INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Central Wire, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Central Wire, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Central Wire, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Central Wire, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Wire, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Central Wire, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Wire, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Central Wire, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General – The Plan is a defined contribution plan under which eligible employees contribute and Central Wire, Inc. (the "Company") contributes a matching amount, pursuant to the Plan. Effective March 2020, the Plan was amended to include employees of Loos and Co. It covers all full-time employees of the Company who are not covered by a collective bargaining agreement and have completed six months of service during the Plan year and attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Bank of America, N.A.("Trustee") is the trustee of the Plan.

Contributions – Each year, participants may contribute up to the maximum percentage of pre-tax annual compensation allowable under the Internal Revenue Code ("IRC"). Participants may elect to contribute any amount between 1% and 100% of their regular compensation (subject to certain limitations), as defined by the Plan. Also, in accordance with Internal Revenue Service ("IRS") guidelines, participants could not make contributions exceeding $23,500 for 2025. Eligible employees may make an additional employee contribution known as a "catch-up" contribution in accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). Catch-up contributions were limited to $7,500 for 2025. The Company makes a safe harbor contribution which is equal to 100% of the first 3% plus 50% of the elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. Participants direct the investment of their contributions into various common collective trust funds and mutual funds offered by the Plan.

The Company may make a profit-sharing contribution in an amount determined by management. Profit-sharing contributions shall be allocated to each eligible participant based on the ratio that such participant's compensation, as defined, bears to the total compensation paid to all eligible participants. No profit-sharing contributions were made for 2025.

Rollovers – Rollover contributions are permitted into the Plan in accordance with IRS regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution, an allocation of Plan earnings or losses, and charged with an allocation of any administrative expenses paid by the Plan. Allocations of earnings or losses are based upon the investment performance of the individual funds in which each participant's account balance is invested. Allocations of expenses are based upon account balances, as defined in the Plan agreement. Participants may change their investment elections at any time through the Plan's record-keeper. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts – Forfeited balances of participants' non-vested accounts can be used to reduce future employer contributions or pay expenses of the Plan. During 2025, $3,935 was utilized from forfeitures to offset Plan expenses. The balance in the forfeiture account at December 31, 2025 and 2024 totaled $105,072 and $100,917, respectively.

Vesting – Accounts of employees who reach normal retirement age, become disabled or die while still employed by the Company are immediately fully vested in the value of the Company contributions and earnings thereon credited to their accounts.

1. DESCRIPTION OF THE PLAN (continued)

***Vesting* (continued) –** All employee contributions and safe harbor contributions are immediately 100% vested. The Company's profit sharing and additional employer matching contributions (when applicable) are vested based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 2 years	-- %
2 years but less than 3 years	20
3 years but less than 4 years	40
4 years but less than 5 years	60
5 years but less than 6 years	80
6 years or more	100

Notes Receivable from Participants – A participant may request a loan of up to 50% of their vested account balance. However, the loan can be no more than $50,000 minus the highest outstanding loan amount during the prior 12 months. The amount of the loan must be equal to or greater than the minimum amount established under the Plan's loan policy. All new loans are repaid in five years unless used for the purchase of the participant's principal residence (for which the repayment period may be extended to fifteen years). Principal and interest are paid ratably through biweekly payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a rate at 1.00% above the prime rate as published by the Wall Street Journal. Upon termination of employment, the participant may either repay any outstanding balance in full or incur a tax liability on the unpaid balance. At December 31, 2025 notes receivable mature at various dates through August 2040 and have interest rates ranging from 3.75% to 9.50%.

Distributions – Benefits will normally be distributed to a participant or his or her beneficiary upon death, disability, or retirement. If a participant terminates employment before any of these events, however, the participant's unpaid benefit may be segregated in a special account. Benefits are distributed under one or both of the following methods: (i) a single lump-sum payment in cash or in property and (ii) installments over a period of no longer than a participant's assumed life expectancy determined at the time of distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for descriptions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan agreement.

Use of Estimates – The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Expenses attributable to the administration or operation of the Plan are allocated pro rata on the basis of the account balances of all participants. Fees for the administration of notes receivable from participants are included in administrative expense and charged directly to the participant's account.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator, having determined that it is permissible in the circumstances, elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3) (C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management has obtained the following information included in the accompanying financial statements, the ERISA-required supplemental schedule of assets (held at end of year), and the ERISA-required supplemental schedule of reportable transactions, that was agreed to or derived from information certified as complete and accurate by the Trustee in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Statements of net assets available for benefits	2025	2024
Investments:		
Common/collective trusts	$ 3,367,871	$ 3,316,672
Mutual funds	33,219,248	29,794,873
	$ 36,587,119	$ 33,111,545

- Investment income for the year ended December 31, 2025 as shown in the accompanying statement of changes in net assets available for benefits included dividend and interest income of $2,519,670.
- The Plan's investments appreciated in value by $1,580,141 for the year ended December 31, 2025.
- All investment-related information in the accompanying supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i– Schedule of Assets (Held At End of Year) as of December 31, 2025.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- ***Mutual Funds***: Valued at the daily quoted closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- ***Common Collective Trusts***: A common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Transfers by Plan participants from the fund to certain competing funds are subject to a 90-day equity wash.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth the Plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,219,248	$ -	$ -	$ 33,219,248
Total assets in the fair value hierarchy	33,219,248	-	-	33,219,248
Investments measured at net asset value (a)	-	-	-	3,367,871
Investments at fair value	$ 33,219,248	$ -	$ -	$ 36,587,119

The following table sets forth the Plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 29,794,873	$ -	$ -	$ 29,794,873
Total assets in the fair value hierarchy	29,794,873	-	-	29,794,873
Investments measured at net asset value (a)	-	-	-	3,316,672
Investments at fair value	$ 29,794,873	$ -	$ -	$ 33,111,545

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Common/collective trust	$3,367,871	N/A	Daily	Up to one year

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Common/collective trust	$3,316,672	N/A	Daily	Up to one year

5. PLAN TERMINATION

Although the Company has not expressed any intention to do so, it reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

6. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan incurs certain administrative expenses with the Trustee. Loans to participants are secured by the balances in the respective participant accounts. Fees paid by the Plan for investment management services and other various record-keeping fees for the year ended December 31, 2025 totaled $26,545. These transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules.

7. FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype defined contribution plan and trust with a non-standardized 401(k) profit-sharing plan adoption agreement, which received a favorable opinion letter from the IRS on June 30, 2020, which states that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that it is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities including mutual funds and common/collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections including active and passively managed funds covering multiple asset classes. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

The following table sets forth the Plan investment assets at fair value that represent a concentration equal to or greater than 10% of the Plan's net assets available for benefits as of December 31, 2025 and 2024:

	2025	2024
Loomis Sayles Investment Grade Bond Fund	$ 4,965,098	$ 4,502,417
T. Rowe Price Retirement 2030 Fund	4,845,107	4,682,509

9. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act, 2023. SECURE 2.0 includes required and optional retirement plan provisions with varying effective dates. The Plan implemented the applicable required provisions of SECURE 2.0 during the year ended December 31, 2025. The Plan did not operationally implement any optional SECURE 2.0 provisions during 2025 that had a material effect on the Plan's financial statements.

In September 2026, the Plan sponsor adopted an amendment incorporating applicable provisions of SECURE 2.0, the SECURE Act, the CARES Act, and other recent retirement plan legislation. Certain provisions of the amendment have effective dates preceding the amendment's adoption date. The amendment did not require adjustment to the amounts reported in the Plan's financial statements as of and for the year ended December 31, 2025. See Note 10.

10. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

As described in Note 9, the Plan sponsor adopted an amendment in September 2026 incorporating applicable provisions of recent retirement plan legislation. No other subsequent events were identified that required adjustment to or disclosure in the financial statements.

11. RECONCILIATION TO FORM 5500

No material differences exist between the financial statements and Form 5500.
