INDEPENDENT AUDITOR'S REPORT

September 30, 2026

To the Retirement Plan Committee of
MVP 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of MVP 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MVP 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MVP 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MVP 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MVP 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MVP 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. THE PLAN

The following description of the MVP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of MVP Service Corp. (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees become eligible to participate upon hire and having attained the age of twenty-one. Upon completion of one year of employment, one thousand hours of service within a twelve-month period, and attainment of age twenty-one, participants become eligible for employer contributions.

Contributions

The Plan automatically enrolls eligible participants for salary deferral under its Automatic Enrollment feature. Under Automatic Enrollment, 6% of the participant's paycheck before taxes, will be contributed to the Plan as pre-tax contributions unless the participant elected to either not make elective deferral contributions or contribute a different percentage. Effective March 15, 2018, the Plan was amended to include an automatic increase of elective deferral contributions on the first pay period in April at a rate of 1% up to a maximum 6% unless the participant selects otherwise. Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan (up to Internal Revenue Services limitations). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from their qualified defined benefit or defined contribution plans. Starting October 2023, participants were also given the option to make after-tax contributions to the plan, which allows participants to contribute past the current to Internal Revenue Services employee contribution limits. Participants direct the investment of their contributions into various investment options offered by the Plan.

During 2025 and 2024, the Company matched 75% of the first 6% of the participant's contribution to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. The profit sharing contribution was approved at 2% of eligible wages for both years ending December 31, 2025 and 2024, amounting to $2,911,343 and $2,770,631, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions along with the Company's contribution and the participant's investments earnings and losses.

Investment Options

The Plan currently offers investment options through a regulated investment company, including several mutual funds, interest bearing cash accounts, a common collective trust, and a self-directed brokerage account. Participants may change their investment options daily.

1. THE PLAN (Continued)

Vesting
A participant is vested immediately in their contributions and Company profit sharing contributions plus actual earnings. Vesting of employer matching contributions is as follows:

- 33% after one year of vesting service
- 67% after two years of vesting service
- 100% after three years of vesting service

Payment of Benefits
Upon termination of employment, participants are entitled to receive a lump-sum distribution amount equal to the vested value of their account.

Forfeitures
At December 31, 2025 and 2024, forfeited nonvested accounts available to reduce future employer contributions totaled $30,132 and $22,467, respectively. In 2025 and 2024, forfeited nonvested accounts used to reduce employer contributions amounted to $32,702 and $160,320, respectively.

Administrative Expenses
Administrative costs, including management and bank custody fees, are paid by the Plan. Various other fees, such as loan origination, self-directed brokerage, and brokerage account conversions, are paid at the time of transaction as a reduction of participant accounts.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. However, a loan can be no more than $50,000 minus the participant's highest outstanding loan amount during the last twelve months. Loan terms cannot exceed five years for general loans or ten years for residential loans. The loans are secured by the balance of the participant's account and bear interest at rates ranging from 3.25% to 8.50%. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition
Investments are stated at fair value, except for investments in the common collective trust, which is valued as a practical expedient utilizing the net asset valuation. Changes in the current value of investments, including realized gains and losses on assets sold during the year, are reflected in the statement of changes in net assets available for benefits as net appreciation in the fair value of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Financial Instruments Measured at Fair Value
U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in valuation techniques during 2025 and 2024. A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

Payment of Benefits
Benefits to terminated participants are recorded when paid.

3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee, has certified that the following data included in the financial statements and accompanying supplemental schedule is complete and accurate as of December 31:

	2025	2024
Investments	$ 352,091,823	$ 305,572,305
Total investment income	$ 49,057,641	$ 38,947,435
Notes receivable from participants	$ 5,543,583	$ 5,230,632
Interest income on notes receivable from participants	$ 404,688	$ 346,523

Schedule of Assets (Held at End of Year) - Schedule I

4. FAIR VALUE MEASUREMENTS

At December 31, 2025 and 2024, the Plan's investments are measured at fair value on a recurring basis. The investments are valued as follows at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 36,908	$ -	$ -	$ 36,908
Mutual funds	318,596,913	-	-	318,596,913
Self-directed brokerage account	5,309,715	-	-	5,309,715
Investments measured at fair value	323,943,536	-	-	323,943,536
Investments measured at net asset value				28,148,287
	$ 323,943,536	$ -	$ -	$ 352,091,823

The investments are valued as follows at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 118,953	$ -	$ -	$ 118,953
Mutual funds	273,942,090	-	-	273,942,090
Self-directed brokerage account	5,034,259	-	-	5,034,259
Investments measured at fair value	279,095,302	-	-	279,095,302
Investments measured at net asset value				26,477,003
Investments measured at fair value	$ 279,095,302	$ -	$ -	$ 305,572,305

4. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodology used for assets noted above:

Interest bearing cash: Interest bearing cash is stated at amortized cost, which approximates its fair market value.

Mutual funds and self-directed brokerage account: Fair value of investments in mutual funds and the self- directed brokerage account are derived from the market value of the underlying investments at the Plan's year end. The market values assigned to those underlying investments are determined using quoted market prices.

Investments measured at net asset value: At December 31, 2025 and 2024, the Plan's investments valued at net asset value per share represent a common collective trust that invests all of its assets in the Galliard Stable Return Fund C, a collective trust fund sponsored by Galliard Capital Management, LLC. The Galliard Stable Return Fund seeks to provide investors with a moderate level of stable income without principal volatility. The investment is managed by a professional investment management firm and is overseen by the Plan Sponsor. Investment income is not distributed to unit holders. Therefore, the appreciation or depreciation of units held and gain or loss on sale of units represent the sources of income to holders of the Galliard Stable Return Fund C. The investment had no unfunded commitments in 2025 or 2024.

The investments in a collective trust fund are valued as a practical expedient utilizing the net asset valuation, exclusive of the adjustment to contract value. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have a finite life or significant restrictions on redemptions (12-month redemption notice period). The practical expedient is used for valuation, unless it is probable that the Funds will sell a portion of the investment at an amount different from the net asset valuation. The common collective trusts invest in investment contracts and security-backed contracts. The investment contracts are issued by a financial institution to provide a stated rate of return to the buyer for a specified period of time. The security-backed contracts have characteristics of traditional investment contracts and are comprised of two parts: a fixed-income security or portfolio of fixed-income securities, and a contract value guarantee (wrapper) provided by a third party.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time to terminate the Plan subject to ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 19, 2005 that the Plan and related trust were designed, at that time, in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, were exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Sponsor believes that the Plan was tax-qualified as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants of the Plan to invest in certain funds that are managed by Bank of America, N.A., the trustee of the Plan. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

The Plan also allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants that have loans and the Plan qualify as party-in-interest transactions.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of December 31, 2025 and 2024.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 30, 2026, which is the date the financial statements were available to be issued.
