INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Caribe Pharmacy Savings and Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have audited the accompanying financial statements of Caribe Pharmacy Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the period from July 1, 2024, through December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2025 and 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, and the period from July 1, 2024, through December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and 2024 and Schedule H, Line 4a, Schedule of Delinquent Participant Contributions the year ended December 31, 2025, and the period from July 1, 2024, through December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under

ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information in the Schedules of Assets (Held at End of Year), has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the Schedules of Assets (Held at End of Year) that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information in the Schedules of Assets (Held at End of Year), including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the Schedules of Assets (Held at End of Year) that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the Schedules of Assets (Held at End of Year) that is certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. REPORTING ENTITY AND DESCRIPTION OF THE PLAN

The following brief description of the Caribe Pharmacy Savings and Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan's provisions.

Plan Description – The Plan is a defined contribution plan established by Caribe Pharmacy Holdings, LLC (the "Plan Sponsor") for the benefit of eligible employees of the Plan Sponsor and Caribe Pharmacy Management, LLC (collectively, the "Participating Employers"). Plan Administrator is a committee composed of the CEO and HR Director of the Plan Sponsor. The Plan commenced operations on July 1, 2024, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – Employees of the Participating Employers are eligible to participate in the Plan, with the exception of hourly paid and part-time employees. Non-excluded employees who have attained the age of twenty-one and completed one year of service, as defined, are eligible to participate in the Plan. Participants may enroll in the Plan on the first day of each of the first and seventh months of the plan year after satisfying eligibility requirements.

Contributions – Participants may contribute a pre-tax annual contribution of no less than 1% of compensation and up to the maximum amount in accordance with the provisions of the Puerto Rico Internal Revenue Code ($15,000 for the year ended December 31, 2025 and the period from July 1, 2024 through December 31, 2024). A participant that had attained age fifty (50) by the end of the Plan's year can make an additional pre-tax contribution as permitted under the Puerto Rico Internal Revenue Code. After-Tax contributions may not exceed 10% of the aggregate compensation paid to the participant. After-Tax contributions are not eligible for matching. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an autoenrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

The Plan also provides for discretionary employer matching contributions. For the year ended December 31, 2025, and the period from July 1, 2024 through December 31, 2024, the Participating Employers made matching contributions equal to 1.5% of participants' eligible compensation. Employer matching contributions are made each payroll period. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor.

Participant Individual Accounts– Each participant account is credited with the participant's contribution and allocations of (a) the Participating Employers contributions, (b) Plan earnings, and (c) at the discretion of the Plan Sponsor, forfeitures of terminated participants'

non-vested accounts. Each participant's individual account is reduced by administrative expenses charged directly to that participant's account. The benefits to which a participant is entitled are limited to the amount of the participant's individual account.

Forfeited Accounts – The portion of a participant's account attributable to employer contributions that is not vested upon termination of employment is forfeited upon distribution of the participant's vested account balance. Forfeitures under the Plan may be used to reduce employer contributions, reduce Plan costs and expenses, or be allocated to participant accounts, as determined annually by the Plan Sponsor in accordance with the provisions of the Plan. No forfeitures were used during the year ended December 31, 2025, and the period from July 1, 2024 through December 31, 2024. As of December 31, 2025 and 2024, the balances in the forfeiture account amounted to $41,496 and $0, respectively.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsors' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

The vesting schedule is as follows:

Years of Service	Vesting
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Plan Expenses and Administration – Empower Trust Company, LLC ("Empower"), together with its affiliates, serves as custodian and recordkeeper for the Plan through its subsidiaries. The Participating Employers are responsible for the general administration of the Plan and for carrying out the provisions thereof. The Plan Sponsor has established a committee to discharge the administration and fiduciary duties under the Plan.

Administrative expenses are borne by the Plan and the Plan Sponsor. Certain administrative fees are charged directly to the applicable participant's account and are included in administrative expenses. For the year ended December 31, 2025 and the period from July 1, 2024 through December 31, 2024, administrative expenses charged to the Plan amounted to $48,204 and $7,102, respectively. Other costs for administering the Plan are borne by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Contributions to a participant account that has not chosen an investment option are invested in a default portfolio of funds. Participants may change their contributions at any time thereafter. The Plan also allows participants to change their investments options daily.

Notes Receivable from Participants – Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to $50,000, or 50% of their vested account balance, whichever is lower. The notes receivable from participants ("Loans") are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local market rates for similar loans. Interest rate on Loans outstanding as of December 31, 2025 and 2024, ranges from 4.25% to 9.50% for the term of the loan, which does not exceed five (5) years, or 10 years if used for the purchase of a residence. Notes receivable from participants at December 31, 2025 and 2024, amounted to $111,567 and $175,246, respectively.

Payment of Benefits – Upon termination of employment, a participant may elect to receive the vested portion of his or her account in accordance with the distribution options provided under the Plan. The normal retirement age is the date a participant attains sixty-five (65) years of age. A participant may withdraw amounts at any time from his or her after-tax contribution account, subject to uniform and nondiscriminatory standards established by the Plan Administrator. In the case of a participant termination because of death, the entire vested amount is paid to the person or persons legally entitled thereto. Automatic distributions of vested account balances of $5,000 or less are made upon termination of employment.

Hardship Withdrawals – Under the provisions of the Plan, participants are permitted to make hardship withdrawals out from the participant's pre-tax, after-tax, matching, catch-up and roll-over contributions, reduced by any loan outstanding as of the financial hardship distribution date. Such withdrawal is only permitted if: a) financial hardship is demonstrated, b) the withdrawal is approved by the Plan Administrator and c) such withdrawal is allowable under the Puerto Rico Income Tax Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies used by the Plan follows:

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the

reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Contributions – Contributions from Plan participants and the matching contributions from the Participating Employers are recorded in the year in which the employee contributions are withheld from compensation.

Investments Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 to the Financial Statements for additional disclosures related to fair value measurements.

The Plan investment return includes interest income, gains and losses on sale of investments and unrealized appreciation or depreciation of investments. The financial statements reflect the net appreciation or depreciation in the fair value of the Plan's investments. This net appreciation or depreciation consists of realized gains and losses calculated as the difference between the proceeds from the sale of investments and their fair value at the beginning of the year (or purchase date, if later), and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The group annuity contract is reported at contract value in the statements of net assets available for benefits. Contract value is the amount participants would receive if they were to initiate certain transactions under the terms of the plan.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits – Benefits payments to participants are recorded upon distribution. There were no withdrawals that were requested but have not yet been paid at December 31, 2025 and 2024.

3. FAIR VALUE MEASUREMENTS

The FASB's ASC 820 on Fair Value Measurement, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; and • Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

The valuation methodologies used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,596,832	$ -	$ -	$ 4,596,832
Investment measured at NAV practical expedient (a)				243,214
Total investments				$ 4,840,046

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,753,404	$ -	$ -	$ 2,753,404
Investment measured at NAV practical expedient (a)				170,980
Total investments				$ 2,924,384

(a) Common Collective Trust - This category is composed of one fund. Fair value is based on calculated net asset value of shares held by the plan as reported by the administrator of the funds. The fund is a direct filing entity whose investment strategies have been omitted from disclosure. In accordance with Subtopic 820-10, the investment, which is measured at NAV per share (or its equivalent) using the practical expedient, has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit responsive group annuity contract with Empower Annuity Insurance Company of America, and managed by Empower Capital Management, LLC, totaling $385,855 and $113,221, as of December 31, 2025 and 2024, respectively.

The group annuity contract invests contributions in EI Fixed Account - Series Class I ("GWAQ35"). This GWAQ35 is a general account product where principal and interest for participant-initiated benefit payments are fully guaranteed by the entire general account assets of Empower.

This GWAQ35 is a fully benefit-responsive investment contract for participant-initiated transactions for which values are reported at contract value. Contract value is determined as (a) plus (b) minus (c) where:

(a) Represents the cost of all contributions made under the contract;
(b) Includes interest credited to the fund;
(c) Represents transfer-out from participants' account balance.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions, and it is reset quarterly. The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The quarterly credit rate applies to all money deposited in the group contract holder's GWAQ35 account regardless of when it was deposited. The average interest rate for the year ended December 31, 2025, and the period from July 1, 2024 through December 31, 2024 was 1.45% and 1.41%, respectively.

In order to provide participants' investments with liquidity for participant-initiated transfers, there cannot be any actively competing investment options in the Plan. Competing investment options refer to: (1) other guaranteed products, (2) stable value funds, (3) short-term bond funds (3 years or less of maturity) and (4) money market funds. If a competing fund is offered without Empower's approval, all participants' transfers shall be suspended until the competing fund is removed.

Upon termination of the group annuity contract, the plan sponsor may choose the following options associated with GWAQ35 depending on the contract provisions:

(a) Receive the payout of the fund in a lump sum with a market value adjustment;
(b) Receive the payout of the fund in a lump sum at book value, if this option is selected, Empower may defer the payment to a date no longer than 12 months in the future;
(c) Mutually agree in writing to any other payout option allowable under the applicable law.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the custodian of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, line 4i - Schedules of Assets (Held at End of Year) and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025 and the period from July 1, 2024 through December 31, 2024.

6. ROLLOVERS AND TRANSFER OF ASSETS TO PLAN

For the period from July 1, 2024 through December 31, 2024, assets totaling $2,530,400 were transferred into the Plan from another qualified defined contribution plan in connection with the establishment of the Plan. Of this amount, $2,363,934 represents participant rollover contributions and is included in rollovers, and $166,466 represents participant loans and is included in transfers of assets from another plan in the statement of changes in net assets available for benefits.

7. SHORT PLAN YEAR AUDIT DEFERRAL

The Plan's initial Form 5500 was filed for the short plan year from July 1, 2024 through December 31, 2024. The Plan Administrator elected to defer the independent qualified public accountant's report for that short plan year under DOL Reg. § 2520.104-50. Accordingly, the accompanying financial statements and auditor's report include the year ended December 31, 2025 and the short period from July 1, 2024 through December 31, 2024.

The 2025 Form 5500 is required to include financial statements and applicable schedules for both plan years, the auditor's report with respect to both plan years, and a statement identifying any material differences between the unaudited 2024 information previously filed and the audited 2024 information included with the 2025 filing under DOL Reg. § 2520.104-50. No material differences were identified between the unaudited 2024 information previously filed and the audited 2024 information included with the 2025 filing.

8. TAX STATUS

During the month of September 2024, the Plan received notification from the Treasury Department of Puerto Rico that the request for a favorable determination letter made June 13, 2024 was granted. Accordingly, the Plan is qualified under Section 1081.01(a) of the Puerto Rico Internal Revenue Code of 2011, as amended, and its related trust is exempt from Puerto Rico income taxes. The Plan Administrator has determined operational failures, as described in Note 10, and intends to correct them. The Plan Administrator believes that upon completion of such corrections the Plan will continue to be designed and operated in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code and, accordingly, believes that the Plan continues to be qualified and its related trust tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan

and has concluded that, as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan terminates, the interest of each participating employee in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee, or their beneficiaries accrued under the Plan up to the date of such termination.

10. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and level of uncertainty related to changes in the values of investments, it is possible that changes in market values in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Individual participant's accounts bear the risk of loss resulting from fluctuations in fund values.

As of December 31, 2025 and 2024, the Plan was unable to determine the final amount of potential corrective contributions and related lost earnings associated with certain operational failures. The calculations necessary to determine the corrective contributions and associated lost earnings are still in progress. The Plan Administrator continues to gather and validate the data needed to complete these calculations. The Participating Employers intend to make any required corrective contributions when the calculations are complete. The contribution receivable as of December 31, 2025 and 2024, cannot be determined as of the date of issuance of the financial statements. While management believes the assumptions and data currently under review are reasonable, the final amounts may differ from those used in preparing these financial statements.

11. PARTIES-IN-INTEREST

Certain administrative expenses were paid by the Plan Sponsor on behalf of the Plan for the year ended December 31, 2025 and the period from July 1, 2024 through December 31, 2024. The Plan Sponsor does not expect reimbursement from the Plan for these expenses. Other parties in interest include the Plan Sponsor and Plan Administrator, Participating Employers and their employees, and certain service providers to the Plan. No employee receives compensation from the Plan for these services.

Empower provides recordkeeping and custodial services to the Plan and transacts with the Plan in connection with those services. In addition, Plan investments include a fully benefit-responsive group annuity contract with Empower.

For the year ended December 31, 2025 and the period from July 1, 2024 through December 31, 2024, the Plan engaged in transactions with these parties that qualify as exempt-party-in interest transactions under ERISA and the regulations promulgated thereunder, except for the late remittances of participant contributions and loan repayments by the Participating Employers, which constitute nonexempt prohibited transactions, as described in Note 12.

12. PROHIBITED TRANSACTIONS

During the year ended December 31, 2025 and the period from July 1, 2024 through December 31, 2024, the Participating Employers failed to deposit participant deferral contributions and loan repayments totaling $3,844 and $9,943, respectively, within the required timeframe stated by the Department of Labor (DOL). As of the date the financial statements were available to be issued, the Plan Sponsor had not remitted the related lost earnings to the Plan. The Plan Sponsor is in the process of calculating the lost earnings and completing the necessary corrective actions in accordance with applicable DOL correction provisions.

13. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are various adjustments to reconcile the Plan's financial statements, which are prepared in accordance with U.S. generally accepted accounting principles, to the information reported in the Plan's Form 5500.

At December 31, 2025 and 2024, the Plan's investment in a fully benefit responsive group annuity contract is presented at contract value in the accompanying statements of net assets available for benefits, consistent with the guidance for fully benefit responsive investment contracts. For Form 5500 purposes, this investment is reported at fair value. As disclosed in Note 4, contract value approximated fair value at December 31, 2025 and 2024; therefore, this difference in measurement basis does not result in a reconciling item between net assets available for benefits per the financial statements and net assets available for benefits per Form 5500.

Participant loans are classified in the financial statements as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. For Form 5500 reporting purposes, participant loans are reported as investments. Certain participant loans that are in default or otherwise meet the criteria to be treated as deemed distributions are excluded from plan assets and are reported as an expense on Form

5500 for the year ended December 31, 2025 and the period from July 1, 2024 through December 31, 2024. As a result, net assets available for benefits and the changes in net assets available for benefits reported in the accompanying financial statements differ from the amounts reported in the Plan's Form 5500.

The following is a reconciliation of the statements of net assets available for benefits between the financial statements and Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 5,342,287	$ 3,212,851
Deemed distributions of Notes receivable from participants under the Plan	(18,075)	(8,289)
Net assets available for benefits per Form 5500	$ 5,324,212	$ 3,204,562

	2025	2024
Notes receivable from participants per the financial statements	$ 111,567	$ 175,246
Deemed distributions of Notes receivable from participants under the Plan	(18,075)	(8,289)
Participant loans per Form 5500	$ 93,492	$ 166,957

The following is a reconciliation of the statements of changes in net assets available for benefits between the financial statements and Form 5500:

	2025	2024
Net increase in net assets available for benefits per the financial statements	$ 2,129,436	$ 3,212,851
Change in deemed distributions of participant loans	(9,786)	(8,289)
Net income per Form 5500	$ 2,119,650	$ 3,204,562

14. SUBSEQUENT EVENTS

The Plan Administrator evaluated subsequent events through October 14, 2026, the date on which the financial statements were available to be issued. As a result of this evaluation, no events requiring disclosure or adjustment to the financial statements have been identified.
