INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of the BonaDent, LLC Employees' Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BonaDent, LLC Employees' Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the BonaDent, LLC Employees' Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General -

The Plan was established on July 1, 1976. The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of BonaDent, LLC and eight affiliated companies (collectively, the "Company"). Employees are permitted to make elective deferrals to the Plan upon attainment of the age of nineteen. Eligible employees are permitted to make elective deferrals beginning the first day of the quarter subsequent to their eligibility date. Participants are eligible for any Company matching and discretionary employer contributions upon attainment of the age of twenty-one and completion of one year of service, as long as the participant has at least 1,000 hours of service during the Plan year and is employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration -

The Company serves as Plan administrator (the "Administrator") and is solely responsible for the general administration of the Plan and carrying out Plan provisions. John Hancock Life Insurance Company of New York (the "Custodian") serves as custodian of Plan assets. John Hancock Retirement Plan Services, an affiliate of the Custodian, provides third-party recordkeeping services for the Plan. Morgan Stanley provides investment advisory services to the Plan.

Contributions -

Participants may elect to contribute up to 100% of their eligible compensation to the Plan, subject to the maximum amount allowed under the Internal Revenue Code (the "Code"). Deferral limits under the Code were $23,500 for the year ended December 31, 2025. In addition, participants age fifty and over at the end of the Plan year could elect to contribute a "catch-up" contribution of $7,500 during the year ended December 31, 2025.

The Company makes an annual matching contribution equal to 50% of the participant's elective deferrals up to 6% of the participant's elective deferrals, for a maximum matching contribution of 3% of eligible compensation. For the year ended December 31, 2025, matching contributions totaled $319,383.

The Company may also make a discretionary employer contribution to all eligible participants based on the relationship of their individual annual compensation, up to a maximum amount allowed under the Code, to the total adjusted annual compensation for all participants. For the year ended December 31, 2025, the Company elected not to make a discretionary employer contribution.

Participants are allowed to make rollover contributions from other qualified plans into the Plan in accordance with regulations under the Code. Further, participants are allowed to make Roth contributions into the Plan.

Participant accounts -

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and allocations of the Company's matching and discretionary employer contributions and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan, if not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their elective deferrals, rollover contributions, Company matching and discretionary employer contributions plus actual earnings thereon.

Investment options -

Participants direct the investment of their account into various investment options offered by the Plan. The Plan offers a number of investment options via pooled separate accounts as selected by the Administrator.

Notes receivable from participants -

Participants may borrow a minimum of $1,000, up to a maximum of 50% of their vested account balance or $50,000, whichever is less. Note repayment terms range up to a maximum of five years, unless used for the purpose of purchasing a participant's principal residence, with interest at the prime rate plus 1% and are collateralized by the individual participant's account. Principal and interest are paid ratably through payroll deductions.

Payment of benefits -

Amounts contributed through payroll deductions may be withdrawn by, or distributed to, a participant only upon termination of employment, attaining the age of 59 ½, or in the event of qualified military leave. Participants may also withdraw from the Company matching and discretionary employer portion of their accounts after participating in the Plan for six years. Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account, periodic installments, or purchase an annuity contract.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than $5,000, the participant may elect to receive a lump-sum amount, a direct rollover to a qualified plan under the Code, a direct rollover to a qualified Individual Retirement Account equal to the value of his or her vested account balance, periodic installments, purchase an annuity contract, or may elect to keep their investments in the Plan. If the vested account balance is less than $5,000, the balance will be distributed to the participant as soon as administratively feasible. Such distributions greater than $1,000 will be rolled over to an individual retirement account designated by the Plan Administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates -

The preparation of financial statements in conformity with GAAP requires the Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Significant estimates include, but are not limited to, the valuation of investments and notes receivable from participants. Actual results may differ from those estimates.

Investment valuation and income recognition -

The Plan offers a choice of various designated investment alternatives via pooled separate accounts. Pooled separate accounts are recorded at the fair value of the underlying investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for a discussion of fair value measurements.

Contributions are recorded by the Plan when withheld from participants. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Administrator deems the participant's note receivable to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits -

Benefit payments to participants are recorded when paid.

Expenses -

Certain expenses of maintaining the Plan, including investment advisory and audit fees are paid directly by the Company and are excluded from these financial statements. Administrative expenses include third-party recordkeeping and administrator fees and custodian fees. Participants are also charged administrative expenses for specific transactions within the Plan. Administrative expenses charged to the Plan totaled $117,545 for the year ended December 31, 2025.

Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Subsequent events -

The Administrator has evaluated subsequent events through October 14, 2026, which is the date the accompanying financial statements were available to be issued.

3. FINANCIAL INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared by, or derived from, information provided by the Custodian and furnished to the Administrator.

The Administrator has obtained certification from the Custodian that the information below is complete and accurate as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Pooled separate accounts	$17,108,436	$14,800,389
Notes receivable from participants	674,456	641,285
Net appreciation in fair value of investments	2,717,224	
Interest income on notes receivable from participants	55,361	

4. FAIR VALUE MEASUREMENTS

The Plan uses net asset value ("NAV") as a practical expedient to determine the fair value of the pooled separate accounts. NAV is based on the fair value of the underlying investments held by the pooled separate accounts less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for the pooled separate accounts are permitted daily with no other restrictions or notice periods and there are no unfunded commitments. The pooled separate accounts measured at NAV per share practical expedient have not been classified in the fair value hierarchy.

The pooled separate accounts invest in equity and target date funds. The objectives of those investment vehicles invested in equity funds are to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; and/or to seek current income. The objective of the investment vehicles invested in target date funds is to provide capital appreciation and current income through various levels of asset allocations which become more conservative over time in order to mirror risk tolerance as participants reach retirement.

The fair value of investments measured using NAV as a practical expedient is presented below at December 31:

	2025	2024
Pooled separate accounts, at fair value	$17,108,436	$14,800,389

5. PARTY-IN-INTEREST TRANSACTIONS

The Custodian serves as custodian of the Plan's assets. All transactions between the Plan and the Custodian qualify as exempt party-in-interest transactions. Transactions involving notes receivable from participants qualify as exempt party-in-interest transactions. The Plan also allows for transactions with certain parties who may perform services or have fiduciary responsibilities for the Plan, including the Company.

6. TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing plan with cash or deferred arrangement sponsored by Alliant Insurance Services, Inc. that received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements for the year ended December 31, 2025.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. CORRECTIVE DISTRIBUTIONS

At December 31, 2025 and 2024, excess contributions totaling $24,952 and $3,165, respectively, are recorded as amounts to be refunded by the Plan for participant contributions made in excess of amounts allowed under the Code. Excess contributions are reported as an offset to participant contributions in the accompanying statement of changes in net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.
