Independent Auditors' Report

The Plan Administrator of
Tata Communications 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tata Communications 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Tata Communications 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, excluding residents of Puerto Rico, those covered by a collective bargaining agreement, leased employees and nonresident aliens not having United States source income, cooperative students or temporary employees, of Tata Communications, Net Foundry Inc., Campaign Registry Inc., Kaleyra US Inc., The Switch Enterprises, LLC, Tata Communications Transformation Services (US) Inc., and Tata Communications (Guam) LLC (collectively the "Company" or "Employer") and who have attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's assets are held in trust by Fidelity Management Trust Company ("Fidelity" or "Trustee").

Effective January 1, 2026, Net Foundry Inc. is no longer a participating employer of the Plan.

Contributions

Each year, participants may contribute a portion of their eligible compensation on a pre-tax, Roth or after-tax basis, not to exceed 75% of their eligible annual compensation, as defined by the Plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Unless a participant elects otherwise, the Plan provides for automatic enrollment within the employee's entry date at 5% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified plans.

Each plan year, the Company makes non-discretionary matching contributions. For the year ended December 31, 2025, the Company matched 100% of a participant's contributions not to exceed 5% of eligible compensation.

In addition, the Employer may at its discretion elect to contribute an additional matching contribution and an additional non-elective contribution. For 2025, no additional matching or non-elective contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Vesting

Participants are immediately vested in their contributions, Employer contributions plus actual earnings thereon.

1. Description of the Plan *(continued)*

Notes Receivable from Participants

Participants may borrow from their account balance a minimum amount of $1,000 up to a maximum amount of the lesser of 50% of their vested account balance or $50,000 less the highest outstanding loan balance over the previous twelve months. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. The term of a loan can range from one to five years or up to ten years if the purpose of the loan is for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount, purchase an annuity or other annuity forms which may be available under the plan equal to the value of the Participant's vested interest in his or her account. The Plan permits participants who have attained age 59½ to receive in-service distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net asset value ("NAV") of the respective investment vehicles and, consequently, those expenses are not separately reflected, but are a component of net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the NAV per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the pooled separate account which is valued at contract value. Mutual funds and money market funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The pooled separate account is valued at contract value, which represents contributions plus credited interest less participant withdrawals and fees. The Plan also offers a self-directed brokerage account in which participants may direct the purchase of shares of mutual funds and money market funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded upon a distributable event.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date October 14, 2026.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by the fair value hierarchy:

	2025		
	Level 1	Other Investments Measured at NAV *	Total
Money market fund	$ 3,512	-	$ 3,512
Mutual funds	105,983,729	-	105,983,729
Common/collective trusts	-	64,042,116	64,042,116
Self-directed accounts - Brokerage Link	5,130,114	-	5,130,114
	$ 111,117,355	$ 64,042,116	$ 175,159,471

	2024		
	Level 1	Other Investments Measured at NAV *	Total
Mutual funds	$ 98,123,500	$ -	$ 98,123,500
Common/collective trusts	-	61,578,848	61,578,848
Self-directed accounts - Brokerage Link	4,723,662	-	4,723,662
	$ 102,847,162	$ 61,578,848	$ 164,426,010

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

4. Investments *(continued)*

The Plan invests in 17 common/collective trusts (the "Trusts") with T. Rowe Price, Great Gray, MetLife and MFS. The NAV for each of these Trusts is determined each business day. Issuances and redemptions of units may be made on such days, based upon the NAV per unit as of the Trusts valuation date last proceeding the date on which such order to contribute or redeem assets is received. There are no unfunded commitments on the common/collective trusts at December 31, 2025 and 2024.

Pooled Separate Account

The New York Life Anchor Account (the "Account") is a pooled separate account group annuity contract seeking to provide a low-risk, stable investment option. The Account offers participants competitive yields and limited volatility with a guarantee of principal and accumulated interest. Interest is accrued daily and credited monthly. The daily rate fluctuates based on the underlying separate account investments. The balance at contract value, at December 31, 2025 and 2024 amounted to $3,306,818 and $3,896,228.

No direct transfers from the Account to competing investment options are allowed. Competing options generally include money market funds, other guaranteed funds and bond funds with a duration of less than 3 years. Participants may deposit and withdraw on a daily basis at contract value.

Because the Account is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Account. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain employer-initiated events, including plan termination, significant layoffs, early retirement programs, or other employer-directed actions, may result in withdrawal restrictions or market value adjustments. Additionally, termination of the contract without the required 12-month advance notice may result in a market value adjustment. These restrictions generally do not apply to routine participant-initiated withdrawals.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Income Tax Status

The Internal Revenue Service ("IRS") issued an opinion letter to the prototype plan document preparer, FMR, LLC, dated June 30, 2020, which states that the form of the prototype plan qualifies under the applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan document and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

The Plan and Fidelity Management Trust Company entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay Plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is a cash account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with Plan administration. The Revenue Credit Account balance was $36,063 and $15,236 at December 31, 2025 and 2024. During 2025, $82,009 was used to pay Plan expenses from the Revenue Credit Account.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain administrative functions are performed by officers or employees of the Employer at no cost to the Plan.

8. Prohibited Transactions

During the 2024 and 2023 Plan years, the Employer failed to remit to the Plan certain participants' contributions and loan repayments within the period described by the Department of Labor regulations. Delays in remitting the contributions and loan repayments to the Plan were due to administrative oversight. The Employer has made the necessary corrections for the delinquent participant contributions and loan repayments of $136,281 by calculating and remitting lost earnings to the Plan. A compliance statement was received in January 2025 for correcting the contributions using the Voluntary Fiduciary Correction Program.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 179,476,395	$ 169,594,252
Participants contributions receivable	-	-
Employer contribution receivable	(92,281)	(79,993)
Net Assets Available for Benefits per Form 5500	$ 179,384,114	$ 169,514,259

The following is a reconciliation of the total additions per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net change in additions and deductions per the financial statements	$ 9,882,143
Prior year participants/employer contributions receivables	79,993
Current year participants/employer contributions receivables	(92,281)
Net income per Form 5500	$ 9,869,855
