INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Dick Anderson Construction, Inc. Health & Welfare Benefit Plan
Helena, Montana

Opinion

We have audited the financial statements of Dick Anderson Construction, Inc. Health & Welfare Benefit Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024; the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended in accordance with the accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplementary Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of Dick Anderson Construction, Inc. Health & Welfare Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan provides health and other benefits to eligible employees of Dick Anderson Construction, Inc. and its subsidiaries (collectively, the Company) who are regularly scheduled to work a minimum of 30 hours per week or 130 hours per month, as well as to their covered dependents, if elected. Hourly employees receive credit into an hour bank for continuation of coverage in the event of a temporary layoff or termination. Terminated employees, or their qualified beneficiaries, may elect to continue this coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) by paying required timely premiums. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Benefits The Plan provides medical, prescription drug, dental, and vision benefits to Plan participants. The following additional benefits are available to Plan participants and are administered outside of the trust:

Life, Accidental Death and Disability, and Long-Term and Short-Term Disability Benefits: These benefits are provided by Mutual of Omaha and are fully insured. The Company contributes 100% of the premiums for core coverage under these benefits. Participants may also elect additional coverage, which is employee-paid.

Health Savings Accounts: The Plan provides for health savings accounts that are tax-advantaged, participant-owned accounts allowing participants to save pre-tax dollars for qualified medical expenses. The Company contributes a discretionary amount determined annually. Contributions are limited to maximums established annually by the Internal Revenue Service (IRS).

Flexible Spending Accounts: The Plan provides for flexible spending accounts that are tax-advantaged accounts that allow participants to save pre-tax dollars for qualified medical expenses or dependent care expenses. Contributions are limited to maximums established annually by the IRS.

Contributions The Company makes contributions to the Plan as needed to fund claims. Contributions are determined based on expected experience ratings as determined by the third-party claims processor. Any excess of the Plan's benefit obligations over its net assets is funded by the Company on a pay-as-you-go basis.

Payment of Benefits The third-party claims processor disburses claim payments that are determined to be due to the person or assignee entitled thereto in accordance with provisions of the Plan. The Plan pays the third-party claims processor an administrative fee for these services.

Plan Termination The Company may amend or terminate the Plan at any time subject to the provisions of the Plan and ERISA. No amendment or termination may discontinue or curtail the benefits that have accrued to any participant or beneficiary prior to the adoption of such amendment or termination. Upon termination of the Plan, all funds of the Plan shall be used to pay all benefits accrued under the Plan and to pay additional benefits for participants as determined by the Plan administrator. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Stop-Loss Coverage The Plan has entered into a stop-loss insurance agreement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as aggregate exposure for all claims).

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Credit Risk Deposits with financial institutions that potentially subject the Plan to concentrations of credit risk consist of cash deposits and money market funds. The Plan's bank accounts are insured by the Federal Deposit Insurance Corporation up to $250,000. Money market funds are not federally insured. At December 31, 2025 and 2024, the Plan's uninsured cash deposit and money market fund balances exceeded their insured limits by $1,217,464 and $1,889,410, respectively.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies and procedures. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Interest-Bearing Cash: Interest-bearing cash consists of deposits held in a checking account. The balance is valued at face value, which approximates fair value due to the liquid nature and immediate availability of the funds. The carrying amount of interest-bearing cash represents the amount the Plan would receive upon demand as of the reporting date.

Money Market Funds: Assets are valued at the net asset value, generally $1 per share, and are reported in the active market in which the securities are traded.

Investment in Captive Insurance: The Plan holds a minority investment in Foundation Health Insurance Ltd., a privately held captive insurance company. The fair value of the investment is estimated using the redemption provisions of the shareholder agreement. The valuation considers the contractual rights and restrictions associated with the investment, including the amount expected to be recoverable upon redemption. Because an active market for the investment does not exist and transferability is restricted, the determination of fair value requires significant judgment. Management believes the estimated redemption value represents the best available estimate of fair value.

Payment of Benefits Premiums paid by either the Company or the trust are recorded as premium payments on the accompanying statements of changes in net assets available for benefits. Claims payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have not been reimbursed by the Plan are recorded as payable to claims administrators on the accompanying statements of net assets available for benefits.

Expenses The Plan pays administrative expenses that consist primarily of fees paid to third-party claims administrators and other professional services. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses and consulting and other fees. All other administrative expenses are paid by the Company on behalf of the Plan and are excluded from these financial statements.

Stop-Loss Coverage Premiums for stop-loss insurance are included in reinsurance premiums expense on the accompanying statements of changes in net assets available for benefits. Stop-loss refunds totaling $638,351 and $1,034,770 have been netted with claims paid on the accompanying statements of changes in net assets for the years ended December 31, 2025 and 2024, respectively.

Rebates Rebates are recorded as received by the Plan. Rebates totaling $366,011 and $282,312 have been netted with claims paid on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, respectively.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

December 31, 2025	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ -	$ 529,317	$ -	$ 529,317
Money market funds	1,028,826	-	-	1,028,826
Investment in captive insurance	-	-	20,000	20,000
Investments at Fair Value	$ 1,028,826	$ 529,317	$ 20,000	$ 1,578,143

December 31, 2024	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ -	$ 2,119,215	$ -	$ 2,119,215
Investment in captive insurance	-	-	20,000	20,000
Investments at Fair Value	$ -	$ 2,119,215	$ 20,000	$ 2,139,215

There were no transfers into or out of level 3 investments for the years ended December 31, 2025 and 2024. The Plan's policy is to recognize transfers into and out of level 3 as of the actual date of the event or change in circumstances.

There were purchases of level 3 investments totaling $-0- and $20,000 for the years ended December 31, 2025 and 2024, respectively.

4. BENEFIT OBLIGATIONS

Plan benefit obligations for health claims incurred but not reported are estimated by Alliant Employee Benefits at present value, calculated by multiplying actual claims reported by factors provided by their actuary.

The Plan's benefit obligations consist of amounts currently payable for health claims incurred but not reported for both active employees and separated employees who are participating through COBRA. The obligations will be funded by Company contributions and stop-loss reimbursements.

The following table presents the components of the Plan's benefit obligations:

December 31	2025	2024
Claims payable and claims incurred but not reported	$ 844,100	$ 449,557

The following table presents the related changes in the Plan's benefit obligations:

Years Ended December 31	2025	2024
CHANGES IN BENEFIT OBLIGATIONS		
Benefit Obligations - Beginning of Year	$ 449,557	$ 574,281
Change in estimate based on experience	394,543	(124,724)
Benefit Obligations - End of Year	$ 844,100	$ 449,557

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has several arrangements with service providers that are considered party-in-interest transactions under ERISA.

6. TAX STATUS

The trust funding certain benefits of the Plan received an exemption letter from the IRS dated November 16, 2021, stating that the Plan was tax exempt under the provisions of Section 501(c)(9) of the *Internal Revenue Code* (IRC). However, as a result of the Plan's funding policy, from time to time, the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2025 and 2024 for unrelated business taxable income.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan administrator believes that the Plan is operating in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The actuarial present value of benefit obligations is reported based on historical claims experience and actuarially developed completion factors. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

8. STANDBY LETTER OF CREDIT

In connection with the Plan's participation in a captive stop-loss insurance arrangement through Foundation Health Insurance, Ltd., the Company maintains an irrevocable standby letter of credit. The standby letter of credit, which was issued by U.S. Bank on September 30, 2025, provided a maximum available amount of $344,485 maturing on September 29, 2026. The standby letter of credit serves as collateral supporting obligations associated with the captive insurance arrangement and bears interest at a variable interest rate based on the prime rate. No amounts were outstanding under the standby letter of credit at December 31, 2025.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and change in net assets available for benefits per the financial statements to Form 5500:

December 31		2025		2024
Net assets available for benefits per the financial statements	$	2,349,292	$	3,167,954
Estimated incurred but not reported obligations		(844,100)		(449,557)
Net Assets Available for Benefits per Form 5500	$	1,505,192	$	2,718,397

Years Ended December 31		2025		2024
Change in net assets available for benefits per the financial statements	$	(818,662)	$	517,899
Change in estimated incurred but not reported obligations		(394,543)		124,724
Net Income (Loss) per Form 5500	$	(1,213,205)	$	642,623

10. SUBSEQUENT EVENT

On September 24, 2026, the Company obtained a letter of credit with First Interstate Bank in the amount of $490,470, with a variable interest rate based on the prime rate, maturing on September 30, 2027, in accordance with the captive stop-loss insurance arrangement.
