Independent Auditor's Report

To the Plan Administrator and Trustees
Envera Systems 401(k) Plan
Sarasota, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of Envera Systems 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of Envera Systems 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan of Envera Systems, LLC (the Company), whose purpose is to enable eligible employees to save for retirement, as well as providing certain benefits in the event of death, disability, or other termination of employment. The Plan was established effective January 1, 2010, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments

Effective January 1, 2025, the plan was restated, and the plan name was changed from Hidden Eyes LLC 401(k) Profit Sharing Plan & Trust to Envera Systems 401(k) Plan. Effective January 1, 2025, the ABDI 401(k) Plan and Verifier LLC 401(k) Profit Sharing Plan & Trust merged into the Plan and, as a result, all assets were transferred to the control of the Plan as of February 26, 2025.

Eligibility

The Plan covers all employees of the Company who have completed thirty days of service and have attained twenty-one years of age. The Plan complies with the long-term, part-time employee provisions of SECURE 2.0, which generally require employees who attain age 21 and complete at least 500 hours of service in each of two consecutive 12-month periods to be eligible to make elective deferrals.

Custodians

The Plan's assets are held by Mid Atlantic Trust Company (MATC) and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal). Assets held at MATC were transferred to Principal in February 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's discretionary profit-sharing or discretionary matching contribution, the employer's matching contributions and an allocation of the Plan earnings. Allocations of the Plan earnings are based on participants' account balances.

Contributions

Salary deferral contributions are made to the Plan by participating employees through payroll deductions in amounts authorized by the employees. Each year, participants may contribute eligible wages, not to exceed the limits of the Internal Revenue Service (IRS) of $23,500 of pre-tax annual compensation for 2025. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For 2025, the annual catch-up contribution limit was $7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Effective January 1, 2025, the Plan utilizes a qualified automatic contribution arrangement (QACA) safe harbor. Eligible participants are automatically enrolled at a 3% deferral rate, which increases by 1% annually to a maximum of 6%. The Plan matches 100% of elective deferrals up to 1% of eligible compensation and 50% of elective deferrals exceeding 1% through 6% of eligible compensation, for a maximum matching contribution of 3.5%. Matching contributions are calculated each payroll period.

For 2025, participants attaining ages 60 through 63 during the year are eligible for an increased catch-up contribution limit of $11,250.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and earnings thereon. Participants are vested 100% in employer discretionary profit-sharing contributions. Vesting for discretionary matching contributions and earnings thereon are based on years of service, as defined in the Plan, as follows:

Completed Years of Service	Vested Percentage
Less than 2	0%
More than 2	100%

If, while an employee, the participant dies, becomes disabled, or reaches normal retirement age of 65 before the two-year vesting period, the participant's account will be 100% vested.

Effective January 1, 2025, Participants are immediately 100% vested in their future salary deferral contributions, rollover contributions, qualified matching contributions, qualified nonelective contributions, discretionary contributions, QACA matching or nonelective contributions, and earnings thereon. Vesting service is determined using the elapsed-time method

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions and allocate contributions to the investment options available under the Plan. Employer contributions are allocated according to the participants' allocations. The percentage of contributions allocated to each of the investment options is at the discretion of the participant.

Participants may change their investment options at any time online or via telephone, which allows a participant to access their account using a personal identification number.

Administrative Expenses

Fees paid by the Plan totaled $83,241 for the year ended December 31, 2025.

Forfeited Accounts

Forfeited amounts from a terminated participant do not become available to the Company until the terminated participant requests a distribution of his or her account. These accounts will be used to reduce future employer contributions. For the years ended December 31, 2025 and 2024, forfeitures totaled $6,007 and $4,203, respectively, and are recorded in total investments at contract value on the statement of net assets available for benefits.

Benefits Paid to Participants

If a participant ceases to be employed by the Company for any reason, other than death or total and permanent disability, prior to satisfying the age and service requirements for normal retirement, the terminated participant may elect, with the consent of his or her spouse, to receive in a lump-sum payment any vested amounts plus the earnings thereon. For nonvested balances attributable to contributions made prior to January 1, 2025, employees are credited with one year of vesting service for each year in which they complete at least 1,000 hours of service. If the participant's vested account balance is $7,000 or less, the Plan Administrator will direct the Trustee to distribute as a lump-sum payment upon termination.

1. Description of the Plan (Continued)

Hardship Distributions

Hardship distributions are permitted by the Plan at the discretion of the Company for allowable expenditures from participants' pre-tax deferrals.

Notes Receivable from Participants

The Plan permits loans to participants, subject to the provisions of the Plan. The minimum loan amount is $1,000, and the maximum loan amount is generally the lesser of $50,000 or 50% of the participant's vested account balance, reduced as provided by the Plan. Participants may have one loan outstanding and may receive no more than one loan during any rolling 12-month period. Loans generally have a maximum repayment term of five years. Participants may continue repayment of an outstanding loan following severance from employment. Interest rates on outstanding participant loans ranged from 4.25% to 10.50% as of December 31, 2025. Principal and interest are paid through payroll deductions. Loans that are outstanding at the occurrence of a distributable event will become due in their entirety. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance has been established for uncollectable loans from participants as of December 31, 2025 and 2024. The Plan uses the direct write-off method and declares a deemed distribution in the year in which the participant is in default.

Plan Termination

The Company anticipates that the Plan will continue without interruption but reserves the right to terminate the Plan. In the event of Plan termination, the participants will become 100% vested in their accounts and the net assets of the Plan will be distributed to the participants and beneficiaries of the Plan.

2. Summary of Significant Accounting Policies

Financial Statements

The Plan's financial statements and notes are representations of the Company's management, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues and expenses, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurement

The Plan adopted the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification for fair value measurements of financial assets and financial liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. The Fair Value Measurements and Disclosures Topic established a single authoritative definition of fair value, sets a framework for measuring fair value and requires additional disclosures about fair value measurement. The financial statements reflect the adoption of the Fair Value Measurements and Disclosures Topic.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices as reported on the last business day of the year. Purchases and sales of investments are recorded on the trade date. Income from investments in units of participation is recorded as earned and reinvested in the accounts. Income earned from investments and gains or losses on disposal of investments are recorded using the accrual method. Dividend income is recognized when earned.

Net Appreciation in the Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments. This amount consists of realized gains and losses and unrealized appreciation and depreciation of those investments.

Financial Instruments Not Measured at Fair Value

The Plan's financial instruments that are not measured at fair value on the recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature include interest-bearing cash, participant contributions receivable and employer contributions receivable.

Benefits Paid to Participants

Benefits are recorded when paid.

Reclassifications

To facilitate comparison of financial data, certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 reporting presentation. Such reclassifications had no effect on the change in net assets available for benefits previously reported.

3. Financial Information Certified by the Plan Custodians

The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following investments.

The following is a summary of the asset information as of December 31, 2025 and 2024, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator.

Financial Information Certified by Principal:

	2025	2024
Mutual funds	$ 2,393,879	$ -
Collective investment trusts	$ 464,114	$ -
Pooled separate account	$ 2,283,176	$ -
Investments at contract value	$ 1,417,370	$ -
Notes receivable from participants	$ 189,051	$ -

The custodian also certified to the completeness and accuracy of net appreciation in fair value of mutual funds of $676,827, dividend income of $59,751, interest income of $43,305, and interest income related to the notes receivable from participants of $12,381 for the year ended December 31, 2025.

3. Financial Information Certified by the Plan Custodians (Continued)
Financial Information Certified by MATC

	2025	2024
Interest-bearing cash	$ -	$ 304,549
Mutual funds	$ -	$ 4,134,373
Notes receivable from participants	$ -	$ 213,390

4. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification provides enhanced guidance for using fair value to measure assets and liabilities and clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the assets or liabilities and establishes a hierarchy that prioritizes the information used to develop those assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The three levels for measuring the fair value are based on the reliability of inputs and are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quote prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value for the years ended December 31, 2025 and 2024.

Mutual funds: Shares are generally valued at Net Asset Value Per Share (NAVPS) based upon net asset value of underlying portfolio securities and are published on a national exchange valued at the end of each day.

4. Fair Value Measurements (Continued)

Collective investment trusts: Shares are generally valued at NAVPS based upon the net asset value of underlying portfolio investments, substantially all of which are mutual funds with values published on national exchanges.

Pooled separate accounts: Shares are generally valued at NAVPS based upon the fair value of underlying portfolio securities, substantially all of which are valued using observable market inputs.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets are set forth within the fair value hierarchy at December 31, 2025, as follows:

Description	December 31, 2025	Level 1	Level 2	Level 3
Mutual funds	$ 2,393,879	$ 2,393,879	$ -	$ -
Collective investment trusts	464,114	464,114	-	-
Pooled separate account	2,283,176	2,283,176	-	-
Total investments, at fair value	$ 5,141,169	$ 5,141,169	$ -	$ -

The Plan's assets are set forth within the fair value hierarchy at December 31, 2024, as follows:

Description	December 31, 2024	Level 1	Level 2	Level 3
Mutual funds	$ 4,134,373	$ 4,134,373	$ -	$ -
Total investments, at fair value	$ 4,134,373	$ 4,134,373	$ -	$ -

5. Fully Benefit-Responsive Investment Contracts

The Plan has fully benefit-responsive investment contracts with Principal. The insurance company maintains the contributions in general accounts, which are credited with earnings and charged for participant withdrawals and administrative expenses. In accordance with accounting principles generally accepted in the United States of America, the investment contracts are presented at contract value in the financial statements.

Since the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the investment contracts. The investment contracts are presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Fully Benefit-Responsive Investment Contracts (Continued)

Certain events limit the Plan's ability to transact at contract value with the insurance companies. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance companies may not terminate the contracts at any amount less than the contract value.

The insurance companies are contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions

The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting. Interest is credited at the same rate for the entire contract value. The guaranteed minimum interest rate for December 31, 2025 was 3.72%. The value of the contract was $1,417,370 and $0 as of December 31, 2025 and 2024, respectively.

6. Parties-in-Interest to the Plan

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. The collective investment trusts, pooled separate accounts, and fully benefit-responsive investment contracts are managed by the custodian. Transactions related to these investments qualify as party-in-interest transactions. The supplemental Schedule of Assets (Held at End of Year) identifies these investments. Investments involving parties-in-interest represent approximately 62% of the Plan's net assets as of December 31, 2025.

Administrative expenses paid to the Plan Custodians by the Plan for services amounted to $83,241 for the year ended December 31, 2025.

7. Tax Status

Effective January 1, 2010, the Plan has adopted a standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. The Plan Administrator and Trustee will make any changes deemed necessary to ensure that the Plan is granted tax-exempt status. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax position taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for the 2022 through 2025 plan years.

8. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the 2025 Form 5500:

		December 31, 2025
Net assets available for benefits per the financial statements	$	6,803,871
Employer contributions receivable		(18,765)
Participant contributions receivable		(37,516)
Net assets available for benefits per the Form 5500	$	6,747,590

The following is a reconciliation of net assets available for benefits per the financial statements to the 2024 Form 5500:

		December 31, 2024
Net assets available for benefits per the financial statements	$	4,705,813
Employer contributions receivable		(16,807)
Participant contributions receivable		(36,694)
Net assets available for benefits per the Form 5500	$	4,652,312

The following is a reconciliation of participant contributions per the financial statements to the 2025 Form 5500:

		December 31, 2025
Total contributions per the financial statements	$	1,610,106
Add: 2024 total contributions receivable		53,501
Less: 2025 total contributions receivable		(56,281)
Total contributions per the Form 5500	$	1,607,326

10. Subsequent Events

The Plan has evaluated all events subsequent to the statements of net assets available for benefits as of December 31, 2025, through the date that these financial statements were available for issuance, October 14, 2026 and has determined that there are no subsequent events that require disclosure, except as noted below.

During 2026, the Plan was formally amended to incorporate certain provisions of SECURE 2.0 that had already been implemented operationally and are reflected in the financial statement footnotes, including the $7,000 mandatory distribution threshold and long-term part-time employee eligibility requirements.
