**Independent Auditor's Report**

To the Administrative Committee
General Health System Retirement Plus Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements**

We have performed an audit of the accompanying financial statements of General Health System Retirement Plus Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion on the 2025 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the 2025 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion on the 2025 Financial Statements**
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the 2025 Audit of the financial statements section of our report. We are required to be independent of General Health System Retirement Plus Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the 2025 Financial Statements**
Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about General Health System Retirement Plus Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the 2025 Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of General Health System Retirement Plus Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about General Health System Retirement Plus Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matters**

**2025 Supplemental Schedules Required by ERISA**
The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

**Auditor's Report on the 2024 Financial Statements**

The financial statements of General Health System Retirement Plus Plan as of December 31, 2024 were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by the qualified institution. Their report dated September 12, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 Financial Statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2024 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Description of Plan

The following description of the General Health System Retirement Plus Plan (the Plan) provides only general information. Participants should refer to the Plan Document summary for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan. The Plan Sponsors are General Health System and certain participating subsidiaries and affiliates (collectively, the Sponsors). All employees of the Sponsors are eligible to participate in the Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Trustees are responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Trustees.

### Contributions

The Plan allows for immediate deferral contributions. All participants are automatically enrolled to defer 4% of eligible compensation to the Plan. A participant's elective deferral percentage will automatically increase each year by 1% up to a maximum deferral of 10%. The Plan also allows for automatic re-enrollment for eligible, non-participating employees, at a deferral rate of 4%, on each subsequent year's January 1st. This deferral can be cancelled or modified at any time. Participants may contribute from 1% to 100% of their compensation earned during the plan year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Additionally, contributions by highly compensated employees, as defined in the Internal Revenue Code (IRC), are required to meet certain limitations as prescribed by IRC. Any contributions in excess of the limitations will be refunded to the employee in order for the Plan to comply with the applicable income tax regulations.

The Sponsors offer employer matching contributions to eligible participants of 50% of the first 6% of compensation that the participant contributed to the Plan. Eligible participants for employer matching contributions are defined as those who have completed at least one year of service. One year of service is defined as the completion of 1,000 hours or more of service during the 12-month period beginning on the date of employment. The Sponsors may make additional contributions at the Retirement Committee's discretion. The Sponsors made no non-elective contributions for the years ended December 31, 2025 and 2024.

Participants direct the investment of all contributions among the various fund options offered by the Plan.

## Note 1. Description of Plan (Continued)

### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsors' contributions, and (b) plan earnings (losses) and is charged with an allocation of trustee fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsors' matching and non-elective contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

### Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Maximum loan terms are five years for general purpose loans and ten years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan's Administrator. Principal and interest are paid directly to the custodian on a monthly basis by the participant.

### Benefit Payments

Distributions from plan assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances, as described in the Plan Document. Distributions may be made in the form of a lump sum payment or an alternate form of payment as permitted in the Plan Document. After attainment of age 59½, withdrawals can be made from any of the participant's accounts under the Plan.

### Forfeitures

Forfeitures of terminated employees' non-vested account balances may be used to reduce employer contributions and/or pay plan expenses. The balances of forfeited non-vested accounts at December 31, 2025 and 2024 were $609,504 and $1,065,696, respectively. For the years ended December 31, 2025 and 2024, $883,103 and $-0-, respectively, were used to reduce employer contributions and pay the Plan's expenses.

## Note 2. Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

## Note 2. Summary of Significant Accounting Policies (Continued)

### Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

### Contributions

Contributions from plan participants and the matching contributions from the Sponsors are recorded in the year in which the employee contributions are withheld from compensation.

### Payment of Benefits

Benefit payments are recorded when paid.

### Administrative Fees

Administrative fees incurred are generally paid by the Plan. Certain administrative fees are paid by the Sponsors and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

| **Notes Receivable from Participants** | **$ 3,733,533** | $ 3,364,025 |

During 2025, EAICA and Empower also certified to the completeness and accuracy of $28,732,541 of net appreciation (including gains and losses on investments bought and sold, as well as held during the year) in fair value of investments and $14,322,720 of interest, dividends, and capital gain distributions related to the aforementioned investments and notes receivable from participants.

During 2024, EAICA and Empower also certified to the completeness and accuracy of $22,945,911 of net appreciation (including gains and losses on investments bought and sold, as well as held during the year) in fair value of investments and $10,112,126 of interest, dividends, and capital gain distributions related to the aforementioned investments and notes receivable from participants.

## Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

## Note 4. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

*Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Insurance Company Pooled Separate Accounts*: Insurance company pooled separate accounts are invested via group annuity contracts issued by Prudential Insurance. Assets are represented by a "unit of account." The redemption value of those units is based on a per unit value whose value is the result of the accumulated values of underlying investments. The underlying investments are valued in accordance with the corresponding valuation method for the investments held.

## Note 4. Fair Value Measurements (Continued)

*Self-Directed Brokerage Accounts:* Primarily consist of interest-bearing cash, common stocks, mutual funds, exchange traded funds, and U.S. treasury bonds that are valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| **Mutual Funds** | **$ 281,696,615** | **$ -** | **$ -** | **$ 281,696,615** |

| Investments Measured at NAV* | | | | 3,725,142 |
| Investments at Fair Value | | | | $ 255,683,322 |

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

### Investments Measured Using NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024.

| **December 31, 2025** | **Fair Value** | **Unfunded Commitments** |
|---|---|---|
| **Insurance Company Pooled Separate Accounts** | **$ 9,670,308** | **N/A** |

| December 31, 2024 | Fair Value | Unfunded Commitments |
|---|---|---|
| Insurance Company Pooled Separate Accounts | $ 3,725,142 | N/A |

## Note 5. Group Annuity Contract with EAICA

In 2015, the Plan entered into an evergreen fully benefit-responsive group annuity investment contract with EAICA (formerly PRIAC) totaling $10,971,395 and $11,139,011 as of December 31, 2025 and 2024, respectively. EAICA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The group annuity investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid overtime. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

There are not any events that allow the issuer to terminate the contract, and which require the Plan Sponsor to settle at an amount different than contract value paid either within 90 days or over time.

## Note 6. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Schedule H of Form 5500:

| | **2025** | 2024 |
|---|---|---|
| **Net Assets Available for Benefits, per the Financial Statements** | **$ 309,802,976** | $ 271,591,582 |

| Plus: Prior Year Participant Contributions Receivable | **1,065,852** | 988,353 |
| Less: Changes in Deemed Distributions of Participant Loans not Recorded in Plan Assets on the Form 5500 | **(102,445)** | (148,656) |
| **Net Income per Schedule H to Form 5500** | **$ 38,463,129** | $ 30,154,148 |

## Note 7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Empower, EAICA, Prudential, PRIAC or affiliated companies. Empower and EAICA are the Plan's current custodians and Prudential and PRIAC are the Plan's former custodians, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $266,672 and $286,565, respectively, for the years ended December 31, 2025 and 2024.

## Note 8. Plan Termination

Although they have not expressed any intent to do so, the Sponsors have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial plan termination, participants will become 100% vested in their account balances.

## Note 9. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter form the Internal Revenue Service dated September 16, 2022, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan Administrator believes the Plan is designed, and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note 10. Risks and Uncertainties

The Plan provides for both direct and indirect investments (through pooled separate accounts) in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

## Note 11. Prohibited Transactions

During the year ended December 31, 2025, the Plan Sponsor deposited $14,872,624 of participant contributions outside the required timeframe as stated by the U.S. Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The associated lost earnings will be deposited during the year ended December 31, 2026.

During the year ended December 31, 2024, the Plan Sponsor deposited $966 of participant contributions outside the required timeframe as stated by the U.S. Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The associated lost earnings were deposited during the year ended December 31, 2025.

## Note 12. Plan Merger

In November 2023, the Capital City Anesthesia Group, LLC (Capital City) was acquired by the Plan Sponsor. In January 2024, Capital City's plan was merged with the Plan. As a result, net assets of $13,453,048 were transferred to the control of the Plan in February 2024. The merger did not impact participant benefits as the benefit provisions were incorporated in the Plan.

## Note 13. Subsequent Events

The Plan has evaluated subsequent events through Octobre 12, 2026, the date the financial statements were available to be issued, and determined that there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
