Independent Auditor's Report

Plan Administrator
Diversicare Healthcare Services, LLC Savings Plan
Brentwood, Tennessee 37027

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Diversicare Healthcare Services, LLC Savings Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statement

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2025 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Diversicare

Healthcare Services, LLC Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Diversicare Healthcare Services, LLC Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Diversicare Healthcare Services, LLC Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Diversicare Healthcare Services, LLC Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and the supplemental schedule of assets (held at year end) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Diversicare Healthcare Services, LLC Savings Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated February 10, 2026, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule(s), other than the information in the 2024 supplemental schedule(s) that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Diversicare Healthcare Services, LLC Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Diversicare Healthcare Services, LLC and certain subsidiaries (collectively, the "Company") who have completed one year of eligibility service with at least 1,000 hours of service and are 21 years or older. Fidelity Management Trust Company ("Fidelity") serves as the Trustee of the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA").

Contributions

Each year, participants may contribute compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Aggregate limits as prescribed by the IRS were $23,500 for participants under the age of 50, $31,000 for participants age 50-59 or 64 and older, and $34,750 for participants age 60-63 in 2025. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan does not include an auto-enrollment provision.

The Plan allows the Company to make discretionary employer matching contributions and discretionary employer nonelective contributions. For the Plan year ended December 31, 2025, the discretionary employer match represented 25% of eligible participants' elective deferrals and catch-up contributions. No discretionary employer nonelective contributions were made during the year ended December 31, 2025. All employer contributions are made to participants enrolled at the Plan's year end. Employer contributions for the year ended December 31, 2025 were $586,699.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, a money market fund and a collective investment trust fund.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Participants are fully vested in their account balances upon retirement, disability, or death as prescribed in the Plan document. Vesting in the Company's matching and discretionary contribution portion of participants' accounts, plus actual earnings thereon, is based on years of service in accordance with the schedule presented below.

1 year	25%
2 years	50%
3 years	75%
4 years	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant reaches the age of 59 1/2 years.

Forfeitures

At December 31, 2025, forfeited nonvested accounts totaled $78,904. These accounts can be used to pay administrative expenses or offset future employer contributions. During 2025, forfeitures of $33,914 were used to pay administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued. Effective January 2, 2026, the following Plan changes were adopted:

- Trustee Change – The Plan's trustee was changed from Fidelity to Bank of America, N.A.
- Eligibility for Elective Deferrals – The eligibility requirement to make employee elective deferrals was changed from 12 months of service to 60 days of service.
- Employer Nonelective Contributions – The Plan provision permitting Employer nonelective contributions was removed.
- Definition of Eligible Compensation – The definition of eligible compensation was amended to exclude additional miscellaneous pay codes.

These Plan changes were effective after the Plan year-end and, accordingly, have not been reflected in the accompanying financial statements. Management does not believe the subsequent events described above will have a material effect on the Plan's net assets available for benefits or changes in net assets for the year ended December 31, 2025.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants before March 15, 2026.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Note 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Observable inputs such as quoted prices in active markets.

Level 2 Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2025. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds
Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Money Market Funds
The estimated fair value of cash approximates its carrying value. Due to the nature of money market mutual funds, the Plan has classified holdings within Level 1 of the valuation hierarchy.

Collective Investment Trust
A stable value fund that is composed primarily of fully benefit responsive investment contracts that is valued at net asset value ("NAV") of units of the Fund. The net asset value is used as the practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried in an orderly business manner. There were no unfunded commitments as of December 31, 2025. The fund is a direct filing entity.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2025 and 2024:

	December 31, 2025			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market and mutual funds	$ 31,287,523	$ 31,287,523	$ -	$ -
Investment measured at NAV [(A)]	548,589			
Total investments at fair value	$ 31,836,112			

	December 31, 2024			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market and mutual funds	$ 34,046,245	$ 34,046,245	$ -	$ -
Investment measured at NAV [(A)]	782,662			
Total investments at fair value	$ 34,828,907			

(A) In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the years ended December 31, 2025 and 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule(s) is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 5. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. ("FIIOC"), the contractual recordkeeping agent for Fidelity. Fidelity is the Trustee as defined by the Plan; therefore, Fidelity and FIIOC are considered parties-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the Trustee by the Plan for administrative services were $98,907 for the year ended December 31, 2025.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The Plan adopted its latest non-standardized profit sharing plan with a cash or deferral arrangement developed by Fidelity, LLC, which obtained a favorable IRS opinion letter on June 30, 2020 in which the IRS stated that the form of the underlying plan was acceptable under provisions of the IRC and that any employer adopting this form of the plan will be considered to have a plan qualified under the IRC. The Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During the prior year, Plan management identified an operational compliance matter related to the exclusion of certain compensation elements that should have been included in the calculation of participant elective deferrals and related employer matching contributions in accordance with the Plan Document. The matter affected multiple Plan years beginning in 2019.

Plan management consulted with ERISA counsel and is in the process of correcting the matter under the Internal Revenue Service's Voluntary Correction Program ("VCP"). As of December 31, 2025, management recorded an accrual of $44,686 within employer contributions receivable based on its estimate of the corrective contributions and related earnings required under the VCP. The final correction amount will be determined and funded upon completion of the VCP process. Management believes the ultimate correction will not have a material effect on the Plan's net assets available for benefits or changes in net assets.

Note 8. Nonexempt Transactions

Certain participant contributions were not remitted to the Plan on a timely basis in accordance with Department of Labor regulations. During the years ended December 31, 2024 and 2023, participant contributions totaling $169,509 and $234,012, respectively, were deposited to the Plan later than required. Subsequent to year-end, the Company remitted the related lost earnings associated with these late deposits. As of the date of issuance of the financial statements, the Plan Administrator is in the process of allocating the corrective amounts to the affected participants' accounts. There were no untimely contributions to the Plan during the year ended December 31, 2025.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.
