IRC"), and is intended to be an employee stock ownership plan as defined in Section 4975(e)(7) of the IRC.

Contributions

Each year the Company contributes to the Plan at its discretion. The Plan does not permit contributions from its participants.

Employer Contributions Receivable

Contributions receivable consist of contributions from the Company that are contributed subsequently based on compensation from the prior plan year. Plan management has determined that all contributions are fully collectible.

Due from Employer

At December 31, 2025, the Plan had a receivable of $313,578 from the Company for Plan assets returned by the Plan's distribution processor and deposited to the Company's account (see Note 5). The Company restored the amount to the Plan on October 12, 2026. The amount was not allocated to participant accounts at December 31, 2025 and will be allocated to participant accounts as of December 31, 2025, together with lost earnings, in accordance with the Plan's allocation provisions.

Benefit Payments to Participants

Distributions from the Plan are made upon a participant's retirement, death, disability, or termination of employment with the Company. Distributions pertaining to a participant's retirement, death, or disability are made in the year following termination. Effective January 1, 2018, distributions to participants who terminate before normal retirement age, death or disability begin in the sixth plan year following the plan year of termination. Distributions begin only after the participant returns an election, except for required minimum distributions. Distributions are generally made in cash. Payments are made in six annual installments, with the final payment made no later than the fifth anniversary of the commencement date. Vested account balances of $1,000 or less may be paid in a lump sum without the participant's consent.

Once a participant attains age 55 and has at least ten years of plan service, he or she may elect annually for a period of six years to diversify their investments, to receive a distribution of up to 25 percent of his or her account balance held in Company stock (as reduced by any shares previously diversified). In the last year of the six-year period, participants may elect to receive a distribution of up to 50 percent of their account balances held in Company stock (reduced by any shares previously diversified). Prior to meeting these criteria, a participant may not diversify the investment of his or her account balance in Company stock.

Under the provisions of the Plan, the Plan is obligated to repurchase participant shares, which have been distributed under the terms of the Plan. During the years ended December 31, 2025 and 2024, the Plan repurchased approximately 65,241 and 89,483 shares from participants, respectively.

Administrative Expenses

The Company pays substantially all administrative expenses of the Plan. Processing fees of $4,005 charged by the Plan's distribution processor in 2025 were paid from Plan assets and are included in the amount due from the Company (see Note 5).

Voting Rights

The trustees generally vote the shares of the common stock held under the Plan. With respect to the approval or disapproval of any merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all of the assets of a trade or business, the participants are entitled to give instructions to the trustees as to the voting of the shares of common stock allocated under the Plan.

Participant Accounts

Each participant's account is credited with an allocation of (1) Company contributions, (2) plan earnings or losses, and (3) forfeitures of terminated participants' unvested accounts. Allocations are based on participant compensation, as defined by the Plan. Participants must be employed on December 31 to receive an allocation, except participants whose employment terminates due to retirement, death, or disability.

Vesting

The Plan provides that a participant becomes vested in allocated net assets at 20 percent each year, beginning after two years, until fully vested after six years. Additionally, if an active employee retires after attaining the age of 65 (age of 62 for employees who were participants prior to January 1, 2015), dies, or is fully and permanently disabled prior to completing six years of continuous service, the participant becomes fully vested in the participant's allocated account.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market.

When a participant receives a distribution of stock from the Plan, the Company provides a put option on the stock owned by the participant and redeems the stock at the price in effect at the time of the distributable event under the provisions for benefit payments as noted above. The put option may be exercised during the 60-day period following the distribution and, if not exercised, during a second 60-day period following notice of the next valuation. The Company may pay the purchase price in a lump sum or in equal annual installments over a period of up to five years with reasonable interest. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Forfeitures

Forfeited nonvested accounts will be reallocated to participants in the same manner as Company contributions. For the years ended December 31, 2025 and 2024, the Plan reallocated approximately 2,039 and 2,025 shares, respectively, as a result of forfeitures.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of the financial statements in accordance with U.S. GAAP requires the Plan’s management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Cash and Cash Equivalents

The term cash and cash equivalents, as used in the accompanying financial statements, includes currency on hand, demand deposits with financial institutions, and short-term, highly liquid investments purchased with a maturity of three months or less. The Plan maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. As of December 31, 2025, and 2024, noninterest bearing accounts are aggregated with any interest-bearing deposits and the combined balance is guaranteed by the Federal Deposit Insurance Corporation up to $250,000. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Investments

The shares of the Company's common stock are reported at fair value. The investments in the Company's common stock have been valued based on independent appraisals performed by Acclaro Valuation Advisors. The appraisals used by management were prepared as of September 30, 2025 and 2024, the Company's year-end. Management believes that there have been no events that have occurred from the dates of the appraisals through the dates of these financial statements that would materially affect the value reflected in the appraisals.

Benefits Paid

Benefit payments are recorded when paid.

Reclassifications

Certain prior-year amounts have been reclassified to conform to the current-year presentation. Such reclassifications had no effect on net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date these financial statements were available to be issued. On October 12, 2026, the Company restored $313,578 to the Plan (see Note 5).

Note 3 – Investments

The Plan's investments as of December 31, 2025 and 2024, are as follows:

	2025	**2024**
Flippo Construction Company, Inc. common stock:		
Number of shares	**1,126,667**	1,126,667
Cost	**$ 15,565,986**	$ 15,565,986
Estimated fair value	**$ 10,207,603**	$ 9,249,936

All shares held by the Plan were allocated to participant accounts at December 31, 2025 and 2024. The amount due from employer at December 31, 2025 had not been allocated to participant accounts (see Note 1).

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Observable market based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The table below presents the balances of investments measured at fair value on a recurring basis by level within the hierarchy, at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Investment in Flippo Construction Company Inc. common stock	$ -	$ -	$ 10,207,603	$ 10,207,603
Total	$ -	$ -	$ 10,207,603	$ 10,207,603

The table below presents the balances of investments measured at fair value on a recurring basis by level within the hierarchy, at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Investment in Flippo Construction Company Inc. common stock	$ -	$ -	$ 9,249,936	$ 9,249,936
Total	$ -	$ -	$ 9,249,936	$ 9,249,936

Valuation Methodology

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The fair value of the Plan's investment in the Company's common stock is determined annually by an independent appraiser retained by the plan trustees. The independent appraiser relied on the income approach in determining the fair value of the Company's common stock based on the discounted future earnings method based on market rates of return and the Company's specific risks. The fair value per share of the Company's common stock was $9.06 and $8.21 at September 30, 2025 and 2024, respectively. The fair value measurement of the Company's common stock is classified as having used Level 3 inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Party-in-Interest and Nonexempt Transactions

The Plan has stock which is issued by the Company, a party-in-interest. Company contributions of stock and the repurchase of stock from participants that receive distributions qualify as party-in-interest transactions exempt from the prohibited transactions rules of ERISA.

On December 29, 2025, undistributed Plan assets of $313,578 returned by the Plan's distribution processor were deposited to the Company's operating account ($309,573, net of $4,005 of processing fees charged to the Plan). This is a nonexempt party-in-interest transaction under ERISA and the IRC. The amount is reported as due from employer at December 31, 2025 and is included in the supplemental Schedule H, Line 4d – Schedule of Nonexempt Transactions. The Company restored $313,578 to the Plan on October 12, 2026 and will perform the appropriate correction, including any related lost earnings and filings.

Note 6 – Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7 – Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 8 – Income Tax Status

The Plan has received a favorable letter from the Internal Revenue Service ("IRS") dated May 18, 2016, which states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Operational matters identified in 2025, including the nonexempt transaction described in Note 5, are being corrected under the applicable IRS and DOL correction programs.
